Mrs. Weathered Entertains

Mrs. Edyth Tozier Weathered, one of the best field workers and Oregon boosters the state possesses, spoke in Chown's Hall last Monday night to a few of the Mosier people—mostly school children—who hadn't for-

gotten the announcement in last week's Bulletin, and who were sufficiently interested in the subject, to come out.

Mrs. Weathered's theme was good roads and their relation to the social and economic conditions, and the general progress and prosperity of the country. As most of the audience was composed of children, her talk was directed mainly to them, but it was entertaining to all.

Another speaker of the evening was J. F. Batchelder, of Hood River, who told of the importance, economically and financially, of converting what generally goes to waste on the farm, into by-products, and converting into ready cash much that is now lost.
