GREETING!

I want to thank the people of Mosier and the Mosier District for the liberal trade I have enjoyed since I started in business just eleven months ago. My business is steadily increasing. This is a busy store. When I started I said I would give Mosier a good store. I think I have made good. With your help I will give you a better store and stock still. All I ask is, before you buy elsewhere, or out of town, that you ask yourself the question: Can I not do as well or better of Strauss? If you can, I ask that you come here and help to build up the best store any larger town than Mosier has. I wish you all a Happy New Year, again thanking you.

Yours for a Glad, Good 1914,
E. M. STRAUSS.

Runaway at Rock Crusher

Last Saturday morning occurred what might easily have proved a very serious accident, when, thru a misunderstanding or gross carelessness, a switch was turned at the junction of the high and low line, at the rock crusher, allowing Engine No. 11, with six cars loaded with rock, to dash down the grade on the low line, ramming Engine No. 1, in which sat Fred Stone, superintendent of the works. The push car in front of the runaway was mashed to kindling wood, Engine No. 1 was badly damaged, and Mr. Stone received a number of painful bruises. The wonder is that he was not put out of commission entirely. His name must have protected him.

The engineer and brakeman of the runaway train, realizing the futility of trying to stop the train, wisely jumped, escaping unhurt.
