COMMITTEE OF ONE HUNDRED GET BUSY

There is an organization in The Dalles known as the "Committee of One Hundred," whose object is to make a dry town of The Dalles, and consequently a cleaner and more moral town.

The Christian Church was filled last night by members of the Committee of One Hundred. The meeting was called to order by Rev. Conrad Owen, the president of the organization.

A committee was appointed to canvass the town and begin active preparation for carrying the city "dry" at the November election. Because of the large increase in the membership of the organization it was decided to revise the constitution.

It was also decided to make arrangements for a whirlwind campaign to be begun early in March, at which time an earnest effort will be made to bring the membership up to 1000 members.

The chairman of the Coffee Club committee announced that nearly \$1100 in stock had been subscribed and that a meeting of all the stockholders will be held Wednesday of this week for the purpose of organization and incorporation.

TALK ON PROHIBITION

Bruce Wolverton, of Portland, who is an active field worker in the "Oregon All Dry" campaign for next November, made an address to a large and interested audience at Immanuel Church, last Sunday morning.

The contention of the Prohibition Party is not simply to put the saloon out of business here or there, though its members omit no occasion to smite the saloon in any contest. It is more than an Anti-Saloon League. It is not deluded with the idea that laws upon the statute books regulating the saloon will better conditions so long as the license system is continued.

Personally I feel that the great success which the children's industrial work has had in this state is due to a great extent to the encouragement which has been given to the movement by the press of Oregon. All of us will appreciate most sincerely your continued support in helping to organize this work, and thus make the work of our public schools more practical and efficient.

INDUSTRIAL WORK FOR BOYS AND GIRLS

To THE EDITOR -- Dear Sir: The Department of Education, with the aid of the Oregon Agricultural College, has planned to organize in every school district a boys' and girls' industrial club.

Each club is expected to take up one or more of the projects named below, the choice of the project depending upon the work which is of greatest interest to the community in which the club is organized.

- Boys' Corn Growing Contest.
Boys' Potato Growing Contest.
Girls' Canning Contest.
Girls' Cooking and Baking Contest.
Boys' and Girls' Poultry Contest.
Girls' Sewing Contest.
Boys' Pig Feeding Contest.
Boys' and Girls' Gardening Contest.
Dairy Herd and Management.
Manual Arts Contest.

The Agricultural College has promised to assist us further in preparing bulletins giving expert advice to the children as to how best to produce the different things named in these projects, such as bulletins on potato growing, etc. These will be distributed through the clubs, and will be of value to parents as well as to the children.

The State Fair Board has appropriated to this department \$1,900 to be distributed among the boys and girls as prizes at the State Fair. The Board has also promised us \$500 to be used to entertain two boys from each county for the whole week of the fair.

Personally I feel that the great success which the children's industrial work has had in this state is due to a great extent to the encouragement which has been given to the movement by the press of Oregon. All of us will appreciate most sincerely your continued support in helping to organize this work, and thus make the work of our public schools more practical and efficient.

George Carroll is reported very ill with pneumonia. His condition is no better this morning.

Mrs. John Carroll lies at her home east of town critically ill with a complication of Bright's Disease and pneumonia.

A subscriber very pertinently inquires: "If a person or team should be injured by falling into the gully washed out by the rains in the street in front of the telephone office, would the city be responsible for any damage resulting therefrom?"

THAT NEWSPAPER LAW AGAIN

We are again reproducing this article for the benefit of some of our subscribers who are somewhat negligent about paying their back subscriptions, and we earnestly request that you send or bring in your arrears without delay.

The supreme court of the United States recently made a ruling which in substance makes the subscriber who takes his paper out of the post office and refuses to pay the subscription, guilty of felony and as liable to arrest as any other who defrauds.

The following is a synopsis of the U. S. supreme court decision regarding delinquent subscriptions and is published as a matter of information for all those who are subscribers to newspapers:

1. Subscribers who do not give express notice to the contrary are considered as wishing to renew their subscription.

2. Subscribers ordering the discontinuance of their periodical the publisher may continue to send it until all arrearage has been paid.

3. If subscribers neglect or refuse to take their periodical from the postoffice, they are responsible until they settle their bill and order their paper discontinued.

4. If subscribers move to other places without informing the publisher and papers are sent to former address, subscribers are responsible.

5. Courts have decided that refusing periodicals from the office or moving and leaving them uncollected for is prima facie evidence of intention to defraud.

6. If subscribers pay in advance they are bound to give notice at the end of time if they do not want to continue taking it, otherwise the publisher is authorized to send it and the subscriber will be responsible until an express notice with payment is sent to the publisher.

NOTICE TO VOTERS

All voters are required to register. This means YOU. All former registrations are invalid. 1912 registration was ineffective after January 1st, 1913, and the 1913 registration law was declared unconstitutional by the Supreme Court of the State of Oregon.

If you are not registered on or before the registration books close you may swear in your vote on election day, but it will greatly facilitate matters if you register and save you lots of trouble of getting some one to sign up for you on election day.

Surf Birds.

That birds of the family termed surf birds in the Hawaiian Islands should leave that paradise of the Pacific to go and rear their young in the tundras of Alaska would seem to many an extraordinary proceeding.

THE SMOKE of a Rosodora Cigar--Sets. It is so fragrant and delicate that much as they dislike the smell of ordinary tobacco, they enjoy the odor from a Rosodora cigar. Try one today after dinner. No Bugaboos Down Cellar

Children can save you many tedious steps; but the tired mother hates to send a child into a dark cellar, and children dislike to go there.

No cellar need be dark now-a-days, to terrify children and worry older people. A ray of sunshine from an Edison Mazda Lamp

conveniently located in the cellar-way will brighten the darkest cellar at the mere touch of a switch.

The new low-wattage Edison Mazda Lamps are the most economical lamps for cellar-ways, halls, closets and other parts of the house which need light only intermittently for brief periods at a time. Try a few and realize their convenience.
