THICK, GLOSSY HAIR FREE FROM DANDRUFF

Girls! Try it! Hair gets soft, fluffy and beautiful—Get a 25 cent bottle of Danderine.

If you care for heavy hair that glistens with beauty and is radiant with life; has an incomparable softness and is fluffy and lustrous, try Danderine.

Just one application doubles the beauty of your hair, besides it immediately dissolves every particle of dandruff. You can not have nice heavy, healthy hair if you have dandruff. This destructive scurf robs the hair of its lustre, its strength and its very life, and if not overcome it produces a feverishness and itching of the scalp; the hair roots famish, loosen and die; then the hair falls out fast. Surely get a 25-cent bottle of Knowlton's Danderine from any drug store and just try it.

WOMEN SUBJECT TO KIDNEY TROUBLES

I beg to say that I have been a constant sufferer with severe pains in my back and was on the verge of nervous prostration resulting from kidney trouble and other complications. A friend of mine recommended Dr. Kilmer's Swamp-Root as a sure cure for these troubles. Acting upon her advice I began taking Swamp-Root and began to improve before I had finished the first bottle. I continued its use until I had taken several bottles and continued to improve until I was completely cured. All Blood Disorders Quickly Driven Away

Astonishing Results With the Greatest Blood Purifier Ever Discovered.

Strength, Power, Accomplishment are all Typified in S. S. S.

Some blood disorders become deeply rooted in the glands and tissues, and the mistake is made of resorting to drastic drugs. These only aggravate by causing other and worse troubles. A host of people know this to be true. They know from painful experience.

To get right down into where the blood is vitiated requires S. S. S. the greatest blood purifier ever discovered.

This remarkable remedy contains one ingredient, the active purpose of which is to stimulate the tissues to the healthy selection of its own essential nutriment and the medicinal elements of this matchless blood purifier are just as essential to well balanced-health as the nutritious elements of the meats, grains, fats and sugars of our daily food.

Not only this, but if from the presence of some disturbing poison there is a local or general interference of nutrition to cause boils, carbuncles, abscesses and kindred troubles, S. S. S. so directs the local cells that this poison is rejected and eliminated from their presence.

Then, too, S. S. S. has such specific stimulation on these local cells as to preserve their mutual welfare and a proper relative assistance to each other.

In a very brief time S. S. S. has the reconstructive process so under control that remarkable changes are observed. All eruptive places heal, mysterious pains and aches have disappeared, and from head to foot there is a conscious sensation of renewed health.

From the fact that S. S. S. is purely a botanical preparation, it is accepted by the weakest stomach and has great tonic influence. Not one drop of drugs or minerals is used in its preparation. Ask for S. S. S. and insist upon having it. And if you desire skillful advice upon any matter concerning the blood and skin write to The Swift Specific Co., 205 Swift Bldg. Atlanta, Ga. Do not allow some zealous clerk to larrup the atmosphere in eloquence over something "Just as good" as S. S. S. Beware of all counterfeits.

FORTY-ONE LOST ON SINKING SHIP

Vessel Plunges to Bottom Ten Minutes After Collision.

Many Clamber Up Side As Vessel Rolls Over — Dense Fog Is Cause of Mishap.

Norfolk, Va.—The story of how 43 persons went down to death in the chill waters of the Atlantic when the liner Nantucket rammed and sank the steamer Monroe was brought to port Saturday by the 99 survivors of the sunken ship, who were rescued and brought to shore by the Nantucket.

It was a story of awful and sudden death, sweeping out of the dark and fog and taking unawares the doomed half hundred with the heaviness of sleep still on them. It told how the stricken Monroe, with her side gored deep by the knife-like steel prow of the Nantucket, filled rapidly, rolled over on her side, and in a few minutes turned over and plunged to the bottom, carrying with her the passengers and members of the crew who had failed to get clear of the wreck.

The revised lists prepared by Captain Johnson, who survived the sunken vessel, showed:

Lost — Passengers, 19; crew, 22; total, 41.

Saved — Passengers, 39; crew, 60; total, 99.

Under the thick bank of fog that hid the heavily running sea, both big ships were making their way slowly and with difficulty in the early morning. The Monroe, with Captain Johnson on the bridge and a double lookout peering into the fog ahead, was edging under half speed to the northward, having left Norfolk for New York Friday night with a nerve-racking fog-bound voyage in prospect. The Nantucket, heavily laden with freight and with only two passengers aboard, was nosing her way southward, bound from Boston to Norfolk.

The crash came about 1:40 without warning. Out of the gray-black fog that shut out even the waves from view, the gleam of the Nantucket's searchlight scarcely touched the side of the Monroe before the high steel prow of the southward-bound vessel cut into the Monroe's side with a ripping and crashing of plates that threw the stricken ship aback. The Nantucket, with her bow crushed in, backed out of sight in the fog, as Captain Johnson, seeing that his vessel was fatally stricken, shouted an order for the life-boats.

Meantime the Nantucket, herself badly damaged, had stood by and Captain Berry had aroused his sleeping crew. As the ineffectual rays of the searchlight failed to pierce the blanket of fog, Captain Berry ordered out his life-boats and one by one they slipped away into the fog to search for the Monroe. They found only the struggling survivors afloat in the icy sea, crying for help.

Many of those picked up were so exhausted as to be unable to help themselves. Several had to be hauled up the side of the Nantucket with ropes.

Oregon Auto Tax Law Held Valid By Court

Medford, Or. — Holding that the state has the right to regulate travel upon its highways, and collect fees from vehicles, the same as for registering deeds, Judge F. M. Calkins, of the Circuit court, declared valid the state automobile tax, contested by the Jackson County Automobile Protective association through Henry E. Boyden.

The court quotes numerous authorities for his decision, including findings in suits against the validity of the tax on bicycles that also were assessed as personal property, which was the chief contention of the autoists, holding that the license made "double taxation."

Bomb Thrower Weakens.

New York — Angelo Sylvestro, a young bomb thrower, reputed leader of the black hand gang, lost all his bravado and persuaded the court to postpone his sentence until he coud see the district attorney. Although Sylvestro, after his conviction, went back to his cell snarling and threatening vengeance, it was reported later that he wanted to make a confession. Judge Rosalsky had signified his intention of giving the youth a maximum penalty, six and a half years in prison, and a $1000 fine.

Four of the six would be appointed within one year of the passage of the bill, the President selecting them from among the officers on the active list of the navy "who have served with credit in the grade of rear admiral in command of a fleet, squadron, division or other command afloat."

Recently a certain young man was greatly in love with the charming daughter of an old professor and finally getting the sweet one's consent he went to speak to papa.

"Professor," said the young man, "your daughter has honored me by promising to be my wife and I have come to ask your consent to the marriage."

"You may have her, my boy," said the professor to the delight of the youth, "and I want to say that in giving her to you I am intrusting to your care the greatest treasure of my life."

Shortly afterward the young man arose to go home, but on reaching the door he stopped with much suddenness.

"Gee whiz!" he exclaimed, "look how it's raining and I haven't an umbrella! May I borrow yours, professor?"

"You may not, young man," was the prompt reply of the professor. "That umbrella was presented to me by some fellow-scientists and I wouldn't trust it with any man on earth."—Philadelphia Telegraph.

John D. Is Assessed on Estate of $900,000,000

Cleveland — John D. Fackler and William Agnew, deputy state taxation officers for Cuyahoga county, went to the home of John D. Rockefeller on Forest Hill, East Cleveland, Wednesday, and filed a written demand on him that he pay taxes on his personal property, estimated at $900,000,000, into the treasury of this county.

They contend that under the Warnes tax law Mr. Rockefeller, by residing in the county the greater part of the preceding 12 months, has made himself liable to taxation here.

The total of Mr. Rockefeller's personal property is as great as the entire tax duplicate of the county.

The tax officers did not see Mr. Rockefeller personally, but left a letter notifying him of their demands with members of his household. The officers place Rockefeller's tax at $12,000,000.

Virgil P. Kline, attorney for Rockefeller, said:

"Mr. Rockefeller is a legal resident of the state of New York. He has not maintained a residence in Cleveland for a quarter of a century. He has already paid his taxes for the current year in New York."

Federals Marshal Troops to Defense of Torreon

Mexico City—Federal troops are being rushed from Saltillo and San Luis Potosi to Torreon to assist in its defense. General Jose Refugio Velasco's command there is said to number 500. General Blanquet, the war minister, is authority for the statement that the federal force sent southwest has checked the advance of the rebels from Durango.

The force under General Orozco, which has been sent north, is expected to hold back Villa's men.

The rebel movement in the state of Oaxaca is becoming more active and the Fifth regiment was dispatched from here to that section of the country.

Navy Ranks Filled By Numerous Enlistments

Washington, D. C.—For the first time since the Civil War, the enlisted complement of the navy allowed by law has been filled and hereafter only specially qualified applicants for the navy will be accepted.

Secretary Daniels made this announcement with some pride. He attributed it to the adoption in the navy of the general system of education of the enlisted men; to the popularity of the recent European cruise of the fleet and to the knowledge on the part of young men of the approaching cruise of the Atlantic fleet to the San Francisco exposition.

Ambassodor Sees Bryan.

Washington, D. C. — Sir Cecil Spring-Rice, the British ambassador, had a long conference Wednesday with Secretary Bryan regarding the formulation of a peace treaty between the United States and Great Britain similar to those the secretary has already negotiated with eleven countries, six of which have actually signed the conventions.

Great Britain has approved Mr. Bryan's plan in principle. It is not regarded as probable, however, that the provision for stopping the development of armament for a year, while international commissions of inquiry are at work, would be included in a British-American peace convention.

"Alimony Club" Costly.

New York—Sheriff Max S. Grifenhagen, in a report to the board of estimates on the cost of maintaining the Ludlow street jail, the home of the "alimony club," declares it would be cheaper for New York county to pay the alimony which the prisoners refuse to pay, allow them their liberty and close the building, than to continue the present rate of expenditure. The sheriff's report shows that it costs about $8.50 a day to keep each prisoner. The jail is full of men delinquent in their payment of alimony.

Huerta Pardons By Card.

Mexico City—An informal but official pardon written on the back of one of President Huerta's calling cards, saved Luis Goodman, a manufacturer, from being sent out of the country as an undesirable. Mr. Goodman had been pressing a claim of $111,000 which it is admitted is due for military clothing manufactured by a concern in which he is heavily interested. The police arrested Mr. Goodman for unfriendliness to the government and planned to deport him. American Consul General Shanklin interfered.

C.—A life preserver bearing the name "Karluk," the whaling vessel on which Vilhjalmar Stefansson, the Artic explorer, sailed, and which was last reported in August off Point Barrow, the northernmost point of Alaska, has been washed ashore at Kivalini, Alaska. This was reported to the United States bureau of education by William T. Lopp, chief of the bureau's Alaska division.

Sick Women Made Well

Reliable evidence is abundant that women are constantly being restored to health by Lydia E. Pinkham's Vegetable Compound

The many testimonial letters that we are continually publishing in the newspapers—hundreds of them—are all genuine, true and unsolicited expressions of heartfelt gratitude for the freedom from suffering that has come to these women solely through the use of **Lydia E. Pinkham's Vegetable Compound.**

Money could not buy nor any kind of influence obtain such recommendations; you may depend upon it that any testimonial we publish is honest and true—if you have any doubt of this write to the women whose true names and addresses are always given, and learn for yourself.

Read this one from Mrs. Waters:

CAMDEN, N.J.—"I was sick for two years with nervous spells, and my kidneys were affected. I had a doctor all the time and used a galvanic battery, but nothing did me any good. I was not able to go to bed, but spent my time on a couch or in a sleeping-chair, and soon became almost a skeleton. Finally my doctor went away for his health, and my husband heard of Lydia E. Pinkham's Vegetable Compound and got me some. In two months I got relief and now I am like a new woman and am at my usual weight. I recommend your medicine to every one and so does my husband."—Mrs. TILLIE WATERS, 1135 Knight St., Camden, N.J.

And this one from Mrs. Haddock:

UTICA, OKLA.—"I was weak and nervous, not able to do my work and scarcely able to be on my feet. I had backache, headache, palpitation of the heart, trouble with my bowels, and inflammation. Since taking the Lydia E. Pinkham's Vegetable Compound I am better than I have been for twenty years. I think it is a wonderful medicine and I have recommended it to others."—Mrs. MARY ANN HADDOCK, Utica, Oklahoma.

Now answer this question if you can. Why should a woman continue to suffer without first giving Lydia E. Pinkham's Vegetable Compound a trial? You know that it has saved many others—why should it fail in your case?

For 30 years Lydia E. Pinkham's Vegetable Compound has been the standard remedy for female ills. No one sick with woman's ailments does justice to herself if she does not try this famous medicine made from roots and herbs, it has restored so many suffering women to health.

Write to LYDIA E. PINKHAM MEDICINE CO. (CONFIDENTIAL) LYNN, MASS., for advice. Your letter will be opened, read and answered by a woman and held in strict confidence.
