THIS WOMAN'S SICKNESS

Quickly Yielded To Lydia E. Pinkham's Vegetable Compound.

Baltimore, Md. — "I am more than glad to tell what Lydia E. Pinkham's Vegetable Compound did for me. I suffered dreadful pains and was very irregular. I became alarmed and sent for Lydia E. Pinkham's Vegetable Compound. I took it regularly until I was without a cramp or pain and felt like another person, and it has now been six months since I took any medicine at all. I hope my little note will assist you in helping other women. I now feel perfectly well and in the best of health." — Mrs. AUGUST W. KONDNER, 1632 Hollins Street, Baltimore, Md.

Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, contains no narcotic or harmful drugs, and to-day holds the record of being the most successful remedy for female ills we know of, and thousands of voluntary testimonials on file in the Pinkham laboratory at Lynn, Mass., seem to prove this fact.

For thirty years it has been the standard remedy for female ills, and has restored the health of thousands of women who have been troubled with such ailments as displacements, inflammation, ulceration, tumors, irregularities, etc.

If you want special advice write to Lydia E. Pinkham Medicine Co., (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

Peculiar After Effects of Grip This Year

Leaves Kidneys in Weakened Condition

Doctors in all parts of the country have been kept busy with the epidemic of grip which has visited so many homes. The symptoms of grip this year are often very distressing and leave the system in a run down condition, particularly the kidneys which seem to suffer most, as almost every victim complains of lame back and urinary troubles which should not be neglected, as these danger signals often lead to dangerous kidney troubles. Druggists report a large sale on Dr. Kilmer's Swamp-Root which so many people say soon heals and strengthens the kidneys after an attack of grip. Swamp-Root is a great kidney, liver and bladder remedy, and, being an herbal compound, has a gentle healing effect on the kidneys, which is almost immediately noticed in most cases by those who try it. Dr. Kilmer & Co., Binghamton, N. Y., offer to send a sample size bottle of Swamp-Root, on receipt of ten cents, to every sufferer who requests it. A trial will convince any one who may be in need of it. Regular size bottles 50 cts. and $1.00. For sale at all druggists. Be sure to mention this paper.

IF YOUR CHILD IS CROSS, FEVERISH, CONSTIPATED

Look Mother! If tongue is coated, cleanse little bowels with "California Syrup of Figs."

Mothers can rest easy after giving "California Syrup of Figs," because in a few hours all the clogged-up waste, sour bile and fermenting food gently moves out of the bowels, and you have a well, playful child again.

Sick children needn't be coaxed to take this harmless "fruit laxative." Millions of mothers keep it handy because they know its action on the stomach, liver and bowels is prompt and sure.

Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which contains directions for babies, children of all ages and for grown-ups.

Tackle Catarrh Now Be Free All Winter

Avoid Colds, Stall Pneumonia, Keep Your Nose Clear and Your Throat Free.

Don't Wait Till You're All Bunged Up. Use S. S. S. Now.

If you will go into any first class store and get a bottle of S. S. S. you are on the way to getting rid of Catarrh. But don't let anyone work off that old trick of something "Just as good."

S. S. S. is taken into the blood just as naturally as the most nourishing food. It spreads its influence over every organ in the body, comes through all the veins and arteries, enables all mucous surfaces to exchange inflammatory acids and other irritating substances for arterial elements that effectually cleanse the system and thus put an end to all catarrhal pollution. S. S. S. cleans out the stomach of mucous accumulations, enables only pure, blood-making materials to enter the intestines, combines with these food elements to enter the circulation, and in less than an hour is at work throughout the body in the process of purification.

The medicinal components of S. S. S. are relatively just as essential to well-balanced health as the nutritive properties of the grains, meats, sugars, and fats of foods. Any local irritating influence in the blood is rejected by the tissue cells and eliminated by reason of the stimulating influence of S. S. S.

You will soon realize its wonderful influence by the absence of headache, a decided clearing of the air passages, a steadily improved nasal condition, and a sense of bodily relief that proves how completely catarrh often infests the entire system.

You will find S. S. S. on sale at all drug stores. It is a remarkable remedy for any and all blood affections, such as eczema, rash, lupus, tetter, psoriasis, boils, and all other diseased conditions of the blood. For special advice on any blood disease write to The Swift Specific Co., 202 Swift Bldg., Atlanta, Ga.

Do not trifle with substitutes, imitations or any of the hordes of "Just as good" Counterfeits of S. S. S.

BRAZILIAN ORES CONTAIN RADIUM

Stanford, Cal., Professor Makes Important Discovery.

Radium-Bearing Carnotite Found While Testing Ore Samples From South America.

Stanford University, Cal. — While testing specimens which had been sent to him from South America, Professor John Caspar Branner, head of the geology and mining department of Stanford, has discovered radium-bearing ore of extreme value. The specimens over which Professor Branner was working in his laboratory are from the state of Ceara, in Brazil. Radium was not known to have existed there. The ore which led to the discovery was a pinch of greenish yellow earth, less than a thimbleful of carnotite, one of the two known sources of radium. The Stanford geologist was testing for other minerals when his attention was drawn to the carnotite. The carnotite was subjected to the tests employed to determine whether an ore contains radium and responded.

News of the discovery has been sent to Brazil. The exact location of the region from whence the samples came has been kept secret, as has the name of the sender of the ore specimens.

Only two carnotite deposits are known to exist in the United States. Both are in the West, one in Colorado and the other in Utah. Australia has the largest carnotite deposits. From carnotite ore is obtained uranium oxide, and radium comes from this latter substance. According to geologists, only 2 per cent of the carnotite is uranium oxide, and only one part in 3,000,000 of this oxide is uranium. This advances the price of radium to about $90,000 a gram.

Dr. Branner is well acquainted with the geology of Brazil, as he has spent considerable time there on government work and has written a text book on Brazilian geology.

Professor Branner received the Hayden medal in 1911 for distinguished contributions to geology and is recognized as one of the world's foremost geologists.

AVIATOR REMAINS IN AIR 16 CONSECUTIVE HOURS

Munich, Germany—Ingold, an aviator, Sunday broke the world's record for an endurance flight. He remained in the air 16 hours and 20 minutes, and covered a distance estimated at 1050 miles without landing. Ingold started at Mulhausen, Alsace, and flew to the north. He then proceeded southward to Munich, landing in a suburb.

The previous record of 14 hours, 7 minutes, was made by Brunolanger at Johannisthal, February 3.

Japan Much Pleased By Action of Congress

Washington, D. C.—Notable improvement in the relations between the United States and Japan is believed to have resulted from the events in the house of representatives last week connected with the passage of the Burnett immigration bill. Reports from Tokio are to the effect that a profound impression was caused in the Japanese capital, not only by the refusal of the house to include in the bill the proposed prohibition against the entry of Japanese into the United States, but even more by the non-partisan appeal of Representative Mann.

The demonstration of the fact that in dealing with such large subjects of international importance, Americans stand ready to ignore mere party considerations, and that there is no reasonable ground for expecting a different viewpoint on international affairs to result from a change in the political cast of the administration is said to have been something of a revelation.

The Japanese statesmen are declared to have been much pleased, however, by the house's reception of the appeal for fair treatment of aliens and for abstention from legislative interference with the executive department in its efforts to arrive at a settlement of the open issue between the two countries.

Officials here are encouraged in the hope that the proceedings have gone far to insure an early and satisfactory adjustment of all issues between the two governments.

Notables Just Miss Fire.

Washington, D. C.—Fire started in a local theater Sunday a few minutes after it had been cleared of a great crowd that included Vice President Marshall, Secretary Bryan, Rev. G. Campbell Morgan, pastor of Westminster Chapel, London, and prominent church dignitaries from practically every state in the Union. The crowd was gathered to attend the first of a series of international Bible conferences to be held in this country. Rats with matches started the blaze, which was quickly extinguished.

Alaska Troops to Shift.

Washington, D. C.—The War department soon will take up the problem of relieving the Thirtieth Infantry from duty in Alaska, that regiment being due to return to the United States next summer. Owing to conditions on the Mexican border, the department will have some difficulty in selecting a regiment for Alaskan duty, and possibly only a battalion at war strength will be sent. According to the schedule of prior foreign service, the Fourteenth Infantry, is most likely to be sent to Alaska.

HOUSE ACCEPTS ILLITERACY TEST

Approves Features of Immigration Bill 241 to 126.

Bill is Same as One Vetoed by President Taft—Applicants Must Read Test Card.

Washington, D. C.—The Burnett immigration bill, prescribing a literacy test for applicants to admission to the United States, was passed by the house Wednesday afternoon, by a vote of 241 to 126. All proposed amendments relating to the exclusion of Asiatic immigrants previously had been eliminated.

As the bill passed it provides that every immigrant admitted to the United States must be able to read "the English language, or some other language or dialect, including Hebrew or Yiddish." It prescribes that each applicant for admission must read a slip on which are printed between 30 and 40 words.

In its present form this measure passed the house and the senate in the last congress, but was vetoed by President Taft. A similar bill was vetoed in President Cleveland's second administration. Supporters of the bill are confident it will again pass the senate, although President Wilson has let it be known that he does not approve the literacy test.

Opponents of the literacy test fought desperately to the last, but on a last effort to eliminate the test from the bill they were defeated, 140 to 239. The final vote came at the end of a day of vigorous debate, which on several occasions threatened to cause serious trouble.

Representative Burnett, of Alabama, in charge of the bill, tried to hasten the debate and frequently moved to proceed and shut off the discussion. On one occasion Representative Manahan, of Minnesota, commented on what he called the unfairness with which the bill had been driven through.

Alaska Steamer Lost; All on Board Saved

Prince Rupert, B. C. — The steamship Vadso, of the Union line, Captain Richardson, sank in Nasoga Gulf, Portland Canal, at 3:45 a. m. Thursday. The boat, en route for Ganby Bay, in a heavy storm, hit a rock, sinking in half an hour in 170 fathoms. Twenty-six persons on board were all saved, reaching here by the steamship Venture.

The skipper's own story of the sinking is that the Vadso struck in a wild storm when it was still dark. The steamer immediately began to fill. Many of the crew were in their bunks, and had only time to get a few personal effects and lower away small boats. All of the freight, including a big coal shipment, was lost. The survivors reached Arrandale cannery, where they were picked up.

Eastern Eggs Prove to Be Chinese Product

San Francisco—The Sonoma County Poultry Producers' Federation sent a communication to the San Francisco board of supervisors requesting that body to adopt a drastic ordinance against the use of Chinese eggs as food in this city and asking that the pure food inspectors be ordered to seize and dump any Chinese eggs into the bay if sold in violation of this regulation when it is adopted.

It is declared that these eggs are being sold in San Francisco as "Eastern eggs."

Civil Supervision Urged.

Washington, D. C.—Secretary Daniels continued his discussion of the Nation's naval policy before the house naval affairs committee, outlining the conduct of the government navy-yards.

Representative Buchanan, of Illinois, asserted that the practice of placing naval officers as commandants in navy-yards costs the government the price of a battleship every year in efficiency. He urged that civilian experts be placed in charge of the yards. Secretary Daniels said the proposal presented a grave problem.

The secretary again was questioned as to the relative strength of the navy compared to the fleets of other powers.

Toll Bill May Go Over.

Washington, D. C.—After a conference with President Wilson Senator O'Gorman, one of the chief supporters of exemption from tolls for American coastwise vessels in the Panama canal, expressed the opinion that the question would not be reached during the present session of congress. "I doubt," said the senator, "whether we will do much more than pass the trust bills, the agricultural extension bill and the appropriation bills. This is going to be a short session." The tolls provision may be suspended.

Boiled Dinner in Court.

Topeka, Kan.—It is up to the Kansas Supreme court to decide what a boiled beef dinner that caused indigestion is worth to its hungry victim in damages. The District court of Smith county declared it was worth $1000, and gave the plaintiff a verdict for that amount. J. D. Manlone, a farmhand who ate the dinner, thinks he should have $15,000, while Mr. and Mrs. Henry D. Jones, who served the meal, and for whom Manlone worked, assert the farmhand should get nothing.

Five Fly 7382 Feet High.

Chartres, France—M. Garaix, the French aviator, established a new altitude record with five passengers, ascending to a height of 7382 feet. He made the flight in a new biplane built by Paul Schmitt, an engineer, which had previously reached a height of 5000 feet with seven passengers. The previous record for altitude with five passengers was made last October by the Austrian aviator, Sablatnik, who reached an altitude of 3281 feet.

"All is Well That Ends Well"

Along with dyspepsia comes nervousness, sleeplessness and general ill health. Why? Because a disordered stomach does not permit the food to be assimilated and carried to the blood. On the other hand, the blood is charged with poisons which come from this disordered digestion. In turn, the nerves are not fed on good, red blood and we see those symptoms of nervous breakdown. It is not head work that does it, but poor stomach work. With poor thin blood the body is not protected against the attack of germs of grip—bronchitis—consumption. Fortify the body now with

Save your Hair! Get a 25-cent bottle of Danderine right now—Also stops itching scalp.

Thin, brittle, colorless and scraggy hair is mute evidence of a neglected scalp; of dandruff—that awful scurf.

There is nothing so destructive to the hair as dandruff. It robs the hair of its lustre, its strength and its very life; eventually producing a feverishness and itching of the scalp, which if not remedied causes the hair roots to shrink, loosen and die—then the hair falls out fast. A little Danderine tonight—now—any time—will surely save your hair.

Get a 25-cent bottle of Knowlton's Danderine from any drug store. You surely can have beautiful hair and lots of it if you will just try a little Danderine. Save your hair! Try it!
