Bullets That Come Back.
Speaking of a purchase of a large quantity of zinc instead of sheet lead for the manufacture of coffins, two men interested in metals joined in the following discussion: "That is a final consumption," said one. "That metal never comes back into the market." "There are others," remarked his friend. "Shot and bullets, for example." "You are only partially correct," replied the first. "Some of the bullets come back. They are so economical and so well organized in Germany that after military target practice the soldiers have to pick up and account for all the lead they have fired. They are no theorists about conservation over there. They are practical conservationists." -Engineering Journal.

Wonderful Blood Remedy That Works in the Tissues
The Very Latest Theory About How and Why the Blood is Disordered.
S. S. S. Means Pure Blood Which Insures Long Life and Health.
The great experts in Chemistry and Physiology now declare what has long been contended by the Swift Laboratory that the serum of blood disorders find judgment in the interests of the tissues.
And herein is where S. S. S. goes to work rapidly, effectively and with wonderfully noticeable results.
This famous blood purifier contains medicinal components just as vital and essential to healthy blood as the nutritive elements of wheat, rye, beef, and fat, and the sugars that make up our daily ration.
As a matter of fact there is one ingredient in S. S. S. which serves the active purpose of stimulating each cellular part of the body to the healthy and judicious selection of its own essential nutriment. That is why it regenerates the blood supply; why it has such a tremendous influence in overcoming eczema, rash, pimples, and all skin afflictions.
And in regenerating the tissues S. S. S. has a rapid and positive antidotal effect upon all those irritating influences that cause rheumatism, sore throat, weak eyes, loss of weight, thin pale cheeks, and that weariness of muscle and nerve that is generally experienced, by all sufferers with poisoned blood.
Get a bottle of S. S. S. at any drug store, and in a few days you will not only feel bright, and energetic, but you will be the picture of new life.
S. S. S. is prepared only in the laboratory of the Swift Specific Co., 291 Swift Bldg., Atlanta, Ga. Who maintain a very efficient Medical Department, where all who have any blood disorder of a stubborn nature may write freely for advice.
S. S. S. is sold everywhere by all drug stores.
Beware of all attempts to sell you something "just as good." "Insist upon S. S. S."

Tactful Remark.
Mrs. Frazier, a lady who did not believe her name, got thirsty during a social entertainment and slyly mentioned the fact to a group of young men standing near her chair. There was a rush to supply her want, and the young man who reached her first with a glass of water she complimented on his quickness.
"Oh, that's nothing," he replied lightly. "I am used to it. I got into many a circus and menagerie when I was a boy by carrying water to the elephant."

At Liberty.
Little Everett was a member of the Band of Mercy society, and was proud of the membership. He wore his badge, a small star, as if it were a policeman's insignia, and was often heard reproving other boys and girls for cruel treatment of dogs and cats.
One day a woman of the neighborhood heard a great commotion outside Everett's home and, going to the window, was surprised to find Everett in the act of tormenting the cat.
"Why, Everett," she called, "what are you doing to that poor cat? I thought you belonged to the Band of Mercy society?"
"I did," replied the little boy, "but I lost my star." -Lippincott's Magazine.

Willie's Confession.
Little Willie had been very naughty so much so, in fact, that after having reproved him several times his mother was at last forced to severely punish him.
When his father arrived home in the evening he at once perceived that Willie's eyes were suspiciously red.
"What's the matter, sonny?" he cried.
"Oh, nothing," responded Willie, untruthfully.
"Come, don't be frightened," said the father, in coaxing tones. "Tell me all about it; I want to know."
Willie remained silent for some time, then he suddenly burst out: "Well, if you must know, I've had a thundering row with my wife." -Pearson's Weekly.

And So It Was.
An English minister, who guarded his morning study hour very carefully told the new maid that under no circumstances were callers to be admitted—except, of course, he added—in case of life and death.
Half an hour later the maid knocked at his door. "A gentleman to see you, sir."
"Why, I thought I told you—"
"Yes, I told him," she replied, "but he says it is a question of life and death!"
So he went downstairs and found an insurance agent—Pittsburg Chronicle.

Cheering Him Up.
"It's not everybody I'd put to sleep in this room," said the motherly old landlady to her lodger, who had come to that remote district on account of a serious nervous breakdown.
"This room is full of tender associations to me. My first husband died in that bed, with his head on that velvet pillow. My dear father passed away on that sofa under the window. He was a spiritualist and he vowed he would appear in this room again after death, though I've never seen anything of him yet. My poor nephew, William, fell dead with heart disease right where you are standing. He was studying to be a doctor and there are two whole skeletons and six abnormal livers preserved in spirits in that press yonder, while that bottom drawer is full of old bones and skulls. He used to do a lot of vivisection up here when he was alive."
"Well, good night, and pleasant dreams." -London Tit-Bits.

THICK, GLOSSY HAIR FREE FROM DANDRUFF
Girls! Try it! Hair gets soft, fluffy and beautiful—Get a 25 cent bottle of Danderine.
If you care for heavy hair that glistens with beauty and is radiant with life; has an incomparable softness and is fluffy and lustrous, try Danderine. Just one application doubles the beauty of your hair, besides it immediately dissolves every particle of dandruff. You can not have nice healthy hair if you have dandruff. This destructive scurf robs the hair of its lustre, its strength and its very life, and if not overcome it produces a feverishness and itching of the scalp; the hair roots fash, loosen and die; then the hair falls out fast. Surely get a 25-cent bottle of Knowlton's Danderine from any drug store and just try it.

WOMAN WOULD NOT GIVE UP
Though Sick and Suffering; At Last Found Help in Lydia E. Pinkham's Vegetable Compound.
Richmond, Pa. - "When I started taking Lydia E. Pinkham's Vegetable Compound I was in a dreadfully rundown state of health, had internal troubles, and was so extremely nervous and prostrated that if I had given in to my feelings I would have been in bed. As it was I had hardly strength at times to be on my feet and what I did do was by a great effort. I could not sleep at night and of course felt very bad in the morning, and had a steady headache."
"After taking the second bottle I noticed that the headache was not so bad, I rested better, and my nerves were stronger. I continued its use until it made a new woman of me, and now I can hardly realize that I am able to do so much as I do. Whenever I know any woman in need of a good medicine I highly praise Lydia E. Pinkham's Vegetable Compound." - Mrs. FRANK CLARK, 3146 N. Tulip St., Richmond, Pa.

TAKE THIS MAN'S ADVICE TRY THE GREAT KIDNEY REMEDY
It always gives me pleasure to recommend anything that is right and so I feel it my duty to herald the praises of Dr. Kilmer's Swamp-Root.
For years I was troubled with kidney disease and it was so intense that I was bedridden for days at a time. I gave up all hope and doctors for miles around gave me no help. Incidentally I tried several patent remedies and at last tried Swamp-Root. From the first it gave me relief and it was no time before I was able to get up and around and now I am perfectly well and able to work as I used to before my terrible sickness.
So now let me thank you for your wonderful discovery and take this opportunity to recommend it to all who suffer from kidney troubles.
Yours very truly,
WALTER SHIVER, Hope, Ark.
Subscribed and sworn to before me this 25th day of March, 1912.

One Year's Electrical Advance.
Perhaps the most important new development during the last year in the electrical field was the half-watt nitrogen-filled tungsten lamp brought out by the General Electric company, as a result of several years' work by Dr. Irving Langmuir. There has been little change in generators and motors except in the size of the former to keep pace with the increasing capacity of steam turbines. The largest alternating-current generator installed during 1913 was a 25,000-kw. machine at the Commonwealth Edison company of Chicago, although still larger ones have been ordered. The largest direct-current machine having a capacity of 3750 kw. was installed at the Canal Road plant of the Cleveland Electric Illuminating company. For alternating-current transmission 150,000 volts still remains the upper limit of work on the Big Creek development in California, at which this is employed, having progressed steadily during the last year. In direct-current transmission, however, a world step was taken in the decision to employ the Thury system at 90,000 volts to transmit 20,000 kw. from the Trollhattan Falls in Sweden to Copenhagen, Denmark.—Power.

One of the younger negroes rose up and inquired:

Rebels Hold Haiti Town.
Washington, D. C. - Progress of the Haitian government campaign against the rebels in the north of the island is reported. Commander Dier, of the gunboat Wheeling, at Port Au Paix, announced that he had found no place in the hands of federal troops and that the town was quiet. The Haitian gunboat Nord Alexis left Port Au Paix for Cape Haitien under orders from General Zamor to blockade Cape Haitien and Port Liberté. Commander Harrison, aboard the cruiser San Francisco at Cape Haitien, reports it quiet.

Navy Aviator Falls, Dies.
Pensacola, Fla. - Lieutenant J. McC. Murray, of the United States naval aviation corps, stationed here, was killed when his machine plunged 800 feet into Pensacola Bay. The machine was demolished and Lieutenant Murray's body found about 100 yards from the spot where he fell. Lieutenant Murray had been flying out over the gulf and was returning to the station when the accident occurred. An investigation has not revealed the cause of the accident. This is the first fatality at the Pensacola station.

Life's Savings Are Stolen.

TROOPS CAPTURE MEXICAN BANDIT
Castillo and Followers Surrender to American Forces.
Will Probably Be Turned Over to Revolutionists—Villa Has Condemned Them to Death.

El Paso, Tex. - An Associated Press dispatch saying that Castillo would be turned over to the Constitutionalists, delivered to General Villa at midnight, was received with great satisfaction by the general. He said that Castillo would be formally charged with the murder of M. J. Gilmartin, an American, and 50 others at the Cumbre tunnel. He promised that the trial would not be clogged by any red tape.

El Paso, Tex. - Maximo Castillo, the Mexican bandit charged with responsibility for the Cumbre tunnel disaster, in which ten Americans and 41 others lost their lives, was captured 38 miles south of Hachita, N. M., by American troops. This information was conveyed to General Hugh L. Scott, commandant at Fort Bliss, in an official telegram from Captain White, Ninth United States Cavalry. With the bandit were six of his followers. According to Captain White's brief dispatch they surrendered without a fight.

Castillo, to avoid a range of mountains on the Mexican side, made a detour which brought him into American territory. Captain White was on the watch having received information from Walter McCormick, American manager of Las Palomas ranch, on the Mexican side, that the much-wanted man was in that vicinity. Whether the prisoner shall be surrendered to the rebels is a legal question which remains to be settled. If this is done there is no doubt he will be executed for the Cumbre disaster. He is not charged with any crime on this side.

SEATTLE NOMINATES MAYOR RECALLED FOR MISCONDUCT
Seattle, Wash. - One hundred and ninety-nine precincts complete give for mayor, Gill, 16,623; Trenholm, 8411; Winsor, 694; Griffiths, 5924.
Hiram C. Gill, who was elected mayor of Seattle in 1910, recalled for alleged misconduct in office the next year and defeated by Mayor Cotterill in 1912, was nominated for mayor in preferential primary, receiving nearly as many votes as his three nearest competitors combined.
For second place, James D. Trenholm, so-called "business men's candidate," is about 900 votes ahead of Richard Winsor, with returns from one-third of the city counted. Although Winsor, under the law, filed as a non-partisan candidate, his nomination was made and his campaign managed by the Socialist party.
Austin E. Griffiths, endorsed by the Ministerial Federation, is fourth in the votes thus far counted.
The highest two candidates will contest for the mayoralty in the regular election of March 3.
A majority of all votes cast in the primary does not elect under the law of Seattle, which is different from the preferential primaries in most cities of the Coast.
A remarkable feature of Gill's triumph is that his campaign was directed chiefly by men who brought about his recall in 1911.

10 CENT "CASCARETS" IF BILIOUS OR COSTIVE
For Sick Headache, Sour Stomach, Sluggish Liver and Bowels—They work while you sleep.
Furred Tongue, Bad Taste, Indigestion, Sallow Skin and Miserable Headaches come from a torpid liver and clogged bowels, which cause your stomach to become filled with undigested food, which sours and ferments like garbage in a swill barrel. That's the first step to untold misery—indigestion, foul gases, bad breath, yellow skin, mental fogginess, everything that is horrible and nauseating. A Cascaret tonight will give your constipated bowels a thorough cleansing and straighten you out by morning. They work while you sleep—a 10-cent box from your druggist will keep you feeling good for months.

What is Femininism?
What's all this about "femininism"? There seems to be a debate about whether it is a good thing or not. That depends a good deal on what it is.
We have had masculinism, meaning male dominance—though we didn't call it that and the fact of dominance may be not entirely undebatable.
Does "femininism" mean changing male dominance to female dominance? The good Lord forbid!
But if it means striking a human balance—if it is a step toward humanism—then bring it on and speed its coming.—Duluth Herald.
