### A Correction.

To the Editor: It now seems that there was a misunderstanding in regard to my statement in last weeks issue of the Bulletin. I did not mean to imply that it was the orchestra's fault that there was no dancing at the recent Commercial Club banquet. They were perfectly willing to donate their services for entertainment of those present. W. E. Chown.

E. B. Wood, of Portland, spent several hours here last Sunday with his parents, Mr. and Mrs. Geo. Wood.
