MOSIER FRUIT MEN GATHER SHALL WE CELEBRATE THE NATION'S BIRTHDAY?

Mosier fruit growers and their friends, to the number of nearly 200, met in Chown's Hall last Saturday to attend the annual meeting of the Mosier Fruit Growers' Association. The forenoon was occupied with reports of Manager R. D. Chatfield and the auditing committee, and the election of a board of directors for the coming year. By unanimous vote the old board was re-elected, as was the auditing committee. Manager Chatfield and the auditing committee were given a hearty vote of thanks for their efficient services.

W. G. Gloyd, of the Mosier Hotel, served a satisfying lunch in the hall at noon, and at 1:30 W. F. Gwin, manager of the Northwest Fruit Exchange, gave a talk on the conditions of the fruit industry in the Northwest. His tabulated statement of figures showed that Mosier District ranked among the first in net returns for her extra fancy fruit.

Other speakers were A. A. Prince and D. White, of the N. W. Exchange, C. A. Malboeuf, of the Fruitgrowers' Transportation League, Dr. C. A. Macrum and A. P. Bateham.

The occasion was marked by the enthusiasm and unanimity of spirit of the growers, who were much pleased with the business done last year and encouraged for the prospects for a bountiful harvest this season.

Aside from the out-of-town guests above mentioned, there were present C. L. McKenna and wife, C. A. McCargar, C. A. Morden, Mrs. J. E. Carpenter, the Misses M. and A. Shogren, of Portland; Miss Kate Wintler, of Vancouver, B. C., and J. C. Skinner and F. R. Howard, of Hood River.

A DANGEROUS PRACTICE

There are several boys in this town and vicinity who ride bicycles. The bicycles have no bells or horns on them—at least most of them have none. The only method the riders employ in warning pedestrians of their approach is to whistle. This is not a sufficient or proper warning. A whistle may mean anything or nothing; but a bell or horn repeatedly sounded, especially as the rider approaches from the rear, is sufficient warning for even little children to heed. A bicycle, like the horse and auto, has certain rights on the road; so has the pedestrian. Every person should know the rules of the road in riding and walking, even the children. This knowledge, if put in practice, would prevent many serious and minor accidents. Unfortunately, children generally do not know the rules of the road and if they did they would probably forget them entirely in their sudden fright when some fool boy rode up behind them on a bicycle without giving them sufficient warning or time to escape being run over. This has occurred three times recently, the victim in each case being a little girl, who was knocked down and severely injured.

It is always the part of the strong and capable to consider the weak and helpless, especially the children who, in sudden emergencies, have no judgment and are quite as liable to run into danger as out of it. If these boys who have run over the little girls, had thought they could not pass them without running them down, they should have slackened their speed, thus avoiding the accidents.

The city fathers should pass an ordinance at once requiring bells or horns to be placed on all bicycles, and used properly; also should bicycles be supplied with lights at night. Several accidents have already occurred thru apparent criminal recklessness, but others may be avoided by placing bells or horns on the bicycles and using them, together with a little common sense and consideration for other people.

This question is being asked by many people and it is not too early to discuss it and begin to make plans for a grand old-time "Fourth of July Celebration," with the colored lemonade, peanuts and popcorn, the hokey-pokey man, balloon ascension, games, races, orations, brass bands and everything else symbolic of the day and so dear and necessary to the heart of Young America—and the old 'un, too. We didn't mention fireworks for, tho "Freedom was born amidst powder," it is our personal conviction that mercy and humanity would be best served by eliminating as much as possible the deadly cannon cracker and other angel-making devices from the program.

It has been five years since Mosier has celebrated. Then we had a sure-enough good time. It required a whole lot of hard work by the citizens to prepare the grounds for the occasion, but they worked with a will and the result was a complete success. It can be repeated, with less labor. Let the entire Mosier District decide to celebrate our Natal Day and the prosperity which we as a district have enjoyed the past year, with prospects of still greater blessings for the season to come. We owe it to ourselves and our children. We've got it coming to us. It is safe to say that this idea of a celebration will meet with the hearty approval of the local grange, as their regular monthly meeting, an all day session, comes on Saturday, July 4, and they will be out in force any way. As the people in the country compose the greater membership of the grange, a good big crowd would be assured for the celebration.

This is a matter which might very appropriately be taken up by the commercial club and local grange combined, in which event success is assured.

LET US CELEBRATE!

COMMERCIAL CLUB HOLDS MEETING

The Mosier Commercial Club held its regular monthly meeting in Chown's Hall last Monday night. Routine business was transacted and several new members were added.

The question of the recovery of the dock boat was discussed and it was decided to assist the citizens who have money and labor invested in the boat in securing its return. To this end the following notice has been issued to all those interested in the boat landing:

There will be a meeting of all those who have subscribed to and who are interested in the boat house fund, in Chown's Hall on Saturday evening, April 11, at 8 o'clock, to consider what measures may be taken to secure our present boat landing.

H. W. Hannum and family arrived last Saturday morning from Parker, So. Dakota, where they have been living for the past two years. They will move onto their homestead at Fir.

NOTICE.

Notice is hereby given that I did, on the 2nd day of April, 1914, in the City of Mosier, Oregon, take up and impound one horse of bay color, weight about 1250 lbs., age about 11 years, shows collar marks; white stripe in face and white right hind foot. And I will, on the 2nd day of May, 1914, at the hour of 7 P. M., of said day, in front of the City Hall (Mosier Library), in the City of Mosier, Oregon, sell said property at auction, for the purpose of paying fees, costs and expenses legally incurred in taking up, impounding and keeping said horse of bay color, weight about 1250 lbs., age about 11 years, showing collar marks, with white stripe in face and one right hind foot, and the costs and expenses of making said sale.

What is the Meaning of TUM-A-LUM

Like a good many words in English "Tum-A-Lum" is derived from a great many languages. Originally from the Chinook Indian meaning "Scattered Waters." Tum-A-Lum has come to mean:

In French, "To Excel." In Dutch, "Handle the Best of Grades." In German, "Service." In Irish, "Quality." In Spanish, "The Best for the Money."

Put all of the above meanings together and you have the meaning of Tum-A-Lum in English.

In the Language of Mosier Tum-A-Lum stands for the most up-to-date Lumber Yard in the city.
