BLACK LEG LOSSES SURELY PREVENTED by Cutter's Blackleg Pills. Low-priced, fresh, reliable; preferred by Western stockmen because they protect where other vaccines fail. Write for booklet and testimonials.
10-dose pkge. Blackleg Pills $1.00
50-dose pkge. Blackleg Pills 4.00
Use any injector, but Cutter's best.
The superiority of Cutter products is due to over 15 years of specializing in vaccines and serums only. Insist on Cutter's. If unobtainable, order direct.
THE CUTTER LABORATORY, Berkeley, California.

Rhode Island's Fame.

It was a geography lesson and the teacher had been asking what some of the different states were noted for. Looking at one of the little girls, she asked:

"Tell me, Florence, what Rhode Island is celebrated for?"

For a moment the child was silent, then an inspiration apparently came to her.

"Rhode Island," replied the little girl, "is celebrated for being the only one of the United States that is the smallest."—Harper's Magazine.

It has been demonstrated that overgrazed stock ranges in the national forests can be brought back to use under a system of regulated grazing faster than if they are left unused.

A thousand tons of soot settle monthly within the 118 square miles of London.

Neuralgia
sufferers find instant relief in Sloan's Liniment. It penetrates to the painful part—soothes and quiets the nerves. No rubbing—merely lay it on.

SLOAN'S LINIMENT
Kills Pain

For Neuralgia
"I would not be without your Liniment and praise it to all who suffer with neuralgia or rheumatism or pain of any kind."—*Mrs. Henry Bishop, Helena, Missouri.*

Pain All Gone
"I suffered with quite a severe neuralgic headache for 4 months without any relief. I used your Liniment for two or three nights and I haven't suffered with my head since."—*Mr. J. R. Swinger, Louisville, Ky.*

Treatments for Cold and Croup
"My little girl, twelve years old, caught a severe cold, and I gave her three drops of Sloan's Liniment on sugar on going to bed, and she got up in the morning with no signs of a cold. A little boy next door had croup and I gave the mother the Liniment. She gave him three drops on going to bed, and he got up without the croup in the morning."—*Mr. W. H. Strange, Chicago, Ill.*

A. H. AVERILL, President, The A. H. Averill Machinery Co.

Just Like the Doughnut.

A small boy had been given a penny with a hole in it. Handing it to a still smaller companion, he said:

"Jimmie, I dare you to go into that store and buy something with this penny."

Jimmie was quite willing. Entering boldly, he said:

"I want a doughnut." And taking it, he hastily presented the penny.

"Here," said the clerk, "this penny has a hole in it."

"So has the doughnut," announced Jimmie, triumphantly holding it up.—Delineator.

Badly Located.

"I want this patrol box removed from in front of my bank. It's a menace to business."

"How so?"

"Every time there's an arrest a crowd gathers and people immediately conclude there's a run on the bank."

and do it **today.** Delay only aggravates matters and prolongs your suffering. For any weakness of the Stomach, Liver or Bowels you will find

Hostetter's Stomach Bitters

very helpful. It strengthens and assists them in performing their daily functions.

A CLERGYMAN'S TESTIMONY.

The Rev. Edmund Heslop of Wigton, Pa., suffered from Dropsy for a year. His limbs and feet were swollen and puffed. He had heart fluttering was dizzy and exhausted at the least exertion. Hands and feet were cold and he had such a dragging sensation across the loins that it was difficult to move. After using 5 boxes of **Dodds** Kidney Pills the swelling disappeared and he felt himself again. He says he has been benefited and blessed by the use of **Dodds** Kidney Pills. Several months later he wrote: I have not changed my faith in your remedy since the above statement was authorized. Correspond with Rev. E. Heslop about this wonderful remedy.

Rev. E. Heslop.

Dodds Kidney Pills, 50c per box at your dealer or **Dodds** Medicine Co., Buffalo, N. Y. Write for Household Hints, also music of National Anthem (English and German words) and recipes for dainty dishes. All 3 sent free. Adv.

An Alternative.

Mater—Well, Effie, what are you going to be when you grow up?

Effie—If I was a boy I'd be president; but seeing I'm a girl I guess being a rich widow is as good as anything.—Judge.

Depth of Desert Sands.

The average depth of the sands in the deserts of Africa is from 30 to 40 feet.

In the year 1913 a flock of 31 hens, owned by Edward Doane of Pittsfield, produced 4371 eggs, an average of 141 for each hen.

All Blood Disorders Quickly Driven Away

Astonishing Results With the Greatest Blood Purifier Ever Discovered.

Strength, Power, Accomplishment are all Typified in S. S. S.

Some blood disorders become deeply rooted in the glands and tissues, and the mistake is made of resorting to drastic drugs. These only aggravate by causing other and worse troubles. A host of people know this to be true. They know from painful experience.

To get right down into where the blood is vitiated requires S. S. S. the greatest blood purifier ever discovered.

This remarkable remedy contains one ingredient, the active purpose of which is to stimulate the tissues to the healthy selection of its own essential nutriment and the medicinal elements of this matchless blood purifier are just as essential to well balanced-health as the nutritious elements of the meats, grains, fats and sugars of our daily food.

Not only this, but if from the presence of some disturbing poison there is a local or general interference of nutrition to cause boils, carbuncles, abscesses and kindred troubles, S. S. S. so directs the local cells that this poison is rejected and eliminated from their presence.

Then, too, S. S. S. has such specific stimulation on these local cells as to preserve their mutual welfare and a proper relative assistance to each other.

In a very brief time S. S. S. has the reconstructive process so under control that remarkable changes are observed. All eruptive places heal, mysterious pains and aches have disappeared, and from head to foot there is a conscious sensation of renewed health.

From the fact that S. S. S. is purely a botanical preparation, it is accepted by the weakest stomach and has great tonic influence. Not one drop of drugs or minerals is used in its preparation. Ask for S. S. S. and insist upon having it. And if you desire skillful advice upon any matter concerning the blood and skin write to The Swift Specific Co., 205 Swift Bldg. Atlanta, Ga. Do not allow some zealous clerk to larrup the atmosphere in eloquence over something "Just as good" as S. S. S. Beware of all counterfeits.

CANAL TREATY NOT CONSTRUED

Secretary Bryan Puts Tolls Plea on New Basis.

Opposition to Subsidy Is Held to Dwarf Exemption — Thinks Wilson Understands Issue.

Washington, D. C.—Secretary Bryan in a statement made public Monday, reviews at length the Panama tolls question and in the course of the statement declares that the repeal of the tolls expemption in the Panama canal act "cannot be construed to be a construction of the Hay-Pauncefote treaty," but is "simply a refusal on the part of the United States to raise that question in that way."

Mr. Bryan discusses various features of the subject—the limiting of debate in the house of representatives, the Baltimore platform and the effect of repeal on the treaty.

Asserting that the opponents of the repeal have seized upon the charge that the President is "surrendering to England," Mr. Bryan declares that the opposition to the repeal has attempted to appeal "to prejudice rather than to reason."

"What has Great Britain done," he asked, "to jutsify the accussation that she is trying to dictate to this country? She has simply called attention to the terms of the treaty and asked for arbitration of the question of construction, in case this government differs from the British government in the construction to be placed on the language. The very men who are so insistent upon construing the treaty to permit free tolls delayed for months the ratification of the treaty with Great Britain because of their opposition to any arbitration on the subject. In other words, they construed the treaty to permit discrimination and then objected to allowing any international court to express an opinion on the subject. If, as a matter of fact, the treaty grants the rights which Great Britain claims, is it a 'surrender to Great Britain' for our nation to repeal a law that raised that question?

"The repeal of the law cannot be construed to be a construction of the treaty. It is simply a refusal on the part of the United States to raise that question in that way."

Discussing the President's right to expect the support of congress when he deals with international questions, Secretary Bryan adds: "The chief executive speaks for the nation in international affairs and it is only fair to assume that he speaks advisedly when he declares that intercourse with other nations is seriously embarrassed by the free tolls law which he seeks to repeal."

Find Tusk of Ancient Wild Boar In California

Los Angeles—That California was at one time the home of practically every kind of animal has received further proof from the discovery of the skull and other portions of the skeleton of an immense wild boar in Imperial Valley The skull with its 10-inch tusks has arrived in Los Angeles. The find was made on the California-Mexico Land & Cattle company's ranch, one of the great tractor plows having brought the skull to the surface when preparing the ground for a cotton field.

One tusk of the great pig lacks just a fraction of being 10 inches long, while the other is broken off at the tip.

Archaeologists will be invited to make an inspection and report. It is considered possible by mere laymen that the animal belongs to the pleistocene period and is in a class with the animals found in the oil pits at La Brea.

Eye Grafting Has Every Appearance of Success

Baltimore—The success of the operation performed several weeks ago at the Baltimore Eye, Ear and Throat hospital, in which the cornea of a pig's eye was grafted onto the blind eye of David Kane, a six-months-old infant, is now practically assured. Dr. Floyd B. Whitman, the surgeon who performed the operation, still refuses to make a statement with reference to it, but it is learned that the eye on which the pig's cornea was grafted is still clear. There is reason to believe that it will remain clear for the few days left of the time allotted for the test by the surgeon.

Scientists Go to Siberia.

Philadelphia — The University of Pennsylvania museum has dispatched an expedition to the northern part of Siberia, which lies between the Yenezi and Lena rivers, to collect ethnological specimens and data among the tribes there, of whom little is known. H. U. Hall, recently a student of anthropology at the University of London, heads the party, which will join others sent out by the University of Oxford and the Moscow Academy. The latter is led by Miss Czaplicka, a noted Russian woman scientist.

Ships Will Test Canal.

San Diego—United States warships of the Atlantic fleet will steam through the Panama canal early in July, speed up the Pacific Coast to San Diego and return to Hampton Roads by the same route, according to Franklin D. Roosevelt, assistant secretary of the navy, who inspected the harbor here and made preliminary arrangements for the reception of the ships on the coming visit. The purpose of this early jaunt, said Mr. Rooesvelt, was to prove that the big waterway is now in readiness to accommodate ships.

Loop Is Looped Eight Times.

Los Angeles — Delloyd Thompson "looped the loop" eight times here Sunday, breaking Lincoln Beachey's provious American record of seven loops. Beachey's record was made at San Francisco. Thompson was less than 2000 feet above the ground when he started his downward flight and made his last loop when within 500 feet of the earth.

Naval Cruisers to Conduct Mail and Passenger Lines

Washington, D. C.—Feasibility of establishing a line of fast naval cruisers to carry passengers, mail and freight between the United States and South America was indorsed by Secretary Daniels in a report to the senate on the resolution introduced by Senator Weeks. The committee on naval affairs at once introduced a bill to establish one or more navy mail lines to South American ports.

It is the plan to use in time of peace such swift scout cruisers as are little needed in fleet maneuvers. The mail ships would be commanded by retired officers at the discretion of the Navy department, which also fixes rates and fares.

In his letter to Chairman Tillman, of the naval committee, Daniels said:

"It is practicable, by the use of naval vessels, to carry out the purpose indicated and the following will be available for the service: St. Louis, Charleston, Milwaukee, Columbia, Minneapolis, fast cruisers; Salem and Chester, fast scout cruisers; Buffalo and Rainbow, transports; Ancon, Cristobal and Hector, Panama steamers; Mars, Vulcan, Cyclops and Neptune, (or two equally good), and the Nanshan, colliers."

Secretary Daniels expects that a round trip from New Orleans to Valparaiso could be made in 24 days and 17 hours.

"The department sees in the plan an opportunity for a two-fold advantage," wrote Secretary Daniels. "First, the opportunity for developing a large trade with South America which is not practicable for private vessels under the United States flag. Second, the gradual development of a large auxiliary fleet, which would be necessary in time of war, which would be built up and maintained in time of peace without cost to the government, as it will pay for itself after having once been firmly established."

Villa and Huerta Would Not Unite Against U. S.

Juarez, Mexico—The startling developments at Tampico in point of interest felt here far exceeded that in the reports of a new victory by the rebel forces at San Pedro.

No official would lend his name to comment on the situation, but one man in a confidential constitutionalist position declared that under no circumstances would the rebels join with Huerta against a common enemy.

"In case of a foreign invasion Generals Villa and Carranza long ago agreed that they would simply content themselves with opposing any armed force which entered rebel territory," said this informant.

It is known that Villa would find it practically impossible to co-operate with Huerta. Huerta, it is related, at the battle of Rellano two years ago compelled the proud and arrogant Villa, then serving under him, to get on his knees and apologize for some offense. Later Huerta threw him into prison in Mexico City, where Villa learned to read and write. He finally escaped and made his way north, where, on the assassination of Madero and the elevation of Huerta to the provisional presidency, he started a revolution and in due time joined other insurgents under the supreme chiefship of Venustiano Carranza.

Villa Reports Complete Rout of Superior Force

Juarex, Mex.—The rebel wounded during a six days' battle at San Pedras de los Colonias, east of Torreon, is placed at 500 in an official report of General Villa to General Carranza.

The combined forces of the federals, said to have numbered 12,000 to 15,000, were defeated by 10,000 or 12,000 rebels, according to the report.

General Carranza forwarded the report to Rafael Zubaran, his secretary of the interior, who remained here after Carranza and other officials removed the provisional capital to Chihuahua.

General Villa's report reads:

"I have the honor to communicate to you that after six days' of terrific fighting the town of San Pedras de los Colonias was evacuated by the enemy, which was under the command of Generals Velasco, Demoure, Maas and others.

"Before the evacuation they set fire to the greater part of the city. In these moments my troops are taking possession of the city. Tomorrow I will forward details of the battle. My only regret is that 500 of my troops were wounded in the assaults. I have captured 700 prisoners. I hope that the great sacrifice of human blood will be for the welfare of our country."

Robber And Victim Die.

Seattle—Charles F. Swartz, aged 33, of Snohomish, Wash., the passenger who was wounded when Clarence Trew and William Sears attempted to hold up a Tacoma-bound interurban train at Riverton, south of Seattle, and Trew, one of the robbers, died at local hospitals Wednesday.

The prosecuting attorney has announced that he will file an information immediately charging both Trew and Sears with murder in the first degree. Sears, though badly bruised, will recover.

Patent On Box Invalid.

Chicago—After nine years of litigation the United States Circuit court of Appeals held invalid a patent for a lined pasteboard box hitherto used only as a container for crackers. Broad contention that the patent covered all folding cartons having interlocked ends in conjunction with a lining of waxed paper, as well as the methods of making them were overruled by the court. The decision, it was said, opens this type of carton to general use. It was maintained that the patent was void for want of novelty and invention.

2,640,000 Eggs In Cargo.

Seattle,—Two hundred and twenty thousand dozen eggs were part of the cargo of the steamship Senator, which sailed from Seattle for San Francisco Wednesday. The eggs were brought across the Pacific by a Canadian liner.

SURGEON MENDS LIVING HEARTS

Believes Valvular Disorders May Be Freely Relieved.

Clamps Placed on Arteries Shut Off Circulation While Leaky Valves Are Treated.

New York—Dr. Alexis Carrel, head of the Rockefeller Institute and winner of a Nobel prize for science, discussed Saturday his latest experiment in surgery of the heart before the American Surgical association. These experiments were performed on dogs, with the idea of developing methods and technique which can now be successfully applied to human subjects.

"In several recent instances," Dr. Carrel said. "I have succeeded in clamping en masse the neck or pedicle of the heart, thus shutting off the circulation of the blood for two or three minutes and giving opportunity for a rapid opeartion on the aortic and pulmonary valves. After the operation was completed and the clamps removed, the heart resumed its pulsation, and after a short time the pulsations become regular. An interruption of circulation for a much longer period is undoubtedly possible, so that operations of a more complicated nature could be performed.

"In no case were there any accidents nor was there any need of massaging the heart when the interruption of the circulation did not exceed two and one-third minutes. The valves were generally exposed by an incision about an inch and a half long, made half in the pulmonary artery and half on the ventricle of the heart."

Federal Reserve Banks Defended By Committee

Washington, D. C.—The Federal reserve bank organization committee has issued a statement defending its choice of reserve bank cities and definition of reserve districts. It was the first official answer made to criticisms voiced in congress and heard from cities which sought reserve banks but failed to get them.

For the first time some of the statistics used by the committee in reaching its conclusions were made public.

Particular attention was given to the committee's reasons for choosing Atlanta, Ga., and Dallas, Tex., in preference to New Orleans; for selecting Richmond, Va., instead of Baltimore, and for naming Kansas City instead of Denver, Omaha or Lincoln, Neb. The committee called attention to the fact that since 37 cities were applicants and only 12 were named, 25 had to be disappointed.

"With so many conflicting claims," said the statement, "someone had to judge. Congress constituted the committee a court and gave the Federal Reserve Board the power of review. Disappointed competitors should seek a remedy through the orderly process the law prescribes.

Radium Tests Under Way.

Washington, D. C.—Debate in the senate on the bill for the governmental control of the radium-bearing lands of the West was opened Saturday by Chairman Walsh, of the mines committee.

Emphasizing the importance of the measure, Senator Walsh said radium-bearing lands were not only to be found in Colorado and Utah, but in Montana, and probably would be found in other states.

He added that the bureau of mines and two eminent doctors were conducting experiments in the methods of producing radium, which, if successful, would be given to the public.

Idle Leader Sentenced.

Los Angeles—"Captain" Frank Kelley, the only one of the disrupted "army" of unemployed to be brought to trial, was sentenced to 60 days' imprisonment without the option of a fine. After the decision of the jury was announced, 105 or 109 men arrested changed their minds about going to trial, pleaded guilty and were released on suspended sentences. Four men remain in jail. One of these is Morris Rose, formerly "General" in command, who was deposed and later arrested for vagrancy.

Deadly Tick Is Studied.

Washington, D. C.—A new line of attack upon the tick of the Rocky Mountain regions, which is charged with causing the dreaded spotted or Rocky Mountain fever, has been arranged by Assistant Secretary of the Treasury Newton in charge of the Public Health service. Mr. Newton authorized Surgeon L. D. Frick, stationed at Victor, Mont., to hire 1000 sheep for three months to study the habits of the tick, which is supposed to find peace and quiet in sheep wool.

"First" Americans Found.

Washington, D. C.—After a thorough study of the peoples along the fringe of Asia from Siberia to Sumatra in her effort to trace the original American, Mr. Harriet Chalmers Adams, one of America's foremost women explorers, in a communication to the National Geographical society, expresses the opinion that the ancient "American" peoples came by sea, possibly in broken stages, from Asia.

Aviator and Woman Die.

London—Reichelt, the German aviator, and a woman passenger were killed near here Saturday when the motor of their monoplane exploded and the air craft fell 200 feet. The woman was dead when extricated from the debris and Reichelt died at the hospital.

Man Pierced By Redhot Rail.

Pittsburg—The entire length of a 90-foot steel rail, red hot, passed through the body of Charles Miller, of Braddock, as he worked at a finishing mill in the Edgar Thompson Steel works. Miller lived half an hour.

W. L. DOUGLAS SHOES
Men's $2.00 $2.50 $3.00 $3.50 $4 & $4.50
Women's $2 $2.50 $3 $3.50 & $4
Misses, Boys, Children $1.50 $1.75 $2 $2.50 $3

Began Business in 1876; now the largest maker of $3, $3.50, $4 and $4.50 shoes in the world.
$1,006,279 INCREASE in the sales of W. L. Douglas shoes in 1913 over 1912.
This is the reason we give you the same values for $3.00, $3.50, $4.00 and $4.50 notwithstanding the enormous increase in the cost of leather. Our standards have not been lowered and the price to you remains the same.
Ask your dealer to show you the kind of W. L. Douglas shoes he is selling for $3.00, $3.50, $4.00 and $4.50. You will then be convinced that W. L. Douglas shoes are absolutely as good as other makes sold at higher prices. The only difference is the price.
TAKE NO SUBSTITUTE.
None genuine without W. L. Douglas' name stamped on the bottom. If W. L. Douglas shoes are not for sale in your vicinity, order direct from factory. Shoes for every member of the family at all prices, postage free. Write for Illustrated catalog showing how to order by mail. W. L. DOUGLAS, 210 Spark Street, Brockton, Mass.

Storm Center.

"Uneasy lies the head that wears a crown."

"In a republic, it is the president's private secretary who acquires the insomnia."

Levi Strauss & Co., San Francisco

One Sign.

"Here's a critic says the drama is in its second childhood."

"I notice it has taken to playing in the mud."

It is estimated that a day of darkness in London caused by fog costs the inhabitants $25,000 for gas, as well as a large sum for electric light.

"A Perfect Woman Nobly Planned To Warn, to Comfort and Command"

Nature never intended woman to be delicate, ailing, or a sufferer from "nerves." Women in middle age complain of "hot flashes." Many women suffer needlessly from girlhood to womanhood, and from motherhood to middle life, with backache, or headache, dizziness, faintness, or bearing-down sensations. For a permanent relief from these distressing symptoms nothing is so good as

DR. PIERCE'S FAVORITE PRESCRIPTION

as a soothing and strengthening nervine—allays and subdues nervous excitability, irritability, nervous exhaustion, and other distressing symptoms commonly attendant upon functional and organic diseases of the feminine organs. It induces refreshing sleep and relieves mental anxiety and despondency.

The "Favorite Prescription" is known everywhere and for over 40 years as **the standard remedy** for the diseases of women. Your dealer in medicines sells it in liquid or tablet form; or you can send 50 one-cent stamps for a trial box of Dr. Pierce's Favorite Prescription tablets. Address Dr. Pierce, Invalids' Hotel, Buffalo, N. Y.

Dr. Pierce's Pleasant Pellets regulate and invigorate stomach, liver and bowels. Sugar-coated, tiny granules.

COLT DISTEMPER
Can be handled very easily. The sick are cured, and all others in same stable, no matter how "exposed," kept from having the disease, by using SPOHN'S LIQUID DISTEMPER CURE. Given on the tongue or in feed. Acts on the blood and expels germs of all forms of distemper. Best remedy ever known for mares in foal. One bottle guaranteed to cure one case. 50c and $1 a bottle; $5 and $10 dozen, of druggists and harness dealers, or sent express paid by manufacturers. Cut shows how to poultice throats. Our Free Booklet gives everything. Local agents wanted. Largest selling horse remedy in existence—twelve years.

RUPTURE IS CURABLE
By wearing a SEELEY SPERMATIC SHIELD TRUSS. No worrying or danger of an operation. Rupture is not a tear or breach, as commonly supposed, but is the stretching, or dilation, of a natural opening. This SEELEY SPERMATIC SHIELD appliance closes this opening in 10 days in most cases. If you can't come, write for measuring blank and literature. Sold only by
LAUE-DAVIS DRUG CO.
Third and Yamhill, Portland, Or.
Who are Truss Experts and Exclusive State Agents for this appliance.

No Legal Way to Stop Him.

However brave the policemen are, they are careful about not breaking the laws and ordinances. A patrolman was kicking his feet down on one of the locks on the lake front the other morning when an excited citizen ran up to him and cried: "Say, hurry up! A man has just jumped off the pier!"

"With his clothes on?" asked the officer.

"Yes—fully dresed. Hurry!"

"What do you want me to do? There ain't no ordinance against a man swimmin' as long as he's properly dressed."—Philadelphia Times.

Free to Our Readers

Your Druggist will tell you that Murine Relieves Sore Eyes, Strengthens Weak Eyes. Doesn't Smart, Soothes Eye Pain, and sells for 50c. Try It in Your Eyes and in Baby's Eyes for Scaly Eyelids and Granulation.

Too Long.

A celebrated doctor was sometimes inclined to sleep in church during the sermon and a friend who was with him in the pew one Sunday joked with him about nodding now and then. The doctor insisted he had been awake all the time.

"Now then," said his friend, "can you tell me what the sermon was about?"

"Yes, I can," said the doctor. "It was about half an hour too long."—Columbia State.

Putnam Fadeless Dyes are the easiest to use.

Not Near Enough.

A farmer in great need of extra hands at haying time finally asked Si Warren, who was accounted the town fool, if he could help him out.

"What'll you pay?" asked Si.

"I'll pay what you're worth," answered the farmer.

Si scratched his head a minute, then announced decisively:

"I'll be darned if I'll work for that!"—Everybody's Magazine.

Dr. Pierce's Pellets, small, sugar-coated, easy to take as candy, regulate and invigorate stomach, liver and bowels. Do not gripe.

All in the Bill.

"I have sent for you," said the man of the house, "because these pipes need looking after. There's a leak somewhere and a lot of gas going to waste."

"No, sir," replied the gas company's inspector, meditatively; "maybe there is a leak, but there ain't any gas going to waste—you'll find it all in the bill."—Milwaukee Journal.

Something New.

The new minister was asked to dine at the home of one of his parishioners, and, of course, responded to the request to say grace. In the little pause which succeeded the "amen" the small daughter of the family exclaimed naively:

"Well, my papa don't know that piece!"—Harper's Magazine.

There were 14 fewer medical schools in the United States in 1913 than in 1912, about 1200 students and about 500 fewer graduates.

Example Followed.

Landlord—Good morning, sir. Just dropped in to see if it's convenient for you to pay your rent.

Tenant—Glad you called. I want to complain about the doors; none of them will shut.

L.—New house you know sir—takes time to settle.

T.—Ah! then I guess I'll follow the house's example. Good day, sir. Call again.

According to the latest statistics there are 2,000,000 French families without children.

Missouri's 1913 corn crop is valued at $175,000,000.

TWO WOMEN AVOID OPERATIONS

By Taking Lydia E. Pinkham's Vegetable Compound.

Chicago, Ill.—"I must thank you with all my heart for Lydia E. Pinkham's Vegetable Compound. I used to go to my doctor for pills and remedies and they did not help me. I had headaches and could not eat, and the doctor claimed I had female trouble and must have an operation. I read in the paper about Lydia E. Pinkham's Vegetable Compound and I have taken it and feel fine. A lady said one day, 'Oh, I feel so tired all the time and have headache.' I said, 'Take Lydia E. Pinkham's Vegetable Compound,' and she did and feels fine now."—Mrs. M. R. KARSCHNICK, 1438 N. Paulina Street, Chicago, Illinois.

The Other Case.

Dayton, Ohio.—"Lydia E. Pinkham's Vegetable Compound relieved me of pains in my side that I had for years and which doctors' medicines failed to relieve. It has certainly saved me from an operation. I will be glad to assist you by a personal letter to any woman in the same condition."—Mrs. J. W. SHERER, 126 Cass St., Dayton, Ohio.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman, and held in strict confidence.

WHEN writing to advertisers, please mention this paper.
