**ESTABLISHES INSURANCE AGENCY HERE**

S. G. Gordon, special agent for the Pacific States Fire Insurance Company, with headquarters in Portland, was in town this week in the interests of his company. Mr. Gordon established an agency here and succeeded in persuading J. K. McGregor to handle the Mosier business.

Mosier has never experienced a fire during all these years, but one may happen along any time and when it does, with nothing to prevent it, those who have their property insured in a solid old line company like the Pacific States will feel safe in knowing that they will receive honorable treatment and dollar for dollar on their losses. Mr. Gordon, by the way, is a prince of good fellows and has such "winnin' ways" with him that he could persuade old Neptune himself to insure his favorite swimming hole.

This was Mr. Gordon's first visit to Mosier and he expressed himself as greatly pleased with this section, especially after a ride into the country in J. K.'s 120 h. p. g. d.

Wednesday, April 29, I will give 5000 extra votes with every 25c sale of olive oil and salad oil. I have special values in these, too. 5000 extra votes with each 25c sale of extracts, spices, salt, olives, pickles and coffee. 1000 extra votes with each pair of ladies' and child's oxfords, pumps and sandals. Strauss.

**SUNDAY'S BALL GAME**

The ball game last Sunday between the Mosier nine and a team made up of the rock crusher boys, was a much better game than the Mosier fans expected to see. It was freely predicted that the crusher boys would "eat 'em alive," but to the surprise of all, the Mosier boys showed better form than in any game they have played yet, and won the game by a score of 8 to 4. So sure was everyone of a different result that the crusher team could get no takers for their money.

Out of the two teams which played Sunday a good strong nine can be picked which, with proper team practice and coaching, could lay it all over the outside teams who have heretofore made a joke of the Mosier club.

It has come to my notice that I am in a conspiracy to put someone out of business. I want to say to you all frankly that such is not the case. All I want is to give you the best goods, the best treatment, a saving in price, a store you are proud of. If I fail in any of these, let me know. My motto has always been and always will be, "live and let live." Twenty-three years of honest merchandising is my record to date. Strauss.

**STANDARD PACKAGE BILL MAY BECOME LAW**

Information coming from Washington indicates that the Raker apple bill which is practically the measure put out by C. E. Whisler, president of the Oregon Horticultural society, will not die in committee this season but will again be considered, according to a dispatch to the Oregon Journal.

Some time ago information came that the committee on coinage, weights and measures of congress, had practically decided to allow the bill to die so far as this season was concerned.

A. P. Bateham, former president of the horticultural society and vice president for Oregon of the Northwestern Fruit Exchange, wife of Thomas W. Hardwick, chairman of the congressional committee that the fruit growers insisted upon the bill being considered as it was vital to the industry that a standard package be named.

Mr. Bateham has received the following message from Mr. Hardwick:

"I have your night letter of the eleventh instant and have carefully noted its contents. The matter will be referred to the committee at its meeting. I am glad to be advised of your views in reference to this matter."

The message from the chairman of the committee is very gratifying to local interests, inasmuch as it insures the bill a fighting chance for passage.

**AUTOS GALORE**

Mosier can probably boast of more automobiles than any other town of its size in the country. Including the town and immediate vicinity, there are a dozen machines owned. With the exception of the various makes of autos bought several years ago, the Ford car appears to be the favorite, on account of its light weight, its price and the economy of operating it. Among the recent purchasers of the Ford are W. S. Moss, J. P. Carroll and E. B. Vensel. C. G. Nichol has ordered one, which will arrive as soon as the garage which he is having built at the rear of his store lot, is completed. It is reported that several more cars will be bought by Mosierites this season.

Last Call! Have you registered? If not, come in and do so at once.

**NOTICE**

On Saturday, May 2nd, next, at 8 P. M., in Chown's Hall, Dr. Eshelman, Supreme Medical Director, and C. L. McKenna, Supreme Secretary of the United Artisans, will hold a meeting of the members of the local lodge, for the purpose of reorganizing the lodge and putting new life into it. All old members are requested to be present, and the public generally is cordially invited to attend.

**MOSIER MARKET CHANGES HANDS**

J. P. Erhart this week disposed of his interest in the meat market to Mr. Fred Ulmer, formerly of Idaho, who took possession on Wednesday, but will not give the business his personal supervision until tomorrow.

Mr. Ulmer has had 26 years' experience in the meat business and knows how to serve the public to the queen's taste, and run the market in a neat, clean and attractive manner. He asks the Mosier public a chance to prove this, and assures his customers courteous treatment and a square deal.
