The Pacific Steamship company, running a line of steamers from the United States to Alaska, has announced a passenger rate from Portland, Ore., to Alaska, the same as those applying from Puget Sound points. The schedule of rates from Portland is: First-class to Juneau, $25; second class, $16, and $22 and $14 to Ketchikan.

GOOD SUIT
MADE TO ORDER $6.50

Linings Guaranteed for Two Years
Made to your individual measure from any selection of cloth, in any style and guaranteed to fit you perfectly. Our suits are not approached in price, variety of style, quality of materials, trimmings and workmanship by any other house. We save you one-half on any clothes you buy.
Amazing Agency Offer
Write us and we will send you absolutely free, complete sample outfit, and large selection of cloth samples, fashion illustrations, order blanks, tape measure, instructions how to take measurements. We will show you how easy it is to get into a well-paying business. ALL WOOL
Hundreds of agents making $5 to $15 a Day. You make good money using spare time only. Profit on two orders pays for suit.
THE CAPITOL TAILORS, DEPT. 228, CHICAGO, ILL.

Too Good to Be True.

A woman, wearing an anxious expression, called at an insurance office one morning.

"I understand," she said, "that for $5 I can insure my house for $1000 in your company."

"Yes," replied the agent, "that is right. If your house burns down we pay you $1000."

"And," continued the woman anxiously, "do you make any inquiries as to the origin of the fire?"

"Certainly," was the prompt reply: "we make the most careful inquiries, madam."

"Oh!"—and she turned to leave the office—"I thought there was a catch in it somewhere."

A Long View.

Ted Brown, an American, was touring Scotland and one afternoon mounted a high hill in company with a Scot who began bragging of the extensive view.

"I suppose you can see America from here on a fine day," said the American jocosely.

"Oh, ay, farther than that," replied the other.

"Farther than that?"

"Ay! On a fine nicht we can see the mune."

Both Cause and Cure.

Vice President Marshall has said
That kissing's a cure for divorce—
The thought has just entered our head
That kissing is also the source.

The Panama canal will save 8000 miles between New York and San Francisco. The distance to the Philippine islands is not reduced materially, however.

TYPHOID is no more necessary than Smallpox. Army experience has demonstrated the almost miraculous efficacy, and harmlessness, of Antityphoid Vaccination.
Be vaccinated NOW by your physician, you and your family. It is more vital than house insurance.
Ask your physician, druggist, or send for "Have you had Typhoid?" telling of Typhoid Vaccine, results from use, and danger from Typhoid Carriers.

And still they mediate at Niagara Falls with no prospect of immediate settlement in view!

SUPREME COURT ENDS RATE CASE

Long and Short Haul Clause Is Held Valid.

Pending 5 Per Cent Increase Rate Case Result Believed Foreshadowed by Ruling.

Washington, D. C.—The Interstate Commerce commission's so-called "intermountain or Spokane" rate orders were sustained as valid Tuesday by the Supreme court, which held, at the same time, that the long and shorthaul clause of the interstate commerce law was constitutional. Both had been attacked by the transcontinental railroads.

The defunct Commerce court, passing over the constitutional question, had annulled the orders on the ground that the Commission had no authority to issue "blanket" or "zone" orders, and might act only on the reasonableness of specific rates. In overturning that contention and holding that the Commission did have such power, the Supreme court decided a point which lawyers and close observers of the Interstate Commerce commission's procedure say is of equal importance to the intermountain rate case itself, if not greater.

Opposition to the 5 per cent increase in freight rates being asked by the Eastern railroads, and upon which the Interstate Commerce commission is expected to announce its decision at any time, had been based principally upon the contention that the commission did not have authority under the law to grant such a "blanket" increase. Copies of the court's decision were sent immediately to the commission for its guidance.

What the effect, if any, of the decision upon the rate case may be can only be the subject of conjecture.

As to the intermountain rate orders themselves, however, their effect is that such Western cities west of the Rocky mountains as Reno, Spokane and Phoenix will not be forced to pay upon their freight from the East the regular rate through to the Pacific Coast and then also another rate from the Pacific back to their stations, because the railroads are competing with water-borne traffic around Cape Horn or through the Panama canal.

Hindus on Japanese Vessel Refuse to Let Ship Sail

Vancouver, B. C.—Rights of 376 Hindus aboard the Japanese steamer Komagata Maru to enter Canada assumed a serious aspect Saturday when the Hindus took absolute command of the vessel and intimidated the 30 members of the crew, who had made preparations for getting up steam and leaving the harbor. The Hindus warned the crew they would fight rather than allow the anchor to be lifted. The crew was held in terror.

Furthermore, it was announced that newspapers in India had bared an alleged conspiracy to overthrow the British government in that country. This plot, it is alleged, has been abetted by Hindus who have succeeded in gaining entrance to America.

This, coupled with the fact that the two Japanese warships which have been touring the Pacific Coast and visiting American cities are due there Sunday morning, has given an unexpected turn to the situation, which threatens to take the controversy outside the pale of immigration laws.

Yale Rowing Crew Beats Harvard by Four Inches

New London, Conn.—By a margin of four inches Yale won the varsity four-mile eight-oared race in the Thames river Saturday after a struggle which will stand out in rowing history.

Through a four-mile lane of steam yachts and motorboats the 16 crewmen toiled at the crimson-and-blue-tipped oars as no galley slave ever labored under the lash, while thousands of spectators shrieked hysterically.

When the knife-like prows of the racing shells had cut past the final line of flags and oarsmen dropped with heaving chests, few of the thousands knew whether victory had perched upon the bow of the Yale or the Harvard racing craft.

Railway Sues Man it Hit.

Newark, N. J.—As the result of a recent collision at Bloomfield, N. J., between a team driven by F. V. Wilkinson, of this city, and an Erie Railroad locomotive, the road has sued Wilkinson for $100 damages because "divers slats" of the cowcatcher of the engine were broken, the paint on the locomotive was bruised and the track "strewn with litter." This unusual suit is an answer and counter-claim to an action for $25,000 damages brought against the railroad by Wilkinson, who says he suffered a broken hip.

Baseball by Girls "Bad."

San Francisco—Playing baseball in public by young girls is bad for their morals, bad for them physically and bad for the crowds of male spectators, according to Mrs. J. C. Levy, past president, and Miss Frederica Meyerstein, secretary, of the San Francisco Juvenile Protective association.

They have entered a protest against a team of girls being permitted to contest against a team of men on the city's recreation grounds in connection with the Panama-Pacific exposition next year.

1000 Land; Vessel Sinks.

St. Louis—One hour after putting ashore nearly 1000 telephone girls at Alton, Ill., the excursion steamer Majestic of Peoria, Ill., carrying a crew of 37, sank in the Mississippi river just north of here at 1:30 o'clock Saturday morning. The steamer had run into the new intake tower of the St. Louis water works now under construction in the center of the river.

Federation of Women's Clubs Ends Meeting

Chicago—The 12th biennial convention of the General Federation of Women's clubs passed into history Thursday night as one of the most successful ever held.

Features of the day were a protest against the indorsement of suffrage for women and a burst of giving which poured $20,000 in comparatively small sums into the treasury of the federation and completed the endowment fund of $100,000.

When the women started out to get the fund they evolved a plan whereby for $50 the giver may name some person or organization to be listed on the honor membership roll; $100 admits to the roll of honor, and $500 to the founder's list.

Mrs. Percy V. Pennypacker, the president, started things with an eloquent plea for funds and New York state responded with a statement that the women of that state had completed their share of the endowment with $4700. Other states followed suit and several women paid for the distinction for their husbands.

Mrs. Robert J. Burdette spoke for the press:

"My husband is a newspaperman," she said. "My two sons are newspapermen and I have ink on my thumbs. I will give $100 to place the press on the honor list."

The program committee under-estimated the interest felt in the conference of the legislatutive committee and the chairman of departments and assigned it to a separate hall. The crowd was so great here that the Fire department protested and the auditorium, which was vacant for the afternoon, was taken and every seat was filled.

Roosevelt Will Not Enter Fall Political Campaign

London — Colonel Theodore Roosevelt is suffering from an affection of the larynx as a direct result of the hardships he endured in his recent Brazilian trip, which will effectually prevent him from taking part as an orator in the political campaign in the United States this fall and compel him to exercise the greatest care for some months to come.

"This is my answer to those who wanted me to go into a campaign," said Colonel Roosevelt in describing the condition of his throat. "If any-one expected me to do so, I cannot now."

The announcement of the ex-president's disability was after he had paid a visit to Sir St. Clair Thompson, professor of laryngology and physician of diseases of the nose and throat in Kings College hospital, a specialist whom he had consulted when he was in London in 1910.

The exertion of addressing the Royal Geographical society recently brought about a culmination of the weaknesses which Colonel Roosevelt's friends observed on his arrival in London.

It was on account of throat trouble that he insisted on speaking in a small hall instead of a large one in which the society had wished to hold the meeting in order to accommodate the great number who had sought to obtain seats.

Threatens Arrest of Carden.

Verva Cruz—British subjects who arrived here from Mexico City reported a recent clash between President Huerta and Sir Lionel Carden, the British minister. The dispute arose over the advice volunteered by Sir Lionel that the de facto president should resign and leave the country immediately. The British minister also offered General Huerta safe conduct and a warship to take him and his family to any port he might name. Huerta is said to have become enraged and threatened to arrest Carden.

French to Tax Incomes.

Paris—The French government has issued regulations under which a tax of 5 per cent is to be collected on incomes received in France from foreign stocks, bonds and securities of whatever form, including government bonds. The regulations go into force July 1. The regulations are intricate and detailed. They require banks to keep a record of all coupons, checks or other instruments of credit used to transfer or collect interest from abroad. Severe penalties are to be inflicted for seeking to evade the law.

Fancy Trunks Are Doomed.

Detroit—Freak trunks, embellished with conica protuberances, slant sides and unusual tops, soon may be unpopular among the best trunk society. The American association of General Baggage agents opened its annual convention here with the avowed purpose of taking concerted action to urge the Interstate commerce commission to consider a plan for the standardization of trunks, both as to size and construction.

"Eugenic" Law Sustained.

Madison, Wis.—The Supreme court upheld the so-called "eugenics law," which had been held unconstitutional by a lower court in Milwaukee. The eugenic marriage law requires male applicants for marriage licenses to undergo blood tests as to a condition to granting of a license and was enacted by the last legislature.

Fierce Tribe Dispersed.

Oudja, Morocco—Columns of French troops under General Baumgarten and General Gourard, after four days of almost continuous fighting, have dispersed the fierce Riata tribe. The troops burned the villages and killed and wounded hundreds of tribesmen. The French lost 11 killed and 53 wounded.

20-Year Bill Advanced.

Washington, D. C. — It was announced by the house leaders that the 20-year reclamation extension bill which Western members are pushing for consideration will be brought before the house this week.

AIR MANEUVERS FATAL TO NINE

Biplane Explodes Big Dirigible When Two Collide.

Army Officers Obey Orders to Conduct Themselves as in Actual Combat in the Air.

Vienna—Nine terribly burned and mutilated bodies, the splintered fragments of an aeroplane and the charred remnants of a big dirigible balloon are the mute records of one of the most tragic disasters since man learned to fly.

The catastrophe, which resulted in the death of all concerned, followed a mimic attack by the aeroplane on the dirigible at a great height at the Austrian army maneuvers, and it served to show, more than any previous accident to flying machines has done, the horrors that would be likely to attenud aerial warfare.

The dirigible military balloon Koertling left Fischamend, a market town 11 miles from Veinna. She was in command of Captain Johann Hauswirth. At the lapse of half an hour a military aeroplane of the biplane type, with Lieutenant Flatz and Lieutenant Hoosk aboard, started in pursuit.

It was the intention of Captain Hauswirth to take photographs of the movements of troops below and then to join in the maneuvers. At the same time he was to keep out of range of any of the mosquito craft which might seek to attack him. The news had gone abroad that something in the nature of a sham aerial fight would take place, and at Koenigsberg, the scene of the engagement, a big crowd had gathered.

Quickly the smaller but much speedier craft overtook the big ariship.

As might a wasp bent on attacking some clumsy enemy, the aeroplane circled several times around the balloon, now darting close to her, and then away.

Meanwhile the balloon continued to rise until it was about 1300 feet from the ground. The aeroplane, at a still greater height, maneuvered until it appeared to be nearly over the airship. Then it made its descent. It was the evident intention of the pilot of the aeroplane to take up a position directly above the dirigible within striking distance, but, owing to a fatal miscalculation, either of the distance separating the two craft or of speed, the nose of the biplane struck the envelope of the airship and ripped it wide open.

A tremendous explosion followed; the balloon burst into flames, which enveloped the biplane, and in a moment the wreckage began to drop, crashing at length like lead to the slope of a hill.

Male Suffragist Pitched Into Lake by Crowd

London — A nearby artificial lake gave a big crowd a unique opportunity Sunday to vent its warth on suffragist interrupters of David Lloyd-George, chancellor of the exchequer, who spoke at Denmark Hill, in the south of London, but chivalrous discrimination was employed as between the men and women disturbers, the women being chased off the grounds and the men being ducked in the lake.

The man who fared worst was a clergyman, said to be a member of Sylvia Pankhurst's East End army.

Undeterred by the fate that had befallen other disturbers, he demanded to know why the government had not given votes to women. The spectators rushed and carried him off his feet and pitched him headlong into the lake, from which, after frequent immersions, he was rescued in a half-drowned condition.

Peace Mediators Gain New Lease of Life

Niagara Falls, Ont.—Instead of adjourning abruptly, as had been expected, the mediation proceedings will be prolonged for perhaps another week.

The change was brought about as a result of the visit of Minister Noan, of Argentina, to Washington, where he conferred with President Wilson and Secretary Bryan. Dr. Noan brought back a spirit of optimism and some new ideas which he imparted to the other conferees.

The determination which seems to have been reached is to to keep the mediation board from formal adjournment.

Parole Denied Ruef.

San Quentin—The state board of prison directors by a vote of 4 to 1 denied the application for parole of Abraham Ruef, the former political boss of San Francisco, who is serving a 14-year term in the penitentiary as the result of a conviction in 1908 in the so-called graft prosecution on a charge of offering a bribe to a supervisor. According to the rules of the board Ruef's application cannot come up again within one year, except on the recommendation of the warden or a director's motion to reconsider.

Yellow Rain Explained.

Seward, Alaska—Reports from Cook Inlet points received Sunday may explain a widespread fall of yellow pumice over Southwestern Alaska and in the interior as far as Fairbanks. A terrific wind storm early in June along the Alaska peninsula blew immense clouds of volcanic ash thrown out by Mount Katmai, in the volcanic eruption two years ago, high into the air. The atmosphere along Cook Inlet appeared smoky for days, and when the rain fell the surface of the sea was covered with the yellow dust.

Gila Monster Bites Man.

Medford, Or.—James King, a carnival snake charmer, was bitten by a Gila monster Sunday night in the presence of scores of women and chidren, dozens of whom fainted. King became hysterical and fell in a collapse in the pit. Attaches pried the reptile's jaws apart and rushed King to a hospital. His life is despaired of.

A REAL DUTY
of every person to try and maintain the highest possible standard of health. This plan can be helped along wonderfully by the use of
HOSTETTER'S
Stomach Bitters
It tones, strengthens, invigorates the digestive organs, the liver and bowels and thus promotes good health.

World's Greatest Bank.

With its recent acquisition of the Wilts and Dorset Banking company, Lloyds bank of London becomes probably the greatest financial corporation of its kind, as its deposit and current account now aggregates more than $500,000,000.

Lloyds bank has a history extending over a long period of years, as the private bank out of which it was formed was established in 1765, and the present banking corporation was formed in 1865. Including its latest acquisition, the bank has absorbed no less than 48 other banking houses since 1865, one of these dating back to 1677. The bank is represented in 45 out of 52 counties in England and Wales, and a subsidiary company was formed in 1911 to open a branch in Paris, an old French private banking house being taken over.

In all, Lloyds bank now has 880 separate offices. While an incorporated bank, the traditions of the private banking days yet remain, and practically every official of the bank and its branch managers was educated in private banking houses, and preference is always given to men so educated in taking on new employes.—Wall Street Journal.

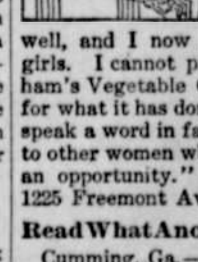
MRS. WINN'S ADVICE TO WOMEN
Take Lydia E. Pinkham's Vegetable Compound and be Restored to Health.
Kansas City, Mo.—"The doctors told me I would never be a mother. Every month the pains were so bad that I could not bear my weight on one foot. I began taking Lydia E. Pinkham's Vegetable Compound and had not finished the first bottle when I felt greatly relieved and I took it until it made me sound and well, and I now have two fine baby girls. I cannot praise Lydia E. Pinkham's Vegetable Compound too highly for what it has done for me. I always speak a word in favor of your medicine to other women who suffer when I have an opportunity."—Mrs. H. T. Winn, 1225 Freemont Ave., Kansas City, Mo.


Read What Another Woman says:
Cumming, Ga.—"I tell some suffering woman every day of Lydia E. Pinkham's Vegetable Compound and what it has done for me. I could not eat or sleep, had a bad stomach and was in misery all the time. I could not do my housework or walk any distance without suffering great pain. I tried doctors' medicines and different patent medicines but failed to get relief. My husband brought home your Vegetable Compound and in two weeks I could eat anything, could sleep like a healthy baby, and walk a long distance without feeling tired. I can highly recommend your Vegetable Compound to women who suffer as I did, and you are at liberty to use this letter."—Mrs. Charlie Bagley, R. 3, Cumming, Ga.

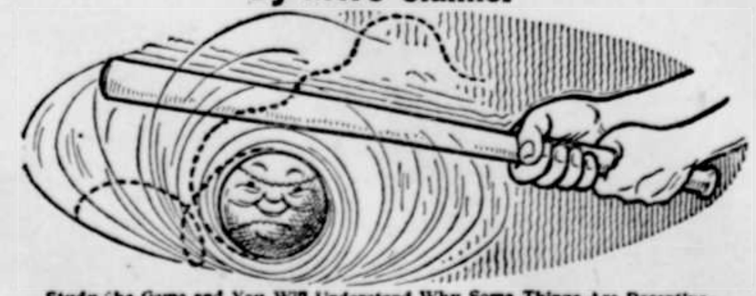
Easy to Misjudge Remedy You Need
In Overcoming Blood Trouble Do Not Be Fooled By Mere Claims.


Study the Game and You Will Understand Why Some Things Are Deceptive.
In treating any blood disorder the fundamental fact must be observed that the aim and object of the medicine used is to permit a hit, a home run and a sure, safe hit every time.
Now the propulsive effect of S. S. S. is to regulate the blood formation, to assist in development of tissue and to have a decided bearing upon the lymphatic influence, all of which is in the promotion of blood health. And this propulsive effect will be similar to the straight ball pitched to insure a safe hit and not the deceptive gyrations designed to fool the batter. S. S. S. is a plain, straight blood purifier. It is not a fanciful mixture to move the bowels and thus falsely play upon susceptible minds. It is not a nerve excitant to exhilarate for the moment and then die away. It contains none of those mineral drugs which dry up the tissues. In other words, it does not play to the bleachers nor to the "fans." It is just a wholesome, powerful, searching blood remedy, one ingredient of which serves the active purpose of arousing each cellular part of the tissues to select from the blood the nutriment or materials required for renewal of health.
S. S. S. is prepared from nature's own materials, not an ounce of drugs being used. And yet it is more potent, more powerful, more searching and more productive of restorative results than from the most active of all the minerals employed in medicine.
Its action by elimination of the irritating poisons that infect the blood, is one of the very important things to know.
You can get S. S. S. at any drug store, but take no other so-called blood purifier falsely claimed "just as good."
S. S. S. is prepared by The Swift Specific Co., 000 Swift Bldg., Atlanta, Ga., and if you have any deep-seated or obstinate blood trouble, write to their Medical Dept. for free advice. It will be worth your while to do so.
