MOTHER OF SCHOOL GIRL
Tells How Lydia E. Pinkham's Vegetable Compound Restored Her Daughter's Health.

Plover, Iowa—"From a small child my 13 year old daughter had female weakness. I spoke to three doctors about it and they did not help her any. Lydia E. Pinkham's Vegetable Compound had been of great benefit to me, so I decided to have her give it a trial. She has taken five bottles of the Vegetable Compound according to directions on the bottle and she is cured of this trouble. She was all run down when she started taking the Compound and her periods did not come right. She was so poorly and weak that I often had to help her dress herself, but now she is regular and is growing strong and healthy."—Mrs. MARTIN HELVIG, Plover, Iowa.

Hundreds of such letters expressing gratitude for the good Lydia E. Pinkham's Vegetable Compound has accomplished are constantly being received, proving the reliability of this grand old remedy.

If you are ill do not drag along and continue to suffer day in and day out but at once take Lydia E. Pinkham's Vegetable Compound, a woman's remedy for woman's ills.

If you want special advice write to Lydia E. Pinkham, Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

JAPAN DECLARES WAR ON KAISER

Emperor's Ultimatum Is Unanswered by Germany.

Bombardment of Tsing Tau Commenced by Nipponese—United States Neutrality Liked.

Tokio—The Yamato in an extra edition Monday says that the bombardment of Tsing Tau by the Japanese fleet has commenced. This message was passed by the censors of the navy department.

Washington, D. C.—The Japanese ambassador here announced that a state of war existed between Japan and Germany since noon Sunday (Japanese time) and that a declaration of war was issued at 6 p. m.

Japan's declaration of war has reached Berlin, according to official reports received in Washington. Whether the declaration was sent by cable or wireless was not indicated.

Viscount Chinda, in making his announcement, repeated assurances recently given by Great Britain that Japan's actions would be confined to the Far East.

Aside from informal verbal exchanges between Viscount Chinda and Secretary Bryan in Washington and between United States Ambassador Guthrie and the foreign office in Tokio, however, there is nothing of record so far to commit the Japanese to this limited field of war.

The impression prevails here among diplomats, however, that the statement of Chinda taken in connection with the speech in the Japanese Diet last week of Count Okuma, the Japanese premier, is quite sufficient to bind the Japanese government to a strict performance of its obligations in regard to the return of Kiau Chau to China and of the limitation of the field of hostilities definitely set out in the British statement.

No mention was made by Ambassador Chinda of the status of the railroads in Shantung province directly or indirectly controlled by the Germans.

It was said at the Japanese embassy here that in all probability the Japanese army would content itself with the seizure of the railroads running inland to Tsinan, about 200 miles in length, because this was German in every respect. It was not expected that any attempt would be made to take possession of the system of railways lying between Peking and Nanking, because, although these were financed by Germans, they were nominally Chinese railroads.

Tokio—The proclamation of the emperor who declared war on Germany has sent a thrill through the country. Japan's entrance upon the fulfillment of her obligations to her ally, Great Britain, responds to the popular will from one end of the land to the other. Cheering crowds assembled before the buildings occupied by the department of foreign affairs and the administration of the navy.

Count Von Rex, the German ambassador in Tokio, has received his passports. He probably will leave here for America. George W. Guthrie, the American ambassador, will represent Germany.

It is reported here that Germany has been trying to transfer the German railroad in Shantung, China, to America. Tokio believes, however, that the United States, pursuing the policy of neutrality, will not accept the offer.

Girls Dance With Enemy.

London—A dispatch to the Daily Telegraph from Ostend says: When the Germans entered Brussels they removed the British and French flags and in the center they flew the arms of the city of Brussels with the colors of Belgium and Germany on the right and left.

In their dealings with the shopkeepers the German privateers are compelled to pay cash, but the officers are giving checks which the shopkeepers are required to accept, although they regard the chances of cashing them as rather dubious.

There have been some lively scenes in the city. At evening the German officers gather at the principal hotels, where they drink champagne and dance with the pretty girls of the town. The private soldiers and the inhabitants mingle freely, eating, drinking and smoking together.

Son Sent to His Death.

Paris—Colonel Folque, commander of a division of artillery at the front, recently needed a few men for a perilous mission and called for volunteers. "Those who undertake this mission will perhaps never come back," he said, "and he who commands will probably be one of the first sons of France to die for his country in this war." A young graduate of a polytechnic school asked for the honor of leading. It was the son of Colonel Folque. The latter paled, but did not flinch. His son did not come back.

Japan Not to Retain Port.

Karizawaku, Japan—Saburo Shimada, a member of the opposition in Parliament, in an address here, said that he believed Japan had no desire to keep Kiau Chau. He asserted that it was Japan's policy to prevent a stir-up in China. "The retaining of Kiau Chau," he said, "would mean the danger of revolution in China, and incuring the ill will of America. Japan is appreciative of Germany's contribution to Japanese civilization, but it is resentful because the Kaiser first raised the cry of the 'yellow peril.'"

Italy May Fight Austria.

Paris—There are indications of acute diplomatic tension between Vienna and Rome, according to the correspondent of the Petit Parisien in the latter city. "Austria, it is declared, has reproached Italy for according facilities to the allied fleets in the Adriatic and it is possible that a declaration of war between Italy and Austria will be announced early next week."

NORTHWEST MARKET REPORTS.

Portland.

Portland—There was a big run of all kinds of stock at the North Portland yards. The result on prices was a decline of a quarter on hogs and a weaker feeling in the cattle market. Sheep held firm.

The best price obtainable in the cattle market for steers was \$7.15, only one load going at that figure. Five loads were sold at \$7 and two at \$7.05. The bulk of sales were at \$6.50 and \$7. Good cows sold from \$5.60 to \$6, and calves at \$5.

In the hog market the top price was \$9.25, as against a \$9.50 market throughout most of last week.

German Army Sweeps Into France Unchecked

London—A dispatch from Mons to the Daily Telegraph Wednesday describes the operations of the German forces.

"The German advance," it says, "was like a great river bursting its banks. A soon as the Belgians retired to the entrenched camp at Antwerp the German horde swept over the country without check, west toward Ghent and south toward Mons. The Germans are committed to a great turning movement. They are striving to hold the French along the Meuse between Namur and Dinant, while the armies to the west of that river are marching southward along a front many miles wide.

"One army threatens Mons, with the object of penetrating the French frontier and descending on Maastricht and Valenciennes; and an army is advancing toward the line extending from Tournai, capital of the department of Hainaut, to Courtrai, which covers the City of Lille.

"I came south in the hope of seeing fighting at Charleroi. At Lessines the local authorities were disarming all civilians, so that the approaching Germans would have no excuse for violence. All around were refugees hurrying to escape the Germans; all wore their best clothes—a sure sign of flight."

French Abandon Captured Territory; Battle Rages

Paris—The war office has issued the following official announcement: "The commander in chief, requiring all available forces on the Meuse, has ordered the progressive abandonment of occupied territory. Mulhausen has again been evacuated.

"A new battle is in progress between Maaubeuge (department of the Nord) and Donon (department of Doubs). On it hangs the fate of the French. Operations in Alsace along the Rhine would take away troops upon which might depend victory. It is necessary that they all withdraw from Alsace temporarily in order to assure its final deliverance. It is a matter of hard necessity.

"West of the Meuse, as a result of orders issued on Sunday by the commander in chief, the troops which are to remain on the covering line, to take up the defensive, are massed as follows:

"The French and British troops occupy a front passing near Givet, which they gained by hard fighting. They are holding their adversaries and sharply checking their attacks.

"East of the Meuse our troops have regained their original positions commanding the roads out of the great forest of Ardennes.

"To the right we assumed the offensive, driving back the enemy by a vigorous onslaught, but General Joffre stopped pursuit so as to re-establish his front along the line decided upon on Sunday.

"In this attack our troops showed admirable dash. The Sixth corps notably inflicted punishment on the enemy close to Vireux.

"In Lorraine the two armies have begun a combined attack, one starting from Grand Couronne De Nancy, and the other from south of Luneville."

Town Taken Five Times.

Paris—Charleroi was taken and retaken five times in the fighting between the French and Germans Saturday, Sunday and Monday, according to one of the railway station staff at Feignies, on the frontier between France and Belgium, who saw some of the battle until he was ordered away.

"As our train was about to leave the station seven Uhlands clattered into town. The people, thinking them English, began to welcome them, when a patrol of French chasseurs galloped up and captured the Prussians."

Airmen Attack Royalty.

London—The Belgian royal family will abandon the temporary palace, establishing themselves in a secret place as the result of an attack by a Zeppelin. The attack was evidently designed against the royal family. The air warrior stole silently toward the palace, where it dropped six explosive bombs. None found the mark exactly, though all landed within the palace ground. The bombs' percussion caps were loaded with picrite. It is believed that the work of the airship was assisted by local spies.

Ranks Levelled by War.

London—From all parts of Belgium refugees are arriving at Ostend, says a correspondent of the Reuters Telegram company. Some come from distant Charleroi and other points along the Sambre, where, they say, they were being deafened by the roar of artillery. These people, of all classes, are now on a level, the rich, or those who were rich, finding it just as difficult to get the necessities of life as the poorest.

Diamonds to Be Dearer.

Chicago—Diamonds and gold and platinum jewelry will be increased 25 per cent in price as a result of the European war, delegates were told at the ninth annual convention of the American National Retail Jewelers' association here. No diamonds were being cut, it was said, as the workers in gems and precious metals in Belgium, France and Germany have been called to their colors.

Yankees in Italy Warned.

Rome—The American embassy through the consuls has advised all Americans in Italy to return home now while communications between Europe and the United States are free. Later complications may arise rendering communication difficult. "Americans doing otherwise remain at their own risk."

Germany to Train Boys.

London—The official news bureau says the German papers of August 22 and 24 publish orders that boys from 16 to 19 years of age be put through a course of musketry and military training. Retired officers are to be engaged as instructors.

When Marriage is a Failure.

Mr. Gladstone once said that he had solved the domestic problem in this way: "Whenever Mrs. Gladstone insists I submit and whenever I insist she submits." He didn't say, however, whether they took turns about insisting and submitting. Marriage is a failure when one of the parties insists on being the instaler, and doesn't take turns in submitting to be the submitter.—Boston Transcript.

Past and Present.

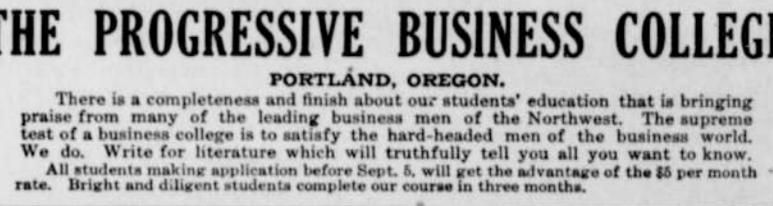

Professor Brander Matthews of Columbia enlivened with a joke one of his learned lectures on the drama: "In the theater of the past," he said, "the public sat on the stage. It still sits on the play at times."—New Orleans States.
