**Skunks Enemies of Caterpillars.** A new field of usefulness has been found for the much-ridiculed skunk in the fact that it is a vigorous enemy of the full-grown range caterpillars. **Wrong Position for Sleep.** Sleep cannot knit up the raveled sleeve of care or do any other reparative knitting if the head is bent sharply to an acute angle with the collar joints. Frequently men and women who have slept in this supposedly objectionable fashion for years and years suddenly lose the capacity for sleep with no new discoverable reason. It is difficult to convince them that the elasticity and resiliency of youth has heretofore made up for their lifelong awkward pose.

**Impediments.** I cannot call riches better than the baggage of poverty. The more a man is better impeded; for as the baggage is to an army, so is riches to virtue; it cannot be spared nor left behind, but it hinders the march; yea, and the care of it sometimes loathes or disturbs the victory; of great riches there is no real use, except it be in the distribution; the rest is but conceit.—Bacon.

**GIVE "SYRUP OF FIGS" TO CONSTIPATED CHILD**

**Delicious "Fruit Laxative" can't harm tender little stomach, liver and bowels.**

**Look at the tongue, mother!** If coated, your little one's stomach, liver and bowels need cleansing at once. When peevish, cross, listless, doesn't sleep, eat or act naturally, or is feverish, stomach sour, breath bad; has sore throat, diarrhoea, full of cold, give a teaspoonful of "California Syrup of Figs," and in a few hours all the foul, constipated waste, undigested food and sour bile gently moves out of its little bowels without griping, and you have a well, playful child again. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which contains full directions for babies, children of all ages and for grown-ups.

**Human Churn** WHEN the food reaches the stomach it is subjected to a powerful churning movement by the muscular walls of the stomach.—(See Dr. Pierce's Medical Adviser, page 45). In the liver, kidneys and skin, the blood is purified of its waste materials.—These organs act as human filters, leaving the blood pure and clear—unless liver, digestive tract and kidneys are clogged.

**Dr. Pierce's Golden Medical Discovery** is a stomach, liver and kidney tonic—by assisting the stomach to assimilate, the liver to filter, the kidneys to act—the poisons are removed, the red blood corpuscles are increased and one feels light, fresh and active instead of laggard, dull and heavy. The "Discovery" stimulates the stomach, increases action of heart and arteries and is a most satisfactory alternative in blood-taint of any character. The refreshing influence of this extract of native medicinal plants has been favorably known for over forty years. Everywhere some neighbor can tell you of the good it has done.

**TRADE PROSPECTS ARE ENCOURAGING**

Improvement in business since depression reached low tide several months ago has been gradual. Confidence has been restored and unless all signs fail, the country is scheduled for a boom almost unparalleled.

In order to overcome the depression that attacks a person in poor health it is necessary that particular attention be paid to the Stomach, Liver and Bowels. These organs are the controlling power in all matters pertaining to health and there is nothing will make you feel "so blue" and discouraged as to be without appetite—to be subject to spells of headache, indigestion, dyspepsia and biliousness—or to have constipated bowels.

Nature never intended anyone to be in such a condition and the only way to improve matters is to give necessary aid promptly. This suggests a trial of Hostetter's Stomach Bitters, because it has an established reputation as a tonic and appetizer, and will be found very helpful in any Stomach, Liver or Bowel ailment. It is well known as a real "first aid," and for over 60 years has held a permanent place in thousands of homes. You will make no mistake in purchasing a bottle today, but be careful to see that the Private Stamp over the neck is unbroken. This is your protection against imitations.

**Enlarged Tonsils and Adenoids.** Before operating to remove adenoids and tonsils the health of the child should always be built up. If there is an existing cold this must be treated and cured. If the teeth are decayed they must be filled. Treating the teeth and the practicing of deep breathing exercises will be all that is needed to cure tonsil disease if it is strictly local, and not the expression of a systematic condition or some recent infection.

**Pape's Diapiesin** Digests 3000 grains food, ending all stomach misery in five minutes.

Time it! In five minutes all stomach distress will go. No indigestion, heartburn, sourness or belching of gas, acid, or eructations of undigested food, no dizziness, bloating, foul breath or headache.

Pape's Diapiesin is noted for its speed in regulating upset stomachs. It is the surest, quickest stomach remedy in the world and besides it is harmless. Put an end to stomach trouble forever by getting a large fifty-cent case of Pape's Diapiesin from any drug store. You realize in five minutes how needless it is to suffer from indigestion, dyspepsia or any stomach disorder. It's the quickest, surest and most harmless stomach doctor in the world.

**Greatest Poets.** Homer, Lucretius, Dante, Shakespeare, Goethe, Milton, Shelley, Byron, Tennyson, Browning. Perhaps others might be added. It is largely a matter of taste and temperament—although there is but little room for argument about the first six names.

**Dr. Pierce's Pellets,** small, sugar-coated, easy to take as candy, regulate and invigorate stomach, liver and bowels. Do not gripe.

**Horse Chestnut Tree in Bottle.** Horse chestnuts can be grown in a bottle of water. Use a bottle with a neck wide enough to hold the chestnut, adding water to just touch the nut and stand it in a window. Roots will form, followed by a stem and leaves. If the water is constantly supplied the tree can grow for years in the bottle.

**Sincerity.** I should say sincerity, a deep, great, genuine sincerity, is the first characteristic of all men in any way heroic.—Carlyle.

**NORTHWEST MARKET REPORTS.**

Portland—The wool market in the East is in a most excited condition and stirring times are looked for in the Western states when the buying season opens. Everybody in the trade is bullish, the growers because they are practically certain to get very high prices, and the buyers because they cannot be otherwise.

The contracting movement is beginning to get a little headway in the West. It would be booming were there enough sellers. Buyers stand ready to contract for wool anywhere in Eastern Oregon, but they are not able to make any impression yet on the growers, and may not be able to do much in this line before shearing time, unless they offer a good deal more than they are talking now. Dealers would be glad to contract for good medium clips at 22 cents, such clips as they bought last year at 17 to 18 cents, but sheepmen turn a deaf ear to such proposals. While values are going to be high this year it would be folly to predict any definite prices.

The hop market is plainly moving in an upward direction, under the influence of a strong export demand and with stocks at a low ebb. Fourteen cents was paid this week for choice Oregon. This quotation has not been seen since the middle of last September.

This top price, 14 cents, was paid by Louis Lachman to Henry Eoff, of Independence, for 400 bales. Harry L. Hart bought 177 bales from Robert Ankeny, of Rickreall, at 12 1/2 cents.

**Danger in Waiting.** Just because an Oregon scientist declares that old men do the best work of the world, of course, why young fellows should put off contemplating achievements until the arrival of declining years. It may be that the man who accomplishes little in his early maturity will make up for the lack when he starts down the western slope of life. It doesn't sound reasonable, however.

**Made Slavery Hereditary.** The first formal recognition of negro slavery in Virginia was March 1, 1661, when the assembly declared that "negroes are incapable of making satisfaction for the time lost in running away by addition of time" and slavery was made hereditary in Virginia in 1662 by an act of the assembly that the issue of slave mothers should follow their children.

**A TRIAL WILL CONVINC ANYONE—THE GREAT KIDNEY REMEDY NEVER DISAPPOINTS**

A few years ago I was troubled with a complication of kidney and stomach ailments and although I tried two or three different doctors, I was unable to obtain a cure. Having heard a great deal about Swamp-Root, I decided to give it a trial and purchased a one-dollar bottle of Mr. Alexander, the druggist. From the beginning I could notice a change for the better and after taking eight bottles of your medicine, I felt entirely cured and have not had any trouble since.
