School Notes

About fifty guests listened to
the various Washington pro-
grams given at the school house
on Monday afternoon. All felt
it an afternoon well spent.

Several parents visited the
regular sessions of the school
last week. This is as it
should be.

Don't forget the business ses-
sion of the Parent-Teachers as-
sociation on Saturday, 2 P. M. at
the Emanuel Church. A consti-
tution will be adopted and the
roll of membership formed.

First shipment of the new
Spring Hats for ladies and
children have arrived at your
favorite store—Strauss.

SCHOOL TENNIS COURT.

The boys of the High School
and a few interested citizens put
in the day last Saturday grading
the grounds adjoining the Tennis
Club court, and by night had
made a very successful showing.
It will take perhaps another day
to finish the work of grading,
before the grounds are enclosed
with wire. A substantial lunch
was served to the workers at
noon, prepared by several inter-
ested ladies, and it was much
enjoyed.

Order your spring suit now;
orders taken by an expert, in-
sure a perfect fit. Three big
books to choose from. Prices
lower than out of town stores
who pay no taxes here or help
our city in any way, says
Strauss.

We are glad to be able to report
the condition of C. T. Bennett
as more favorable at the time of
going to press.

When you want dry goods,
furnishing goods, try Strauss
first.

Good Roads Notes

No other citizen realizes the
value of good roads as does the
farmer.

A community can safely be
judged by the kind of highways
it maintains.

The greatest chasm between
the producer and the consumer
is the mud hole.

Production must cease when
transportation costs eat up the
profits.

There is something radically
wrong with the farmer who is
opposed to good roads.

Without good roads, there can
be no development that will be
permanent and enduring.

Bad roads keep children away
from school and impair the ef-
ficiency of church work in a
community.

The elementary principles in-
volved in improved highways
are social and domestic happi-
ness and economy.

S. Oswald and wife, for a visit

Discount on Canadian Money

On and after March 1, 1915,
and until further notice, the
Mosier Valley Bank will accept
Canadian money only at a dis-
count of 10 per cent from its
face value. This action has be-
come necessary on account of the
fact that Portland Clearing
House banks have now been dis-
counting Canadian money for
the past six weeks.

THE COMING AGE FRATERNAL

Speaking to a big gathering of
Harvard College students recent-
ly, Rev. Dr. Lyman Abbott said:
"I want to give you my inter-
pretation of the future, with
whose shaping you will have
something to do. In the history
of the world there has been three
conceptions of the social order.
The first one of these is autocracy;
the second, individualism; and
the third, fraternalism. In the
coming age all creeds and sects
will be united, because the coming
age is to be a fraternal one. Every
age has had its vices and its
virtues. The nineteenth century
has had its vices, all due to the
same source. The first vice has
been that of the accumulation;
the second vice is the lawless-
ness of the self-will.

"We hear of the criminal class.
Can you tell me who belongs to
the criminal class? Do the old
line insurance directors who
bought stock low and sold them
at high prices to the companies
of which they were directors?
Do the railroad officials who
broke the law of the land and
now stand convicted? Do the
coal carriers who did, by a
gentleman's agreement, that
which was against the law?"

"There is one remedy for all
this. Society should be consid-
ered as a unit. Go young men—
go not to see how much you can
accumulate, but what you can
attain. Already accumulation is
on trial. We have learned that
the best interest of the commu-
nity is not served by each man
voting for his own interest. He
must look after the national wel-
fare. The age you enter has
been called socialism, but that
is false; it is fraternal. The
men of the future will recognize
fraternalism in the upbuilding
of the commercial and social
structure of the world."

We call the attention of the
sport lovers of Mosier to the
announcement of the wrestling
bouts that will be pulled off in
Hood River on the night of
March 2nd, under the auspices
of the Royal Order of Moose.
This event will be of unusual
interest to mat fans, as the
principal contestants are men of
renown in the West.

Now is the Time to Swat the Fly

Uncle Sam is waging a re-
lentless war on the deadly house-
fly and in a late bulletin pre-
pared by the Department of Agri-
culture, valuable information is
given on the best means of com-
bating this deadly pest. The
most effective way of extermin-
ating the fly, according to the
bulletin, is to eradicate his breed-
ing places. The season of the
fly begins early in March and
continues throughout spring and
summer months. All dirt should
be removed from the premises,
stables cleaned, the decaying veg-
etables destroyed.

The fly has rightly been called
the "undertaker's traveling
salesman," and in addition to his
regular line of "typhoid bugs,"
carries a side line of tuberculo-
sis, Asiatic Cholera and other
disease germs. Now is the
time to "swat the fly."

Tennis Club Organizes

The Mosier Tennis Club orga-
nized last Tuesday night with
ten members. W. G. Gloyd was
elected president and L. J. Mer-
rill secretary. An executive
committee consisting of the
above officers and E. E. Amsden
was appointed to look after the
interests of the club.

The grounds have been en-
larged and otherwise improved
and much pleasure is anticipated
from the use of them this sum-
mer.
