LAND PRODUCTS SHOW OFFERS MANY PRIZES

The Second Manufacturers and Land Products Show will be held in Portland from October 25 to November 13. It will be presented by the Portland Chamber of Commerce, the most powerful commercial organization in the Pacific Northwest, assuring the greatest show of this kind ever given in this part of the country.

The Manufacturers and Development bureaus, two of the most important in the work of the organization, jointly name the directors of the show which means the support of every business man in Portland.

The armory will be used to display the manufactures. Its location right down town assures a big attendance. Other buildings will contain educational and entertainment features. An exposition annex 29x75 feet will be erected for the Land Products exhibit. While these exhibits will show the opportunities for homeseekers they should and will, be the means of creating markets for many special products.

Each county should feature the specialties that it desires to call to the attention of buyers and the general public. The show of 1914 proved its worth in this particular by bringing producers and buyers together.

The show comes at that time of the year when all county fairs, as well as the state fair at Salem, are over and the best of the soil products on exhibition at fairs throughout the state will be sent to Portland for display.

Special excursion rates will be given by the railroads leading in to Portland. Many cities and towns of the state will have special days at the exposition, and amusement features will be included in the daily program. Lectures by experts on many subjects of interest have been arranged for.

So many inquiries have been received for the premium list for the 1915 land show, that it is herewith printed:

Class 1
Best county exhibit, sweepstakes, gold medal and \$200.
Second best county exhibit, sweepstakes, silver medal and \$100.
Best exhibit from each county, gold medal and \$50 to \$100.

Class 2
Best individual farm exhibit, gold medal and special prize offered by the Coast Culvert and Flume company of \$50 or an "Armo" 1000 bushel grain bin or an "Armo" 750 gallon water tank.
Second best individual farm exhibit, silver medal and a special prize offered by the Coast Culvert and Flume company of \$25 cash or an "Armo" metal water trough.

Class 3
Artistic apple display—
First, gold medal and \$100.
Second, silver medal and \$50.
Class 4
Apples—
10 boxes Jonathans, 1st \$50, 2nd \$30.
10 boxes Rome Beauty, \$50, \$30,
10 boxes Spitzenburg, \$50, \$30,
10 boxes Winesap, \$50, \$30,
10 boxes Yellow Newtown, \$50, \$30.
To each first prize winner in class 4, the Chas. H. Lilly company offers a 50 lb. drum of soluble sulphur spray.

Class 5
Apples—
5 boxes Arkansas Black, \$25, \$15.
5 boxes Baldwin, \$25, \$15.
5 boxes Delicious, \$25, \$15.
5 boxes Grimes, \$25, \$15.
5 boxes Jonathan, \$25, \$15.
5 boxes Ortley, \$25, \$15.
5 boxes Yellow Newtown, \$25, \$15.
5 boxes Red Cheek Pippin, \$25, \$15.
5 boxes Rome Beauty, \$25, \$15.
5 boxes Spitzenburg, \$25, \$15.
5 boxes Stayman, \$25, \$15.
5 boxes Wagener, \$25, \$15.
5 boxes White Pearmain, \$25, \$15.
5 boxes Winesap, \$25, \$15.
5 boxes Bananas, \$25, \$15.

Class 6
Pears—
2 half boxes Clairgeau, \$5, \$3.
2 half boxes Anjou, \$5, \$3.
2 half boxes Bosc, \$5, \$3.
2 half boxes Comice, \$5, \$3.
2 half boxes Beurre Easter, \$5, \$3.
2 half boxes Winter Nellis, \$5, \$3.

Class 7
Onions—
Collection of named varieties, 10 lbs., each, \$10, \$5.
30 lbs. Yellow Globe Danvers, \$10, \$5.

Class 8
Potatoes—
30 lbs. Burbank, \$5, \$3.
30 lbs. American Wonder, \$5, \$3.
30 lbs. Extra Early Moonlight, \$5, \$3.
30 lbs. Early Ohio, \$5, \$3.
30 lbs. Uncle Sam, \$5, \$3.
30 lbs. Garnet Chili, \$5, \$3.
30 lbs. Hundred Fold, \$5, \$3.
30 lbs. Nettle Gem, \$5, \$3.
30 lbs. California Russet, \$5, \$3.
30 lbs. Sutton's Reliance, \$5, \$5.
100 lbs. Early Rose, special prize by Coast Culvert & Flume company. \$25 cash or an "Armo" metal water trough.
100 lbs. Pride of Multnomah, special prize by the Portland Seed Company. Merchandise orders to amount to \$15, \$10.

Class 9
Threshed Grains—
Special prize by the Golden Rod Milling Company of a case of assorted Golden Rod cereals for the best 10 lbs. of milling oats.

Class 10
Largest Squash, \$5, \$3.
Class 11
Evaporated apples, not less than 250 lbs. \$20, \$10.
Evaporated prunes, not less than 500 lbs. \$20, \$10.
Evaporated collection of fruits and vegetables, \$20, \$10.

Class 12
Northwestern grown nuts, \$10, \$5.
Collection of Walnuts, \$10, \$5.
Every winner of a prize in the above divisions will receive a year's subscription to the Fruit & Produce Market, Northwest Pacific Farmer, and Oregon Farmer.

160 TONS OF PRUNES SHIPPED TO DRYER

The entire prune crop has now been harvested and the association sent to the dryer of the Mason-Ehrman company in Vancouver, 160 tons. An account of the condition of the green fruit market the prunes were shipped in bulk this year and sent to the dryer instead of being put up in crates. This is the first year that the local prunes have not been put up in crates and they will be packed next year, stated Manager Chatfield, unless the market is again demoralized.

On account of not being irrigated the Mosier prunes hold up better than those of other districts, stated Manager Chatfield. The fruit was packed loose in orchard boxes, and after being weighed at the Tum-A-Lumber company's office was loaded on the steamers Tahoma and Dalles City. The prunes from the orchards of W. H. Weber and Mark A. Mayer were weighed and sent out from the upper landings.

The heaviest shippers this year were as follows: E. F. Reeves, 36 tons; Mark A. Mayer, 35 tons; Lee Evans, 32 1/2 tons; R. D. Chatfield, 18 tons; W. H. Weber, 12 tons, and C. A. McCargar, 11 tons.

ENTIRE CROP OF RED CHEEK APPLES SOLD

The entire crop of Red Cheek Pippins has been sold by the Mosier Fruit Growers association at a very satisfactory price. The picking and packing of this variety will commence at once. The association has also sold two cars of small sized Spitsenburgs for export.

A carload of cider apples will be sent to Portland on Monday and will be shipped in bulk.

The growers throughout the Mosier district are now busy picking and packing apples. The fruit is of good quality and with the recent rains and cool weather is coloring nicely.

The association is planning to enter the competition in the 15-box contest at the Panama-Pacific exposition, and will be contenders for the sweepstakes prize. The entries will be secured from various growers and will comprise five boxes of Spitzenburgs, five boxes of Red Cheeks and five boxes of Delicious.

The driveway and approach to the association warehouse is being improved. Chas. Bennett has been busy hauling and spreading crushed rock on the roadway.

Fred Evans Kills Bear

On Monday of last week Fred Evans shot and killed a big black bear weighing approximately 500 pounds, ten miles from the city on big Mosier creek. He had gone out with his dogs, and after the dogs scented and sniffed the air, he first loosened the Airdale. The dog chased the bear and received several hard cuffs. The hound was also boxed viciously by the black bruin. When Mr. Evans reached the place where the dogs had the bear at bay, the bear on seeing Mr. Evans, charged him. He fired one shot but the bear kept on coming. When within a few feet of the hunter, the enraged animal was shot again between the eyes, whereupon Mr. Evans dodged behind a tree. The bear fell dead in the spot where he had fired at him but a moment before.

It was necessary to return home for help to bring the carcass. The meat had spoiled, although it was brought home on pack horses. The hide was bought by C. S. Heath, father-in-law of R. J. Taylor, who sent it to a Colorado firm to be dressed.

Geo. Chamberlain Shoots Bear

Last week, while hunting for deer in the vicinity of Indian mountain which lies west of the lake branch of Hood River, Geo. Chamberlain killed a black bear. He, with Chas. and Frank Bennett, had been following deer signs, when a loud crash was heard in the brush nearby. The bear soon came out into the open, and Mr. Chamberlain dropped him with the first shot. Part of the meat was brought home, and he intends to tan the hide for his own use.

CARLOAD OF PEARS SELLS FOR \$2100

A telegram received Wednesday from New York stated that the car of pears recently sent there by the Mosier Fruit Growers association grossed \$2100. The telegram stated that the pears were in excellent condition, and when put up for auction, topped the market.

"As far as I know this is the largest amount ever received for a car of pears this season," stated Manager Chatfield. The management and directors of the association are receiving congratulations, and unbounded joy pervades the atmosphere among the association members. This is the first carload of pears ever sent out from the Mosier district, and comprises the varieties of d'Anjou, Bosc and Comice.

The full details of the sale will be received next week, and it is estimated that some of the boxes brought as high as \$4 per box. This is especially gratifying, as it shows the superiority of the Mosier pears. The Hood River pears sold this year at \$2.25 per box.

Dr. C. A. Macrum, a member of the board of directors, said: "This is certainly gratifying news as it shows the supremacy of Mosier as a pear-growing district. The size and quality of pears stand out in marked contrast to those of other districts. Many of the pears in this shipment were put up in half boxes, and these must have brought exceptionally good prices."

Hike Over New Survey

Mark A. Mayer, F. A. Shogren, J. K. McGregor, J. N. Mosier and the writer hiked over the new survey for the Columbia river highway on Monday. The stakes were followed from the place of Mr. Shogren, through the Weber place, crossing the Morton place and then following over the hills and around the bluffs in front of the Midleswart ranch. Here a halt was called for lunch, after which the party proceeded, coming out on the bench overlooking the orchards of R. D. Chatfield and C. C. Isom. The survey strikes the old Lake road this side of Hog canyon and after crossing this canyon it follows across the gulch in the vicinity of Rowena. A five per cent grade has been maintained all the way, the stakes being placed around the mountain near Rowena and finally connecting with the old railroad grade about a mile above that town.

Another route has been surveyed along the river. This lower route necessitates a tunnel alongside Tunnel No. 3 belonging to the railroad, and for the most part keeps close to the railroad tracks. It is not as scenic as the upper route. The engineers will turn in reports soon on the probable cost of highway according to the two surveys. Either route could be made into a good highway, and it will be well worth any one's time to make the trip over the two proposed lines.

Improving Station Surroundings

The O.-W. R. & N. company has had a crew of men engaged for the past ten days in the work of tearing up the planks of the depot platform and filling in with screenings. These will be placed on a level with the tracks, and will afford easy access to the steps of the coaches. The fence at the west end has also been moved out about three feet. The patrons of the road are grateful to the local agent, F. A. Allington, in suggesting to the company that this work be done. Cinders will be placed on top, and the surface rolled.

PARKER HAS HEADS OF INDIAN CHIEFS

C. W. Parker, owner of the Little Boy Ranch, the unique country home just west of Mitchells Point, has added to his list of curios a number of grinning skulls of Flat Head Indians. He calls that portion of his den in which he leans the relics of aborigine days, "The Nook of Royalty." "I have been told," says Mr. Parker, "that only chiefs or those in line for the head of the tribe had their heads flattened while children. This accounts for my name for the niche of skulls."

GROWERS WARNED TO USE ORGANIZATIONS

(From the Hood River Glacier)
The Apple Growers Association has received information from its representatives in different parts of the country showing that individual growers and other concerns are offering apples of different grades at 50 cents below the ruling quotations of the day. The warning is issued that no grower should find it necessary to sell outside one of the valley's organizations, which assures him real money at the full market value of the product, while the individual sales may result in serious loss.
