PRETTIEST DANCE OF SEASON FRIDAY NIGHT

Using fir boughs, autumn leaves, ferns, trailing vines and flowers as a decorative scheme, the Halloween dance given Friday night in Chown's hall under the auspices of a few local people was pronounced by all attending to be the prettiest party of this kind ever held here. The hall was transformed into a veritable forest, and the sylvan effect was greatly augmented by the absence of crepe paper or anything artificial that would detract from the autumnal grace of Nature's beauty. Along the walls the evergreen had been intertwined, the lights had a subdued effect with the green fir and yellow leaves hanging from them; the stage had been arranged for card playing and was prettily decorated with vases containing vines and flowers surrounding the tables. Lights had been strung for the orchestra in the northeast section of the hall.

The feature of the artistic plan was the arbor that had been erected to form a conservatory in the southwest portion of the hall. Upon a wooden framework with a door in one end, the boughs of fir had been woven into a network. Within this retreat were wicker chairs, divans, rugs, and upon a table in the corner covered with flowers a large punch bowl contained the liquid refreshments, an excellent grape juice punch. Chandler's orchestra, consisting of four pieces, arrived by automobile from Hood River, and during the course of the evening were repeatedly called upon for encores. Invitations had been extended, and the Halloween portrayal had been carried out upon neat programs symbolic of the occasion. Dancing was enjoyed from 9 p. m. until 1 a. m., and guests were also present from Hood River and The Dalles, as well as members of the Columbia River Highway survey party. Over 80 people were in attendance, and all expressed their keen appreciation of the efforts of those who had labored for their pleasure.

The hosts and hostesses were Mr. and Mrs. M. J. Oliphant, Mr. and Mrs. R. J. Taylor, L. J. Merrill and H. W. Moe, who are grateful to Mr. and Mrs. P. L. Arthur and James Burpee for their assistance in making this dance an unqualified success.

Return from Alaska

Ernest Evans and Clyde Root returned last Friday from Alaska where they went to work in the gold mines at Treadwell. Accompanied by Dudley Piercey the party left here a month ago, the latter remaining in the far north. Compelled to work underground at a depth of 1700 feet, the blasting and gaseous fumes caused them severe headaches and sickness. However, it was when a man in the same mine had been killed by a large cleft of rock falling upon him, that after nine days' peril they decided the hazards were too great to risk their lives. At this season of the year men are plentiful and it is difficult to secure a job in the mines that keeps the employe above ground. With winter coming on, they decided to return to Mosier until spring at least.

J. E. Higley is doing carpenter work for individuals. Leo Higley is out on a hoist. Dudley Piercey is doing odd jobs. P. A. Knoll is working underground.

Elder Purchases Hotel

John Elder, proprietor of the Mosier Hotel, which he had leased for three months when he took charge early this summer, recently purchased the hotel and lot from the Oddfellow's lodge. Mr. Elder expresses a great deal of confidence in Mosier and states that he has come to stay. Good table board is being served at the hotel and the rooms have all been kalsomined and renovated. A good patronage is enjoyed.

The proprietor is busy this week applying the paint brush to the building. This will greatly enhance its appearance and make an attractive hostelry.

Halloween Surprise Party

Thirty residents of the Greenwood district on Saturday night tendered Wm. Sendlinger a Halloween surprise party. The larger part of the crowd went out in the apple wagon belonging to Gus Gulderson, some of them assembling at Bearswallow and others being picked up along the way. Many were dressed as ghosts and all took part in Halloween games. A big bonfire was built and near it refreshments were served in cafeteria style from a tent. The party broke up in the wee sma' hours of the morning.

No Commercial Club Meeting

Members of the Commercial club decided that there must be no meeting when they looked into the library building and saw the Boy Scouts in session. Consequently some of the few who had gathered went to Nichel & Company's store and after a long wait disbanded. Informal discussions took place but nothing definite was decided upon. It is probable an adjourned meeting will be held sometime during the month.

SEEK STANDARD FOR FRUIT PACK

Growers Will Learn Method at National Apple Show in Spokane.

For the service department of the eighth National Apple show, which will be held at Spokane November 15 to 20, a big demonstration has been arranged in an effort to secure a uniform standard of grade and pack in all northwestern fruit districts.

"The future of the box apple business must be based on a uniform standard of grade and pack applying to all districts," states W. P. Romans, superintendent of exhibits. "The greatest difficulty has been experienced this year in reaching that uniformity because printed words never mean exactly the same thing to different men. The only way that an absolute uniformity can be secured is by demonstration and comparison with the fruit itself. That way will be provided by the apple show."

"The leading shippers and packers in each district are preparing displays that will illustrate perfectly the range of fruit that they understand should be permitted within the limits of each grade and pack. These displays will be placed in immediate proximity to each other at the National Apple show in order that comparisons may be made with the fruit. Especially is this important because of the practical demonstrations that it will give to the growers themselves. At certain hours each day the displays will be discussed in detail and the growers' questions answered."

Agencies Will Help

"Five of the leading fruit packing and grading agencies have already agreed to enter these demonstrations, illustrating the methods in use in four districts."

"The purpose of each entry will be to make a complete and thorough demonstration of the methods of grading and packing in use in handling the standard winter varieties of apples by each shipper or district, including grading by color, size and blemishes. The purpose of each exhibit will not be to see how perfect a package can be put up, but to make a selection that will be of value in showing the fruit in such a way that the grower can see with his own eyes what apple he is justified in including in each grade and exactly how he can best make each pack."

"During the period of the National Apple show the expert accompanying each demonstration will spend a stated thirty minutes each day at his exhibit, answering questions and explaining to the growers the reasons for each feature of grade and pack. These periods of explanation will be arranged on a regular schedule in such a way that the talks and explanations will follow each other at regular intervals to permit the interested growers to see and ask questions about each in turn."

BIG LEAGUE STARS PLAY AT SPOKANE

Visitors who come to Spokane for the eighth National Apple show, November 15 to 20, will have an opportunity of seeing two all-star teams from the National and American leagues play an exhibition game of baseball at Recreation park on Sunday, November 14.

President F. C. Farr of the Spokane Baseball club has arranged to bring the teams here during their tour of the Pacific coast.

Several of the world's greatest baseball players will be seen here at that time, including Mathewson, Alexander, Evers, Jackson and Lewis. Several players who starred in the recent world's series clash between the Boston Red Sox and Philadelphia Nationals are members of the all-star teams. In this list are Alexander and Kilbiter of Philadelphia, and Gady, Gainer, Barry and Lewis of Boston. The two teams announced by President Farr is as follows:

Table with 2 columns: Nationals (Mathewson, N. Y., Cleveland, Coombs, Brooklyn, Vaughan, Chicago, Ryan, St. Louis, Kilbiter, Philadelphia, Gainer, Boston, Gady, Boston, Barry, Boston, G. Smith, Philadelphia, Strunk, Philadelphia, Hughes, New York, Lewis, Chicago) and Americans (Bush, Philadelphia, Mitchell, Cleveland, James, Detroit, Scott, Chicago, Herd, Washington, Gady, Boston, Gainer, Boston, Barry, Boston, G. Smith, Philadelphia, Strunk, Philadelphia, Hughes, New York, Lewis, Chicago)

EXPERT PACKERS IN COMPETITION

World's Championship Contest to Be Staged at National Apple Show.

A world's championship apple packing contest for professional packers will be held on Friday and Saturday, November 19 and 20, at the National Apple show in Spokane.

The winner of this contest will carry away, in addition to championship honors, \$50 in cash. The second best packer will win \$25 cash and the third \$20.

Last year no feature of the apple show attracted more attention than this. The big hall was crowded with hundreds of spectators who keenly watched each movement of the deft hands and cheered every time a box was completed and set down from the stand.

The contest was close and at its conclusion several of the experts asked that the apple show arrange a similar contest for another year.

BENSON FAILS TO COMPLETE GUARANTY

While S. Benson, who was instrumental in the success of the Hood River county bond election last year, when \$75,000 was voted for improvement of laps of the Columbia river highway in the county, guaranteeing that this sum would take care of the work to be done, has advanced \$10,000 to the county to pay for excess expenses, his attorney, E. E. Covert, of Portland, has announced that no further reimbursement will be made. However, with the bond fund depleted and the \$10,000 advanced by Mr. Benson accounted for, there is still a shortage of between \$2,000 and \$2,500, according to estimates. The money is needed to pay for the shifting of the O. W. R. & N. tracks at Lindsay creek and for the construction of fences along the highway.

"While attorneys consider the guaranty made by Mr. Benson as legally invalid, local officials and citizens consider the good roads philanthropist under a moral obligation to make good the deficits. — Glacier.

Crusher Closed

The rock crusher has been closed down, although no official report has been issued that this plant will be run no more at present. The railroad company and the highway both need more rock but just how soon they will be able to take it is problematical. Some of the men have left the city while others are remaining for a few days. The track to the quarry slide is being torn up, and the plant will probably lay up for the winter.

Locals Defeat Surveyors

In a game of basket ball Tuesday night the Mosier team scored a 28-12 victory over the surveyors from the Columbia River highway party. The game was fought hard and the contest was closer than the scores would indicate. The local team had the advantage of practice and team work, although both teams plainly showed that this was their first game of the season. The Mosier boys intend to get games soon with Hood River teams and are practicing regularly.

Solicit for Bible School

G. S. O. Humbert, E. C. Sanderson and O. H. Williams, accompanied by the Misses Gilfillen, were here the first of the week soliciting funds for the campaign of the Eugene Bible University. Provided \$200,000 is raised by the first of the year, J. J. Hill has promised to donate \$50,000 towards the cause. This school is of the Christian church faith, and the visitors called upon the Carroll families while in Mosier and held services at the Christian church.

Artisan Lodge Official Coming

W. F. Hudson, of Portland, Supreme Master Artisan, will be in Mosier on Thursday, November 11. The local chapter is planning an entertainment followed by refreshments. The lodge is desirous of having all members present at this time. The meeting will be called at 7:45 p. m.

Move to Race House

Mr. and Mrs. F. L. Arthur have moved their household belongings from the house occupied by them for several years, and are now located in the dwelling owned by Mayor Race east of the Bulletin office.

AT HOOD RIVER ELECTRIC THEATRE

Sunday and Monday

"Commanding Officer," starring Alice Dovey. The film version of this popular subject bears all the "thumb marks" of an great success as was attained by the original play, and the carefully selected cast covers itself with unassuming but interesting honors. Donald Crisp portrays "The Colonel in the title role with a manly, courteous and definite bearing which gives the part weight and elegance. The "Commanding Officer" is the kind of photoplay that nineteenth of the town will be wild to see twice or three times, and the other tenth at least once. There is so much tense story, and so much fine, balanced acting and such delightful personalities in the superb cast that it cannot be but a tremendous success. Produced in California, under the direction of Allan Dwan, the photoplay is further enriched by broad, sweeping backgrounds that are both charming and utterly appropriate to the action of the play.

Tuesday and Wednesday

"Quo Vadis," with an all star cast. Imitation is said to be the sincerest flattery. This is quite true but cannot always be appreciated by the public. The George Kleine production of the Cines photo drama, Quo Vadis, achieved a remarkable success in New York, Philadelphia, Boston, Chicago, Baltimore and a dozen other cities and inspired the number of unscrupulous parties with the idea of launching a much smaller and insignificant production on the market and banking upon the public credulity, to take advantage of the immense advertising Mr. Kleine's production has received. As a consequence, many people who wished to see the big production have been unsuspectingly drawn in to witness the little one and without thinking have passed judgment. This is one of the unavoidable conditions that arise under our present social and legal status, and works as much harm to the public at large as it does to the producers who invest their fortunes in big enterprises. The real George Kleine production of Quo Vadis is presented in eight parts or reels that are divided into three acts and is only played in the larger high class theatres of the country and never at prices less than 50 cents for orchestra and seats and 25 cents for balconies. Our price, 15 cents for adults and five cents for children.
