**CAN DRAFT MEN WHEN NECESSARY**

War Department Finds Ample Authority in Law.

**FROM 18 TO 45 IS AGE LIMIT**

Recruiting Officers Instructed to Discourage Enlistment of Men With Families or Others to Keep.

Washington, D. C.—Every able-bodied male citizen of the United States between the ages of 18 and 45 years is held liable for service in the National guard at war time, without further act of congress, by War Department regulations for the government of the War Act issued under the National defense act.

In a circular nearly two months ago, but made public only Friday, the National guard directs that where a Military bureau regiment is called out for war service a reserve training battalion to fill vacancies at the front shall be organized out of the National guard reserve and by voluntary enlistment.

"If for no reason," the order continues, "there shall not be enough reservists or enough voluntary enlist-

GEN. HUGH L. SCOTT

**Says 3,000,000 Trained Men Are Needed for Defense of Country**

Recruits to organize or to keep the reserve battalion at prescribed strength a sufficient number of unorganized militia shall be drafted by the President to maintain such battalion or lesser unit at the prescribed strength.

The language follows closely that of the National defense act, in which the unorganized militia is defined as including every able-bodied male citizen within the prescribed age limit or those who have declared their intention of becoming citizens.

The National Guard regulations, which will be amplified in great detail later, also strike at the problem of dependent families of soldiers, which has cost the government several millions of dollars already through the border mobilization. Recruiting officers for the National guard are directed to discourage the enlistment of married men or those with others dependent upon them. Such persons are to be accepted only for reasons in the public interest, men who wish to become officers being the only class specifically excepted.

It is provided in the regulations that no officer of the guard hereafter shall be recognized as such under the defense act unless he shall have subscribed to an oath binding him to obey the orders of the President and of the governor of his state.

**Wilson Threatens Veto.**  
 Wilson told congress Friday that he would veto the \$28,000,000 public buildings bill if it comes to him in the form in which it is now pending in the house. His advocates plan to seek to obtain a rule for consideration of the measure by the house soon after the Christmas recess.

The president has reached no decision on the rivers and harbors bill laid before him by Chairman Sparksman, of the house rivers and harbors committee.

**Churchmen in Egg Fight.**  
 Saskatoon, Sask.—The Ruthenian Presbyterian convention was broken up Saturday when M. Zary, a member of the opposition faction, began hurling eggs at Chairman John Rodruk, when the latter requested Zary to confine his address to three minutes, according to a complaint filed against Zary. Rodruk crawled under a table when the bombardment began, and thinking he had been knocked down with a stone, Paul Crath, secretary of the convention, seized a table and struck Zary on the head.

**Explosion Rocks City.**  
 Sapulpa, Okla.—Explosion of a wagon loaded with nitroglycerine bound for the oil fields shook the country for miles around Saturday night. Two men with the wagon probably were blown to bits, as no trace of their bodies has been found. The explosion occurred five miles west of Keifer, about 10 miles from here. It shattered hundreds of panes of glass here, rocked buildings in the business district and was heard for 25 miles around.

**IF KIDNEYS ACT BAD TAKE SALTS**

Says Backache is sign you have been eating too much meat.

When you wake up with backache and dull misery in the kidney region it generally means you have been eating too much meat, says a well-known authority. Meat forms uric acid which overworks the kidneys in their effort to filter it from the blood and they become sort of paralyzed and loggy. When your kidneys get sluggish and clog you must relieve them, like you relieve your bowels; removing all the body's urinous waste, else you have backache, sick headache, dizzy spells; your stomach sours, tongue is coated, and when the souring is bad you have rheumatic twinges. The urine is cloudy, full of sediment, channels often get rough, water seals and you are obliged to seek relief two or three times during the night.

Either consult a good, reliable physician at once or get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys, also to neutralize acids in the urine so it no longer irritates, thus ending bladder weakness.

Jad Salts is a life saver for regular meat eaters. It is inexpensive, cannot injure and makes a delightful, effervescent lithia-water drink.

**Try this easy way to heal your skin**

The first use of Resinol Ointment and Resinol Soap stops all itching and burning and makes your tortured skin feel cool and comfortable at last. "You try the easy Resinol way to heal eczema or other skin diseases." Sold by all druggists. Sample free, Dept. 27, Resinol, Vancouver, B. C.

RESINOL

**Shifting Desires.**  
 The talk of Christmas started between hands at the bridge club.  
 "Well, I don't know what I want," a half dozen women said falsely.  
 "Well, I know what I want," the robust blonde retorted. "I told my husband at breakfast this morning that I'd like to have a mink muff—and then I remembered that I needed a scrub brush."—Indianaapolis News.

**Inconscient Apollis.**  
 "Are your hens laying?"  
 "Yes; laying off."—Boston Transcript.

**The Eye of the Law.**  
 First Officer—Did you get that fellow's number?  
 Second Officer—No, he was going too fast.  
 First Officer—Say, that was a fine looking dame in the car.  
 Second Officer—Wasn't she!—Puck.

**Mileage Per Gallon.**  
 "Just think of it! Those Spanish baldiegos would go 3,000 miles on a gallon!"  
 "Nonsense. You can't believe half you read about those foreign cars."—Life.

**A Different Atmosphere.**  
 "I'm looking for employment, sir. I'll be frank with you. I've just been released from prison."  
 "Ahem! One of the model prisoners?"  
 "Yes, sir."  
 "I'm willing to give you a chance, but every man we employ is expected to hustle. If you think you can get down to hard work and long hours after the life of elegant leisure you have doubtless enjoyed in prison, I'll make a place for you."—Exchange.

**Hopes Women Will Adopt This Habit As Well As Men**

Glass of hot water each morning cleans up look and feel, clean, sweet, fresh.

**Happy, bright, alert—vigorous and viraculous—A clear complexion, a natural, rosy complexion and freedom from illness are assured only by clean, healthy blood. If only every woman and likewise every man could realize the wonders of the morning inside bath, what a gratifying change would take place.**

Instead of the thousands of sickly, anemic-looking men, women and girls with pasty or muddy complexions; instead of the multitudes of "nervous wrecks," "rundowns," "brain fags" and pessimists we should see a virile, optimistic throng of rosy-cheeked people everywhere.

An inside bath is had by drinking each morning before breakfast, a glass of real hot water with a teaspoonful of limestone phosphate in it to wash from the stomach, liver, kidneys and ten yards of bowels the previous day's indigestible waste, sour fermentations and poisons, thus cleansing, sweetening and freshening the entire alimentary canal before putting more food into the stomach.

Those subject to sick headache, biliousness, nasty breath, rheumatism, colds; and particularly those who have a pallid, sallow complexion and who are constipated very often, are urged to obtain a quarter pound of limestone phosphate at the drug store which will cost but a trifle but is sufficient to demonstrate the quick and remarkable change in both health and appearance awaiting those who practice internal sanitation. We must remember that inside cleanliness is more important than outside, because the skin does not absorb impurities to contaminate the blood, while the pores in the thirty feet of bowels do.

**CONFERENCE IS DEADLOCKED**

Railroads and Men Can't Agree; Not Stated Whether Strike is Meant.

New York—Special circulars putting up to the 400,000 members responsibility for the next step to be taken by the railroad brotherhoods in their controversy with the railroads over the admission act were sent broadcast by telegraph after a conference of the four brotherhood chiefs here Saturday. Announcement of the action taken was made by William G. Lee, president of the Brotherhood of Railway Trainmen, prior to his departure for the West. He was accompanied by the other brotherhood leaders, whose conference with the railway managers resulted in a disagreement.

Earlier in the day the four chiefs issued a somewhat cryptic statement over their signatures declaring that the attitude of the railroads threatened to wipe out the benefits that should ac-

**The Mayor of Umatilla.**

MRS. E. E. STARCHER

Mrs. E. E. Starcher was not only elected mayor of Umatilla, Ore., but she had to defeat her husband to win. She had the temerity to run on the opposition ticket, and the women of the city just rose up and swatted him with many other male candidates. Four women were elected to the city council; another was chosen recorder, and another became treasurer. "I am for a rigid enforcement of the law and lower expenses of government," said Mrs. Mayor when she was asked about her policy.

crue to the men from the passage of the admission act and assuring that for that reason the "entire situation is to be placed before the membership." The chiefs refused to say whether the action was a veiled threat of another strike vote such as brought about the eight-hour day legislation.

**Congress to Act Promptly.**

Washington, D. C.—Prompt consideration in congress of President Wilson's proposed railway legislation was predicted here after announcement of the termination of conferences between the railway and Brotherhood heads in New York in an unsuccessful attempt to settle their differences. The view was taken that representatives of employers and employes had thrown their entire controversy into the lap of congress for settlement.

Hearings on part of the President's program will begin next week. Senate commerce committee next week. Under a plan suggested by the President action can be obtained on the entire program once it reaches the floor. The President proposed amending a house railroad proposed legislation instead of introducing it in the form of separate bills.

Brotherhood men, aided by the American Federation of Labor, will fight the proposed strike postponement amendment. They insist that its passage would only give employers time to prepare for strikes and would deny labor the right to refuse to work when conditions are unsatisfactory.

**Liquor Used to Lay Dust.**

Phoenix, Ariz.—Five hundred gallons of fine whiskeys, wines and beer were poured into a city water wagon here Saturday, and the streets of the business section sprinkled with the liquor. Two hundred automobiles and several floats formed a parade that followed the "water" wagon. A brass band played a dirge. The sprinkler with its cargo, valued at \$20,000, was driven by "dry" advocates. The liquor was confiscated in raids by the sheriff, under the new Arizona prohibition law, and its unique disposition was so ordered.

**Washington's Fame Upheld.**

Olympia, Wash.—The State Supreme court Saturday upheld the conviction of Paul Haffer, of Tacoma, who was convicted in Pierce county for criminal libel because he published an article defamatory of George Washington. The Supreme court ruled that publication of articles tending to hold the memory of deceased persons up to ridicule, contempt and obliquy constitutes "dry" libel, and that it is not necessary to show that relatives and friends of the deceased persons were injured by the attacks.

**Famous Airman is Killed.**

Berlin, (By wireless to Sayville, N. Y.)—Lieutenant Gustav Lafayette, the noted German aviator who recently was decorated with the Order Pour le Merite, has been killed in an air engagement on the western front, the Overseas News Agency announces.

A news dispatch in mid-November credited Lieutenant Leffers, aged 19, with having up to that time brought down nine British airplanes.

**Cranberry Juice Falls**

From "Water Wagon"

Portland—Cranberry culture, which thrives at North Beach, Wash., in the district served by the fifth division of the O. W. R. & N. company, has a most consistent booster in the person of "Captain" Budd, superintendent of the division.

On a trip to Ilwaco last week "Captain" Budd was presented with four bottles of the cranberry liquid. He in turn gave the beverage to friends residing at the Hotel Imperial, frequently to partake thereof frequently, as it was positively non-intoxicating, and in general was the coming "dry" favorite.

But when kept in the hotel temperature for a few days the cranberry juice became peevish, switched from a non-hilarious fluid to a roisterous, fomenting, capricious extract and blew corks and contents over walls and ceilings.

Investigation—Dr. H. T. Graves, acting commissioner of agriculture, will spend several days here giving personal consideration to the rubric situation. In controlling the outbreak, which appears to have originated in the White Swan district on the Yakima Indian reservation, three weeks ago, the department is greatly hampered by the lack of assistance and the distance to travel. A number of animals, including three of J. T. Harrah's airbalds hounds, have died, and many others, suspected, have been killed.

**Will Open Mine in Methow.**

Wenatchee—The proposed railroad in the Methow valley has given an impetus to mining, and a number of deals have been reported. The latest is the sale of the azurite and zinc oxide mines belonging to Ballard Brothers and Dick McLean to the Azurite Copper company, an organization just formed in New York. Charles Ballard is in New York arranging for the work, on which \$100,000 is to be spent. Work will be started in the spring. These mines are 14 miles from Robinson creek.

**\$14,599,065 From Yakima Valley.**

Yakima—According to the crop report for 1916, prepared by the same authority which has for several years past compiled the figures on Yakima crop production, there was grown in the Yakima valley this year, including only those portions in Yakima and Benton counties and actually shipped to market or now being held in storage for shipment later, a value valued at \$14,599,065. This is an increase of nearly \$5,000,000 over a year ago.

**Cattle Wintered in Yakima.**

North Yakima—From 10,000 to 12,000 head of cattle are being fed in the Yakima valley this winter, with the idea of finishing them for market on grass in the early spring. Stockmen find this a profitable business. Railroads have moved 500 cars of fat cattle from the valley this season just past to market, of which about 200 cars were of home production and the remainder stock brought in for fattening.

**Offer for Flax is Vague.**

Salem—The State of Oregon has received a cablegram controlling its recent proposal to sell flax to Agnew & Hamilton, importers, of Belfast, Ireland. The cablegram, while apparently accepting the board's offer of \$2.75 f. o. b. Salem, was vague in its terms, and the board sent a second cablegram reiterating its first offer.

**NORTHWEST MARKET REPORT**

Portland—Wheat—Bluestem, \$1.44; fortyfold, \$1.40; club, \$1.40; red Russian, \$1.35.

**SAGE TEA DANDY**  
 TO DARKEN HAIR

**For Backward Bunnies.**  
 "Papa?"  
 "Well, Rutherford?"  
 "I have just figured out why bunnies have fuzzy little tails."  
 "That's fine. What is the reason?"  
 "Bunnies live in holes, you know."  
 "Exactly."  
 "And I suppose many of the holes are so narrow the bunnies can't turn 'Very likely.'"  
 "Well, that's the reason."  
 "I don't quite get your line of thought."  
 "The fuzzy little tails keep them from hurting themselves when they back into things."—Youngstown Telegram.

**It's Grandmother's Recipe to Bring Back to Hair.**

You can turn gray, faded hair beautifully dark and lustrous almost overnight if you'll get a 50-cent bottle of "Wyeth's Sage and Sulphur Compound" at any drug store. Millions of bottles of this old-fashioned Sage Tea Recipe, improved by the addition of other ingredients, are sold annually, says a well-known druggist here, because it darkens the hair so naturally and evenly that no one can tell it has been applied.

Those whose hair is turning gray or becoming faded have a surprise awaiting them, because after one or two applications the gray hair vanishes and your locks become luxuriantly dark and beautiful.

This is the age of youth. Gray-haired, unattractive folks aren't wanted around, so get busy with Wyeth's Sage and Sulphur Compound tonight and your locks become luxuriantly dark and beautiful.

This preparation is a toilet requisite and is not intended for the cure, mitigation or prevention of disease.

**Common Fault Among Ministers.**  
 Mrs. Beal was prime minister of Great Britain, wasn't he?" inquired Mrs. Leonard W. Van Quentin yesterday morning.  
 "He was," replied her husband.  
 "And he has been removed?"  
 "The same."  
 "What was the matter? Couldn't he preach good enough?"  
 "Oh, I guess he preached all right, but he prayed too long."—Kansas City Star.

**It Does Happen.**  
 "I don't think the truth of that Cinderella story ever came out."  
 "No?"  
 "I think she took off her slipper because it hurt her. I've seen ladies do that in restaurants many a time."—Louisville Courier-Journal.

**Garfield Tea was your Grandmother's Remedy for every stomach and intestinal ailment. This good old-fashioned herb home remedy for constipation, stomach ills and other derangements of the system so prevalent these days is in even greater favor as a family medicine than in your grandmother's day.**

**Both Surprised.**  
 Mr. Goodleigh—I was surprised to see you in a hotel, so intoxicated condition last evening.  
 "Tipples—I was surprised myself. I thought I could stand a lot more."—Exchange.

**Both of Them.**  
 One day a professor and his companion became involved in an argument as to which was the handsomer man of the two.  
 "Not being able to arrive at a settlement of the question they agreed, in a spirit of fun, to leave it to the decision of a Chinaman who was seen approaching them.  
 The Oriental considered long and carefully, then he pronounced in a tone of finality:  
 "Both are worse."—Chicago News.

**Natural Magic.**  
 "The amateur magician who entertained us did some wonderful tricks before our eyes."  
 "That's nothing. Any ordinary speeder can make an automobile turn turtle without half trying."—Baltimore American.

**The Reason Why.**  
 "I wonder why X was selected as the symbol of the unknown quantity?"  
 "Because none of your friends ever have one when you want to borrow it."—Baltimore American.

**Quick Exit.**  
 "Now her work on our magazine will be to run the cookery department."  
 "All right."  
 "Christmas is coming on and we shall want you to get up some recipes. Among others I wish you to get up a recipe for a poor man's plum pudding."  
 "I resign. I can't think of any ingredients to fit that title."—Louisville Courier-Journal.

**Your new poem is charming! So unlike your usual work.**—Boston Transcript.

**Suffered Great Pain!**

*Dear Mrs. Editor—* I am making a personal appeal to your readers who are bothered with kidney and bladder trouble and rheumatism, to give up the use of harsh salts, or alkaline kidney medicines and in their place take a short course of Anuric Tablets and be convinced of its wonderful virtues as I was. I suffered great pain, had a great deal of irritation, water, as well as my feet, I sent for a box of Anuric Tablets and soon discovered that they brought relief. I have used them since, and now my water is natural, my health good, and appetite improved. Some of the doctor's friends and I have had a most successful experience with Anuric Tablets. I have no more trouble and I most assuredly feel that this latest remedy for bladder and kidney troubles that I know of, if I can induce anyone to give it a trial, I feel that he will thank me for calling attention to this great boon that relieves this seemingly worst of all troubles that human flesh can fall heir to.

(Signed) H. H. FLEMING.

**The Family and the Girl.**
