His Golden Wedding.

Up and down the village street walked old Tompkins, dressed all in his Sunday best, and with a clean collar on.

"Hello, old fellow!" a friend hailed him. "Aren't you working today?"

"No," replied the old man proudly. "I'm celebrating my golden wedding."

"Really? Then you've been married 50 years!"

"Yes, I have."

"Then where's Mrs. Tompkins? Isn't she celebrating, too?"

"The present Mrs. Tompkins," the old man coldly rebuked the idle questioner, "has nothing to do with it."

The Department of Farm Crops, University of Idaho, has received during the spring, shipments of seed from the following foreign countries: Canada, Sweden, Denmark, Australia, and Japan. The Bureau of Plant Industry of the U. S. Department of Agriculture has also sent samples of clover and other leguminous crops for the purpose of co-operative testing experiments.

HUSBAND OBJECTS TO OPERATION

Wife Cured by Lydia E. Pinkham's Vegetable Compound

Des Moines, Iowa.—"Four years ago I was very sick and my life was nearly spent. The doctors stated that I would never get well without an operation and that without it I would not live one year. My husband objected to any operation and got me some of Lydia E. Pinkham's Vegetable Compound. I took it and commenced to get better and am now well, am stout and able to do my own housework. I can recommend the Vegetable Compound to any woman who is sick and run down as a wonderful strength and health restorer. My husband says I would have been in my grave ere this if it had not been for your Vegetable Compound."—Mrs. BLANCHE JEFFERSON, 708 Lyon St., Des Moines, Iowa.

Before submitting to a surgical operation it is wise to try to build up the female system and cure its derangements with Lydia E. Pinkham's Vegetable Compound; it has saved many women from surgical operations.

Write to the Lydia E. Pinkham Medicine Co., Lynn, Mass., for advice—it will be confidential.

Safety First.

Brown and Green were discussing dogs, and Brown declared that anybody could take the fight out of a savage dog by sitting down and staring straight at him.

"Yes," agreed Green, "I once had occasion to try it. The dog was coming at me as fast as he could, and all that I could do was to sit down and look him right in the eye."

"I am glad to hear you say that," was the rejoinder of Brown. "It is an actual confirmation of what science contends."

"True," answered Green, "but I should have added that when I sat down I chose for a seat the top limb of a ninety-foot tree."

You Can Get Rid of That Itching Rash

There is immediate relief for skins itching, burning and disfigured by eczema, ringworm, or similar tormenting skin-trouble, in a warm bath with Resinol Soap and a simple application of Resinol Ointment. The soothing, healing Resinol medication sinks right into the skin, stops itching instantly, and soon clears away all trace of eruption, even in severe and stubborn cases where other treatments have had no effect. After that, the regular use of Resinol Soap is usually enough to keep the skin clear and healthy.

You need never hesitate to use Resinol. It is a doctor's prescription that has been used by other physicians for years in the treatment of all sorts of skin affections. It contains absolutely nothing that could injure the tenderest skin. Every druggist sells Resinol Ointment and Resinol Soap. (Advt.)

U. S. Consul Says Orient Calls for Northwest Products

Consul General John P. Bray, of Singapore, Straits Settlements, who is on leave of absence from his post, arrived on the Pacific Coast last week and has spent a couple of days in Seattle in conference with business men and others interested in trade in the Northwest. The consul general has been in the service of the State department for about 20 years and for a number of years was stationed at Sydney, Australia, but recently was transferred to Singapore, where he not only looks after the affairs of the department of state, but also has charge of the affairs of other countries now at war.

The consul general spent considerable time in the Seattle office of the bureau of foreign and domestic commerce and has given to the commercial agent the following statement as to conditions in the Straits Settlements as they probably affect the business of the Pacific Northwest.

"As to the manufacturing interests of the Pacific Northwest, I would say that there is a large opening in the Oriental countries for products of this region. Especially is this true in regard to pine lumber, flour, fruits, canned fish (particularly salmon).

"The development of the Straits Settlements and the Federated Malay States provides a great field for the manufactured steel products of the Pacific Northwest, and especially would I call the attention of manufacturers of this section to the lack of tnonage for the manufactured products to be sent forward."

Wheat Bids Are Advanced.

Portland — Eastern bids for wheat were lacking Thursday, but there was some demand on the local market, and offers at the Exchange were advanced ½ to 2 cents for spot and May delivery. Bradstreets estimates the visible wheat decrease at 1,037,000 bushels, the corn decrease at 1,227,000 bushels, and the oats decrease at 1,976,000 bushels.

Timothy hay is scarce in the local market, and will continue so during the remainder of the season. The price is on a firm basis. Receipts of California grain hay are looked for. Alfalfa is also firm. The outlook is for a record crop of alfalfa in the Northwest this year.

Enlarge Creamery.

Moscow, Idaho — Work has started on the cold storage plant of the Moscow Creamery compnay, which has closed a contrat with a Spokane firm for a four-ton modern equipment, installed. The butter room will have a capacity of 50,000 pounds; one room for eggs to hold 1000 cases; one room will be kept at about zero for hardening ice cream; one for manufacture of ice for the use of the creamery only, and one for cream and milk. These will all be in addition to the butter-making department and machinery.

Sugar Prices Soar On.

Portland—Sugar prices higher than ever predicted before are predicted by wholesale grocers. As a consequence of the latest advance in the East there will be a 10-cent rise in the Portland market Thursday, which will bring the wholessle price up to $8 a hundred pounds. The highest price on record was $8.05, which prevailed soon after the war began. It is likely this record will be exceeded in the next few days, as the Eastern markets are strong. The allies have been heavy purchsers, and this is causing the advance.

EAT LESS MEAT IF BACK HURTS

Take a glass of Salts to flush Kidneys if bladder bothers you.

Eating meat regularly eventually produces kidney trouble in some form or other, says a well-known authority, because the uric acid in meat excites the kidneys, they become overworked; get sluggish; clog up and cause all sorts of distress, particularly backache and misery in the kidney region; rheumatic twinges, severe headaches, torpid liver, sleeplessness, bladder and urinary irritation.

The moment your back hurts or kidneys aren't acting right, or if bladder bothers you, get about four ounces of Jad Salts from any good pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush clogged kidneys and stimulate them to normal activity; also to neutralize the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jad Salts cannot injure anyone; makes a delightful effervescent lithia-water drink which millions of men and women take now and then to keep the kidneys and urinary organs clean, thus avoiding serious kidney disease.

Money in Dandelion Roots.

Selling dandelion roots at 4 to 6 cents per pound offers a pretty fair premium on removing the dandelion pests from lawns, fields and pastures.

Since 100,000 pounds or more are imported annually into the United States it seems that many a young boy or girl ought to make fairly good wages by collecting and preparing dandelion roots for the drug trade. The root is used medicinally in diseases of the liver and dyspepsia, reports H. S. Hammond, of the O. A. C. Botany department, Corvallis Ore.

WHEN YOU WAKE UP DRINK GLASS OF HOT WATER

Wash the poisons and toxins from system before putting more food into stomach.

Says Inside-bathing makes anyone look and feel clean, sweet and refreshed.

Wash yourself on the inside before breakfast like you do on the outside. This is vastly more important because the skin pores do not absorb impurities into the blood, causing illness, while the bowel pores do.

For every ounce of food and drink taken into the stomach, nearly an ounce of waste material must be carried out of the body. If this waste material is not eliminated day by day it quickly ferments and generates poisons, gases and toxins which are absorbed or sucked into the blood stream, through the lymph ducts, which should suck only nourishment to sustain the body.

A splendid health measure is to drink, before breakfast each day, a glass of real hot water with a teaspoonful of limestone phosphate in it, which is a harmless way to wash these poisons, gases and toxins from the stomach, liver, kidneys and bowels; thus cleansing, sweetening and freshening the entire alimentary canal before putting more food into the stomach.

A quarter pound of limestone phosphate costs but very little at the drug store but is sufficient to make anyone an enthusiast on inside-bathing. Men and women who are accustomed to wake up with a dull, aching head or have furred tongue, bad taste, nasty breath, sallow complexion, others who have bilious attacks, acid stomach or constipation are assured of pronounced improvement in both health and appearance shortly.

Effaced Maturity.

"Do you take as much interest in dancing as you did?"

No Accounting For Juries.

Many verdicts of a strange, curious and humorous nature find birth not infrequently in coroner's juries and juries in justice's courts.

Uncommonly intelligent are the coroner's juries in Mississippi. Twelve men in Warren county, in that state, returned a verdict several years ago which read: "The deceased died by the will of God or some other disease unknown to the jury."

Another verdict, equally as solemn, reads: "We are of A Pinion that the Decest met with her death from Violent Infirmation of the Arm, producest from Unoan Cauz."

An old story, oft repeated, is that an English jury in a criminal case once brought in the following. "Guilty, with some little doubt as to whether he is the man."

Another is told of a Welsh jury, which reads: "We find the man who stole the mare not guilty."—Docket.

Got Even.

A young man who had been snubbed at the theater door decided to get even with his girl friends.

The girls occupied the first four seats in the sixth row and the young man had the fifth. They paid no attention to him. On the program was a monologist who began to talk of love to get a few laughs, as those artists often do. He said: "All the girls who are in love, please stand up."

Turning to the girl next to him, the young man who had been snubbed said:

"Please let me out."

Naturally, the entire four had to rise. When they were on their feet the young man sat down, while the remainder of the audience roared in glee at the four.—Philadelphia Public Ledger.

Recognizing the Profession.

"Was your father a pirate?" asked young Fitztop of the girl of his choice at a clandestine meeting, after the old sea captain had urged his exit from the family mansion on the hill by the use of his pedal extremity.

"No, my darling," was the reply. "Why do you ask?"

"He seemed to me to be a good deal of a freebooter," said the young man.—Philadelphia Public Ledger.

"That's all right," replied the agent. "The house is settling. And that reminds me. It's about time you settled up for last month's installment."—Philadelphia Public Ledger.

"An' phwat is your Patsy doin' these days, Mrs. O'Hagan?"

"Ah, he's doin' foine! He's a conductor in the opery house, an' wears a swallytail coat."

"A conductor, is it? An' phwat does a conductor do?"

"He conducts people to their seats."

Both Prodigals.

A young wife remonstrated with her husband, a dissipated spendthrift, on his conduct. "Love," said he, "I am like the prodigal son; I shall reform by and by."

"I will be like the prodigal son, too," she replied, "for I shall arise and go to my father."

In Modern Times.

"In the old days, the main element of a soldier was to know how to act under fire."

"And nowadays, in addition, he is supposed to know how to act under water, in the earth and without air."—Puck.

BE PRETTY! TURN GRAY HAIR DARK

Try Grandmother's old Favorite Recipe of Sage Tea and Sulphur.

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray. Years ago the only way to get this mixture was to make it at home, which is mussy and troublesome. Nowadays, by asking at any drug store for "Wyeth's Sage and Sulphur Compound," you will get a large bottle of this famous old recipe, improved by the addition of other ingredients, for about 50 cents.

Don't stay gray! Try it! No one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, glossy and attractive.

Wyeth's Sage and Sulphur Compound is a delightful toilet requisite for those who desire dark hair and a youthful appearance. It is not intended for the cure, mitigation or prevention of disease.
