A Spring Yearn.

I'm tired of canned goods and of meat; I'm all run down like, And now I think I'd like to eat A little garden "sass."

In spring for green stuff people yearn And so it comes to pass That when the April days return We long for garden "sass."

### If you Suffer from Backache, Lumbago, Kidneys or Rheumatism, Take Hot Water and "Anuric."

American men and women must guard constantly against kidney trouble, because we eat too much and all our food is rich. Our blood is filled with uric acid which the kidneys strive to filter out; they weaken from overwork, become sluggish; the eliminative tissues clog and the result is kidney trouble, bladder weakness and a general decline in health.

When your kidneys feel like lumps of lead, when your back hurts or uric acid is cloudy, full of sediments or you are obliged to seek relief two or three times during the night, or when you suffer with sick headache or dizzy, nervous spells, acid stomach, or you have rheumatism when the weather is bad, get from your druggist—"ANURIC." Because uric acid in excess of abundance in the system, backache,

### TO DARKEN HAIR APPLY SAGE TEA

Common garden sage brewed into a heavy tea with sulphur added, will turn gray, streaked and faded hair beautifully dark and lustrant. Just a few applications will provide a revelation if your hair is fading, streaked or gray. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get a 50-cent bottle of Wyeth's Sage and Sulphur Compound at any drug store all ready for use. This is the old time recipe improved by the addition of other ingredients.

While wispy, gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur Compound, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared, and, after another application or two, your hair becomes beautifully dark, glossy, soft and lustrant.

This preparation is a delightful toilet requisite and is not intended for the cure, mitigation or prevention of disease.

### Concentration of Wealth.

"A lot of moving picture stars get enormous salaries."

"Yes. After reading about the sums they draw, it seems strange that there is enough money left to carry on the war in Europe."—Washington Star.

### For Cattle and in the Foot.

Horses and cattle are liable to blood poisoning from stepping on rusty nails. For such an injury apply Hanford's Balsam of Myrrh and get it into the bottom of the wound. It should kill the poison germs. Always have a bottle in your stable, because you will find different uses for it. Adv.

### Handicapped.

There was a trial on in a justice court in Texas. A witness for the plaintiff was on the stand and was giving damaging evidence against the defendant, who was represented by two old practitioners, one nearly deaf and the other nearly blind.

The nearly deaf one said to his associate: "What did the witness say?" The nearly blind one replied: "What witness?"—Boise and Compost.

### Glass of Hot Water Before Breakfast a Splendid Habit

Open sluices of the system each morning and wash away the poisonous, stagnant matter.

Those of us who are accustomed to feel dull and heavy when we arise; splitting headache, stuffy from a cold, foul tongue, nasal breath, acid stomach, lame back, can, instead, both look and feel as fresh as a daisy always by washing the poison and toxins from the body with phosphated hot water each morning.

We should drink before breakfast, a glass of real hot water with a teaspoonful of limestone phosphate in it to flush from the stomach, liver, kidneys and ten yards of bowels the previous day's indigestible waste, sour bile and poisonous toxins; thus cleansing, sweetening and purifying the entire alimentary tract before putting more food into the stomach.

The action of limestone phosphate and hot water on an empty stomach is wonderfully invigorating. It cleans out all the sour fermentations, gases, waste and acid and gives one a splendid appetite for breakfast and it is said to be but a little while until the roses begin to appear in the cheeks. A quarter pound of limestone phosphate will cost very little at the drug store, but is sufficient to make anyone who is bothered with biliousness, constipation, stomach trouble or rheumatism a real enthusiast on the subject of internal sanitation. Try it and you are assured that you will look better and feel better in every way shortly.

### Rewards of Merit.

"I used to tell my son that if he was a good boy I'd take him to the circus." "Is he too old for that?" "Rather. Now he intimates that if I succeed in keeping in his good graces he may get me a ticket to see him play football."—Washington Star.

### MEXICAN BANDITS RAID U. S. BORDER

#### Three American Soldiers and 10-Year Old Boy Are Slain

#### TWO CITIZENS CARRIED OFF PRISONERS

#### Three Settlements in Texas County Attacked at Night—Troops in Pursuit May Cross Line.

El Paso—Three American soldiers and a 10-year-old boy have lost their lives and two American citizens have been kidnapped and carried south of the international boundary to almost certain death in another raid of 200 Mexican bandits that takes rank with Francisco Villa's famous attack on Columbus, N. M. Three soldiers were wounded and two soldiers and two citizens are missing.

The bandits' foray, carrying them through the southern limits of Brewster county, in the Big Bend district of Texas, and taking in three little settlements near the border—Glenn Springs, Boquillas and Deemers—took place on Friday night and Saturday morning, but news of it did not reach here until Sunday.

Within an hour preparations had been made for adequate action. Major General Funston ordered that in all four troops of cavalry should proceed to the raided section to reinforce small detachments already on the scene from Presidio and other convenient points. It was troops get under way at once. It was said here that if the exigency of the case demands such action they will cross the border in order to run down and disperse the bandits.

In a little adobe house nine cavalrymen were their fight for life against the 70 or more Villista bandits at Glenn Springs. A hail of shot poured from more than two hours into the single window of the mud adobe, but the Americans refused to give up. The cavalrymen kept up a steady rifle fire in defiant answer. Then the Mexican leader ordered fire balls to be thrown on the roof, thickly thatched with candelaria.

The blazing weed tortured the soldiers below and burnt their heads and bodies. Broken for the open, firing as they ran. Two were shot and killed as they fled. One is missing and it is believed he is dead. Another was killed as he tried to climb through a window.

According to the story brought here, the Mexican bandits first attacked a store and one or two houses in Boquillas, where they made Deemer and Compton prisoners, and then sped 15 miles northward to make their attack on Glenn Springs, which is fringed by rugged hills. At Glenn Springs they wrecked a wax factory belonging to William Ellis, his store and residence, besides one or two other small buildings.

#### TWO CITIZENS CARRIED OFF PRISONERS

#### Three Settlements in Texas County Attacked at Night—Troops in Pursuit May Cross Line.

El Paso—Three American soldiers and a 10-year-old boy have lost their lives and two American citizens have been kidnapped and carried south of the international boundary to almost certain death in another raid of 200 Mexican bandits that takes rank with Francisco Villa's famous attack on Columbus, N. M. Three soldiers were wounded and two soldiers and two citizens are missing.

The bandits' foray, carrying them through the southern limits of Brewster county, in the Big Bend district of Texas, and taking in three little settlements near the border—Glenn Springs, Boquillas and Deemers—took place on Friday night and Saturday morning, but news of it did not reach here until Sunday.

Within an hour preparations had been made for adequate action. Major General Funston ordered that in all four troops of cavalry should proceed to the raided section to reinforce small detachments already on the scene from Presidio and other convenient points. It was troops get under way at once. It was said here that if the exigency of the case demands such action they will cross the border in order to run down and disperse the bandits.

In a little adobe house nine cavalrymen were their fight for life against the 70 or more Villista bandits at Glenn Springs. A hail of shot poured from more than two hours into the single window of the mud adobe, but the Americans refused to give up. The cavalrymen kept up a steady rifle fire in defiant answer. Then the Mexican leader ordered fire balls to be thrown on the roof, thickly thatched with candelaria.

The blazing weed tortured the soldiers below and burnt their heads and bodies. Broken for the open, firing as they ran. Two were shot and killed as they fled. One is missing and it is believed he is dead. Another was killed as he tried to climb through a window.

According to the story brought here, the Mexican bandits first attacked a store and one or two houses in Boquillas, where they made Deemer and Compton prisoners, and then sped 15 miles northward to make their attack on Glenn Springs, which is fringed by rugged hills. At Glenn Springs they wrecked a wax factory belonging to William Ellis, his store and residence, besides one or two other small buildings.
