This Trade Mark Means

The finest Violins, Mandolins, Guitars, Banjos and Harps, Made in Oregon of Oregon wood which is the finest in the world. Bad violins made into good ones and made into violins. Write for illustration of our violins and mandolins.

THE COULTER CO.,
221 1/2 Washington St., Portland, Ore.

If you cannot come to Portland to get your eyes fitted, I will send you my method of fitting eyes by mail. No need of a doctor's services but much better than going without glasses needed or trying to fit yourself.

Order sent on application. STAPLES, the Jeweler-Optician, 266 Broadway Portland, Oregon

Double Tread Puncture Proof Tires

Made from your old ones. Last long as a brand new tire. Write us. Oregon Vulcanizing Co., 650 Washington St., Portland, Ore.

Busy Mother.

"Please, Mrs. Shea," said the little girl from the house next door, "mother says you'd be kind enough to come over and take care of baby for a little while."

"Why, mother?" replied Mrs. Shea.

"No, but she's writing a paper on 'The Proper Care of Infants,' and she's afraid she won't be able to get it done in time to read before the Mothers' Club tomorrow afternoon."—St. Louis Globe-Democrat.

How the Situation Developed.

"I understand you are now one of the officials of Crismon Gulch."

"Yep," replied Bronco Bob. "I come in on the prohibition ticket."

"And how is prohibition working out?"

"Fine. We've got it fixed now so that nobody but the particular friends of us authorities can buy or sell a drop."—Washington Star.

Salt to the Sheep.

One of the best means of combating the stomach worm in sheep is to have a plentiful supply of salt mixed with a suitable quantity of a reliable worm powder where the wool producers can get at it at all times. Salt is an essential element in the care of sheep, as it makes the food more palatable and also stimulates the digestive system.

Difficult.

A sign in an American barroom reads: "Gentlemen shooting at the bar-keeper will please try to avoid hitting the mirrors, which are the largest in the state and a credit to the town."—Tit-Bits.

Try Chiropractic

If you have tried other methods, medicines, or systems of healing and have not received relief, you have tried the wrong thing. Chiropractic has been successful in removing the cause of disease where other methods failed. If you are sick or ailing, have a trouble of long standing, it will be pleased to consult and give you a spinal analysis, which costs you nothing.

PRESIDENT OUTLINES MEDIATION GROUND

United States Is Pledged to Work for Harmony Among Nations.

HIGHER DIPLOMACY IS URGED

Address Before Peace League Inter-Preting as "Feeler" Looking to Ending of European War.

Washington, D. C.—President Wilson declared here Saturday night before the League to Enforce Peace that the United States was ready to join in any feasible association of nations to preserve the peace of the world against "political ambition and selfish hostility" and in service of "a common peace." He expressed the hope that the terms of peace which end the present war would include such an arrangement.

Outlining suggestions for peace, which the President said he hoped the United States would make when it has the opportunity to do so, he included provision for absolute freedom of the sea, a contention which has been the keystone of all the diplomatic discussions with Germany and Great Britain, and virtual guarantees of territorial integrity and political independence.

Officials interpreted the President's address as a preliminary feeler for peace in Europe. He outlined the conditions on which the United States would move if it made a formal mediator offer with the idea, it was understood, of learning how such suggestions would be received abroad.

"I am sure," said the President, "that the people of the United States would wish their government to move along these lines:

"First—Such a settlement with regard to their own immediate interests as the belligerents may agree upon. We have nothing material of any kind to ask for ourselves and are quite aware that we are in no sense or degree parties to the present quarrel. Our interest is only in peace and its future guarantees.

"Second—An universal association of the nations to maintain the inviolate security of the highway of the seas for the common and unhindered use of all the nations of the world and to prevent any war begun either contrary to treaty covenants or without warning and the fulfilment of the world—a virtual guarantee of territorial integrity and political independence."

"The fundamentals of a lasting peace," President Wilson said he believed were:

"First—That every people has a right to choose the sovereignty under which they shall live.

"Like other nations," the President said, "we have ourselves, no doubt, once and again offended against that principle when for a little while controlled by selfish passion, as our frank historians have it has become more our rule of life and action.

"Second—That the small states of the world have a right to enjoy the same respect for their sovereignty and for their territorial integrity that great and powerful nations expect and insist upon.

"And, third, that the world has a right to be free from every disturbance of its peace that has its origin in aggression and disregard of the rights of people and nations."

The outstanding lesson of the world war, the President said, had been that the peace of the world must henceforth depend upon "a new and more wholesome diplomacy."

German Fleets Raid Riga.

Berlin—An air raid by a German flying squadron on a Russian aeroplane station at Papehnik on the Island of Oesel, in the Gulf of Riga, is announced in an official communication issued by the war office.

"Thursday night a German air squadron again dropped bombs on a Russian aeroplane station at Papehnik, on the Island of Oesel. The squadron obtained lucky hits, mostly on the air station itself. In spite of a heavy fire directed against them, all our aeroplanes returned safely."

Willsta Cache Is Found.

Field headquarters near Namiqua, via wireless to Columbus, N. M.—A Willsta cache of machine guns, rifles and ammunition was unearthed Monday in a canyon near here by townspeople of Namiqua working under American direction. The find, which was officially reported to General J. J. Pershing, expeditionary commander, is regarded as important, not only because of the quantity of armament discovered, but because it reveals a change in the spirit manifested toward the American troops by the natives.

Newspaper Black-Edged.

Athens—"Whoever dreamed to see the Bulgarian flag supplant the Greek flag in Macedonia? Just for this we have maintained mobilization at the cost of the economic ruin of the country."

M. Venizelos, the former premier, thus writes in the Herald, the Venizelist organ. Feeding runs high over the Bulgarian invasion of Greece. The Herald appeared with a black border as a token of national mourning.

Texas Militiamen Report.

San Antonio, Texas.—Rapid decreases in the number of Texas National guardsmen who did not respond to the call to mobilize for service on the border were reported Monday at Fort San Houston. Of the original 116 who were cited for court-martial, only 41 remain who still are liable for trial and it is confidently expected that before the hearing opens next week the number will be reduced to less than a dozen.

Shattering Auto Records.

Shattering all existing records between Portland and Spokane, F. W. Vogler, highest representative of the Reo line, and H. C. Harris, factory representative of the line, arrived in Spokane Tuesday in a 1916 Reo four cylinder touring car. The actual running time between Portland and Spokane was 20 hours and 59 minutes for a distance slightly in excess of 475 miles, an average speed of almost 23 miles an hour over all kinds of roads.

Not satisfied with making a Portland-Spokane record, Mr. Vogler and Mr. Harris also set marks between Pendleton and Dayton and Colfax and Spokane. They made the run from Pendleton to Dayton in two hours and 38 minutes and drove from Colfax to Spokane in two hours and three minutes.

It is seldom that the trip from Portland to Spokane is attempted by automobile and because it has been made so few times many motorists think it cannot be made. According to Mr. Vogler it is as nice a three-day tour as there is in the northwest, the scenery along the route comparing favorably with any in the country.

"My feelings would be those of great delight. I could think of nothing more joyous than the pleasure" was going to take in giving him a licking."—Washington Star.

WIFE TOO ILL TO WORK

IN BED MOST OF TIME

Her Health Restored by Lydia E. Pinkham's Vegetable Compound.

Indianapolis, Indiana.—"My health was so poor and my constitution so run down that I could not work. I was thin, pale and weak, weighed but 69 pounds and was in bed most of the time. I began taking Lydia E. Pinkham's Vegetable Compound and five months later I weighed 133 pounds. I do all the housework and washing for eleven and I can truly say Lydia E. Pinkham's Vegetable Compound has been a godsend to me for I would have been in my grave today but for it. I would tell all women suffering as I was to try your valuable remedy."—Mrs. Wm. Green, 332 S. Addison Street, Indianapolis, Indiana.

There is hardly a neighborhood in this country, wherein some woman has not found health by using this good old-fashioned root and herb remedy.

If there is anything about which you would like special advice, write to the Lydia E. Pinkham Medicine Co., Lynn, Mass.

About Oregon

Winners of Industrial Prizes to Attend O. A. C. Summer School

Arrangements have just been completed by J. A. Churchill, Superintendent of Public Instruction, for sending the boys and girls who won the capital prizes in the industrial club work at the State fair last fall to the Oregon Agricultural college for the Boys' and Girls' Summer school. Twenty-one children were successful in winning these prizes at the State fair last September. The capital prizes consist of membership in the short course at the Agricultural college with all expenses paid. It represents the highest award in each project offered in the Industrial department at the State fair last year. The prizes are made possible through contributions made to Superintendent Churchill for the furtherance of this work by the public-spirited men and women of the state. Those who received these awards are: Leland Charley, Brownboro; Gertrude Courtney, La Grande; Earl Stewart, Cottage Grove; Homer Bursell, Montmorency; Hazel Bursell, Montmorency; Clifford Cook, Yoncalla; Carmen Pendleton; Esther Miller, Medford; Warren McGowan, Independence; Earl Old Reynolds, Independence; Earl Cooley, Salem; L. M. Bowers, Dallas; Rudolph Mullinbush, Bowling; Teddy Fones, Clifton; Exie Morgan, The Dalles; Florence Wharton, Roseburg; Marion Lowe, Nyssa; Mae McDonald, Dallas; Lucille Blume, Albany; Paul Jaeger, Sherwood; Claus Charley, Brownboro.

Washington Fruit Crop Is Late.

Olympia, Wash.—For the whole state of Washington this year's fruit crop is from one week to two weeks later than normal, according to Assistant State Commissioner of Agriculture Morrison. Soft fruits were materially damaged by the cold frost of May 10, 11 and 12. The hard weather of last winter did more damage than the frosts of spring, however. Light cherry, raspberry, blackberry and loganberry crops are predicted for Western Washington.

Hogs Sell Dime Higher This Week.

An increase of 10,000 hogs to date this month over 40,000 gain for the year looks as if not all the hog raisers had "absolutely" gone out of business yet, says the Portland Live Stock Reporter. The past week wasn't very strong as far as prices were concerned. Barely after a nine-cent level was maintained for Monday and Tuesday.

Portland Season Now Nearly Over.

Portland—The few lots of mohair remaining in the Willamette valley are being taken up at reduced prices. The aggregate quantity remaining unsold is small and should quickly be disposed of.

There is criticism in some quarters of a local buyer who made the announcement that he would pay only 25 cents this week, and charges of manipulation are made. The growers will remember, however, that it was this same buyer who started the advance at the opening of the season, and was responsible, more than anyone else, in getting the farmers more money for their mohair than they ever before received. It is his privilege to reduce his buying price at this time, when the supply is practically exhausted, if he sees fit.

Fund From Estray Cattle.

From a fund of \$90,000 received in payment of strayed cattle that roamed the ranges of Montana, all but \$7000 has been paid to rightful owners. When these cattle were shipped the board of stock commissioners stationed at every market point an inspector who took the brand of every animal unloaded from Montana and also received from the commission house a copy of its report, showing the net return for each animal sold.—Portland Live Stock Reporter.

Corry Lamb Loss Reported Large.

Marshfield, Or.—Reports coming from Curry county predict the loss of many lambs on the ranges this summer. Game Warden Adams, who recently had been over a large territory adjacent to Rogue River and its branches, said coyotes had been sheeping havoc among the herds of sheep in several localities. Sheep raisers who, in other years, had driven their flocks to isolated ranges earlier in the year, are keeping them in the lower altitudes until the lambs are matured so they will not be easy prey for the coyotes.

Baker Courts in Conflict.

Baker—As the result of a "pardon" given by County Judge Messick, Frank Schrack, sentenced to 10 days in the county jail by Justice of the Peace F. L. Hubbard, because he would not send his daughter to school, enjoyed two days' liberty, but he is back in his cell again. Judge Messick ordered Sheriff Anderson to release Schrack Saturday. Schrack resumed his trade against Anderson and boasted of his release, so the officials of his freedom got to Justice Hubbard, who ordered in the Justice's court. District Attorney Frederic Steiwer appealed the case.

Roseburg Votes Municipal Railroad.

Roseburg—By a vote of nearly seven to one, the taxpayers of Roseburg went to the polls Tuesday and authorized an amendment to the city charter making it possible for Roseburg, as a municipality, to construct and operate a standard-gauge railroad from this city to Rock Creek.

DR. KORINEK'S DIARRHOEA CAPSULES.

Ask your dealer for Korinek's Remedies. They are guaranteed. Or a note direct to **KORINEK REMEDY CO.,** Kenton Station, Portland, Oregon

Sheep in England.

In Great Britain there is one sheep or lamb for each 2.5 acres of the total area. In the 36 farm states in America there is one sheep or lamb for each 31.8 acres.

The British farmer handles his land on an intensive basis and feeds his sheep on forage-crop pastures. Such pastures not only increase the fertility of the land but also free the sheep from many internal parasites contracted through grazing upon permanent pastures. In particular the use of a succession of forage-crop pastures will prevent stomach worms, one of the most prevalent and disastrous scourges of young stock, and will enable the farmer to market by the end of June or the first of July, when market prices are usually the highest, the lambs that were born in the late winter or early spring.

To keep clean and healthy take Dr. Pierce's Pleasant Pellets. They regulate liver, bowels and stomach.

Watchful Waiting.

Tommy had a cold in his head, which confined him to the house, so he was allowed to invite his young friend, Jack, to tea.

Afterward the two small boys commenced playing hide-and-seek, and Tommy rushed into the dining room and asked his father to conceal him. This his father did, behind a big armchair.

Presently in came Jack, and instead of beginning his search, calmly threw himself down on the rug before the fire.

"Come, Jack," said Tommy's father, "aren't you going to look?"

"No fear," was the small boy's calm retort. "I'm waiting till he sniffs!"—London Answers.

RESINOL SPEEDILY HEALS ITCHING, BURNING, SKIN

Usually resinol ointment, with resin soap, stops itching at once, quickly and easily heals distressing cases of eczema, rash, ringworm, tetter or similar tormenting skin or scalp eruptions, and clears away pimples, redness, roughness, and dandruff, when other treatments have proven useless.

Physicians have prescribed resinol for twenty years, while thousands whose skins have been healed say, "What resinol did for us it will do for you. Try it! All druggists sell—Resinol soap and resinol ointment—Adv.

Slacker.

British Foreman Compositor—Three more of my men have enlisted this morning.

Editor—Ah! A wave of patriotism. I suppose?

Foreman Compositor—Well! Perhaps that's the way to put it, but they say they would rather be shot than set any more of your copy!—Passing Show.

Shake Into Your Shoes

Did He Go?

Johnson—I think if Mr. Jones meant anything personal by giving me a ticket to a lecture on "Fools?"

Jackson—Why?

Johnson—Because the ticket says, "Admit One."—Christian Herald.

Pome.

The days are growing longer, In steady little spurts; The days are growing longer, But not the ladies' skirts.

—Boston Transcript.

A Mean Remark.

Bryan threatens to bolt.—Newspaper headline.

Every bolt has its nut.—New York Sun.

Time for Everything.

A celebrated author thus sketched out his daily program to an interviewer: Rise at 11; breakfast at 12; attention to mail; a few afternoon calls; a ride in the park; dinner at the restaurant; and then to bed.

"But when do you do your literary work?" he was asked.

"Why, the next day, of course," was her reply.—Pickings.

One's Chance.

"Your wife is eating too much fluffy stuff down town. She'll have to change her diet."

"Don't know how I'll manage it, doc, unless I get the druggist to install a mashed potato sundae or a hash mousie."—Louisville Courier-Journal.

The Cause.

"What makes Stiffens such a queer lead color?"

"I guess it is the plumbago his wife says he's got in his back."—Baltimore American.

Backache? Run Down? Tired? Clean the Kidneys with Hot Water and "Anuric"

When run-down after a hard winter—when flu indoors has brought about a stagnant condition in the circulation—most everyone is filled with uric acid—especially in this so-called "past middle age." This uric acid in the blood often causes rheumatism, lumbago, swelling of hands or feet, or a blood-like condition under the eyes. Backache, frequent urination or the pains and stiffness of the joints are also often noticed. Dr. Pierce says that everyone should have a good sweat every day—should drink plenty of pure water and exercise in the open air as much as possible. This helps to throw out the poisonous uric acid thru the skin and the "water." But for such persons as are past middle age it's often impossible to do this and lime salts are deposited in the arteries, veins and joints, causing all kinds of distressing conditions. An antidote for this uric acid poison is to take hot water before meals and "Anuric." Ask your druggist for Doctor Pierce's Invariant Hotel and Surgical Institute in Buffalo, N. Y., or send for a full treatment, or ten cents for a trial package.

"Anuric" is a recent scientific discovery by Dr. Pierce. "Anuric" drives the uric acid out of your body. It is a uric acid solvent so effective that it eliminates these poisons, cleanses the system, allows your over-worked kidneys to resume their normal functions, and just a few days' treatment with "Anuric" will convince you because it brings lasting relief to your painful, aching rheumatic joints, try it now or backache or dizzy spells. Try it now and be convinced!
