Lord Palmerston's Wit.
As for smart repartee, says a correspondent, there was the case of Lord Palmerston, when, as a young Irish peer, he was seeking, as Irish peers may, election to the house of commons. "Will you support such and such a measure if returned?" shouted an elector at one of Palm's meetings. Then a scene followed. "I will," said Palmerston, at which half the audience cheered; "No," continued his lordship, amid vociferous counter cheering; "Tell you!" Then the whole crowd roared its ribs out.—London Chronicle.

NEW PROGRESSIVE CONVENTION

URGED BY JOHN M. PARKER

New Orleans—A statement and call to "the patriotic men and women of America," to hold a new National convention of the Progressive party in Chicago on August 5 and nominate candidates for President and Vice President and continue the party's existence as a distinct political organization, was issued Monday by John M. Parker, Vice Presidential nominee of the Progressive convention held in Chicago last June. He urges the Progressives "eternally to bury" the "bull moose," which, he asserts, "led his loyal followers into the wilderness," and to adopt in its place the American eagle as the emblem of the party.

Mr. Parker does not mention Colonel Roosevelt or any other Progressive leaders or any candidates by name. He declares, however, that the Progressives had supposed its leaders to be "red-blooded Americans, who

promised with their 'life blood' to stay with the party had been deserted by a large part of its officers, who could not stand the acid test. He charges that the leaders, for "steam roller" reasons, have elected to be steam rolled," and that the time has come when every party worker for human welfare and the future of America should unite against both dominant parties. In connection with the Republican party the statement indirectly refers to Charles E. Hughes, Republican candidate for President, as "a splendid man" selected by the Republicans "as the man behind which they hope again to secure control of state and nation."

Increased Northwest Lumber Rates

Refused by Commerce Commission

Washington, D. C.—Increases ranging from 1 to 8 cents a hundred pounds on lumber from the Pacific Northwest to New Mexico, Oklahoma and Texas were disapproved by the Interstate Commerce commission Monday on the ground that they were not justified on the ground of uniformity. The increased rates held unreasonable for those filed to become effective January 5, 1916, and suspended by the commission.

The commission also cites the contention of shippers that these increases to become operative California lumber and particularly California shingles would be able largely to absorb the New Mexico, Oklahoma and Texas markets to the exclusion of lumber products from the Northwest.

Penny Holds Up Rifles.

Albany, Or.—Because a 1-cent revenue stamp was missing from a shipping receipt, the Albany Civilians' Rifle Club will be delayed about 10 days in receiving its supply of rifles for target practice. President Stellmacher, of the club, received word several days ago that the rifles would be shipped from the United States arsenal at Benicia, Cal. Word came that the shipment could not be made until a 1-cent revenue stamp was sent for the shipping receipt. The stamp was sent at once.

I. W. W. Threaten Invasion.

Lincoln, Neb.—If the Lincoln police do not drop their "Russianized" methods, T. J. Thorne, I. W. W. leader of Kansas City, will "invade" the city with 500 followers, according to a letter received Monday by Chief of Police Anties from Thorne. "I am holding 500 men who will leave at a moment's notice for your 'Russianized' community," the letter reads. County and city police forces have been active in urging the Industrial Workers members to move on through the city.

Berlin Beer-Drinking Hit.

Amsterdam, via London—A protest against the consumption of barley for the making of beer is made in a letter to Chancellor von Bethmann-Hollweg, signed by 80,000 members of Good Templar Lodges in Germany. The letter points out the "gigantic waste of bread material," in the use of large quantities of barley for the production of beer. It urges that hereafter beer be only supplied on bread tickets.

Too Tolerant.

Bishop Conrad said at a dinner in Newport News: "Some folks regard their sins in too generous and tolerant a way. They're like Cal Clay."
"I said to Cal one day: 'Calhoun, my man, Gen. Douglas has positive proof that you looted his chicken house last week. I should think you'd be ashamed to take communion after such a rascally deed as that.'"
"Mah goodness, sah," said Cal reproachfully. "Ah wouldn't let a f-w mealy chickens stand 'twixt me an' de Lawd's table!"

Secret Worth Buying.

Mr. Rounder (at police station)—Can I see the burglar who was arrested for breaking into my house last night?
Chief (hesitatingly)—Well, I don't know. What do you want to see him about?
Rounder—Oh, there's nothing secret about it. I just want to find out how he managed to get into the house without waking my wife.—Boston Transcript.

Uch.

They were sitting in a secluded corner of the veranda. For a long time neither of them had spoken. Suddenly he took her little hand in his. His voice was choked with emotion as he said:
"Do you think you could ever learn to love a man?"
"Yes," she interrupted in a soft whisper. "Bring on your man."—New York World.

True View.

The late James J. Hill, the railroad king, was a man of buoyant optimism. "Failure," he once said in an address to railway men, "failures are always pessimists. Successes, on the other hand, are optimists. Which is right?"
He paused, then added:
"It's easier to slip down hill than to climb up, but the view, remember, is at the top."

Sometimes Apply It Lightly.

For cuts, burns, scalds, sores and open wounds always apply Hanford's Balsam lightly, but be sure that it covers and gets to the bottom of the wound. A few light applications are generally all that is needed to heal this class of difficulties. Adv.

I OWE MY HEALTH

To Lydia E. Pinkham's Vegetable Compound.

Washington Park, Ill.—"I am the mother of four children and have suffered with female trouble, backache, nervous spells and the blues. My children's loud talking and romping would make me so nervous I could just tear everything to pieces and I would ache all over and feel so sick that I would not want anyone to talk to me at times. Lydia E. Pinkham's Vegetable Compound and Liver Pills restored me to health and I want to thank you for the good they have done me. I have had quite a bit of trouble and worry but it does not affect my youthful looks. My friends say 'Why do you look so young and well?' I owe it all to the Lydia E. Pinkham remedies."
—MRS. ROBT. STOTTEL, Moore Avenue, Washington Park, Illinois.

We wish every woman who suffers from female troubles, nervousness, backache or the blues could see the letters written by women made well by Lydia E. Pinkham's Vegetable Compound.

If you have any symptoms about which you would like to know write to the Lydia E. Pinkham Medicine Co., Lynn, Mass., for helpful advice given free of charge.

Northwest Wheat Crop Estimated at 55,000,000 Bushels

The wheat crop of the Pacific Northwest is estimated by grainmen at from 54,000,000 to 56,000,000 bushels. The remarkable improvement made in the past few weeks justifies them in raising their estimates to these figures. At the present time the weather could not be better for filling out, and glowing reports are coming in from all sections.

As to the future prices, the situation is as uncertain as it ever was, but one thing seems sure that is that the market will be on the basis of Chicago. The tendency now is to get on a parity with the East. The late Chicago bulge put that market up about 7 cents, whereas prices here have advanced only about 3 cents. The coast market is not in the Chicago parity, but it is not far from it.

Ship 12 Cars Fruit Daily.

Puyallup, Wash.—With more than 8000 berry pickers in the valley and the berries ripening very fast, President W. H. Paulhamus, of the Fruit Growers' association, said that the association will ship a dozen cars of berries a day for the coming week. About 2000 pickers can still be used in the valley. Mr. Paulhamus estimates. Ranchers in the vicinity of Puyallup are in greater need of pickers than are summer ranchers, because most of the Puyallup berries are Antwerp and Marlboro, and ripen much faster than the Cuthberts.

Umatilla Crop Promising.

Pendleton, Or.—With harvest in Umatilla county a week or two late, predictions are that a much larger crop will be harvested than was expected a short time ago. The cold spring was a great hindrance to growing grain, but recent rains, followed by warm days have brought out the crops wonderfully, especially in the lighter grain sections. Wheat and barley are ripening rapidly. Usually planting begins in most of the wheat sections shortly after July 10, but it is reported little will be cut this year before August 1.

Quinalt Pack Will Be Normal.

Aberdeen, Wash.—The estimated pack of Quinalt salmon during the season now drawing to a close is 16,000 cases of half-pound cans. This is about a normal pack, although last season 40,000 cases were packed, due to the largest run of salmon ever experienced on the Quinalt river. The price paid for salmon this year was more than double that paid last season. This was due to a salmon-buying war waged between the two local companies and the Everett Packing company.

Hay Harvest Starts on Coast.

Marshfield, Or.—Haying season, which comes later on the Coast than elsewhere in Oregon, is in full swing and the crop is abundant. The ranchers on Coos river have been busy with their mowing machines for the past week, and the Coquille valley farmers are also harvesting their hay. Many Coos county stockraisers depend upon corn ensilage rather than hay and that crop will be gathered later in the year.

Roseburg Shipping Sheep.

Roseburg, Or.—More than 1000 sheep were brought here Sunday by George Kohlman, preparatory to being shipped to the San Francisco markets. As many more were shipped to California Saturday by Pelton & Seelmann, local livestock buyers.

Blasted Out with IANT

You know the difficulty of getting the roots of stumps out with pullers, by burning, or by using explosives that merely shatter. You need explosives that not only shatter but also lift and heave—that tear the roots and make clearing easy. You can save work, time and money by using

IANT FARM POWDERS

—made by a Pacific Coast company, with 50 years' experience, to meet Pacific Coast agricultural conditions. More than 2,000,000 pounds used every year by farmers who have proved they reduce stump blasting costs. There are two IANT Powders—Eureka Stumping Powder, for use in dry work, and IANT Stumping Powder, for wet work. Ask your dealer for them. Test them alongside of any other explosive. Write us and we will have our nearest distributor supply you—at lowest market prices—with a trial case that will prove to you the economy of using IANT Farm Powders.

Five Valuable Books Free

We issue five handsome, illustrated books to help you to blast cheaper and better—books on Stump Blasting, Boulder Blasting, Tree Planting, Subsoil Blasting and Ditch Blasting. Any or all of these—written by western men for western farmers—will be sent on request. Choose the books that you prefer and write for them today.

Words Failed Her.

The budding authoress had purchased a typewriter, and one morning the agent called and asked:
"How do you like your new typewriter, madam?"
"It's wonderful!" was the enthusiastic reply. "I unhesitatingly recommend it to my writing without it."
"Would you mind," asked the agent, "giving me a little testimonial to that effect?"
"Certainly not," she responded. "I'll do it gladly."

Seating herself at the machine, she pounded out the following:
"After Using the Automatic Back-action type writer, for three months I can say that I unhesitatingly recommend it to all who are in the business of manufacturing claim for it. During the time it has been in my possession it had more than an equal paid for itself in these saving off time and labor!"—Everybody's Magazine.

"I guess it's because the folks who has 'em wants to be in the push."—Baltimore American.

If you Suffer from Backache, Lumbago, Kidneys or Rheumatism, Take Hot Water and "Anuric."

American men and women must guard constantly against kidney trouble, because we eat too much and all our food is rich. Our blood is filled with uric acid which the kidneys strive to filter out; they weaken from overwork, become sluggish; the eliminative tissues clog and the result is kidney trouble, bladder weakness and a general decline in health. When your kidneys feel like lumps of lead, when your back hurts or the urine is cloudy, full of sediment, or you are obliged to seek relief two or three times during the night, when you suffer with sick headache or dizzy, nervous spells, acid stomach, or you have rheumatism when the weather is bad, get from your druggist—"ANURIC." Because of uric acid in overabundance in the system, backache, pains here and there, rheumatism, gout, gravel, neuralgia and sciatica result. It was Dr. Pierce who discovered a new agent, called "Anuric," which will throw out and eradicate this uric acid from the system. Dr. Pierce believes "Anuric" to be 37 times more potent than lithia, and consequently you need no longer fear muscular or articular rheumatism or gout, or many other diseases which are dependent on an accumulation of uric acid within the body. Send Dr. Pierce, Invalids' Hotel, Buffalo, N. Y., 10c. for trial package or \$1.00 for full treatment "Anuric."
Dr. Pierce's reputation is back of this medicine and you know that his "Pleasant Pellets" for the liver and his "Favorite Prescription" for the ills of women have had a splendid reputation for the past 50 years.
