Wilson he became exhausted and fell by the roadside, unable to arise. Miss Sheldon, who was riding horseback across country, finding him, returned to the mill for help. A wagon was brought out and Mr. Francisco taken to the Wilson place. Mr. Wilson brought him to town Sunday.

To Remove Match Marks
Marks on kitchen walls, which have been caused by carelessly striking matches on them, will disappear if rubbed with a bit of lemon and then with a clean cloth dipped in white. Afterwards wash the surface with warm water and soap—then wipe with a clean damp cloth.

The Lady or the Tiger Riddle.
"Perhaps the most interesting thing about 'The Lady or the Tiger?' Frank H. Stockton once said, 'It is its great popularity among the savage races. It has been told again and again by the story tellers of Burma. A missionary once told the story to a tribe of Karens in Burma. When she came back a year later the tribe surrounded her and wanted to know if she had found out whether I cannot answer the question, for I have no earthly idea myself. I have never been able to decide whether the lady or the tiger came out of that door. Yet I must defend myself. People for years have upbraided me for leaving it a mystery. Some used to write me that I had no right to impose upon the good nature of the public in that manner. However, when I started in to write the story I intended to finish it, but it would never let itself be finished. I could not decide, and to this day, I assure you, I know no better than any one else.'"—Christian Science Monitor.
Drew Line at Indians.
At a recent gathering of life insurance men one of the old timers exhibited a copy of a permit which had been attached to a policy issued by the Mutual Life in 1808. This permit read: "The within assured has permission to reside in any settled part of the states of California, Nevada, Oregon or Washington territory and while so residing to make trips (as a passenger only) on first class steamers plying between the ports of Washington territory, the states of California and Oregon and the Sandwich Islands and to proceed to and return in like manner, or by public conveyance overland."
"Provided that written notice be given by the assured whenever any trip to the Sandwich Islands or to the Atlantic states is undertaken, to the general agent of the company at San Francisco, Cal., and provided also that on the overland route the said assured to take his own risk by death from hostile Indians."—Wall Street Journal.

Catarrhal Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portions of the ear. There is only one way to cure catarrhal deafness, and that is by a constitutional remedy. Catarrhal deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surface. Hall's Catarrh Cure acts thru the blood on the mucous surfaces of the system.
We will give One Hundred Dollars for any case of Catarrhal Deafness that cannot be cured by Hall's Catarrh Cure. Circulars free. All Druggists 75c.
