A good big assortment of good styles and colors for everyday wear, regular values up to \$2, odds and ends, your choice, while they last **98c**

The Paris Fair

HOOD RIVER OREGON

PAVING COMPLETE IN MULTNOMAH COUNTY

The paving of the Columbia River highway in Multnomah county has been brought to completion and the road was thrown open to traffic Saturday. As a result more automobiles than have been seen in Hood River in a single former week end, were here Sunday. The old stretches of plank and dirt road are gone and the new hard surface extends for 26.73 miles east of Troutdale. The highway has been a little more than three years in construction. It was conceived in June, 1913. A highway proper has cost \$1,300,000, a little more than \$48,000 a mile. There are more than 40 viaducts and bridges on the scenic highway. Motorists to the number of 8000 speed over the highway weekly, it was found this summer.

Give the Hood River Market a trial order for meat which will be mailed to you by parcel post. Prompt service.

WHITE SALMON.

An apple packing school will be conducted at the Growers Association warehouse early in September and it is expected there will be a number of in the White Salmon-Underwood, Lyle and Appleton districts who will desire to take these lessons.

The fact that there was an unusually heavy dew Friday night undoubtedly prevented the fire at the MacIntosh burning from spreading. Sparks and burning embers were carried long distances and had our weed crop been in its usual dry condition, other fires must have occurred. Cut the weeds. The Mount Adams Lumber Co. is making a big run on fruit boxes this summer, expecting to ship 60,000 apples boxes besides peach boxes, cantaloupe boxes, etc. They are employing 12 men in the box factory and the output is about 2,000 a day. A carload of cantaloupe crates was shipped to Longview, Wash., recently, showing that the company's reputation for a quality product is becoming recognized away from home as well as in our own community.

Deer Season Open

For those who would go hunting deer the open season on which began at sun-up Tuesday morning, the following legal provisions should be carefully read: According to the game laws of Oregon in both districts of the state the hunting season for deer with horns lasts until October 31. Three such deer during any one season is the limit for any one person. Does and fawns are protected at all times, and the killing of these will result in heavy penalty in the event of conviction. The law also provides that "it shall be unlawful within the state of Oregon for any person, at any time, to have in possession more than 40 pounds of any dried, smoked, evaporated or jerked venison or deer meat." Hunting more than half an hour after sunset, or more than half an hour before sunrise, is prohibited by law. The state game warden has supplied every part of the state with efficient patrols, and violators of the law will be dealt with harshly. A license of \$1 is required of hunters who live within the state. Non residents are required to pay \$10 fee in order to hunt game. A combination license for residents of the state for both hunting and fishing can be procured at any sporting goods house or county clerk for \$2.

Money to Loan on Farm Land at 8 per cent, and under certain conditions settled. Frank G. Dick, The Dalles, Oregon

INDUSTRIAL SCHOOL FAIR, SEPTEMBER 12

At the regular meeting of the board of directors of School District No. 52 Tuesday night, it was decided to hold a big industrial school fair in Mosier on September 12. Clyde T. Bonney, county school superintendent, was present to help formulate plans. It was decided to hold a district fair in this city, the local school district to contribute \$20 towards the fair, and other districts, comprising Nos. 8, 64, 43 and the Rowena and Marsh schools, will be asked to contribute \$5 each towards the fair. Many of the industrial club members as well as other children have been growing products in the garden, raising stock, putting up fruit, doing fancy work, drawings and many other things to win the cash prizes and compete for the free trips to O. A. C. and the state fair at Salem which are offered. The premium list will be published in next week's issue of the Bulletin. It was decided last week to commence the opening of school for District No. 52 on September 4, but since then it has been learned that this date would hinder many of the children who are planning to pick and pack the prune crop. Consequently the opening date has been postponed until September 11 when all pupils are expected to register.

Resolutions of Condolence
Whereas, The hand of death has entered our midst and taken from us a beloved sister, Nettie Carroll, therefore be it
Resolved, That we as members of Mosier Grange No. 234, do hereby express our great sorrow in the loss of so faithful a member and friend, and be it further
Resolved, that our charter be draped in mourning for a period of thirty days and that we extend our sympathy to the family, and that a copy of these resolutions be spread on the minutes of this Grange and that copies also be sent to the bereaved family, the Grange Bulletin, and the local paper.
Geo. W. Mathews, Hannah Root, A. M. Root, Committee.

Cake Recipe
Several ladies of Mosier have asked that a recipe of Mrs. C. L. Joy for a burnt leather cake, be published. The recipe follows:
1 cup of granulated sugar
1/2 cup of burnt sugar
1/2 cup of butter
2 eggs
1 cup of cold water
2 cups of flour
2 teaspoonsful of baking powder
vanilla flavoring
For the filling:
14 cups of sugar
1 tablespoonful of burnt sugar
1/2 cup of milk
vanilla

A City Being "Jacked Up"
Throughout the entire business district of Astoria buildings are being raised to conform with the new grades being established under the city reclamation program, which provides for the elimination of all tide flats hitherto in evidence. The initial stages of the work have been accomplished by pumping sand from the Columbia river at a cost of nearly \$500,000. The second stage is now in progress, which when completed, will comprehensively hard surface of all streets throughout the business district, with a viaduct system covering approximately 50 blocks on all main and intersecting streets. The cost of these latter improvements will be in excess of \$350,000.

Geo. W. Mathews, who with his sister, Miss Mary Mathews, of Portland, spent a week camping near the Pouch Bowl on Hood River, returned home Tuesday night. Mr. Mathews had the good fortune to land six steelheads and a Rainbow trout. The steelheads averaged between six and seven pounds. In landing his biggest catch, Mr. Mathews stated that his reel became unfastened from the pole and that it was necessary to let out and take in line with his hands and teeth, to land the nine pound member of the finny tribe, which certainly put up a game fight.

Rev. Leon L. Myers, pastor of the Christian church in The Dalles, and P. A. Stockton, singing evangelist, of Albany, who have been here for several weeks conducting revival meetings, left the first of the week for The Dalles where they are now conducting a three weeks' tent meeting. They stated that they were well pleased with results here and Mr. Myers hopes to return to Mosier the middle part of September to locate permanently.

J. E. Higley, who for the past ten months has been at Douglas, Alaska, doing carpenter work for a building and loan association, returned to his home Monday night. Another shipmate of the same trip, Mr. Higley stated that the mines have been closed for some unknown reason and that it was not known just when they would be opened again. This consequently stopped all building plans. Mr. Higley left Sunday morning on a boat which he took as far as Vancouver, B. C. The remainder of the journey was made by train.

Prune Packing to Begin August 28
It is predicted that the picking of the Mosier crop of prunes will commence on Monday, August 28, and the packing of the crop will begin at the warehouse of the Mosier Fruit Growers Association on the same date. There is estimated 100 tons of Italian prunes which have been sold in bulk to Lynch & Taylor, of North Yakima, for \$35 a ton, f. o. b. Mosier.
C. J. Simsel, wholesale fruit and produce merchant of Boise, Idaho, and president of the Boise Commercial club, is here this week making all arrangements to handle the packing of the local crop. The crates have all been made and he expects to put on a force of at least thirty five packers in order to send out a carload each day. It is expected to take 9 or 10 days to finish, and if possible, all local help will be employed.
Italian prunes are grown principally here, and a few crates of silver and Petite prunes will be sold through express shipments.

35 Prune Packers Wanted
Packing of the Mosier crop of prunes will commence about August 28. Thirty five packers wanted. Mosier help preferred. Register names at office of the Mosier Fruit Growers Association. C. J. Simsel.
Recently a local man picked up the Oregonian early one morning and listened to his wife. "Listen here," he said, "The thermometer registered 104 degrees at Des Moines, Ia., yesterday. But his wife had not heard—she had gone out to stand beside the kitchen range and get warm."

There is more Catarrh in this section of the country than all other diseases put together, and for years it was supposed to be incurable. Doctors prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Catarrh is a local disease, greatly influenced by constitutional conditions and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is a constitutional remedy, is taken internally and acts through the Blood on the Mucous Surfaces of the System. One Hundred Dollars reward is offered for any case that Hall's Catarrh Cure fails to cure. Send for circulars and testimonials. F. J. CHENEY & CO., Toledo, Ohio. Sold by Druggists. The Hall's Family Pills for constipation.

Truly has done away with that disagreeable condition known as "the morning after".
It is an agreeable preparation for the relief of headache, neuralgia, sea or train sickness and depression following alcoholic and other excesses.
Price 25 cents per Bottle
ARTHUR PHARMACY

PEAR PRICES WILL BE PHENOMENAL

Although it is expected, according to Wilmer Sieg, that a sag will occur in prices about the time the local product is harvested, there is still every likelihood that Hood River valley Bartlett pears will sell for phenomenal prices this year. If the fruit had matured as early as usual the harvest would now be under way and pears would bring growers rich returns. The Association has already sold for future delivery a small block of the crop of its affiliated growers at \$1.50 per box. The bulk of last season's crop was sold to canners at \$20 per ton, approximately 50 cents per box.
The record offerings for Bartlett pears are being made by the Fruit Growers Exchange. "We will take all we can get," says Kenneth McKay, "for \$1.65."
