SCHOOL GROUNDS TO BE IMPROVED

At the regular meeting of the Parent-Teacher Association held Friday night, Prof. B. A. Berry opened the meeting by advocating the improvement of the approach to the school building and also advised a general clean-up of the grounds.

The approach to the building, as was pointed out in the talks, is a steep and rough path, which during the winter the snow and rains cause to be very slippery and hazardous to walk upon.

The serving of hot lunches during the noon hour by the classes in domestic science was suggested by Miss Dorothy E. Passmore, instructor in the home economics department.

The program committee for the next meeting was appointed by the president as follows: Mrs. W. A. Husbands, Mrs. W. E. Chown, and Mrs. M. E. Butterfield.

Following a song by the audience, Mrs. Margaret Walker gave a select reading.

Leo Nichol rendered a cornet solo accompanied by Miss Emily Husbands. Stating the impressions gained on his first views of the Northwest and also drawing comparisons between this country and Japan, where he resided for a number of years, especially in agricultural resources and population was the subject of his address.

A song by the audience, a select reading by Mrs. Berry, followed by another song by the audience, concluded the meeting.

New Tax Law Was Work of Kelly

(From The Dalles Chronicle)

The taxpayers who thronged the sheriff's office recently to pay the remaining balance of their taxes, probably given little thought to the difference of the terms of payment under the provisions of the law as it now is and the law that was superseded.

Most of us do remember, however, when the taxes became due and payable on April 1, the hardship it worked to meet them in a single payment. It is true the law could have been withheld from payment until September 1, but there was a penalty of one per cent per month for six months and a further penalty of 10 per cent if not paid by September 1.

Not only did the law work a hardship upon the taxpayer, but its provision that the collection of taxes should be done by the county treasurer nearly doubled the cost of collection. Just why such a law should have been enacted is difficult, if not unnecessary, to explain at this late date, but with all its inconveniences, hardships and increased cost to administer it was the law, and it remained for J. L. Kelly, who then represented us in the legislature, to force its repeal and secure the enactment of the present law.

And strange as it may seem, there was a strong opposition to overcome in effecting the repeal and organizing the necessary strength to put the present law through, and had it been the custody of a man less keen and able and without the untiring energy of Mr. Kelly, it would have failed of passage.

The delegation from Multnomah county brought its combined strength to defeat the repeal and block the enactment of the present law, but stronger than all was the opposition of the State Tax Commission.

The commission contended the taxpayers would not pay unless the penalty was severe, but Mr. Kelly met them by showing that if the taxpayers failed to pay their taxes and the counties should run short of funds they could easily borrow at 6 per cent, while the delinquent taxes would be earning the county 12 per cent, so that there would be a gain instead of a loss. His showing of the extra cost to the taxpayer under the law as it then was; that the increase of treasurers' salaries, and the employment of deputies would amount to more than \$70,000 per annum, was so strong and forcible that he mastered the strength to carry his measure through both houses, resulting in the present law.

As a candidate to succeed himself Mr. Kelly could reasonably expect, and ought to get, the united support of his party associates, but beyond the partisan feature his candidacy ought to draw support from conservative and sober minded citizens of all parties. In legislative bodies composed of strong and able men, those counties alone can hope for their interests to be successfully guarded, who see to it that their representatives are also strong and able men.

Mr. Kelly's signal success in the management of his affairs as farmer and stockman, his keen business instinct and unerring judgment in public affairs, together with his experience as a lawmaker, exceptionally qualify him to look after Wasco and Hood River counties' interests at the coming session, when so many matters touching the welfare of the good roads movement will come up for consideration. In the apportionment of the state highway fund and the allotment of the federal appropriation under the provisions of the Shakerford bill, the 29th district may suffer a serious loss if it fails to return him to the legislature.

APPLE CROP WILL EXCEED ESTIMATES

"Indications are that this year's apple crop will greatly exceed the estimates of 75 cars for the district as the number of boxes of apples received from each grower so far has exceeded expectations," says Manager R. D. Chatfield of the Mosier Fruit Growers Association.

"The crop is nearly all sold now, and we are booking orders every day and by the end of the week expect to be completed.

"From the present outlook with a steady and rising market the growers stand excellent chances of getting mighty good prices for their apples, and in fact I believe the returns will total \$75,000 net to the growers in the district," Mr. Chatfield stated.

The growers are attempting to get the crop picked and under cover before the rains and at the present rate it seems probable that the picking will be concluded in a week.

A dearth of packers, scarcity of boxes and refrigerator car shortage is hampering considerably in getting out the crop. At the present time there are in the neighborhood of eight carloads stored in the association warehouse. So far ten cars have been shipped to California and eastern markets and several cars have been sent to exporters for shipment to England.

Orders are on hand for a car to Norway, and also to Scotland.

The entire crop of Red Cheeks has been sold to Portland dealers.

Several cars of cider apples have been shipped to Portland.

"The apple market is certainly looking very encouraging, many orders for cars and inquiries are being received daily at satisfactory prices. There is every reason to believe, with the demand in the east constantly increasing, that the entire crop will be sold at prices satisfactory to all growers," Manager Chatfield concluded.

W. L. BRADSHAW

Candidate for re-election for Circuit Judge of the seventh judicial district, comprising Hood River and Wasco counties.

Judge Bradshaw has been judge of the seventh judicial district continuously for the past twenty five years.

During that time he has given the people an efficient and economical administration of the office.

He has a splendid record in the Supreme Court, being above the average.

If re-elected will continue to give the people that same conscientious service that he has given in the past.

Pendleton Normal School Proven Necessity

(Copied from Portland Oregonian.)

MONMOUTH, Ore., June 26.—The Oregon Normal school opened this week... students enrolled 785, largest on record for state Normal in Oregon... \$50 being crowded into auditorium with seating capacity of 650. Galleries filled with extra chairs in aisles. More than 150 students seated on platform. New boarding houses completed, additions to rooming houses built and tents used. One hundred girls sleep on upper floor of school. The official school report gives 150 grade pupils in Monmouth, for teacher practice.

Read what those you have elected to handle the affairs of your state and who are thoroughly informed regarding school conditions in Oregon have to say concerning measure 308 on the ballot at the coming election:

By James Withycombe, Governor of Oregon:

"Oregon is unquestionably in need of more normal school work and Pendleton is the logical place for a school of this class in Eastern Oregon."

By J. A. Churchill, State Superintendent of Public Instruction:

"I trust that the voters of the State will assist in raising the standard of our schools by establishing a State Normal School at Pendleton."

By P. L. Campbell, President of the University of Oregon:

"At least one additional Normal School is urgently needed in Oregon."

By W. J. Kerr, President of the Oregon Agricultural College:

"Since the people of Pendleton are initiating a measure for the establishment of a Normal School at that place, it will give me pleasure to support this measure."

By J. H. Ackerman, President Oregon Normal School, at Monmouth:

"A careful analysis of the situation will convince any one that Oregon needs a Normal School in Eastern Oregon and Pendleton fills all the government requirements."

By the County School Superintendents of Oregon:

"Resolved, that it is the sense of the County School Superintendents of the State of Oregon, in convention assembled, that the best interests of the schools of the State demand increased facilities for the training of teachers, and that we, therefore, endorse the initiative measure to establish a Normal School at Pendleton."

By Mrs. Charles H. Castner, President of the Oregon Federation of Women's Clubs:

"I most heartily endorse the location of said Normal School at Pendleton."

Prof. Robert C. French, Former President of the Normal School Located at Weston:

"An immediate establishment of such a school at some central point such as Pendleton would prove a great asset to the State of Oregon."

B. F. Mulkey, Ex-President Southern Oregon Normal School:

"I shall support the location of an Eastern Oregon Normal School at Pendleton."

State Board of Regents of Oregon Normal School declares that "the necessity for additional Normal school facilities in Oregon is apparent."

Portland Chamber of Commerce endorses measure 308 and say Pendleton most logical location for Normal school in Eastern Oregon.

308 X YES IS A VOTE FOR YOUR CHILDREN
