**SALTS FINE FOR
ACHING KIDNEYS**

We eat too much meat which
clogs kidneys, then the
Back hurts.

Most folks forget that the kidneys,
like the bowels, get sluggish and clogged
and need a flushing occasionally,
else we have backache and dull misery
in the kidney region, severe headaches,
rheumatic twinges, torpid liver, acid
stomach, sleeplessness and all sorts
of bladder disorders.

You simply must keep your kidneys
active and clean, and the moment you
feel an ache or pain in the kidney
region, or your urine turns slightly
cloudy, take a tablespoonful in a glass of
water before breakfast for a few days
and your kidneys will then act fine.

This famous salt is made from the
acid of grapes and lemon juice, combined
with lithia, and is harmless to
flush clogged kidneys and stimulate
them to normal activity. It also neutralizes
the acids in the urine so it no longer
irritates, thus ending bladder
disorders.

Jad Salts is harmless; inexpensive;
makes a delightful effervescent lithia-
water drink which everybody should
take now and then to keep their kid-
neys clean, thus avoiding serious com-
plications.

A well-known local druggist says he
sells lots of Jad Salts to folks who be-
lieve in overcoming kidney trouble
while it is only trouble.

The Crank's View.
Society Reporter—I understand you
are making plans to marry Miss New-
rich next year. Count Brokinsky.
Count Brokinsky—Ha! You are quite
correct. But I have ze plans all
finished. We are now working on ze
budget.—Exchange.

Of Course.
Feminist—Just think, if the girls
were taken away from this college
what would follow?
Chorus of roughs—We would—
Chapparral.

A Fatal Mistake.
A westerner had hanged himself to
the bedpost by his suspenders. The
verdict of the coroner's jury ran: "De-
ceased came to his death by coming
home full and mistaking himself for
his pants."—Philadelphia Ledger.

Comedy and Pathos.
"A man looks comical when he pro-
poses."
"Yes," replied Miss Cayenne. "He's
fortunate if he can let it go at that
and not look pathetic after he is mar-
ried."—Washington Star.

Strictly Temperate.
He—Let's go out and have a tete-a-
tete.
She—All right, but don't let 'em
make mine too strong.—Baltimore
American.

**Title Elsie had been chastised for
misbehavior.**
"What's the matter dear?" asked
grandma. "Did you have an accident?"
"No, grandma," sobbed Elsie, "it
wasn't an accident. Mamma did it
on p-purpose."—Chicago Daily
News.

**You can get rid
of itching with
Resinol**

Resinol Ointment and Resinol Soap easily heal
most cases of eczema and similar skin-irritations.
The first application usually stops the itching and
burning soreness. Sold by all druggists. For sam-
ple of each free write to Dept. S-T, Resinol, Bal-
timore, Md. Use Resinol Soap for the complexion.

Prunes Are Shipped East.
Sheridan—Sheridan shipped east 1-
037,000 pounds of prunes, Wednesday,
this shipment comprising the output of
10 of the large orchards around Sheri-
dan. Seven to seven and one half
cents was the price brought. The
prunes were of the finest quality. Next
year more acreage will come into
bearing and the output may be
doubled.

Portland Man Appointed.
Salem—J. H. Gault, of Portland has
been appointed chief engineer at the
Eastern Oregon state hospital to suc-
ceed Charles Murphy, recently named
as superintendent of the Oregon peni-
tentiary.

About Oregon

**University Students Live Well
on 8-Cent Meals by Clubbing**

Salem—The riddle of the high cost
of living apparently has been solved by
the Commons Co-operative Club of
Willamette University, composed of
26 students.

This club during October furnished
its members with three meals a day
for an average cost of 24.8 cents a
day each, or 8.3 cents a meal. This
cost also included the salary of the
cook, fuel and light. The actual price
paid for foodstuffs was 18.8 cents a
day, or 6.3 cents a meal.

The students do all the buying, serv-
ing of meals, washing dishes and other
work. The meals are served in the
basement of Walter hall. F. E. Priddy
and C. E. Womer are the two stu-
dents who have charge of the purchase
of food supplies, and despite the low
cost they said that they were able to
obtain a wide variety of food and sat-
isfy the appetites of the club mem-
bers.

"In October," said Mr. Priddy, "it
cost our club only \$7.70 for each mem-
ber for food, and we gave a well-
balanced ration. We pay our cook \$35
a month and board, our wood for fuel
purposes costs \$12 and lights \$1 for
the month. For food we paid out
\$152.20 in the 31 days of the month."

For breakfast the students are
served with griddle cakes, cereal,
hash, bread and butter and coffee. For
luncheon there are three kinds of veg-
etables, bread and butter, tea or coffee.
No meat or dessert is served. The
dinner in the evening includes vegeta-
bles, meats, bread and butter, des-
sert of some kind, and either coffee or
cocoa.

State Tax Levy Test Begun;
Six Per Cent Limitation in Court

Salem—A state tax which will pro-
vide for all the requirements of the
state government will be certified to
the various counties by the State Tax
commission, it was announced Tuesday
at a meeting attended by the govern-
or, secretary of state and state treasurer.

The board will make the certifica-
tion without regard to the 6 per cent
tax limitation amendment adopted at
the recent general election and thus
the question of whether the amend-
ment is applicable to the state levy
will be brought before the courts for
decision.

An early settlement of the question
is desired so the legislature may be in-
formed whether or not additional legisla-
tion to put amendment in operation is
needed.

The tax commission is not deemed a
tax levying body and the point has
been raised that it is the counties
which make the state levy and not the
tax commission.

Cornerstone is Laid.

the cornerstone of Roseburg's new Fed-
eral building last Monday afternoon by
the acting officers of the Grand Lodge
of Masons of Oregon. Former Grand
Worshipful Master J. C. Fullerton had
charge of the ceremony, and ex-Con-
gressman Binger Heriman was orator
of the day.

The business houses were closed and
the High school students marched to
the Federal building in honor of the
event. In the usual copper box placed
for historical recollection, if the build-
ing should be destroyed, were copies of
local papers, the names of the city
government and the acting officers of
the Grand Lodge of Masons.

New Road Plan Proposed.

Salem—The members of the State
Highway commission are in favor of
being relieved of duties connected
with the highway development of the
state and having the work placed in
the hands of a non-political commis-
sion.

This was the information given to a
sub-committee of the Oregon Good
Roads committee, which met with the
Highway commission. This commit-
tee is framing practical road legisla-
tion with a view of preparing a bill
for action by the next legislature.

Redmond Growers Sell Potatoes.

Redmond, Or.—The News Letter, pub-
lished by R. A. Blanchard, county agri-
culturalist, at Redmond, recently to the
members of the Deschutes Valley Po-
tato Growers' association contained
the information that the first pool of
the season was sold by Manager R. H.
Parsons, consisting of five cars of po-
tatoes, which go to San Francisco.
These potatoes were sold through the
R. W. Faulkner company, of Sacra-
mento. Buyers have paid as high as \$2
a sack, representing 35 cents above the
market price.

Mexican Right Obtained.

Marshfield—A. M. Conard, of Sono-
ra, Mexico; John Nielson and J. P.
Olson, of Bandon, have organized a
\$500,000 company for the purpose of
acquiring a fishing concession on the
Gulf of California and expect to com-
mence in 1917. Mr. Conard obtained
the concession from President Car-
ranza. There is no fish canning com-
pany operating in Lower California
peninsula, and this company will han-
dle oysters, shrimps and many varieties
of fish, abundant in those waters. The
company will also handle turtles.

Prunes Are Shipped East.

Sheridan—Sheridan shipped east 1-
037,000 pounds of prunes, Wednesday,
this shipment comprising the output of
10 of the large orchards around Sheri-
dan. Seven to seven and one half
cents was the price brought. The
prunes were of the finest quality. Next
year more acreage will come into
bearing and the output may be
doubled.

Cyclone Killed 1000 Persons.

London—A Central News dispatch
from Calcutta says it is estimated
1000 lives were lost in the recent cy-
clone in Pondicherry, the chief of the
French possessions in India. Tremendous
damage was inflicted throughout
Madras province. Four hundred bodies
have been found.

CONGRESS OPENS SESSION
Calendar Crowded With Bills—Rail-
road Legislation to Front.

Washington, D. C.—Congress re-
opened Monday for a three months'
session, with a calendar overcrowded
with general legislation, facing rail-
road reforms and the high cost of liv-
ing as new issues, and confronted with
unprecedented estimates aggregating
\$1,654,819,654 to meet expenditures
of the government for the fiscal year
1918.

Both houses adjourned early as a
mark of respect to the late Senator
Clarke, of Arkansas, and Resident
Commissioner Rivera, of Porto Rico,
both of whom have died since the Sep-
tember adjournment.

Leaders of both houses will endeavor
to expedite their work and frequent
conferences to plan a program will be
held as soon as the President indicates
his desires. Besides railroad legisla-
tion, there is strong public demand for
some legislative action to curb the
soaring prices of foods.

In addition to appropriation meas-
ures, which always take time and must
be passed, there are other issues. The
corrupt practices bill further to limit
campaign contributions and expendi-
tures; the Webb bill, to grant author-
ity to domestic corporations for main-
tenance of collective foreign selling
agencies; conservation and other meas-
ures.

An investigation into expenditures
of the recent national campaign is pro-
posed and Senator Owen, of Oklahoma,
will introduce a joint resolution asking
that inquiry be instituted at once.

Hasty conferences of house leaders
indicated that a "speed-up" program
advocated by Speaker Clark will be
adopted with only slight changes. Ma-
jority leader Kitchin joined with the
speaker in declaring that the usual
long Christmas holiday should be dis-
pensated with.

Although food embargo proposals
are certain to create much discussion,
few leaders are inclined to believe that
any of them will be enacted into laws.
Representative Kitchin thinks, too,
that investigation of the high cost of
living will be left to the Executive
department.

It is regarded as doubtful that any
of the President's railway legislation
program will reach the floor before
Christmas. Representative Adamson,
chairman of the Interstate Commerce
committee, who will pilot the meas-
ure, said that he would speed the
Christmas holidays at home regardless
of any adjournment agreement.

Estimates of the expense of all
branches of the government for the
fiscal year 1918, for which the session
of congress now assembled must appro-
priate funds, total \$1,268,715,834.
This sum is exclusive of \$325,355,820
to be appropriated for the postal ser-
vice, which is expected to be returned
to the treasury by postal revenue, and
a sinking fund appropriation of \$60-
748,000 toward the public debt.

The total appropriations for the fiscal
year 1917, ending next June, exclu-
sive of these two items, were \$1,184-
157,517.

Estimates for carrying out the national
policy of defense. Where the War de-
partment's appropriations for the cur-
rent year were \$381,482,802, its esti-
mates this year are for \$421,352,447.
The navy appropriation, which was
\$316,613,781 for the current year, would
be, according to the estimate, be
\$324,497,556.

For expenditures of the Panama
canal, exclusive of fortifications, an
estimate of \$19,787,266 is submitted,
as compared with \$16,804,200 for the
current year. The total for the re-
clamation service is \$8,283,000, a de-
crease of \$601,000 from the current
year.

Estimates for the postal service ag-
gregate \$325,355,820, an increase of
\$2,618,141 over the current year. An
estimate of \$1,224,000 is submitted for
inland transportation of mail by steam-
boat or other power boat routes or by
airplane, and it is provided that out
of this appropriation the postmaster
general would be authorized to expend
not exceeding \$100,000 for purchase,
operation and maintenance of aero-
planes for an experimental airplane
mail service.

Fall of Glass Reveals Crime.

Minneapolis—The falling of a chair
leg and broken pieces of glass near
where several persons were standing
Monday in front of the Soo Line build-
ing, led to discovery of the robbery of
the Security Mutual Life Insurance
company. F. A. Dickey, manager of
the company, said \$39 in cash and \$831
in checks and a certificate of deposit
for \$2650 had been taken. In blowing
the safe the yeagmen had covered it
with rags and used a chair to hold
them in place. A part of this chair
was blown through the window.

Germany Promises Good News.

London—Mysterious promises are
being made to the Germans about tid-
ings to be received by them before
Christmas, according to an Amsterdam
dispatch. The dispatch says that the
recent hint of the Bulgarian premier
regarding acceptable news for the Ger-
manic powers is supported by a state-
ment that the reichstag may possibly
meet earlier than the date arranged.
The Dusseldorf General Anzeiger says
Colonial Minister Saif stated that grati-
fying events would happen and Ger-
many would have a happy Christmas.

Bear is Being Cut in Two.

Eureka, Cal.—Workmen Monday
started cutting the wrecked steamer
Bear in two with an oxy-acetylene
torch to save 300 feet of the vessel,
which will be taken to San Francisco,
where a new stern will replace the old
one. It was said nearly \$1,000,000
would be saved.

The stern will be abandoned. It is
planned to make the aft bulkhead of
the sternless vessel watertight by ce-
menting it.

Cyclone Killed 1000 Persons.

London—A Central News dispatch
from Calcutta says it is estimated
1000 lives were lost in the recent cy-
clone in Pondicherry, the chief of the
French possessions in India. Tremendous
damage was inflicted throughout
Madras province. Four hundred bodies
have been found.

**Everyone Should
Drink Hot Water
in the Morning**

Wash away all the stomach, liver,
and bowel poisons before
breakfast.

To feel your best day in and day
out, to feel clean inside; no sour bile
to coat your tongue and sicken your
breath or dull your head; no constipa-
tion, bilious attacks, sick headache,
colds, rheumatism or gassy, acid stom-
ach, you must bathe on the inside like
you bathe outside. This is vastly
more important, because the skin
pores do not absorb impurities into
the blood, while the bowel pores do,
says a well-known physician.

To keep these poisons and toxins
well flushed from the stomach, liver,
kidneys and bowels drink before
breakfast each day, a glass of hot
water with a teaspoonful of limestone
phosphate in it. This will cleanse,
purify and freshen the entire alimen-
tary tract, before putting more food
into the stomach.

Get a quarter pound of limestone
phosphate from your pharmacist. It
is inexpensive and almost tasteless,
except a sourish twinge which is not
unpleasant. Drink phosphated hot
water every morning to rid your sys-
tem of these vile poisons and toxins;
also to prevent their formation.

To feel like young folks feel; like
you felt before your blood, nerves and
muscles became saturated with an
accumulation of body poisons, begin
this treatment and above all, keep it
up! As soap and hot water act on
the skin, cleansing, sweetening and
purifying, so limestone phosphate and
hot water before breakfast, act on the
stomach, liver, kidneys and bowels.

In the Same Boat.

"I ask you to pay me this bill," said
a tailor to a wagging debtor.

"Do you owe anybody anything?"
asked the wag.

"No, sir," replied the tailor.

"Then you can afford to wait." And
he walked off.

A day or two afterward the latter
called again. Our wag was not at his
wit's end, so turning to his creditor,
he said:

"Are you in debt to anybody?"

"Yes, sir, I am sorry to say I am."

"Well, why don't you pay?"

"I haven't got the money," replied
the tailor, with a woebegone counten-
ance.

"That's just my case, my dear sir.
I am glad to perceive that you can
appreciate my position. I always respect
your judgment, sir. Give me your
hand, sir."—Pittsburgh Chronicle-
Telegraph.

Choice of Evils.

The brute of a father was conversing
with his daughter's schoolmaster.

"I want my girl to study singing."

"But, my dear sir," protested he of
the cap and gown, "why not let her
take part in the noble joys of art or
literature?"

"Art?" was the reply. "Art
rooms of pain, no pleasures, and
rooms to drink. No literature, but
that only causes a temporary distur-
bance of the atmosphere."—London
Ideas.

Land For Sale
In Solano County, California

160 acres known as Northwest Quarter,
Section 28, Township 20, Range 2 West,
in northwestern part of Solano County.
Low price and easy terms to the right
man. Address: M. A. Green, 822 Mission
Street, San Francisco, California.

A Useful Lap Dog.

Mistress (overjoyed at the unex-
pected recovery of her long-lost Fido)
—And tell me, Peters, where did you
find my sweet little darling?

Peters—Well, mum—the fact is,
a low sort of fellow had him tied to
a pole and was washing windows with
him.—London Passing Show.

Mr. Meek Objects.

"The subject of white slavery—"
"Pardon me," said skimpily little Mr.
Meek, "but I prefer not to talk about
my condition."—Judge.

Fatal Kindness.

Minnie—So sorry to hear of your
motor accident!

Lionel—Oh, thanks; it's nothing. Ex-
pect to live through many more.

Minnie—Oh, but I hope not!—Cin-
cinnati Commercial Tribune.

It Makes a Difference.

The young wife—Some women don't
like to have a husband hang around
the house all the time, evening after
evening. I'm sure I don't mind it, do
you?

Married friend—Whose Husband?

Hobbs' Scheme.

"So you think Hobbs is miserly."
"Miserly! Why, he makes a point of
going to lunch early before his
appetite comes on, so that he can
save money."—Boston Transcript.

American Scientist
Who Died in London

SIR HIRAM MAXIM

Sir Hiram Stevens Maxim, scientist
and inventor, who quit the United
States in 1884 when his semi-auto-
matic rapid fire gun was rejected by
the United States and accepted by the
British government, has just died in
London. In 1887 he was knighted by
Queen Victoria for his work in inven-
tion and science.

Price of Horses Will Advance.

Lewiston, Idaho—That the price of
horses will continue to advance is the
opinion of E. E. Flood, ex-president of
the Northwest Livestock Show. D.
O. Lieth, buyer for a large exporting
company in Kansas City, Mo., who
spent several months in this territory
purchasing hundreds of horses, wired
Mr. Flood that he would soon return to
the Northwest and renew his purchases
of animals suitable for use on Euro-
pean battlefields.

"The prices for horses are rapidly
advancing, due to the fact that the
allies have taken so many out of this
territory and shipped them to Europe,"
said Mr. Flood. "Mr. Lieth will find
prices advanced even since he left here
a short time ago. I take it that the
allied forces are not expecting any let-
up in hostilities in Europe when they
send their agents back here for more
war horses."

Mr. Murphy Takes Charge.

Salem—The members of the State
board of control Tuesday vested Char-
les A. Murphy, ex-chief engineer at the
Eastern Oregon state hospital and
recently appointed superintendent of the
penitentiary to succeed J. W. Min-
to, with full authority over the prison
management. Mr. Murphy assumed
charge of the prison Wednesday.

A system of accounting will be in-
stalled at the prison and a full inven-
tory of the stock and equipment on
hand will be taken before any changes
are made.

Ridgenett, wash—because occu po-
tato buyers are unable to get cars for
making Eastern shipments, hundreds
of sacks of potatoes are being shipped
by water to Portland, where they are
placed in cars there, while some are
put aboard vessels for California
points. Last Wednesday 1900 sacks
of were shipped from the warehouse
here to Portland, and on Friday 800
sacks were sent. Despite the heavy
shipments the warehouse is again full,
while the store room in a large feed
store has several hundred sacks.

NORTHWEST MARKET REPORT

Portland—Wheat—Bluestem, \$1.48;
forty-fold, \$1.43; club, \$1.42; red Rus-
sian, \$1.38.

@6.50; ewes, \$6@6.50.

OUR LUNGS ARE DELICATE

Overwork, lack of fresh air, mental strain or any sickness
disturbs their functions. Stubborn coughs tear and wear
the sensitive lung tissues.

SCOTT'S EMULSION

should be taken promptly for hard coughs, unyielding colds,
or when strength is lowered from any cause. Its high
nutritive value creates resistive force to ward off sick-
ness. The rich cod liver oil improves the quality
of the blood to relieve the cold and the glycerine is
soothing and healing to the lung tissues.
Refuse Alcoholic Substitutes Which Exclude the OIL.

TREES SHIPPED ANYWHERE--FREIGHT PAID
Small orders as well as big. Ornamentals, Fruit Trees, Etc. Hardly and guaranteed.
Largest Nursery between Rockies and Cascades. 14th Year. 13,000 Orders Last Year.
Salem Nurseries, Main Street, Portland, Ore. Cash Weekly, Debt Free.

LAND FOR SALE
in Kern County, California

20 acres fenced and having old well,
about five miles from Bakersfield, Cal-
ifornia, near highway. Good alfalfa
land or potatoes and other vegetables.
Good crop is being raised on adjoining
land. Near good homes and schools.
Only five miles from Bakersfield. Low
price and easy terms to the right man
who wants some good land and good
location where he can do well. Address
M. A. Green, 822 Mission Street, San
Francisco, California.

Forest Notes.

The National Forests contain the
most extensive public playgrounds in
the world, and are open to the free
use of the people.

Lightning caused 27 1/2 per cent of
the 1091 forest fires suppressed by the
Forest Service in Oregon, Wash-
ington and Alaska during the season
of 1916.

The timber and grazing resources in
the National Forests of Oregon,
Washington and Alaska have an esti-
mated value of \$233,000,000.

**HAVE DARK HAIR
AND LOOK YOUNG**

Nobody can Tell when you
Darken Gray, Faded Hair
with Sage Tea.

Grandmother kept her hair beauti-
fully darkened, glossy and attractive
with a brew of Sage Tea and Sulphur.
Whenever her hair took on that dull,
faded or streaked appearance, this
simple mixture was applied with won-
derful effect. By asking at any drug
store for "Wyeth's Sage and Sulphur"
by the addition of other ingredients,
all ready to use, for about 50 cents.
This simple mixture can be depended
upon to restore natural color and
beauty to the hair.

A well-known downtown druggist
says everybody uses Wyeth's Sage
and Sulphur Compound now because
it darkens so naturally and evenly
that nobody can tell it has been ap-
plied—it's so easy to use, too. You
simply dampen a comb or soft brush
and draw it through your hair, taking
one strand at a time. By morning
the gray hair disappears; after an-
other application or two, it is restored
to its natural color and looks glossy,
soft and beautiful. This preparation
is a delightful toilet requisite. It is
not intended for the cure, mitigation
or prevention of disease.

Nothing Very Serious.

Mrs. Casey—Och, Pat, when the doc-
tor told yez ye had something wid
a Latin name to it a yar-rid long, did
it scare yez?

Casey—Faith, it did, Norah, darlin'!
But when he only charged me a dol-
lar OI knew it didn't amount to much.

Corrected.

The Sheriff—Have you anything to
say before you are hanged?

The Prisoner (originally from Bos-
ton)—You don't expect me to talk af-
terwards, do you?—Judge.

Nothing Unemployed
