**GERMANS HONOR GERARD AT DINNER**

American Ambassador is Guest at Noteworthy Banquet.

**"OLIVE BRANCH IS BROUGHT"**

Germany's Big Financial Heads, Ministers and ex-Ministers. Meet at Commerce and Trade Fest.

Berlin — The dinner given Sunday night by the American Association of Commerce and Trade, of Berlin, in honor of James W. Gerard, American ambassador to Germany, who has just returned to the German capital from a visit to the United States, developed into a demonstration of the good feeling entertained in the higher government circles and banking and business sphere toward the United States.

The guests included three ministers, at least two ex-ministers, the vice president of the Reichstag, the heads of Germany's big financial institutions and other leaders in German public life.

In all 175 guests, about equally divided between Americans and Germans, were present.

The usual toasts to Emperor William and President Wilson were drunk standing. President Wolf introduced the speakers of the evening, who were Vice Chancellor Helfferich, Director von Ganner and Mr. Gerard.

The ambassador mentioned the large contributions now being received from America for the relief of German widows and orphans and for other non-partisan works of mercy.

Ambassador Gerard, who was likened by Arthur Von Gwinner, director of the Deutsche Bank, to the "peace dove of Noah's ark," is quoted by the Overseas News Agency as saying that "never since the beginning of the war have relations between Germany and the United States been so cordial," and that he had "brought back an olive branch" from President Wilson.

**Explosion in Garage Kills Prominent Lumber Manufacturer**

Portland—Elihu K. Jones, 69 years old, 1306 Macadam street, was killed, and a son, a harvester W. Jones, and A. B. Wroth, a visitor at the Jones home, were badly burned in an explosion of an acetylene tank in the garage at the Jones home at 8 o'clock Sunday night.

The cause of the accident is unknown. The three went into the garage to work on an automobile, and in a few moments there was a terrific explosion that was heard throughout that part of the city.

The north and south sides of the garage were blown out by the force of the explosion, and the three men were hurled 50 feet. The garage contained two automobiles, one in a dismantled condition. The explosion blew tools and pieces of iron and steel against the Jones residence, some feet away, with such force that door panels were broken and windows were smashed.

Elihu K. Jones was the son of Justice Jones, venerable lumber mill operator in Oregon, one of the first lumbermen and logging operators in the state, and a brother of John H. Jones, of the Jones Lumber company, one of the pioneer enterprises of the state.

**Outlaws Fight to Death.**

Nowata, Okla.—Outlaws who repulsed an attack by a posse of superior numbers near here Sunday night, killing two and wounding a third, are not expected to be taken alive. Officers who directed a new pursuit of the desperadoes said there would be "no quarter" when the outlaws are met again.

Poses Monday found the camp of the hiding gang in a wild ravine where many hiding places had been prepared, but the men had fled. The gang is held responsible for several bank robberies and numerous lesser thefts in the last three months. Farmers living in the vicinity said at least a dozen men were in the gang of outlaws.

**Gold Reaches New York.**

New York—Gold amounting to \$25,000,000, one of the largest shipments received in a single day since the present movement from abroad began, arrived Monday from Halifax, Nova Scotia. Twenty automobile trucks, each with armed guards, were required to transport the gold, which was packed in 800 boxes, from the railroad station to the sub-treasury. A force of 35 clerks was kept on duty to receive the shipment. Unusual secrecy was observed, it was said, regarding the route of the gold.

**Peace Note is Respected.**

London—G. N. Barnes, minister of pensions, in a speech in London Sunday, said President Wilson's suggestion that the belligerents state their terms for peace was entitled to all possible respect. The American people, the minister said, wanted to be on friendly terms with England, and, therefore, "we ought to cultivate that friendship. The President," Mr. Barnes said, "should be assured that this country is not out to smash Germany, or anybody, or anything, except military or political pride."

**Wilson Favors Malheur.**

Washington, D. C.—The President Saturday approved the recommendation of Secretary Lane that an appropriation of \$400,000 be made by Congress this session to build the Irrigation Springs dam on the Malheur irrigation project. He also approved the secretary's recommendation of an appropriation of \$200,000 for the King Hill project in Idaho. The matter will be sent formally to congress next week by the secretary of the treasury.

**TO DARKEN HAIR APPLY SAGE TEA**

Look Young! Bring Back Its Natural Color, Gloss and Attractiveness.

Common garden sage brewed into a heavy tea with sulphur added, will turn gray, streaked and faded hair beautifully dark and luxuriant. Just a few applications will prove a revelation if your hair is fading, streaked or gray. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get a 50-cent bottle of Wyeth's Sage and Sulphur Compound at any drug store all ready for use. This is the old time recipe improved by the addition of other ingredients.

While wispy, gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur Compound, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared, and, after another application or two, your hair becomes beautifully dark, glossy, soft and luxuriant.

This preparation is a delightful toilet requisite and is not intended for the cure, mitigation or prevention of disease.

**IN THE Maintenance OF HEALTH**

It is highly important that you pay special attention to the stomach, liver and bowels

AT THE FIRST TENDENCY to sluggishness or weakness you should try

**HOSTETTER'S Stomach Bitters**

The American men and women must guard constantly against Kidney trouble, because we eat too much and all our food is rich. Our blood is filled with uric acid which the kidneys strive to filter out; they weaken from overwork, become sluggish; the eliminative tissues clog and the result is kidney trouble, bladder weakness and a general decline in health.

When your kidneys feel like lumps of lead; your back hurts or the urine is cloudy; full of sediment or you are obliged to seek relief two or three times during the night; if you suffer with sick headache or dizzy, nervous spells, acid stomach, or you have rheumatism when the weather is bad, get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys; to neutralize the acids in the urine so it no longer is a source of irritation, thus ending bladder disorders.

Jad Salts is inexpensive; cannot injure, makes a delightful effervescent lithia-water beverage, and belongs in every home, because nobody can make a mistake by having a good kidney flushing any time.

**BIG EATERS GET KIDNEY TROUBLE**

Take Salts at first sign of Bladder irritation or Back-ache.

**Wheat Prices Soar Again as Peace Probabilities Disappear**

Chicago — Soaring prices in the wheat market Wednesday resulted chiefly from the weak position which the peace allies made on Saturday to the extent of Berlin. After an extreme ascent of 7 cents a bushel, the market closed unsettled, 5 1/2c net higher, with May at \$1.79 1/2 to \$1.80 1/2, and July at \$1.46 1/2 to \$1.47 1/2. Corn gained 1 1/2 to 2c, and oats 1 1/2 to 1 3/4c. Provisions finished at a range varying from 2 1/2c decline to a rise of 3 1/2c.

Excitement was manifest at the opening of business in the wheat pit, and there were gains right at the start running all the way from 1 cent to 4 1/2 cents a bushel.

Rushes to buy and scarcity of offerings formed the order of the day, until holders were tempted by chances to realize immediate profits of 6 to 8 cents. Even under such circumstances, however, pressure to sell was none too eager, so general was the agreement of traders that the outlook appeared slight at present for a cessation of hostilities in Europe.

Corn rose with wheat. Besides, receipts were light and there were signs of a demand for export shipments by way of the Gulf of Mexico.

Oats readily followed the upward course of other cereals. Houses with Eastern connections were conspicuous buyers.

**Begin Work on Big Dam.**

North Yakima—C. E. Crowover, manager of storage construction for the Yakima irrigation project, has moved his office from Lake Keechelus to North Yakima and is organizing his office force to take up the work of construction at McAllister Meadows, where he will direct the building of a dam costing \$2,000,000. The work will continue for four years. The first year will be given over to the building of camps, storehouses, shops, offices, mess houses and other equipment for handling the work. The government expects to employ 500 to 600 men during the construction season.

**Army Bullets Cost More.**

Washington, D. C.—The rising cost of everything has even struck the cartridges for the army rifles. Brigadier General Crozier, chief of ordnance, told the house military committee Thursday, explaining a request for \$18,000,000 for reserve ammunition. By June 30 the government expects to double its store of small arms ammunition, General Crozier said, and in two years hopes to have on hand 2,000,000 rounds. By June 30, the department expects to have 400,000,000 rounds on hand for machine guns.

**Local Egg Market is Weakening.**

Portland — The milder weather has taken the strength out of the egg market. Receipts were fairly large and the demand less than last week. The market was a full cent lower, with 39 cents the outside quotation. Sales as low as 37 cents, case count, were reported.

Butter was firm. Extras sold at the exchange at 35 cents, and storage at 33 cents. Print prices were unchanged. There was a good demand for live poultry of all kinds at firm prices. Dressed meats were also firm.

**National Forest Ranges Are Heavy Stock Producers**

That the National Forest ranges in Northern Washington are among the greatest beef and mutton producers of any open range land in the country, is indicated by reports from the Okanogan National Forest concerning the weights of sheep and cattle shipped from these ranges this year, recently received by District Forester George H. Cecil, Portland Ore.

Shipments of lambs direct from these ranges averaged 92 1/2 to 95 pounds at the stockyards, while one shipment of Roan Mountain Hereford steers averaged 1366 pounds each with the shrinkage off. The average on the Okanogan Forest for top beef this season will exceed 1300 pounds.

The stock growers and the Forest Service cooperate through the five local stock growers' associations in the Okanogan country. The various problems of the stock business are threshed out at the association meetings, so that each member may profit from the experience of the others.

It is expected that in the near future only high grade bulls will be permitted on these ranges. Already a number of the associations have bought such bulls which are run on the range, each member paying a service fee prorated according to the number of cows he turns out on the range.

**Maidless Again.**

Mrs. Degraw is minus a maid again. It happened this way:

"Maggie, I think you had better wash the windows 't'ray, before we put up the new white curtains of a house house."

"I don't wash no windows for no body, mum. I don't wash my own windows at hum, and I certainly won't wash yours."

"But washing windows is just as much a part of housework as washing floors, Maggie."

"I don't wash no floors, neither."

The door bell rang. Maggie stood still.

"Why don't you go to the door, Maggie?"

"Go to the door yourself. You look better than I do."

"Maggie, do as you are told."

"Not when I ain't dressed up, mum. And when we're talkin' frank, let me tell you that I don't like the way this house is managed. Not a bit!"

"Then, my young woman, you trot upstairs and pack your trunk, and get out of here as fast as you can. I didn't hire you to be a maid of a house."

(Exit Maggie in a great rage.)

Mrs. Degraw's help wanted at appears in another column.—Newark News.

**What a Woman of OUR NATIVE STATE SAYS.**

Portland, Oregon.—"For a long time I have been so nervous I could almost scream at times, and I have had spells that I could not get around. My back pained so at night I could not sleep—doctors did me no good. A lady in Gearhart recommended Doctor Pierce's Favorite Prescription to me so I thought I would give it a trial. I have now used four bottles and am still using it. It has done me much good."—Mrs. D. SHOEMAKER, 380 N. 19th St.

The use of Dr. Pierce's Favorite Prescription makes women happy by making them healthy. There are no more crying spells. "Favorite Prescription" cures inflammation and female weakness. It makes weak women strong, sick women well. Like an open book, our faces tell the tale of health or disease. Hollow cheeks and sunken eyes, listless steps, sleepless nights, tell of wasting debilitating disease some place in the body. It may be one place or another, the cause is generally traceable to a common source.

Get the "Prescription" to-day—either in liquid or tablet form, if you want to better your physical condition speedily. Dr. Pierce's Pills regulate stomach, liver and bowels.
