BRIEF LOCAL MENTION

Cash did it. Watch Strauss.

Harness Oils and Soap at Chown's.

Dr. C. A. Macrum went to Portland Friday afternoon on a business trip.

John Elder was in Hood Rive. Friday morning on business.

Lee Evans was a visitor Friday afternoon in Hood River.

Cash is coming. Save all you can and watch out. Strauss.

W. H. Davis was a visitor in the city Friday from Hood River.

W. A. Marsh was in The Dalles Wednesday on business.

Get good Sole Leather and all kinds of Shoe Nails at Chown's.

Mrs. E. L Root and son, Howard, were in Hood River Wednesday.

Notice on the front page the special coffee ad of Nichol & Co.

V. C. Young returned Monday morning from a trip to Hood River.

J. Strein was in Hood River Monday morning attending to business matters.

Mrs. Ed. F. Reeves returned Tuesday morning from a trip to Portland.

John Elder was in Hood River the first of the week on business.

Do not forget that I would like to figure on any grocery order. It will pay you to figure with Strauss.

The Misses Marie Shogren and Emily Husbands were visitors yesterday in Hood River.

Housekeeping rooms to rent. Corn fodder and Early Ohio potatoes for sale. Phone 72. j19

F. A. Allington and son, Darrell, were visitors Wednesday in Hood River.

Are you interested in a Wood Cutting Outfit? If so see Chown about the Wade Portable, its the best.

Mrs. F. A. Allington and her mother, Mrs. C. Ruscher, were Hood River visitors Saturday.

Kodak finishing—expert work—twenty-four hour service. Slocom & Canfield Co. m23tf

Mrs. W. J. Wollam and Mrs. E. P. Watson, of Hood River, were visiting with friends here this week.

A good time to buy pillow cases and sheets and musilns right now before they go any higher. Strauss.

Rev. Leon L. Myers and his little son, Paul, were visitors Monday in Hood River.

Let us finish your films. Same may be left at the Bulletin office. Slocom & Canfield. Hood River. tf

Walter Clay and Lloyd Fisher were visitors the first of the week in Hood River.

I will surprise you with the quickness with which I will get you a McCall pattern. Try me once. Strauss.

Mrs. J. P. Tryon and children returned Friday afternoon from The Dalles.

For good things to eat do not forget Strauss. How about some of those good pickles?

Ray Bailey has leased the Wagoner ranch east of the city for a year, and will soon move with Mrs. Bailey to the place.

Jas. E. Cole spent Sunday and Monday in Portland visiting with relatives and friends and also attending to business matters.

Mrs. J. E. Higley and her daughter, Mrs. Grace Piercey and little son, Kenneth, were visitors this week in The Dalles.

Mr. and Mrs. P. L. Arthur were visitors in Hood River Sunday, walking down in the afternoon and returning in the evening.

P. L. Arthur has been making trips to Hood River every morning this week keeping appointments with a dentist.

Last call for McCall's magazine at 50c for one year or $1.50 for three years, (regular price now $1 yearly.) Offer expires soon. Ruth Littlepage at Strauss.'

Mrs. B. A. Berry was taken to Hood River Monday night by Dr. H. L. Dumble, and was placed in the Cottage hospital there following a severe illness.

Wanted—To let contract for 20 acres to be grubbed and cleared ready for spring plowing. Work to be done on McIrvine ranch. For particulars see James Cherry.

Roy Stoltz returned last week to Portland to resume his studies at the Behnke-Walker Business College. He spent his vacation with his parents, Mr. and Mrs. C. G. Stoltz, on their ranch at Greenwood.

J. P. Tryon has been having trouble this week with an infection in one of his little toes. He went to Hood River to have the injured foot taken care of, the whole foot being in a swollen condition.

Believing the best is none too good for my customers, I bought and installed a Burroughs Adding machine and all accounts are now checked with same, which checks all mistakes. This week have added a Electric Steel Cutting Coffee grinder. Come in and see how nicely it does the job and try a pound of The Strauss Special Whole Roast coffee and have it ground fine or coarse as you like it, at 29c lb., equal to most 40c can coffees. Strauss.

Miss Edna Hildreth returned Sunday to her home in Portland after visiting for a short time at the home of her sister, Mrs. Chas. Abernathy. Miss Hildreth had been in The Dalles where she was a witness for Miss Miriam Sheldon Ripley, who was given final five year proof on her homestead claim.

Rev. H. O. Perry, presiding elder of the Methodist Episcopal church, will be here from Kennewick, Wn., and will preach Saturday night at the Immanuel church. Rev. Perry is an exceptionally good speaker and is coming to fill an engagement which he was compelled to cancel recently. A cordial invitation is extended to everyone to attend the meeting Saturday night.

Lee Evans, accompanied by his sister, Mrs. F. M. Hunter, left Wednesday for Alsea where they will visit with friends and relatives. Mr. Evans plans to remain a month and states that now is the right time for fishing for steelheads and salmon as they are now running in the short rivers. He expects to fish in Alsea Bay, at Waldport and also at Newport.

Mr. and Mrs. L. L Vannortwick, and daughters, Alice and Fay, stopped off on their way to Portland for a visit with their daughters and son-in-law, Mr. and Mrs. C. L. Dunsmore, and also with friends. They were on their way to Rockaway Beach where they were formerly located. Mr. Vannortwick took his bowling alleys to Enterprise where he has been with his family during the winter months and will now resume his business at the summer resort.

Mr. and Mrs. Frank R. Howard motored over from Hood River Tuesday and Mr. Howard spent a part of the day patrolling the lines of the Pacific States Telephone company between this city and Hood River. Mr. and Mrs. Howard also motored to their ranch in the Grandview district and are planning on erecting a small house on the place and expect to spend a part of the time here this summer. They returned Wednesday afternoon to Hood River.

At the close of the present holiday season the receipts of the local postoffice were found to show a slight increase over the same period of a year ago. The incoming as well as the outgoing mails were much heavier, especially the outgoing mail for the months of November and December, owing to the heavy shipments of apples and other produce for delivery within the second zone. At the close of business, December 31, 1916, there remained $1124 to the credit of the postal savings depositors of the Mosier postoffice.

At the meeting of the M. E. E. club Monday night the formal organization was effected. By-laws were adopted and the following officers elected: J. N. Mosier, president; Jas. E. Cole, vice president; L. J. Merrill, secretary-treasurer. The president then appointed the following committees: Executive, J. N. Mosier, Jas. E. Cole, L. J. Merrill and W. F. Leeper; Entertainment, Mrs. P. L. Arthur, Mrs. H. H. Moore, E. M. Strauss, and Roger W. Moe; Membership, Mrs. Jas. E. Cole, Mrs. C. G. Nichol, Mrs. Jas. Cherry and E. F. Middleswart. The next meeting of the club will be held Monday night.

Streets in the city are being improved this week. Tailings from the rock crusher are being spread on the principal streets and the ruts and low places filled. While excavating the street in front of the Church of Christ yesterday a heavy blast, to break up a big rock in the street, shattered 12 panes of glass in the church building. No other damage was done, although rocks were thrown considerable distance. Dirt and rocks taken from the street are being used to fill in low places at the corner of the Tum-A-Lum building and near the rock crusher. Tailings have been spread as far out as the Mosier creek bridge.

At the meeting of the Parent-Teacher association Friday night, Prof. B. A. Berry, who led the discussion relative to the purchase of a moving picture machine by the association, outlined the benefits to be derived, both from an educational and social standpoint. The talk was taken up by several members. It was stated at this meeting that the Immanuel church intended to purchase a moving picture machine and that the P.-T. association would be offered the free use of it. The church is planning to portray Biblical scenes and has now raised $50, the price of the machine and an additional amount for the purchase of a curtain and necessary apparatus for installing it is being subscribed. A committee was appointed to confer with the board of directors of the Immanuel church to go farther into the subject. Everyone present seemed to be of the same opinion, that a moving picture machine would be a fine thing for the community.

At the annual stockholders meeting of the Mosier Valley Telephone company, held Tuesday in Lamb's hall, the following directors were elected: J. M. Carroll, E. A. Race, C. J. E. Carlson, Chas. T. Bennett, and Geo. Chamberlain. The board is the same as last year with the exception of Geo. Chamberlain, who was elected to fill the vacancy caused by the resignation of C. J. Littlepage. The meeting was called for 10 o'clock but it was nearly 12 o'clock before a quorum could be gathered. Many who own shares of stock have left the community and failed to send in their proxies. The annual report was read by the secretary and manager, E. A. Race, and his books, audited by J. N. Mosier and R. D. Chatfield, were found to be accurate and neatly kept. Some statements were presented that the charges for the telephone service were irregular, but a letter from the Public Service Commission, read at the meeting, sanctioned the charges which had been made. For next year the auditing committee was selected as follows: R. D. Chatfield, J. N. Mosier and W. A. Husbands.

PROCEEDINGS OF COMMON COUNCIL

The annual report of the finance committee of the city council and that of the treasurer were accepted by the aldermen. During the past year a good showing has been made and nearly $1000 less in warrants was outstanding at the end of the past year as compared with the previous year. Part of this may be accounted for because little road work was put through during the year 1916. The warrants for the fire engine have been paid. Delinquent taxes in the city amount to only $129.26, with only $21.58 unpaid for 1915. The reports follow:

Report on City Warrants for Year 1916:

Warrants issued in 1914, $2,113.78; warrants issued in 1915, $1,325.06; warrants issued in 1916, $1038.10. Total warants issued to date, $4,476.94.

Warrants paid in 1915 $1,723.72; warrants paid in 1916, $2,030.65. Total warrants paid to date, $3,754.37.

Warrants outstanding, December 31, 1916, (includes No. 620, $0.50, called, not yet presented), $722.57.

Warrants outstanding, Dec. 31, 1914, $2,113.78; warrants outstanding, Dec. 31, 1915, $1,715.12; warrants outstanding, Dec. 31, 1916, $722.57.

Cash on hand December 31, 1916, $32.70; warrants outstanding less cash on hand, $689.87.

Treasurer's Account for 1916

Receipts—Cash on hand December 31, 1915, $115.97; received during 1916 from County Treasurer, $2,047.74; received during 1916 from licenses, $37; received during 1916 from fine, $3.55.

Disbursements—Paid out in 1916 on warrants, $2,030.65; paid out in 1916 for interest on warrants, $140.91; balance on hand December 31, 1916, $32.70.

Receipts from County Treasurer—Delinquent 1914 taxes paid up, $141.15; 1915 taxes paid, $1,906.59. Total $2,047.74.

1914 tax levy for Mosier—Paid in 1915, $1,928.21; paid in 1916, $141.15; still unpaid, $21.58. Total, $2,090.94.

1915 tax levy for Mosier—Paid in 1916, $1,906.59; unpaid, $107.68. Total, $2,014.27.

Total delinquent, $129.26.

The following claims against the city were allowed:

Jas. E. Cole, Oct., Nov., Dec., salary, and stamps $7.70; library board, $2.50; P. L. Arthur, salary December and tablet, $10.10; Mrs. W. A. Husbands, salary December, $1; Roger W. Moe, salary marshal and notice warrants, $5.40; Mosier Valley Telephone Co., $.70; W. E. Chown, supplies and hall rent, $2.75; Pacific Power & Light Co., for street lights, $36.40, for library, $1.

The business of the old council having ended, Mayor Race thanked the councilmen for their hearty co-operation in managing city affairs and stated that he hoped the new council would be just as successful.

Alderman Merrill was then elected mayor pro tem, to act during the absence of the mayor.

Mayor Race appointed the following committees:

Finance, Merrill, Husbands, Wilson; Fire and Water, Wood, Carlson, Hudson; Street, Hudson, Wilson, Carlson; Judiciary, Husbands, Merrill, Wood; Health and Police, Carlson, Wood, Wilson.

The library board was appointed as follows and confirmed by the council: Mrs. W. A. Husbands, Mrs. P. L. Arthur, Miss L. Elder, Mrs. Jas. E. Cole, Mrs. C. G. Nichol and J. N. Mosier.

Street grading was discussed and the council favored all property owners digging back to their property line and putting in a retaining wall next to their property.

Roger W. Moe was appointed as marshal by Mayor Race and the appointment confirmed by the council. W. A. Husbands was appointed fire chief, appointment confirmed.

Prices will be secured for ground for city hall, fire engine and jail sites and taken up at the next meeting.

Alderman Merrill moved that the mayor be authorized to solicit aid of Engineer J. A. Elliott in delivering grades of the main streets and to establish a grade on Third avenue. Seconded by Alderman Husbands and carried.

A gigantic host of sparrows and robins numbering at least 25,000 have been speeding northward in dense clouds. The birds suddenly appeared from the south at 11 o'clock last Thursday and passed over Lake Washington. They moved in great phalanxes several blocks in long, the sparrows appearing first in tremendous numbers while behind them came regiment after regiment of red breasted robins.

No trespassing and no hunting signs at this office.

THE DALLES HOSPITAL IS WELL EQUIPPED

To glean from our exchanges, The Dalles Chronicle and The Dalles Optimist, that the management of The Dalles Hospital believe in being strictly up-to-date in equipment which may be necessary for performing the most serious operations and for the comfort of the patients. They have had on exhibition at Crosby's drug store a "Sunrise Slumber" anaesthetic machine and some very fine "X" Ray plates, there being two series of the latter. In speaking of the "Sunrise Slumber" machine, Dr. Reuter, of the hospital management said, "Any one who has been under an anaesthetic will readily appreciate the advantages of this machine as the anaesthetic is easily taken, is prefectly safe, removing the dread the patient has for the anaesthetic, more than for the operation, and recovery is very rapid without nausea or other bad effects. In minor and short operations nitorus oxide gas and oxygen are given, while in major operations ether is administered in conjunction with the other gases, the patient being first given nitrous oxide and oxygen and when under this anaesthetic the ether is administered, thus reducing the amount of ether given to a minimum."

"One of the greatest features of the machine is when used in childbirth to produce the condition known as "Sunrise Slumber" which first made its appearance in St. Lukes Hospital, Chicago, in 1914, and is now being extensively used throughout the east. It is perfectly safe, there being 150 cases of childbirth in Cleveland, Ohio, in 1915, without a single death of mother or child, produces an absolutely painless childbirth without the loss of consciousness, is stimulative and produces a happy, care-free state of mind."

There has also been installed in the hospital an "X" Ray machine of the largest size and latest model, for the diagnosis and treatment of various obscure diseases and fractures. The two series of radiographs exhibited are typical pictures of fractures, gunshot wounds, and show as well how obscure diseases of the bone and of the stomach are diagnosed with a certainty which wolud be impossible by any other known method. The plates demonstrating the fractures show typical cases of fracture of various bones and the condition before and after the reduction of the fracture and during the process of healing. Probably the most important of the radiographs shown are those of ulcerated stomachs before and after operation. One set of plates shows a stomach which has a constriction of the pyloric or outlet end of the stomach caused by ulcers, the next plate showing the stomach after an operation called 'gastro enterostomy,' which means a new outlet established from the stomach into the bowel by detaching the bowel from the stomach at the pyloric end and sewing it to the stomach at the lowest part and cutting an artificial opening in the wall of the stomach leading into the bowl in its new position. This plate shows the food passing from the stomach throuuh the artificial opening into the bowel.

Taken as a whole we understand that the exhibition was really an educational exhibit giving the people of The Dalles and vicinity an opportunity of seeing the results of the modern "X" Ray machine.

The "X" Ray has been found very efficient in the treatment of cancer in internal as well as external cases and it is believed that its entire range as an effective curative agent has not yet been reached.

We are reliably informed that The Dalles Hospital, which is modern in every way, and has one of the best equipped operating rooms to be found in the Northwest, has had its capacity of 76 patients taxed to the utmost and of late has not been able to accommodate those applying for treatment, but that this lack of rooms and beds will be remedied in the near future, the management now having plans under consideration to increase the size of the hospital.

The maternity department is equipped with all the latest appliances for the comfort of the mother including the "Sunrise Slumber" apparatus mentioned in a previous paragraph. The rooms are especially constructed with deadened floors and walls so that all disturbing noises from the outside are cut off from the patient.

The rooms for these patients are light, airy rooms, fitted with such conveniences as the cases require.

The medical department consists of wards and rooms which are light and cheerful and are properly equipped with all the necessary features of a thoroughly modern medical department.

The state game department has received so many inquiries regarding the hour of sunrise and sunset that it has prepared a table showing the exact time the sun rises and sets during the months of November, December and up to and including January 15, 1917, beginning November 1 the only open season for shooting will be on migratory birds, such as ducks, geese, etc. The shooting of these birds is controlled by the Federal Migratory Bird act. It is unlawful to begin shooting before sunrise and one must cease shooting at sunset.—Oregon Sportsman

Subscribe for the Bulletin.

A total eclipse of the moon was visible to Mosier residents Sunday night beginning at 11 o'clock. Many of the local people saw the full eclipse and the orb was of yellowish hue during the entire time of the eclipse which lasted for an hour.

A FRANK STATEMENT OF FACTS

We wish you would read this and take it for what you consider it worth. It is written for your benefit as well as our own.

Last Saturday, we received a letter from the Hardie Mfg. Co., advising us that the shortage of pig iron, and common coke and coal, as used by their factories, was becoming a serious menace to the further manufacturing of their goods. On Monday morning, we received a long distance call, stating that further orders would be accepted by them, only when accompanied by signed order from the grower who would ultimately use the Power Sprayer.

We were advised to guarantee delivery to those who signed an order now for a Power Sprayer, but to those who waited until the season was on, we could only promise to do the very best we could. And such a promise would not be of a definite nature. And so we say, for your own protection, take our hunch, and get your sprayer ordered.

The price has already advanced once since the first of the year. An advance of $10.00 on the smaller machines, and $15.00 on the larger sizes, took effect on the 1st of January. We do not wish to intimate there will be another advance. You know as much about this part of it as we do. But this much you can bank on—there will not be a reduction this season.

Last year, some few of our customers suffered because we could not get spray hose enough. We have purchased ten thousand feet of hose to take care of this season's demands—whether we have enough or not remains to be seen. Thirteen hundred feet of this hose is already contracted for by our customers.

We purchased, and have received about two hundred 10 and 12 foot spray rods. We are now advised that we cannot hope to get any more spray rods before April or May, at the earliest. Brasslined spray rods cannot be bought at any price. The large mills are refusing to accept orders for aluminum lined spray rods. So there is nothing left but the iron lined, heavy rods, after we have disposed of our present stock. And it will be necessary for us to reserve a certain number of these rods for our power sprayer sales. Rods, hose, etc. go as regular equipment with each sprayer. We already have enough signed orders for Hardie Power Sprayers to make a very noticeable inroad on our spray rod stock.

The Hardie Mfg. Co. will not accept an order from us nor from any other dealers for any number of machines, unless we have the signed orders. This is to prevent speculation. And they are right in doing this, because when a sprayer is needed to save a crop of apples, a grower will pay the limit to get one. That limit might be twice today's price. But if it saved the crop it would perhaps be worth it. We don't want to see any grower have to pay more for a Sprayer than it is worth under ordinary circumstances.

We say this is for your benefit as well as ours, not because of the little we might profit by your purchasing a Power Sprayer, but because the success or failure of your business, makes the success or failure of our business.

Thank you for reading this. We only hope you will profit by it.

GILBERT & DEWITT

How's This?

We offer One Hundred Dollars Reward for any case of Catarrh that cannot be cured by Hall's Catarrh Cure.

Hall's Catarrh Cure has been taken by catarrh sufferers for the past thirty-five years, and has become known as the most reliable remedy for Catarrh. Hall's Catarrh Cure acts thru the Blood on the Mucous surfaces, expelling the Poison from the Blood and healing the diseased portions.

After you have taken Hall's Catarrh Cure for a short time you will see a great improvement in your general health. Start taking Hall's Catarrh Cure at once and get rid of catarrh. Send for testimonials, free.
