Retold For Physicians.
The MacTavish was not a mean man. No; he just knew the value of money.

So, when the MacTavish developed a sore throat he meditated fearfully upon the expenditure of a doctor's fee. As an alternative he hung about for a day and a half outside the local doctor's establishment. Finally he managed to catch the great man.

"Say, doctor! Hoo's beezness w' ye the mo?"
"Oh, feyr, feyr!"
"Ah s'pose ye've a deal o' prescrib'in' tae dae for cooids an' sair throats?"
"Aye!"
"An' what dae ye gin'rally gie fer a sair throat?"
"Naethin'," replied the canny old doctor. "I dinna want a sair throat."

Eugene Field Mss. is Donated.
Chicago.—The original manuscript of the late Eugene Field's poem, "Little Boy Blue," has been contributed to the Allied Bazaar by Sisson Thompson, who was an intimate friend of the poet. Mr. Thompson said it had been his most prized possession.

An upset price of \$500 was placed on it. The bid was raised to \$675 immediately and is expected to go much higher before the end of the bazaar, which is for the benefit of the allied wounded and which closes a week hence.

Germans Destroy Mail.
London.—A Reuter dispatch from Stockholm says: "The captain of the Swedish steamer Ingeborg, of the Thule line, who has returned to Gothenburg from England, states that his steamer was stopped in the North Sea by a German submarine, and that he was compelled to throw into the sea all the mail from entente countries, consisting of 700 sacks. "Otherwise," he said, "the German commander threatened to take the ship to Germany."

U. S. CRUISER GOES ASHORE AT EUREKA
Milwaukee Will Be Total Loss On California Coast.

WHOLE CREW SAFELY REMOVED
Tidal Current is Too Strong for Big Vessel—Navy Tug Iroquois, Aiding, Gets Near Same Fate.

Eureka, Cal.—The United States protected cruiser Milwaukee went ashore on the Saxon beach near here about 4 o'clock Saturday morning and shortly after 8 o'clock that night the crew had been transferred through a rowing surf in safety to the beach by means of a breeches buoy and two life-boats. On board the Milwaukee when the current carried her into the surf were 18 officers and 421 men.

Not a life was lost but one man was hurt in the difficult work of rescuing the hundreds aboard the stranded vessel.

FAMOUS "BUFFALO BILL" DIES
Greatest Scout and Indian Fighter Known Passes Peacefully.

Denver, Jan. 10.—Colonel William Frederick Cody, "Buffalo Bill," soldier, hunter and scout, the idol of juvenile America, died at 12:05 P. M. here today at the home of his sister.

When the doctor told him his life was ebbing, Colonel Cody accepted his fate like a stoic. After giving instructions regarding his funeral and business affairs, he said:

"Let us have a game of high five," and every one joined, the Colonel laughing and joking because he was winning.

Since January 5, when he was hurried back to his sister's home in Denver, the Colonel had surprised all who knew his real condition by great powers of resistance and recuperation. One day his physician would see the end "within 36 hours," and then the Colonel would rally and no one could predict the exact outcome.

On January 8, however, his system broke down entirely, and from then on it was a question merely of time.

To add to her measure of appreciation of what the west owed him, the state of Colorado will receive the body of Colonel Cody into her capitol Sunday, there to lie in state four hours.

Funeral services for the noted scout are to be held Monday afternoon at the body will be placed in a receiving vault in a local cemetery, but the burial will not take place until next spring, probably Decoration day, when the body of one of the nation's most picturesque characters will be interred in a tomb hewn from the rock at the top of Lookout mountain, near this spot. Plans already are afoot for the erection of a suitable monument.

GLASS OF SALTS CLEANS KIDNEYS
If your Back hurts or Bladder bothers you, drink lots of water.

When your kidneys hurt and your back feels sore, don't get scared and proceed to load your stomach with a lot of drugs that excite the kidneys and irritate the entire urinary tract. Keep your kidneys clean like you keep your bowels clean, by flushing them with a mild, harmless salt which removes the body's urinous waste and stimulates them to their normal activity. The function of the kidneys is to filter the blood. In 24 hours it strain from it 500 grains of acid and waste, so we can readily understand the vital importance of keeping the kidneys active.

Drink lots of water—you can't drink too much; also get from any pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning for a few days and your kidneys will act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate clogged kidneys; also to neutralize the acids in urine so it no longer is a source of irritation, thus ending bladder weakness.

Jad Salts is inexpensive; cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep their kidneys clean and active. Try this, also keep up the water drinking, and no doubt you will wonder what became of your kidney trouble and backache.

General Miles Pays Tribute.
Lincoln, Neb.—General Nelson A. Miles, U. S. A., retired, here to attend a meeting of the Nebraska Territorial Pioneers' association and the State Historical Society, expressed his sorrow over the death of Colonel Cody.

"Colonel Cody was a high-minded gentleman, a brave American and a great scout," said General Miles. "He performed a great work in the west for the pioneers and for the generations coming after them, and his exploits will live forever in history."

Brother Killed at Play.
Boise, Idaho.—"I didn't know it was loaded," sobbed 13-year-old Frank Hewitt, of Halley, Wednesday, when he rushed into a neighbor's house and told how he had just shot and killed his brother, John Henry Hewitt, aged 15. The boys had just returned from school and were going to light the kitchen fire. Frank found the gun, a 30-30 rifle, standing beside the door, and pulled the trigger in play. The bullet entered John's heart. No other shooting brothers were present at the shooting.

Daylight Saving Plans On.
New York.—Plans announced here Thursday for the National Daylight Saving convention to be held in New York on the last two days of this month indicate that 500 delegates will attend.

The purpose of the movement undertaken by the New York daylight-saving committee is to have the nation's clocks turned forward one hour during the five months beginning May 1.

LAUDS NORTHWEST'S APPLES
Agricultural Expert of Virginia Pays Remarkable Compliment.

A remarkable compliment was recently paid the Northwest apple in an address delivered before the Virginia State Horticultural society at Roanoke. The speaker was one of the best-known fruit experts of the South, F. H. LaBaume, agricultural and industrial agent of the Norfolk & Western Railway company, and in his address he outlined the marketing and advertising campaigns conducted for the apples of the Pacific Northwest, and plainly told Virginia apples that these Northwest apples were the finest offered in the American market.

The address, however, circulated throughout the South, and is from beginning to end a remarkable tribute to the marketing organization and to the quality of Northwest apples. Mr. LaBaume said in part:

"The western fruit packers of both deciduous and citrus fruits have far surpassed the eastern growers in the efficient grading, packing and standardizing of their fruit, in the systematic marketing of same and in the attractive advertising of their products to the general public. Our eastern growers are going to continue to be serious and handicapped in the world's markets unless they adopt the same methods that have brought success to the growers in other districts."

"While I believe that our Virginia growers have accomplished wonderful results in the better production, selection and standard packing of their fruits within the past few years, nevertheless, it is a recognized fact that we do have growers who slight their pack and as a consequence give our eastern growers and their apples an exceedingly bad reputation on many markets. I, myself, within the past few years have purchased apples from one of the leading growers of Virginia in boxes labeled 'Extra Fancy,' paying \$2 per bushel therefor, and on opening them found under a good top row wormy, speckled and otherwise blemished apples that should not be used by any honest grower in filling out any standard pack. It would be folly, indeed, to spend money in advertising Virginia apples until some system had been worked out whereby all the apples advertised under a trade name shall be subject to inspection by representatives of the marketing exchange."

Price of Hay Advances.
Baker, Or.—Belief that there will be scarcity of hay is boosting the price this season earlier than usual. The price has advanced to \$12 a ton in Pine Valley, and owners are refusing the offer because they believe it will go much higher. There was much hay put up for this winter, because of the shortage last winter, but the early snowfall caused cattle men to believe that the cold spell will be longer than usual. This is causing the hay demand by cattle men and the holding for top prices by owners of hay.

Embargo Put on Spruce.
Aberdeen, Wash.—Importation of clear silver spruce for aeroplane stock has been prohibited by the English government, according to notification received from British Consul Harry L. Sherwood, of Portland. A slump in spruce prices may follow.

About 25,000,000 feet of spruce for aeroplane purposes has been shipped to the entente countries from coast mills in the past year. The price which before the war in 1914 was around \$25, has soared to more than \$90 a thousand.

Decline in Egg Prices Checked.
The decline in the egg market has been checked for the time being, as is usually the case when prices start downward after the holidays. The general price quoted on the street was 34 cents, and although receipts were fairly liberal dealers had no difficulty in cleaning up at this price. The butter market was steady and unchanged. Poultry continued to sell at top prices, but the demand was not as keen as last week, and an easing off in the market is expected.

TURN HAIR DARK WITH SAGE TEA
If Mixed with Sulphur It Darkens so Naturally Nobody Can Tell.

The old-time mixture of Sage Tea and Sulphur for darkening gray, streaked and faded hair is grandmother's recipe, and folks are again using it to keep their hair a good, even color, which is quite sensible, as we are living in an age when a youthful appearance is of the greatest advantage.

Nowadays, though, we don't have the troublesome task of gathering the sage and the mussy mixing at home. All drug stores sell the ready-to-use product, improved by the addition of other ingredients, called "Wyeth's Sage and Sulphur Compound" for about 50 cents a bottle. It is very popular because nobody can discover it has been applied. Simply moisten your comb or a soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, but what delights the ladies with Wyeth's Sage and Sulphur Compound, is that, besides beautifully darkening the hair after a few applications, it also produces that soft lustre and appearance of abundance which is so attractive.

This ready-to-use preparation is a delightful toilet requisite for those who desire a more youthful appearance. It is not intended for the cure, mitigation or prevention of disease.

Where She Was.
A small boy, who afterwards proved to be a nephew of one of the mayor's stenographers, was wandering about in the city hall when one of the officials there happened upon him.

"Well, sonny," inquired the man generally, "for whom are you looking?"
"For my Aunt Kate."
"Can't you find her?"
"I can't see to."

"And don't you know here she is?"
"Not exactly. She's in here some where, tho, and I know that the mayor works in her office."—Harper's Magazine.

"Yes, I have," the plumber replied.
"Ever know there is a reason for that?"
"No. Is there?"
"Yes. There is an arrangement which keeps the keys hot, and the player can't keep his fingers on them long enough to make anything but a staccato sound."

What does staccato mean in regular talk?"
"Just as I said before, quick and snappy."

Success of a New Remedy for Backache, Kidneys, Rheumatism.
Dear Mr. Editor—I suffered for years with backache. Last March I tried "Anuric" and have used this new kidney medicine recently discovered by Dr. Pierce, and it was wonderful the way it eased the pain and gave me relief in such a very short time. I have tried several medicines, but "Anuric" is the only one that gave satisfaction. I feel it my duty to recommend "Anuric Tablets" to any one who suffers as I did.
(Signed) MRS. MARGARET E. SNIDER.

NOTE: Folks in town and adjoining counties are delighted with the results they have obtained by using "ANURIC," the newest discovery of Dr. Pierce, who is head of the Invalids' Hotel and Surgical Institute, in Buffalo, N. Y. Those who started the day with a backache, stiff legs, arms and muscles, and an aching head (worn out before the day began because they were so tired) will get half a dozen times (at night) are appreciating the perfect rest, comfort and new strength they obtained from Dr. Pierce's Anuric Tablets. To prove that this is a certain cure and solvent for all kinds of kidney, bladder and bladder diseases and rheumatism, if you've never used the "Anuric," cut this out and send ten cents to Doctor Pierce for a large sample package. This will prove to you that "Anuric" is thirty-seven times more active than lithia in eliminating uric acid—and the most perfect kidney and bladder corrector. If you are a sufferer, go
