IF YOUR CHILD IS CROSS, FEVERISH, CONSTIPATED

Look Mother! If tongue is coated, cleanse little bowels with "California Syrup of Figs."

Mothers can rest easy after giving "California Syrup of Figs" because in a few hours all the clogged-up waste, sour bile and fermenting food gently moves out of the bowels, and you have a well, playful child again.

Sick children needn't be coaxed to take this harmless "fruit laxative." Millions of mothers keep it handy because they know its action on the stomach, liver and bowels is prompt and sure.

Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which contains directions for babies, children of all ages and for grown-ups.

One instance. "Like produces like." "Yes," I suppose that is one reason why they have baggage smashers on trunk lines."—Baltimore American.

SAGE TEA KEEPS YOUR HAIR DARK

When Mixed with Sulphur it Brings Back Its Beautiful Lustre at Once.

Gray hair, however handsome, denotes advancing age. Yet because of the advantage of a youthful appearance. Your hair is your charm. It makes or mars the face. When it fades, turns gray and looks streaked, just a few applications of Sage Tea and Sulphur enhances its appearance a hundred-fold.

Don't stay gray! Look young! Either prepare the recipe at home or get from any drug store a 50-cent bottle of "Wyeth's Sage and Sulphur Compound," which is merely the old-time recipe improved by the addition of other ingredients. Thousands of folks recommend this ready-to-use preparation, because it darkens the hair beautifully, besides, no one can possibly tell, as it darkens so naturally and evenly. You moisten a sponge or soft brush with the water, dip this through the hair, taking one small strand at a time. By morning the gray hair disappears; after another application or two, its natural color is restored and it becomes thick, glossy and lustrous, and you appear years younger.

Wyeth's Sage and Sulphur Compound is a delightful toilet requisite. It is not intended for the cure, mitigation or prevention of disease.

The Reason.
"If I stand on my head, the blood all rushes to my head, doesn't it?" No one ventured to contradict him. "Now," he continued triumphantly, "when I stand on my feet, why doesn't the blood all rush into my feet?" "Because," replied Hostetter McGinnis, "your feet are not empty."—Rain's Horn.

Marine News

Big Shipyard Started.

Tacoma—Actual construction on the Tacoma Shipyard began Tuesday, when about 50 men were put to work by the Tacoma Dredging company at the diking for the proposed 1,600 foot fill along the Hylebos creek waterway, upon which the Todd Shipbuilding company will ultimately build the most modern and complete yard in the northwest. A construction office has been erected at the site.

Many carloads of brush are being brought to the site of the dike, and the piles which will form the retaining walls. Brush and rock will be dumped behind the piling, and behind this foundation the silt from the bottom of Hylebos creek will be placed by a suction dredger, which will be placed at work as soon as sufficient diking has been constructed, probably in about 10 days.

Jap Warships Visit.

Tacoma—Mystery surrounding the reported arrival of two Japanese cruisers in the Straits of Juan de Fuca February 5 was cleared up Thursday with the arrival in Tacoma of a party of nine officers of the Japanese cruiser Iwate, which, with the cruisers Idzuma and Nishin, Admiral Y. Takahashi's squadron are en route to Seattle to be coaling at that port. News of the arrival of the members of the Imperial Japanese navy was closely guarded by the Canadian censor.

Shipyard Project Aided.

Florence, Or.—A special meeting of the chamber of commerce was held Wednesday night to discuss methods of co-operating with the Eugene organization for securing the proposed shipyard. A committee was appointed, consisting of J. W. Bergman, W. H. O'Kelly, R. T. F. Smith, D. M. Kyle and William Brynd, who will confer with the Eugene committee and take up the matter of obtaining stock subscriptions locally.

Ship Owners Aid Dry Law.

Marshfield, Or.—District Attorney Hall has been asked to co-operate with a steamship line running vessels between Bandon and San Francisco in preventing the vessels from breaking the liquor law. Hall did not name a company, however. He expects, he said, to obtain co-operation from all steamship lines maintaining service to the Coquille river and Coos bay, with an aim to making the immediate vicinity of the coast bone dry in fact. Only one liquor case has developed on the bay since the new law was signed.

American Vessel Sunk.

Rome—The American schooner Lyman M. Law was sunk February 12 off the coast of Sardinia by a hostile submarine, says a Stefani dispatch from Cagliari, Sardinia. The vessel was loaded with agricultural machinery. The dispatch adds: The crew of 10, of which eight were Americans, says the message, have been landed at Cagliari.

Motorship Leaves St. Helena.

St. Helena, Or.—The motorship S. I. Allard, launched at the St. Helena Shipbuilding company's yard last month, left Thursday for Astoria, being towed by a tug. At Astoria there will be about 10 days work before the vessel will be ready to be towed to San Francisco, where engines will be installed.

Steamship Goes Aground.

Bellingham, Wash.—The steamship Windber of the Pacific American Fisheries Shipbuilding company, expected Wednesday at 11 o'clock, while backing into position at a lumber mill dock. The steamship Norwood and tug attempted to pull the vessel off but failed.

YES! MAGICALLY! CORNS LIFT OUT WITH FINGERS

You corn-pestered men and women need suffer no longer. Wear the shoes that nearly killed you before, says this Cincinnati authority, because a few drops of Iressone applied directly on a tender, aching corn or callous, stops soreness at once and soon the corn or hardened callous loosens so it can be lifted out, root and all, without pain.

A small bottle of Iressone costs very little at any drug store, but will positively take off every hard or soft corn or callous. This should be tried, as it is inexpensive and is said not to irritate the surrounding skin.

If your druggist hasn't any Iressone tell him to get a small bottle for you from his wholesale drug house. It is fine stuff and acts like a charm every time.

Unaltered.
Sandy Macpherson came home after many years and met his old sweetheart. Honey-laden memories thrilled through the twilight and flushed their glowing cheeks.

"Ah, Mary," exclaimed Sandy, "ye are just as beautiful as ye ever were, and I ha'e never forgotten ye, my bonnie lass."

"And ye, Sandy," she cried, while her blue eyes moistened, "are just as big a leaver as ever, an' I believe ye jist the same."—Liverpool Post.

Is a Poor Skin Your Handicap?

That skin-trouble may be more than a source of suffering and embarrassment—it may be holding you back in the business world, keeping you out of a better job for which a good appearance is required. Why "take a chance" when Resinol Ointment heals skin-eruptions so easily, is so simple and economical to use? It has such a record of success that you need not hesitate to try it. Resinol Ointment is sold by all druggists.

TAKES OFF DANDRUFF, HAIR STOPS FALLING

Save your Hair! Get a 25-cent bottle of Danderine right now—Also stops itching scalp.

Thin, brittle, colorless and scraggy hair is mute evidence of a neglected scalp; of dandruff—that awful scurf.

"There is nothing so destructive to the hair as dandruff. It robs the hair of its lustre, its strength and its very life; eventually producing a feverishness and tingling of the scalp, which if not remedied causes the hair roots to shrink, loosen and die—then the hair falls out fast. A little Danderine tonight—now—any time—will surely save your hair."

Get a 25-cent bottle of Knowlton's Danderine from any drug store. You surely can have beautiful hair and lots of it if you will just try a little danderine. Save your hair! Try it!

Whenever there is a tendency to constipation, sick-headache, or biliousness, take a cup of Garfield Tea. All druggists.

An Incidental Consideration.

"Would you marry a man for his money?"
"No," replied Miss Cayenne, "I'd merely insist that he have a lovely disposition. But I'd take into consideration the fact that a man without money is very likely to be worried and ill-natured."—Washington Star.

A Concession.

"After looking at the postal stamps of other countries I have come to the conclusion that you can't beat ours."
"Maybe not, but all the same, it gets lots of lickings."—Baltimore American.

How He Learned.

"I can't afford a motor car."
"But I thought you had one?"
"I have. That's how I discovered that I can't afford one."—Boston Transcript.

TAKE SALTS TO FLUSH KIDNEYS

East less meat if you feel Back-ache or have Bladder trouble.

Meat forms uric acid which excites and overworks the kidneys in their efforts to filter it from the system. Regular eaters of meat must flush the kidneys occasionally. You must relieve them like you relieve your waste and poison, else you feel a dull misery in the back or sick headache, dizziness, your stomach sour, tongue is coated and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment; the channels often get irritated, obliging you to get up two or three times during the night.

To neutralize these irritating acids and flush out the body's urinous waste eat about four ounces of Jals Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine and bladder disorders disappear. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys and stop bladder irritation. Jals Salts is inexpensive; harmless and makes a delightful effervescent lithia-water drink which millions of men and women take now and then, thus avoiding serious kidney and bladder diseases.

An Honest House.

Guest in country hotel—I say, land lord, I left my boots outside my room door last night, and this morning they hadn't been touched.

Resentful Sacrifice.

"Do you approve of prohibition?"
"Yep," said Uncle Bill Bottletop. "I'm willin' to abolish licker rather than see it wasted in a lot of folks around here that can't appreciate it."—Washington Star.

"I understand Blank doesn't stammer so much since he got married."
"Of course not; he gets fewer chances to talk than he used to."—Boston Transcript.

"People should marry their opposites."
"Most people are convinced that they did."—Louisville Courier-Journal.
