Weak Women!
An Oregon Woman Testifies.

Lents, Oregon.—"When I was going through the critical time of middle life, I took several bottles of Dr. Pierce's Favorite Prescription and it helped me wonderfully. I cannot say enough in favor of this medicine. Have also used the 'Golden Medical Discovery' in my home for many years for many different ailments." — MRS. ELLA HAROLD.
Lents, Oregon.

At the first symptoms of any derangement of the feminine organism at any period of life, the one safe, really helpful remedy is Dr. Pierce's Favorite Prescription.

Tens of thousands of women have taken it with unfailing success for diseases of a womanly nature.

Dr. Pierce's Favorite Prescription is a true friend to women in times of trial and at times of pain when the organs are not performing their functions. For headache, backache, hot flashes, catarrhal condition, bearing-down sensation, mental depression, dizziness, fainting spells, lassitude and exhaustion, women should never fail to take this tried and true medicine.

Prepared from nature's roots and herbs, it contains no alcohol or narcotic, nor any harmful ingredient. Sold in either tablet or liquid form. If your dealer does not keep the sugar-coated tablets, send fifty cents (in stamps) for small box, or $1.00 in currency for a large box.

A Natural Question.

An Irishman went into a jeweler's shop to buy a clock. The shopman showed him one for $10.

"Murdher! Ten dollars for that bit of a clock? Is there anything wonderful about it?

"Certainly," said the shopman, "that is an eight-day clock."

"And what's that? asked the prospective purchaser.

"Why it goes eight days without winding."

"So much as that?" said the Irishman, scratching his head. "Begorra, there's wan thing I'd like to be after askin' you. If it goes eight days without winding, how long, for the sake of St. Patrick, will it go if ye wind it?"—Pittsburg Chronicle.

TAKES OFF DANDRUFF, HAIR STOPS FALLING
Save your Hair! Get a 25-cent bottle of Danderine right now—Also stops itching scalp.

Thin, brittle, colorless and scraggy hair is mute evidence o a neglected scalp; of dandruff—that awful scurf.

There is nothing so destructive to the hair as dandruff. It robs the hair of its lustre, its strength and its very life; eventually producing a feverishness and i ing of the scalp, which if not remedied causes the hair roots to shrink, loosen and die—then the hair falls out fast. A little Danderine tonight—now—any time—will surely save your hair.

Get a 25-cent bottle of Knowlton's Danderine from any drug store. You surely can have beautiful hair and lots of it if you will just try a little danderine. Save your hair! Try it!

WE MUST GROW MORE FOOD

Financing and Feeding of Allies Two Most Important Problems.

Washington, D. C.—Government officials look upon the speeding up of the foodstuffs production in the United States as one of the most important means of assisting in the war against Germany, should the United States take an active part in it.

"Of the most important two things that this country could do for its allies in case of war—namely, to finance and to feed them—perhaps the more important is to manitain a steady flow of foodstuffs to their shores," says an authorized statement by Assistant Secretary Vrooman of the department of Agriculture.

"It looks," the statement adds, "as though it would be a good business stroke for the farmer this spring to sow his normal oats acreage to spring wheat and it is certan that would be a valuable step toward national agricultural preparedness."

Since the policy of stimulating food production would have to be supplemented by a policy guaranteeing the farmer against loss due to possible overproduction, the department holds that congress alone can deal with this question effectively, although the department can do something toward speeding up production within certain limits.

Plan Acreage of 30,000 in Field Peas This Year

Spokane — Pea contracts closed recently by S. B. Coon, industrial secretary of the Spokane chamber of commerce, with farmers on Peone prairie, will bring the Spokane county pea acreage this year up to 10,000 acres, exclusive of nearly 20,000 acres in the Fairfield section. In the extension of pea culture in the county the chamber has worked in conjunction with J. R. Shinn, county agriculturist

Mr. Coon closed the contracts for the Barteldes Seed company, of Lawrence, Kan., which agrees to pay the growers 2½ cents per pound for peas delivered before December 1, 1917. Peone prairie in the past has raised some peas, but for the first time this year it will produce peas for seed.

The seed company furnishes the seed, which is paid back when the peas are delivered, and it also provides the sacks. It sent its order and 100 bushels of seed peas direct to the chamber of commerce. These are the Alaska variety, and the company expects to get 1000 bushels for seed purposes from the Peone Prairie growers.

Coal Mines Inspected.

Marshfield, Ore.—G. W. Evans, of the United States bureau of mines, with headquarters in Seattle, is inspecting the coal mines of Coos county with a view to increasing their output and adding needed efficiency. Although Coos county has 250 square miles of coal area, the mines have been unable to furnish fuel for local consumption during the past winter and the situation called for vigorous measures. The inability of the mines to supply coal is due to the manner in which they have been operated.

Try Peas on Pullman Farms.

Pullman, Wash.—At least 600 acres of field peas will be grown in the vicinity of Pullman this year and if the crop proves as profitable as is claimed for it the acreage will be increased. The N. B. Keeney Seed company has contracted for between 300 and 400 acres of peas. Professor Severance, head of the department of Agriculture, and booster for field peas as a rotation crop for cereals, has just closed two contracts for the Everett B. Clark Seed Co., of Milford, Conn. This company will grow a trial crop this year.

BIG EATERS GET KIDNEY TROUBLE
Take Salts at first sign of Bladder irritation or Backache.

The American men and women must guard constantly against Kidney trouble, because we eat too much and all our food is rich. Our blood is filled with uric acid which the kidneys strive to filter out, they weaken from overwork, become sluggish; the eliminative tissues clog and the result is kidney trouble, bladder weakness and a general decline in health.

When your kidneys feel like lumps of lead; your back hurts or the urine is cloudy, full of sediment or you are obliged to seek relief two or three times during the night; if you suffer with sick headache or dizzy, nervous spells, acid stomach, or you have rheumatism when the weather is bad, get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys; to neutralize the acids in the urine so it no longer is a source of irritation, thus ending bladder disorders.

Jad Salts is inexpensive; cannot injure, makes a delightful effervescent lithia-water beverage, and belongs in every home, because nobody can make a mistake by having a good kidney flushing any time.

Brother Knew Why.

Sister and little brother had been to the dog show and were greatly interested in the hairless canines from Mexico. At the dinner table mamma told them that some friends of hers once had one of those Mexican dogs and that they named him "Minus."

"Now, sister," said mamma, "why do you suppose they called him Minus?"

But sister didn't seem to be able to figure it out.

"I know, mamma," volunteered brother. "Because the mines are in Mexico."—Indianapolis News.

Laugh When People Step On Your Feet
Try this yourself then pass it along to others. It works!

Ouch ! ? ! ? ! ! This kind of rough talk will be heard less Lere in town if people troubled with corns will follow the simple advice of this Cincinnati authority, who claims that a few drops of a drug called freezone when applied to a tender, aching corn or hardened callous stops soreness at once, and soon the corn or callous dries up and lifts right off without pain.

He says freezone dries immediately and never inflames or even irritates the surrounding skin. A small bottle of freezone will cost very little at any drug store, but will positively remove every hard or soft corn or callous from one's feet. Millions of American women will welcome this announcement since the inauguration of the high heels. If your druggist doesn't have freezone tell him to order a small bottle for you.

Direct Answer.

The boss of a woodworking shop in West Philadelphia was examining an Irishman as to his fitness for a job as a cabinetmaker.

After some lengthy examination, the foreman asked: "How would you make a Venetian blind?"

"I'd poke him in the eye wid me screwdriver," answered the tired Celt.

Dated Ahead.

"Hubby, you know that letter I said I gave you to mail?"

"Yes, my dear; I assure you I mailed it."

"No, you didn't. I didn't give it to you. I thought I gave it to you, but I gave it to father."—Louisville Courier-Journal.

Too Scientific.

The city-bred boy's parents had just moved into the country and arrangements were being made for him to attend the public school. One day he saw electricians at work there.

"What are those fellows doing?" he asked his father.

"Putting in an electric switch," was the reply.

"Well, I am going back to town at once," was the boy's astonishing comment. "I won't stand a school where they do their licking by electricity."—New York Times.

IF YOUR CHILD IS CROSS, FEVERISH, CONSTIPATED
Look Mother! If tongue is coated, cleanse little bowels with "California Syrup of Figs."

Mothers can rest easy after giving "California Syrup of Figs," because in a few hours all the clogged-up waste, sour bile and fermenting food gently moves out of the bowels, and you have a well, playful child again.

Sick children needn't be coaxed to take this harmless "fruit laxative." Millions of mothers keep it handy because they know its action on the stomach, liver and bowels is prompt and sure.

Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which contains directions for babies, children of all ages and for grown-ups.

DRINK HOT WATER IF YOU DESIRE A ROSY COMPLEXION
says we can't help but look better and feel better after an inside bath.

To look one's best and feel one's best is to enjoy an inside bath each morning to flush from the system the previous day's waste, sour fermentations and poisonous toxins before it is absorbed into the blood. Just as coal, when it burns, leaves behind a certain amount of incombustible material in the form of ashes, so the food and drink taken each day leave in the alimentary organs a certain amount of indigestible material, which if not eliminated, form toxins and poisons which are then sucked into the blood through the very ducts which are intended to suck in only nourishment to sustain the body.

If you want to see the glow of healthy bloom in your cheeks, to see your skin get clearer and clearer, you are told to drink every morning upon arising, a glass of hot water with a teaspoonful of limestone phosphate in it, which is a harmless means of washing the waste material and toxins from the stomach, liver, kidneys and bowels, thus cleansing, sweetening and purifying the entire alimentary tract, before putting more food into the stomach.

Men and women with sallow skins, liver spots, pimples or pallid complexion, also those who wake up with a coated tongue, bad taste, nasty breath, others who are bothered with headaches, bilious spells, acid stomach or constipation should begin this phosphate hot water drinking and are assured of very pronounced results in one or two weeks.

A quarter pound of limestone phosphate costs very little at the drug store but is sufficient to demonstrate that just as soap and hot water cleanses, purifies and freshens the skin on the outside, so hot water and limestone phosphate act on the inside organs. We must always consider that internal sanitation is vastly more important than outside cleanliness, because the skin pores do not absorb impurities into the blood, while the bowel pores do.

TO DARKEN HAIR APPLY SAGE TEA
Look Young! Bring Back Its Natural Color, Gloss and Attractiveness.

Common garden sage brewed into a heavy tea with sulphur added, will turn gray, streaked and faded hair beautifully dark and luxuriant. Just a few applications will prove a revelation if your hair is fading, streaked or gray. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get a 50-cent bottle of Wyeth's Sage and Sulphur Compound at any drug store all ready for use. This is the old time recipe improved by the addition of other ingredients.

While wispy, gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur Compound, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared, and, after another application or two, your hair becomes beautifully dark, glossy, soft and luxuriant.

This preparation is a delightful toilet requisite and is not intended for the cure, mitigation or prevention of disease.

Planning the Impossible.

"You have made promises that you cannot fulfill."

"I suppose I have," replied Senator Sorghum. "Criticism should not be harsh. Many a conscientious man gets home at 2 a. m. and in perfect good faith has set the alarm clock for 7:30."—Washington Star.

Anticipates Them.

"My husband is very devoted; he anticipates my every wish."

"So does my husband mine; whenever he thinks I am going to ask him for something he lights out."—Boston Transcript.

Foresight.

"That old fellow Santa Claus may be kind-hearted," said the precocious boy; "but he's no fool."

"What makes you say that?"

"He got around with all that candy and cake just ahead of the big jump in the price of sugar."—Washington Star.

Cumulative Responsibilities.

"What do you think an extra session will accomplish?"

"Probably," answered Senator Sorghum, "it will dig up material for more extra sessions."—Washington Star.

Repartee.

When it comes to repartee trust the Rotary club to have a quota under steam all the time. Just for instance:

At a recent meeting of the club Roltare Eggleston was on the floor calling for volunteer performers for the forthcoming Rotary minstrel show.

"I can play a flute," Walter Kipp shouted.

Somebody suggested that Harry Storment could play the trap drums.

"Dale Eaglesfield can plaly horse," piped Frank Shepard. The laugh went round and everybody thought Shepard had it on Eggleston, but the Keith manager came back with:

"We'll book him. Somebody has to haul the baggage."—Indianapolis News.

CRISIS OF WOMAN'S LIFE
Change Safely Passed by Taking Lydia E. Pinkham's Vegetable Compound.

Wagoner, Okla.—"I never get tired of praising Lydia E. Pinkham's Vegetable Compound because during Change of Life I was in bed two years and had two operations, but all the doctors and operations did me no good, and I would have been in my grave today had it not been for Lydia E. Pinkham's Vegetable Compound which brought me out of it all right, so I am now well and do all my housework, besides working in my garden. Several of my neighbors have got well by taking Lydia E. Pinkham's Vegetable Compound." — Mrs. VIOLA FINICAL, Wagoner, Okla.

Such warning symptoms as sense of suffocation, hot flashes, headaches, backaches, dread of impending evil, timidity, sounds in the ears, palpitation of the heart, sparks before the eyes, irregularities, constipation, variable appetite, weakness and dizziness should be heeded by middle-aged women. Lydia E. Pinkham's Vegetable Compound has carried many women safely through the crisis.
