THICK, GLOSSY HAIR FREE FROM DANDRUFF

Girls! Try it! Hair gets a ft, fluffy and beautiful—Get a 25 cent bottle of Danderine.

If you care for heavy hair that glistens with beauty and is radiant with life; has an incomparable softness and is fluffy and lustrous, try Danderine.

Just one application doubles the beauty of your hair, besides it immediately dissolves every particle of dandruff. You can not have nice heavy, healthy hair if you have dandruff. This destructive scurf robs the hair of its lustre, its strength and its very life, and if not overcome it produces a feverishness and itching of the scalp; the hair roots famish, loosen and die; then the hair falls out fast. Surely get a 25-cent bottle of Knowlton's Danderine from any drug store and just try it.

His Bid.

A wag in an auction room thought it time to go home, and as the auctioneer raised his hammer and said: "Going! Going! Will anybody bid any more?" he shouted:

"I will bid more."

"What will you bid?" asked the man with the hammer.

"I will bid you good night," answered the wag, walking off amidst the laughter of the audience and the rage of the auctioneer.—Exchange.

LATIN REPUBLICS MAY ENTER WAR

Brazil and Central American Nations Become Restless.

MEXICAN REPUBLIC IS SILENT

Argentina Divided Over World War and Little Encouragement From That Source is Looked for.

Washington, D. C.—Early entrance of several of the South and Central American nations into the war against Germany is regarded here as practically certain. Brazil, aroused by the sinking of her steamship Parana, is expected to become a belligerent this week and it is assumed that her lead will be followed promptly by other countries.

Reports of divided opinion in Argentina have given officials here little encouragement to look for aggressive action by that country.

Active support of the United States by at least two of the five Central American republics and possibly by four would not be surprising. Official reports that Estrada Cabrera, president of Guatemala, is contemplating seriously a break with Germany have been received.

So long as Mexico's course is undefined, unusual interest is attached to the position of the Central American governments, especially Guatemala, controlling the southern frontier of Mexico. In the event of the development of an unfriendly situation in Mexico, it is realized that Guatemala's role would be far from unimportant.

In Guatemala, Cabrera has built up what is regarded generally as the most efficient army in Central America and with it he would be in a position to lend valuable assistance to the United States. Antipathy between the Guatemalans and the Mexicans there has existed for years.

It is known that earnest efforts have been made by counsellors of Cabrera to induce him to enter promptly into the war. If he does place his country in the list, it is expected that Nicaragua will shortly follow, and the long-standing differences between those two countries and Salvador and Honduras may be swept away in a desire to present a united Central America.

Cuba Enters War Against Germany

Havana—Cuba, not yet out of her teens as a republic, is at war with Germany—the first of the Latin-American countries to range herself alongside the United States, her liberator and protector.

At 7:16 o'clock Saturday night President Menocal affixed his signature to the joint resolution adopted unanimously late in the afternoon by both the senate and house without a dissenting vote being raised, thus putting into effect the declaration that a state of war exists between Cuba and the imperia German government.

Emperor William Asks Plans on Reforms for Germany

Amsterdam, via London—Emperor Wiliam has ordered German Imperial Chancellor von Bethman-Hollweg to submit to him certain proposals for the reform of the Prussian electoral law to be discussed and put into effect after the conclusion of peace. An official telegram from Berlin announcing this order adds that it foreshadows also the reform of the upper chamber of the Prussian diet.

Food Distribution Taken Up.

Washington, D. C.—Food production and distribution for the war period were discussed at Saturday's cabinet meeting and afterwards Sec. Houston announced that he would leave immediately for St. Louis to confer with agricultural experts from the great cereal growing states. He will hold a similar conference in the East later.

The secretary was directed by a senate resolution passed Friday to submit a plan to increase the national food supplies.

Five Billion a Year War Figure.

Washington, D. C. — Methods of financing the war with Germany and extending huge loans to the allies constituted one of the chief subjects considered at Saturday's cabinet meeting. Indications are that the first year's demands upon the financial resources of the country will run far in excess of the $3,500,000,000 already asked, and may approximate $5,000,000,000. Bond issues already authorized also were discussed. These total $474,000,000, including the $224,000,000 of Panama canal bonds authorized but not issued.

Kaiser's Allies to Break With U. S.

London—Passports have been placed at the disposal of the American embassy in Vienna, according to a dispatch to the Exchange Telegraph company from The Hague, quoting telegrams received there from the Austrian capital. The dispatch says that Bulgaria and Turkey have also decided to break off relations with the United States, and that Holland will probably look after Austrian interests in Washington and Americans in Vienna.

Brazilian Not Warned.

Rio Janeiro—The captain of the torpedoed Brazilian steamer Parana cables that in addition to the killing of three members of his crew, several sailors were wounded by the explosion of the torpedoes. He says the ship was attacked at midnight without warning and denounces the conduct of the Germans as barbarous.

GLASS OF SALTS CLEANS KIDNEYS

If your Back hurts or Bladder bothers you, drink lots of water.

When your kidneys hurt and your back feels sore, don't get scared and proceed to load your stomach with a lot of drugs that excite the kidneys and irritate the entire urinary tract. Keep your kidneys clean like you keep your bowels clean, by flushing them with a mild, harmless salts which removes the body's urinous waste and stimulates them to their normal activity. The function of the kidneys is to filter the blood. In 24 hours they strain from it 500 grains of acid and waste, so we can readily understand the vital importance of keeping the kidneys active.

Drink lots of water—you can't drink too much; also get from any pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning for a few days and your kidneys will act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate clogged kidneys; also to neutralize the acids in urine so it no longer is a source of irritation, thus ending bladder weakness.

Jad Salts is inexpensive; cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep their kidneys clean and active. Try this, also keep up the water drinking, and no doubt you will wonder what became of your kidney trouble and backache.

"But our adversaries' questions are not fair," Mr. Horton said. "Our adversaries are like the cross-examining lawyer.

"'No, of course not,' the witness answered indignantly.

TURN HAIR DARK WITH SAGE TEA

If Mixed with Sulphur It Darkens so Naturally Nobody Can Tell.

The old-time mixture of Sage Tea and Sulphur for darkening gray, streaked and faded hair is grandmother's recipe, and folks are again using it to keep their hair a good, even color, which is quite sensible, as we are living in an age when a youthful appearance is of the greatest advantage.

Nowadays, though, we don't have the troublesome task of gathering the sage and the mussy mixing at home. All drug stores sell the ready-to-use product, improved by the addition of other ingredients, called "Wyeth's Sage and Sulphur Compound" for about 50 cents a bottle. It is very popular because nobody can discover it has been applied. Simply moisten your comb or a soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, but what delights the ladies with Wyeth's Sage and Sulphur Compound, is that, besides beautifully darkening the hair after a few applications, it also produces that soft lustre and appearance of abundance which is so attractive. This ready-to-use preparation is a delightful toilet requisite for those who desire a more youthful appearance. It is not intended for the cure, mitigation or prevention of disease.

Why They Laughed.

The English teacher was in the habit of reading the day's lesson aloud before the pupils recited it. They were studying Macbeth. In this tragedy Shakespeare introduces several storm scenes.

The one preceding had been a mighty one, where Macbeth curses his luck and fate. Everyone was very much impressed with his wrath.

The teacher read on, not noticing the change of scene.

"Thunder!" she exclaimed, and stopped.

The class laughed, but almost as soon as the young teacher realized her mistake in accent, it would be hard to say which laughed the hardest, the pupils or the teacher.—Indianapolis News.

10 CENT "CASCARETS" IF BILIOUS OR COSTIVE

For Sick Headache, Sour Stomach, Sluggish Liver and Bowels—They work while you sleep.

Furred Tongue, Bad Taste, Indigestion, Sallow Skin and Miserable Headaches come from a torpid liver and clogged bowels, which cause your stomach to become filled with undigested food, which sours and ferments like garbage in a swill barrel. That's the first step to untold misery—indigestion, foul gases, bad breath, yellow skin, mental fears, everything that is horrible and nauseating. A Cascaret tonight will give your constipated bowels a thorough cleansing and straighten you out by morning. They work while you sleep—a 10-cent box from your druggist will keep you feeling good for months.

A Short Story.

Merrill loves Ruth.
Merrill wants to wander.
Ruth wonders why he would wander.
Says Ruth, "Let us at least wander together."
But Merrill doesn't want to wander that way.
Says he, "No."
He exits Ruth-lessly, but Merrily!

It Works! Try It

Tells how to loosen a sore, tender corn so it lifts out without pain.

No humbug! Any corn, whether hard, soft or between the toes, will loosen right up and lift out, without a particle of pain or soreness.

This drug is called freezone and is a compound of ether discovered by a Cincinnati man.

Ask at any drug store for a small bottle of freezone, which will cost but a trifle, but is sufficient to rid one's feet of every corn or callous.

Put a few drops directly upon any tender, aching corn or callous. Instantly the soreness disappears and shortly the corn or callous will loosen and can be lifted off with the fingers.

This drug freezone doesn't eat out the corns or callouses but shrivels them without even irritating the surrounding skin.

Just think! No pain at all; no soreness or smarting when applying it or afterwards. If your druggist don't have freezone have him order it for you.

Cutting Down Expenses.

"Grocery butter is so unsatisfactory, dear," said Mrs. Youngbride, "I decided today that we would make our own."

"Oh, did you?" said her husband.

Entire Supply of Wool in Boston Held for Government

Boston — The entire supply of raw wool owned or controlled in this city, the largest wool market in the world, was ordered reserved for government use by vote of the Boston Wool Trade association at a special meeting Thursday. The stock will be offered to the government at the prices quoted Thursday, and each member of the association will furnish an inventory of stock to a committee that will co-operate with the government.

The effect of the vote, as stated in resolutions which the association adopted, will be that the members of the wool trade here will neither buy nor sell wool until further notice is received from the committee.

Industrial Clubs Liked.

Salem, Or.—"The high cost of living and the universal patriotic demand that every one grow a garden, raise some poultry, grow a pig, or in some way produce some food product, and the local country-wide activity in the 'grow a garden' movement is proving to be a great stimulus to the Industrial club work of Clatsop county," said N. C. Maris, Industrial club field worker, who has returned from a tour of that county in the interest of the Industrial club movement.

Mr. Maris, in company with Superintendent O. H. Byland, visited schools in the vicinity of Blind Slough, Svensen and the Nehalem valley and, reports that a number of enthusiastic clubs were organized. Local school fairs will be held in various parts of Clatsop county this year, he stated, as well as the County Fair at Astoria.

Steel Workers Get Rise.

New York—The United States Steel Corporation, through Chairman Elbert H. Gary, has announced an increase of "about 10 per cent in wage rates and salaries up to $2500" of the employes of the corporation's various subsidiaries, to take effect May 1, subject to equitable adjustment. There are now on the payroll of the steel corporation about 250,000 employes, fully 90 per cent of whom will benefit by the higher wage. The increase will add about $25,000,000 to the corporation's payroll, it was said.

Stone Wants Real War.

Washington, D. C. — "I am against a declaration of war," said Senator Stone Monday, "but when it is declared I will be a war eagle, screaming as loudly as the rest. Blood is thicker than water, and no matter what opinions a man might have about the need for war, any other position would be contemptible and no American could contemplate it. War is not play and when we go into it I believe we should go in to the limit with men and money. If it takes one million men, all right; if it takes five million men, all right."

Germany Protests America's Move.

London — An Exchange Telegraph dispatch from Amsterdam says it is reported there from Berlin that the German government contemplates sending to all neutrals a protest against the expected American declaration that a state of war with Germany exists. It is hoped in Germany, the dispatch says, that the protest will influence South American republics as it will denounce President Wilson's policy as perilous to the neutrality of those republics.

Holsteins Bring High Prices.

North Yakima—Stockmen from Oregon, Idaho, California and Wisconsin, as well as many from this state, attended the dispersal sale of registered Holsteins at the H. C. Davis ranch Wednesday, paying $29,260 for 86 head, 50 of which were less than 15 months old and 40 born last summer. The average was $340 per head. J. Von Herberg, of Seattle, topped the sale, paying $1000 for May Lilu Hylaard Segis, a 3-year-old heifer.

Clear, Peachy Skin Awaits Anyone Who Drinks Hot Water

Says an inside bath, before breakfast helps us look and feel clean, sweet, fresh.

Sparkling and vivacious—merry, bright, alert—a good, clear skin and a natural, rosy, healthy complexion are assured only by pure blood. If only every man and woman could be induced to adopt the morning inside bath, what a gratifying change would take place. Instead of the thousands of sickly, anaemic-looking men, women and girls, with pasty or muddy complexions; instead of the multitudes of "nerve wrecks," "rundowns," "brain fags" and pessimists we should see a virile, optimistic throng of rosy-cheeked people everywhere.

An inside bath is had by drinking each morning, before breakfast, a glass of real hot water with a teaspoonful of limestone phosphate in it to wash from the stomach, liver, kidneys and ten yards of bowels the previous day's indigestible waste, sour fermentations and poisons, thus cleansing, sweetening and freshening the entire alimentary canal before putting more food into the stomach.

Those subject to sick headache, biliousness, nasty breath, rheumatism, cold; and particularly those who have a pallid, sallow complexion and who are constipated very often, are urged to obtain a quarter pound of limestone phosphate at the drug store which will cost but a trifle, but is sufficient to demonstrate the quick and remarkable change in both health and appearance, awaiting those who practice internal sanitation. We must remember that inside cleanliness is more important than outside, because the skin does not absorb impurities to contaminate the blood while the pores in the thirty feet of bowels do.

Too Late.

"Darling," he cried, "the firm is going to give me a 15 per cent raise to help us to meet the general rise in prices."

"Oh," she replied, "If we've got to use it for that, what's the good of it? Why couldn't we have had it for some of the things we haven't been able to afford?"—Judge.

Nor Good Collectors, Either.

Too Slow.

Mrs. Flatbush—Where is that umbrella you took to the club with you last night?

Mr. Flatbush—I did take an umbrella with me, didn't I?

"Forgot it, of course, as usual."

"Well, I didn't exactly forget it, but a fellow who left before I did thought of it first."—Yonkers Statesman.

She—I wonder if women's skirts will be short this season?

He—I am sure men's pockets will.—Baltimore American.

A Brutal Attack.

An actor visited a beauty doctor to see if he could have something done for his nose. The beauty doctor studied the organ, and suggested a complicated straightening and remodeling process—cost, 20 guineas.

"I may go you," said the actor, thoughtfully. He stroked his nose before the mirror, regarding it from all sides. "Yes, I think I'll go you. But look here, do you promise to give my nose—er—ideal beauty?"

The surgeon gave a loud, brutal laugh.

"As to ideal beauty, I can't say," he replied, "but, by gosh! I couldn't help improving it a lot if I hit it with a hammer."—Baltimore American.

Misery in Back, Headache and Pain in Limbs.

Dear Mr. Editor—For more than a year I suffered with misery in the back, dull headache, pain in the limbs, was somewhat constipated and slept poorly at night until I was about ready to collapse. Seeing an account of the wonderful qualities of "Anuric," prepared by Doctor Pierce, of Buffalo, N. Y., I sent for a box, and before using the whole box I felt and still feel improved. My sleep is refreshing, misery reduced, and life is not the drag it was before. I most cheerfully recommend this remedy to sufferers from like ailments.

Yours truly, W. A. ROBERTS.

NOTE: You've all undoubtedly heard of the famous Dr. Pierce and his well-known medicines. Well, this prescription is one that has been successfully used for many years by the physicians and specialists of Dr. Pierce's Invalids' Hotel and Surgical Institute, of Buffalo, N. Y., for kidney complaints, and diseases arising from disorders of the kidneys and bladder, such as backache, weak back, rheumatism, dropsy, congestion of the kidneys, inflammation of the bladder, scalding urine, and urinary troubles.

Up to this time, "Anuric" has not been on sale to the public, but by the persuasion of many patients and the increased demand for this wonderful healing Tablet, Dr. Pierce has finally decided to put it into the drug stores of this country within immediate reach of all sufferers.

I know of one or two leading druggists in town who have managed to procure a supply of "Anuric" for their anxious customers in and around this locality. If not obtainable send one dime by mail to Dr. Pierce for trial package or 50 cents for full treatment.
