LADIES! DARKEN YOUR GRAY HAIR  
Use Grandma's Sage Tea and Sulphur Recipe and Nobody Will Know.

The use of Sage and Sulphur for restoring faded, gray hair to its natural color dates back to grandmother's time. She used it to keep her hair beautifully dark, glossy and attractive. Whenever her hair took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect.

But brushing at home is messy and out-of-date. Nowadays, by asking at any drug store for a 50 cent bottle of "Wyeth's Sage and Sulphur Compound," you will get this famous ointment preparation, improved by the addition of other ingredients, which can be depended upon to restore natural color and beauty to the hair.

A well-known downtown druggist says it darkens the hair so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through your hair, taking one strand at a time. By morning the gray hair disappears, and after another application or two, it becomes beautifully dark and glossy.

Wyeth's Sage and Sulphur Compound is a delightful toilet requisite for those who desire a more youthful appearance. It is not intended for the cure, mitigation or prevention of disease.

Use Muriate of Potassium in Cold, Coughs, Whooping Cough, Bronchitis, and Promotes Eye Health. Good for all eyes that Need Care. Write for Eye Muriate Co., Chicago, Sends Eye Book on Request.

Family Pride.  
"Are you doing anything to make your children proud of you?"  
"I am," replied Mr. Bilgins. "All the young people will tell you I am the best dancer in the entire neighborhood."—Washington Star.

IF YOUR CHILD IS CROSY, FEVERISH, CONSTIPATED  
Look Mother! If tongue is coated, cleanse little bowels with "California Syrup of Figs."

Mothers can rest easy after giving "California Syrup of Figs," because in a few hours all the clogged-up waste, sour bile and fermenting food gently moves out of the bowels, and you have a well, playful child again.

Sick children need to be coaxed to take this harmless "fruit laxative." Millions of mothers keep it handy because they know its action on the stomach, liver and bowels is prompt and sure.

Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which contains directions for babies, children of all ages and for grown-ups.

Wills—Did the efficiency expert that you had at your office accomplish anything?  
Glad—Well, he made some good discoveries, but spoiled them by his recommendations. For instance, he found out that the office boy was wasting considerable time and recommended that we engage an assistant to roll his cigarettes.—Puck.

Paradoxical.  
"Do you think armed vessels are likely to be sunk?"  
"Not if they get the drop first."—Baltimore American.

"You must bring that mermald in the moving picture sea story more up to date."  
"What's the matter with the arrangement now?"  
"In posing her on the rock you've given her a golden harp. For heaven's sake, man, take it away and give her a ukulele."—Baltimore American.

His Sole Occupation.

Didn't Mean It That Way.  
An old lady who had been introduced to a doctor, who was a professor at university, felt somewhat puzzled as to how she would address the great man.  
"Shall I call you 'doctor' or 'professor'?" she asked.  
"Oh, just as you wish," was the reply; "as a matter of fact, some people call me an old idiot."

"Indeed," she said sweetly. "But, then, they are people that know you."—Pittsburg Chronicle.

Look and Feel Clean, Sweet and Fresh Every Day  
Drink a glass of real hot water before breakfast to wash out poisons.

Life is not merely to live, but to live well, eat well, digest well, work well, sleep well, look well. What a glorious condition to attain, and yet how very easy it is if one will only adopt the morning inside bath.

Folk who are accustomed to feeling dull and heavy when they arise, with headache, stuffy from a cold, foul tongue, nasty breath, acid stomach, can, instead, feel as fresh as a daisy by opening the sluices of the system each morning and flushing out the whole of the internal poisonous stagnant matter.

Everyone, whether sitting, sick or well, should, each morning, before breakfast, drink a glass of real hot water with a teaspoonful of limestone phosphate in it to wash from the stomach, liver, kidneys and bowels the previous day's indigestible waste, sour bile and poisonous toxins; thus cleansing, sweetening and purifying the entire alimentary canal before putting more food into the stomach.

The action of hot water and limestone phosphate on an empty stomach is wonderfully invigorating. It cleans out all the sour fermentations, gases, waste and acidity and gives one a splendid appetite for breakfast. While you are enjoying your breakfast the water and phosphate is quietly extracting a large volume of water from the blood and getting ready for a thorough flushing of all the inside organs.

The millions of people who are bothered with constipation, biliousness, stomach trouble, rheumatism; others who have sallow skins, blood disorders and sickly complexions are urged to get a quarter pound of limestone phosphate from the drug store, which will cost very little, but is sufficient to make anyone a pronounced crank on the subject of internal sanitation.

Dr. Pierce's Pleasant Pellets are the original little liver pills put up 40 years ago. They regulate liver and bowels.

Why he Came Home.  
Roscoe Boone, a Muncie electrical contractor, went home late the other afternoon to find Mrs. Boone entertaining a company of women at cards. He had forgotten about the party, and besides it was the usual period of the day for him to remember about the evening meal.

"Oh, Mr. Boone," said one of the guests as he stumbled upon the room filled with women, "did you come home to supper?"  
"Oh, no; not at all," he replied gallantly, even if somewhat confusedly. "I just came home to get married, so it was."—Indianapolis News.

Inland Empire Educational Association Meeting is Success

"The session of the Inland Empire Association held at Spokane last week was one of the most representative and important educational meetings ever held in the Northwest," said Mr. J. A. Churchill, superintendent of public instruction, who returned to his office Wednesday. "The four Northwestern states, Montana, Idaho, Washington and Oregon, took part in this convention. Oregon was well represented and her school men received important recognition."

"Two movements of particular educational interest were organized at this meeting. Plans were made to have research and survey work undertaken by the association on questions affecting the educational interest of the four states. There was also organized the Northwest Association of High Schools and Higher Educational Institutions. Three Oregon men were elected as members of the committee to adopt standards for the high schools and colleges of the Northwest states, and to inspect and pass upon the qualifications of the schools seeking admission into this association. They are Mr. W. R. Rutherford, city superintendent of Eugene; Mr. George W. Hug, city superintendent of McMinnville, and Mr. E. P. Carleton, assistant state superintendent of schools. Mr. Sten McCullough, city superintendent of La Grande, was made second vice president and a member of the executive committee. J. H. Ackerman, president of the Oregon Normal school, was made a member of the council for the Inland Empire association, and Mr. O. M. Plummer, of Portland, was made chairman of the School Board department. On the program for the association from Oregon was Superintendent J. W. Todd, of Salem; Mrs. G. W. McMath, of Portland; Superintendent Hug, of McMinnville; Superintendent Rutherford, of Eugene; President J. H. Ackerman, of Monmouth; Miss Hallie C. Thomas and Miss Anna Johnson, of Salem; Mrs. M. L. Fulkerson, of Portland; and Mrs. E. D. Resler, of Corvallis.

Superintendent J. A. Churchill was made president of the association for the coming year. He was also chairman of the committee on resolutions for the meeting this year. When Mr. Churchill made the resolution relating to the pledging the loyalty of the teachers and their schools to this country in this time of the present crisis, the entire assembly rose to their feet applauding and sang the Star Spangled Banner.

Farmers Meeting War Demands.  
Olympia—Advising that the farmers of the state use all available ground for barley and oats and the state for the wheat crop and the state for the coming season would be a record-breaker. P. J. Sweeney, recently appointed hay and grain inspector for the state, issued a formal statement.

"The farmers are complying with the request of the government and are planting their crops in a way that will, unless a failure in the resolution occurs, assure the state of a bumper crop," said Mr. Sweeney.

Fruit Growers Elect President.  
Centuria—Richard Jones has been elected president of the Washington Fruit Growers' association to succeed J. O. Norton. C. B. Kreher has been elected vice president; C. A. Ives, treasurer, and J. E. Milem, secretary and manager. Clinton Lantz takes Mr. Norton's place on the board of directors. Sixteen hundred dollars in new stock has been voted into the association. The directors voted to lay final plans for the coming berry season, which Manager Milem stated will develop a record crop.

YES! MAGICALLY!  
CORNS LIFT OUT WITH FINGERS

You corn-pestered men and women need suffer no longer. Wear the shoes that neatly killed you before, says this Cincinnati authority, because a few drops of freezeone applied directly on a tender, aching corn or callus, stops soreness at once and soon the corn or hardened callus loosens so it can be lifted out, root and all, without pain.

A small bottle of freezeone costs very little at any drug store, but will positively take off every hard or soft corn or callus. This should be tried, as it is inexpensive and is said not to irritate the surrounding skin.

If your druggist hasn't any freezeone tell him to get a small bottle for you from his wholesale drug house. It is fine stuff and acts like a charm every time.

Worth While.  
Jake Johnson, a native of Georgia, was summoned to court on an assault charge. The state brought into court the weapons—a huge pole, a dagger, a pair of shears, a saw and a gun. Jackson's counsel produced as the complainant's weapons an ax, a shovel, a scythe, a hoe and a pair of tongs. The jury was out but a short while and returned with this verdict: "Resolved, That we, the jury, would have given \$5 to see the fight."—Santa Fe Magazine.

TAKES OFF DANDRUFF, HAIR STOPS FALLING  
Save your Hair! Get a 25-cent bottle of Danderine right now—Also stops itching scalp.

Thin, brittle, colorless and scraggy hair is mute evidence of a neglected scalp; of dandruff; that awful scurf. There is nothing so destructive to the hair as dandruff. It robs the hair of its luster, its strength and its very life; eventually producing a feverishness and itching of the scalp, which if not remedied causes the hair roots to shrink, loosen and die—then the hair falls out fast. A little Danderine tonight—now—any time—will surely save your hair.

Get a 25-cent bottle of Knowlton's Danderine from any drug store. You surely can have beautiful hair and lots of it if you will just try a little Danderine. Save your hair! Try It!
