**YANKEE INVENTION TO END U-BOAT WAR**

Submarine Problem Solved by Baltimore Engineer.

**FOUR MONTHS LIMIT**

Plan Has Confidence of Naval Consulting Board—Inventor Refuses to Talk—Assures Success.

Baltimore, Md.—Despite official attempts to discredit the statement made Saturday by William M. Saunders, chairman of the Naval Consulting Board, that an invention practically had been perfected that would end the submarine menace, there is such an invention. This was learned in Baltimore Monday where the invention was discovered by a Baltimore engineer, Emil Gathmann, the inventor.

Mr. Gathmann, seen at his home in Walbrook, was loath to discuss the invention, but he authorized this statement:

"I can only say this: Within three or four months there will be no submarine menace. The plan that will mean the eradication of the German U-boat as a real menace will take about that time to be worked out. In actual operation, then a statement of some kind may be made.

"But I cannot say anything else, nor do I think anyone else has been authorized to say anything."

From sources other than Gathmann, it is known definitely and authoritatively that the invention and the plan which now has the approval and the confidence of the Naval Consulting Board is of recent birth. It was completed by Gathmann at the plant of the Gathmann Engineering company at Texas, Baltimore county, about three weeks ago. At that time Mr. Gathmann went to Washington for a Sunday night conference with naval officials, and as a result naval engineers came to Baltimore the following day.

The invention, it is understood, was approved and then the naval authorities got into touch with other engineers who had submitted other plans and these other engineers were told of the Gathmann invention.

Tests of the whole plan on the Atlantic coast then followed, and according to the statement made by Mr. Saunders Saturday and the hints made by Mr. Gathmann Monday, they proved the invention an entire success.

Gathmann is well acquainted and closely associated with Mr. Saunders, the head of the Naval Consulting Board. He is an active member of the American Association of Mining Engineers, of which Mr. Saunders is the president.

**SNEERS AT UNION OF STATES**

Berlin Calls U. S. Pan-American Policy "Imperialism on March."

Amsterdam—The Kolnische Volkszeitung, in an article under the caption, "American Imperialism on the March," in which it reviews the attitude of the Central and South American republics toward the war between the United States and Germany, says: "President Wilson's diplomatic campaign had successful, but it cannot be said magnificent, results. He apparently planned to compel the various republics to follow in his wake. "That the scheme failed in Mexico and Japan's backing, takes up a special position and we will not believe that Mexico ever will fight against us."

"In the other Central and South American states there is always more or less chance of success for President Wilson, and that the results are so poor shows that the spirit of independence there is still a powerful factor."

The paper treats as President Wilson's "diplomatic failure" in Vienna, which it says had this advantage, that in Vienna, Sofia and Constantinople no American agents remain to spy and intrigue against Germany.

**British Ahead of Schedule.**

Washington, D. C.—The British forces on the Western front are two weeks ahead of their attacking schedule, according to a cablegram received here by Secretary Balfour, from the foreign office. The advance, it said, has been much faster than expected, and the losses smaller. The losses were said to be only one-half as large proportionately as those on the Somme offensive last year. This is attributed to incomparably better artillery preparation and the fact that the men are not allowed to outrun the guns.

**Pay Rise Extension Asked.**

Washington, D. C.—Secretary Daniels Monday recommended to the house naval committee that an increase in pay of \$15 a month, already agreed on for enlisted men, of the navy, be extended to men of the naval militia, the reserve and naval volunteers.

Mr. Daniels has also asked for six months' pay for a widow or child or dependent relatives of retired officers or enlisted men on active duty.

**Indians Go on Warpath.**

Lima, Peru—An Indian uprising is in progress in the Andes region, the gold mining district in southwestern Peru, near the Bolivian border. Many owners of estates and their employes have been killed.

**Oil Dividend Increased.**

New York—A quarterly dividend of \$3 a share was declared by the Standard Oil company. This is \$1 a share more than the previous quarterly disbursement. The increase is attributed to the larger earnings.

**STATE NEWS IN BRIEF.**

A truckload of mohair was sold in Corvallis Saturday to Walter H. Kline for more than \$3000. It was auctioned off and brought 66¢ cents a pound.

While Southern Pacific reports indicate a steady decline in the car shortage from April 28, when the late peak of 1157 was reached, to 909, reported Saturday, the Public Service commission still is besieged with complaints.

Governor Withycombe has telegraphed to R. N. Stanfield, representing the State Council of Defense at Washington, asking him to urge Secretary of War Baker that steps be taken to prohibit enlistments from the rural districts.

Governor Withycombe has been advised by Attorney General Brown that members of the Third Oregon Infantry, who are in the state on Monday, June 4, will be allowed to vote on matters pertaining to state affairs to come up at the special election.

With labor scarce, appropriations materially decreased and demands for wages soaring, state institutions confronting a decidedly serious situation, according to reports made to the State Board of Control by practically every one of the heads of such institutions.

An interesting relic of the past in the shape of an old American flag has just been hung in the dining room of the Pilot Butte Inn at Bend. The flag is one given by General Ulysses S. Grant to William T. Birdsall, father of W. C. Birdsall, manager of the inn, and birds only 38 stars, indicating its age.

At the meeting of the Medford city council this week, Mayor Gates launched a vigorous campaign to stop all forms of gambling in Medford. The city executive said that a charity patient whom he had hired recently had lost \$4,500, which was all the cash he had, in a game of poker at a local pool room.

The monthly report of the Industrial Accident Commission for April shows receipts for the month amounting to \$77,937.29, and disbursements of \$83,189.35. Cost of administration during the month was \$4121.66. The commission had a total balance of \$950,947.72 with the state treasurer on April 30.

The State Highway department may use funds available in the treasury out of the \$300,000 derived from the one-fourth mill tax to complete contracts entered into before the present commission went into office, according to an opinion by Attorney General Brown, sent to State Highway Engineer Nunn.

The Buehner Lumber company at North Bend announces a straight increase in wages for its employes of the logging camps and mills of 25 cents per day, which places the minimum for men at \$2.75, effective May 1. The company had this raise under consideration for some time past and it is the first advance above wages generally current in the best-paying districts. The order applies to nearly 375 men.

Sheridan has, to date, sent 62 young men to the army and navy.

According to statements that developed at a meeting of the State board of control recently the penitentiary brick plant may be closed down after the governor takes charge of the prison this month.

The Sunset Woolen Mill at Bandon, a newly-incorporated local stock company composed of 60 business men, has completed arrangements for the opening of the old Bandon Woolen Mills plant, and operations will commence in about three weeks. It will employ between 40 and 60 persons.

Officers of four California cement companies that had been included in a Federal indictment against members of the so-called "cement trust," charging illegal combination to apportion territory and control prices, in behalf of the companies enter pleas of guilty before Federal Judge Wolvortin in Portland.

After waiting a number of months to ascertain what the Eugene Chamber of Commerce would do as to the purchase of flaxseed from the state and after rejecting a number of offers from outside people, the State board of control has found that Eugene does not want the seed and that the offers made from other sources are now closed.

Several of the large logging camps and mills in the Clatskanie vicinity are in receipt of the "red hand" postcards which have been sent broadcast throughout the lumber industry of the Northwest since Saturday.

The Baker Red Cross organized last Wednesday already has 77 members. A campaign for 1000 members by June 1 is being launched and those at the head of the movement expect to have one of the strongest chapters in the state.

Coquille is not a town of office-seekers, and when it appeared that the city caucus might pass by without any candidates offering themselves for councilmen, a committee was appointed by the Commercial club to solicit substantial men to run for the office.

Seventy-two quarts of whisky, seized for Portland trade, were vended at Woodburn by Deputy Sheriffs of Multnomah county Wednesday. Men giving the names of Ed Herp, Lester Maple, L. R. Maple and Roy Maple were arrested and taken to the county jail at Salem.

Following advice by Governor Withycombe Wednesday from Curry county officials that they would refuse to call a special election for June 4, Attorney General Brown said he would institute mandamus proceedings against them in the Supreme court.

Samples of rock from a nitrate field said to cover 3800 acres, in Lake and Harney counties, have been taken to Bend by residents of Burns, who have located claims on the tract. They state their intention of organizing a company for the exploitation of the deposit.

**SAYS HOT WATER WASHES POISONS FROM THE LIVER**

Everyone should drink hot water with phosphate in it, before breakfast.

To feel as fine as the proverbial fiddle, we must keep the liver washed clean, almost every morning, to prevent its spongy-like pores from clogging with indigestible material, sour bile and poison-like poisons from a clogged tongue, nasty breath or stomach becomes rancid, it's your liver. Sallow skin, muddy complexion, watery eyes all denote liver uncleanness. Your liver is the most important also the most abused and neglected organ of the body. Few know its function or how to release the dammed up body waste, bile and toxins. Most folks resort to violent colic, which is a dangerous, salivating chemical which can be used occasionally because it accumulates in the tissues, also attacks the bones.

Every man and woman, sick or well, should drink each morning before breakfast, a glass of hot water with a teaspoonful of limestone phosphate in it, to wash from the liver and bowels the previous day's indigestible material, the poisons, sour bile and toxins; thus cleansing, sweetening and freshening the entire alimentary canal before putting more food into the stomach.

Limestone phosphate does not restrict the diet like calomel, because it is not saline, for it is harmless and you can eat anything afterwards. It is inexpensive and almost tasteless, and any pharmacist will sell you a quarter pound, which is sufficient for a demonstration of how hot water and limestone phosphate cleans, stimulates and relieves the liver-keeping you feeling fit in and day out.

**Hard to Get Up.**  
"Every cloud may have a silver lining," said Uncle Eben, but de facilities ain't all pervading. Climbing in 'up an' lookin' at dat side 'o' de cloud."

**If Your Skin Itches Just Use Resinol**

No remedy can honestly promise to heal every case of eczema or similar skin ailment. But Resinol Ointment, aided by Resinol Soap, gives such instant relief from the itching and burning, and so generally succeeds in clearing the eruption away for good, that it is the standard skin treatment of thousands and thousands of physicians. Get all drugists.

**Getting Used to It.**  
"Turkish women muffle the entire lower part of the face with a veil, leaving only the eyes exposed. Quoted, courtesy, eh?"  
"I don't see how our girls began wearing their furs that way."—Louisville Courier-Journal.

**AN OPERATION AVERTED**

Philadelphia, Pa.—"One year ago I was very sick and I suffered with pains in my side and back until I nearly went crazy. I went to different doctors and they all said I had female trouble and would not get any relief until I would be operated on. I had suffered for four years before this time, but I kept getting worse the more medicine I took. Every month since I was a young girl I had suffered with cramps in my sides at periods and was never regular. I saw your advertisement in the newspaper and the picture of a woman who had been saved from an operation and this picture was impressed on my mind. The doctor had given me only two more days to make up my mind so I sent my husband to the drug store at a once for a bottle of Lydia E. Pinkham's Vegetable Compound, and believe me, I soon noticed a change and when I had finished the third bottle I was cured and never felt better. I grant you the privilege to publish my letter and am only too glad to let other women know of my cure."—Mrs. THOR, Michigan, 3432 Hartville Street, Phila., Pa.

YOUNG, P.O. Box 429 Temple St., Springfield, Mass.

**FOOD DRIVE IS BEGUN**

Director of Extension Service Seeking Co-operation of Every Farmer to Increase All Products.

Portland—Headquarters for the big food drive to be made by all Oregon producers have been established at 513 Oregon building, and Professor R. D. Hetzl, director of the Oregon Agricultural College extension service, is in charge of the campaign. He said the work was started officially Wednesday of this week and the organization of the farmers throughout the state and bringing their earnest efforts to bear upon the threatened shortage of all kinds of foodstuffs.

The workers who met in convention here went into the country to take charge of the work in the various farming districts. Ten organizers were sent to the outside cities and there are already 50 people in the field getting the work under way. Mr. Hetzl feels every phase of the state work will be covered thoroughly in the campaign now being started.

The men now in the field are directed to determine in order of all what the farmers require first to produce the greatest possible acreage of all sorts of foodstuffs, as well as the maximum of animals and poultry. Then will go forward the enlisting of labor, of machinery and seeds to meet their requirements.

**FOOD EXPERT COMES TO U. S.**

New Chairman of Food Board to Arrive From England Soon.

New York—Herbert C. Hoover, recently chosen as chairman of the American food board, is on his way from England on an American ship, and will arrive here within a few days, it is announced by the American commission for relief in Belgium. After conferring with members of the committee here, Mr. Hoover will be prepared to go to Washington to assume his new position. So far as is known by the men here who have been associated with him in the relief work Mr. Hoover has no intention of abandoning the chairmanship of the Belgian commission, although it is expected that the executive work will be carried on by other members, including W. S. Honold, relief director in America.

**Water to Aid Gardeners.**

North Yakima—To encourage the production of crops within the city limits and help out the back lot garden movement, the Pacific Power & Light company has announced a special rate of 5 cents for each 1000 gallons of water used for irrigation purposes in place of the regular rate of 20 cents. This is the company's war time "bit." Under the plan as worked out by Manager George C. Swayer reduced rates will be given for all water in excess of that used by the same consumer last summer.

**\$1 a Dozen Eggs Possible.**

Eugene, Or.—"Don't kill off the laying hens," was the warning sounded by Professor C. C. Lamb, poultry expert of the Oregon Agricultural college, in an address at the Eugene Armory. "Kill only the 'boarder' hens and select with care," he advised. Mr. Lamb predicted that unless the people come to a realization that the state's poultry is being slaughtered, owing to the high price of feed and the price of poultry, egg prices will soar to new heights during the coming year, suggesting \$1 a dozen by next winter.

"We certainly do have troubles. This year we had double pneumonia in the family."  
"That's nothing. We had twins in ours."—Baltimore American.

**Main Thing Now.**  
"How is Mrs. Flubbad as a housekeeper?"  
"I can't say much for the condition of her automobile."—Louisville Courier-Journal.

**LISTEN TO THIS! SAYS CORNS' LIFT RIGHT OUT NOW!**  
You corn-pestered men and women suffer no longer. Wear the shoes that never killed you before, says this Cincinnati authority, because a few drops of freezone applied directly on a tender, aching corn or callus, stops soreness at once and soon the corn or hardened callus loosens so it can be lifted out, root and all, without pain.  
A small bottle of freezone costs very little at any drug store, but will positively take off every hard or soft corn or callus. This should be tried, as it is inexpensive and it is said not to irritate the surrounding skin.  
If your druggist hasn't any freezone tell him to get a small bottle for you from his wholesale drug house. It is fine stuff and acts like a charm every time.

**That's What He Meant.**  
Bacon—Let me shake your hand, dear boy. This is one of the happiest days of your life.  
Egbert—You're too precious, old man. I'm that to be married until tomorrow.  
Bacon—That's what I say. This is one of the happiest days of your life.

**Impossible.**  
Crabshaw—It's impossible to make a woman happy.  
Crawford—Nonsense. Just give her all the money she can spend.  
Crabshaw—Didn't I just say it was impossible.—Pittsburgh Post.

**A Compliment Modified.**  
"Ever see a picture of any Japanese wrestlers?"  
"No," replied the man who is trying to reduce.  
"They are invariably large, fat men."

**The Reason.**  
He—How that Dutch chorus does lumber along!  
She—But, my dear, they have on wooden shoes.—Exchange.

**A Fresh Start.**  
"Send me some money to get me out of this trouble," I wrote the wayward young man, "and I promise to begin all over again."  
"Yes," muttered his father, crumpling up the letter in his horny fist, "that's precisely what you would do if I sent it!"—Boston Transcript.

**Too Slow.**  
Teacher—I am teaching your son "first aid."  
"First aid,"  
"Father of dullest boy in class—Better teach him "second aid" instead, ma'am; he's so darn slow he'd never get there in time to use the first—Life.

**WHY SUFFER WITH BACKACHE, KIDNEYS OR RHEUMATISM NOW?**

Letter Tells of Long-looked-for Prescription.  
Dear Reader:—If I can do any good in the world for others, it is by writing to you and I feel that it is my duty to write about the wonderful relief I received from the use of "Anurie." I was suffering from kidney and bladder troubles, scalding urine, backache and rheumatism, and feet and ankles swelled so that at times I could not walk without assistance. Had taken several different kinds of kidney remedies but all failed. I sent for a box of Dr. Pierce's newest discovery, "Anurie," which I received by mail in tablet form. I soon got better and am convinced that this popular new medicine is just what you need to recommend it to my neighbors and everybody suffering from such troubles.  
Mrs. M. J. SARGENT.
