

Men's Spring and Summer Suits SHOES for Men, Women and Children

All-Wool—Style—Value. Three reasons for coming here. You know these are unusual times; wool is hard to get, so in many cases cotton is substituted in clothes.

You have to be careful or you will get cotton mixed goods—you don't want them.

The way to be sure of all wool is to come to this store; you'll get Hart, Schaffner & Marx clothes here. These makers use nothing but all-wool. Such clothes may cost a little more than the other kind; but they're worth many times more.

For smart style, good fit, big values, and elegance in detail, you can't equal Hart, Schaffner & Marx clothes. We don't say that because we sell these clothes; on the contrary we sell these clothes because we can say these things about them. That is another good reason why you should come here.

We have a splendid assortment for you to choose from this Spring and all at the old prices. You will make no mistake by securing one of the fine suits now even if you are not quite ready to buy.

H. S. & M. suits for \$18, \$20, \$22 and \$25.

Other makes including Clothcraft Guaranteed all-wool suits, for \$5.50, \$8.00, \$10.00 and up.

We have the largest and most reasonably priced line of shoes in the city. All kinds of leathers and shoes suitable for any occasion. If you want a low priced shoe we can give it to you, or if you wish the best we can supply them also, always giving you the biggest shoe values you can get anywhere regardless of the amount you pay.

At the present time we have some big values in Men's English Walking Shoes and other dress styles in tan, patent and gun metal shoes that are strictly stylish 1917 lasts. We also have some big bargains in Men's Heavy shoes, medium and high tops. Lots of these shoes are going now at less than we could think of buying them for at the factory. Come in and see what we have. If you do not find just what you want we won't be "peeved." We want you to feel at liberty to look as much as you please without any embarrassment.

Make this store your headquarters. You are always welcome whether you wish to buy or not. We have just received a new lot of Ladies' Sport Skirts. Ask to see them.

Makes Clubbing Arrangement With

The Oregon Farmer

Offers Unusual Opportunity to Its Readers

AMONG our large circle of readers there are a great many who are interested directly or indirectly in fruit growing, dairying and other branches of farming. All of these naturally wish to keep in close touch with agricultural activities throughout the state; and to know about any fight which is being waged for the measures Oregon farmers want and against all sorts of schemes that are detrimental to the people and agricultural interests of this state.

We have, therefore, made a special clubbing arrangement with THE OREGON FARMER whereby any farmer or fruitgrower, who is one of our regular subscribers and who is not now a subscriber to THE OREGON FARMER, will be entitled to receive THE OREGON FARMER in combination with this paper at the same rate as for this paper alone.

This offer applies to all those who renew or extend their subscriptions as well as to all new subscribers. If you are interested directly or indirectly in Oregon agriculture, do not miss this unusual opportunity, but send your order in now.

THE OREGON FARMER is the one farm paper which is devoting itself exclusively to the farming activities and interests of Oregon. It has a big organization gathering the news of importance to farmers, dairymen, fruitgrowers, stockraisers and poultrymen; and it has the backbone to attack wrongful methods and combinations and bad legislation, and support honest leaders and beneficial measures. We are confident that our readers will congratulate us on our being able to make this splendid and attractive clubbing offer.

Mr. Blake said that his associations while here were very pleasant and that at any time he would be glad to return to take temporary charge of the local bank.

C. K. Marshal, who motored up from Hood River Saturday to go to his ranch, mired his machine in the mud on the Cramer grade, which has recently been built. In trying it out the big car was disabled and was repaired at the L & N Garage. Mr. Marshal went to Hood River for parts, and in the afternoon drove to Hood River over the grade.

The tourist travel has just commenced, but already the L & N garage has been busy from morning until night attending to the repairs and needs of the passing tourists. Several cars have passed through here en route to the east on long trips, and Wednesday a 1917 Ford, with a family of four en route to Michigan were compelled to stop at the local garage to have their brakes relined. Many of the cars in negotiating the steep grades between Portland and Mosier burn out the linings of the brakes when they reach here.
