MOSIER HIGH SCHOOL GRADUATES THREE

The High School Commencement exercises of Thursday evening was a pronounced success in every way. The Church of Christ was prettily decorated with a predominance of dogwood blossoms and wild sunflowers, setting forth the class colors of gold and white, very tastefully. The piano solo by Miss Marion Woods, the vocal solo, by Mrs. B. A. Berry, and the selections rendered by the popular local quartet, pleased the large audience exceedingly. Prof. B. A. Berry presented the diploma to Rev. Leon L. Myers rendered the invocation and benediction.

The class receiving the diplomas consisted of three: two girls, Blanche Ross and Emily Husbands, and one boy, Frank Wilson. Blanche Ross delivered the class oration, "Domestic Science as a Part of a Girl's Education," which was well received by the audience.

The principal address of the evening was delivered by Dr. Jos. K. Hart, of Reed College, Portland who made a very forcible appeal to the audience and to the graduation class to realize the great opportunities that lay before us as a nation. A future that he speaks the sacrifice of the individual for the common good, cooperation of all toward a common goal: the happiness of humanity. He strongly emphasized the immediate need of cooperation in our community as a contribution toward this goal.

Merrill, their son and cousin, left Tuesday night en route to their home in Des Moines, Iowa. At Nampa, Idaho, they expected to meet S. A. Merrill who left here several days ago to look after his orchard interests there. His young orchard is just coming into bearing this year. Mr. Merrill planned on joining the party at Nampa. The visitors, who traveled extensively over the United States, are greatly pleased with the scenic wonders of the section of the country around Mosier as well as the ideal climatic conditions.

APPLE NOTES

Pacific Coast fruit growers will do their share in providing for the nation's apple supply, and users should be plenty of cars to handle this year's crop. This is the cheering measure sent out by J. W. McClymonds, vice-president and general manager of the Pacific Fruit Express, and one of the best men in the west on horticultural conditions.

Mr. McClymonds has just made a survey of the situation with the view of securing all the equipment necessary to meet the needs of the growers. The Pacific Fruit Express company has 12,800 of its own cars, and is rushing the construction of 2700 additional cars which will be available shortly. In addition to this number, the F. E. people are leasing 2500 Armour cars to meet the emergency.

McClymonds estimates that the California orange crop will be ten per cent more than last year, and the melon crop in the Imperial Valley will run from 25 to 30 per cent heavier. Turkey melons will be about the same as last season.

Deciduous tree fruit will be about the same as last season, but California grapes will be heavier than the year. Twenty seven thousand cars of citrus fruit have been handled so far with the indications pointing to all carriers loading about 50,000 cars.

The P. F. E. is getting ready to handle the cantaloupe crop of the Imperial Valley which will start about May 25th. The acreage has been increased from 4000 to 13,000. The P. F. E. expects to handle 6000 cars. The Turkey cantaloupe will follow.

The deciduous fruit movement will mingle with the southern California cantaloupe crop. The green fruit crop will probably call for 15,000 cars.

Three Go to Enlist in Navy

Lee Evans, Jr., Clyde Bailey and Ora Hodge left here Wednesday afternoon for Portland to enlist in the Navy. Recruiting Officer Sarmon was here and gave the young men a preliminary examination and pronounced them sound in every respect. All of the young men have been employed here in the orchards, the first two however, having recently returned after spending the winter in California, Arizona and Nevada.

The Mosier Bulletin
Makes Clubbing Arrangement With
The Oregon Farmer
Offers Unusual Opportunity to Its Readers

AMONG our large circle of readers there are a great many who are interested directly or indirectly in fruit growing, dairying and other branches of farming. All of these naturally wish to keep in close touch with agricultural activities throughout the state; and to know about any fight which is being waged for the measures Oregon farmers want and against all sorts of schemes that are detrimental to the people and agricultural interests of this state.

We have, therefore, made a special clubbing arrangement with THE OREGON FARMER whereby any farmer or fruitgrower, who is one of our regular subscribers and who is not now a subscriber to THE OREGON FARMER, will be entitled to receive THE OREGON FARMER in combination with this paper at the same rate as for this paper alone.

This offer applies to all those who renew or extend their subscriptions as well as to all new subscribers. If you are interested directly or indirectly in Oregon agriculture, do not miss this unusual opportunity, but send your order in now.

THE OREGON FARMER is the one farm paper which is devoting itself exclusively to the farming activities and interests of Oregon. It has a big organization gathering the news of importance to farmers, dairymen, fruitgrowers, stockraisers and poultrymen; and it has the backbone to attack wrongful methods and combinations and bad legislation, and support honest leaders and beneficial measures. We are confident that our readers will congratulate us on our being able to make this splendid and attractive clubbing offer.
