TORNADOES' TOLL 200; INJURE 2400

Property Loss in Middle States Will Reach \$5,000,000.

MANY SECTIONS HIT

Three Days' Storm Sweep Destruction Through Kansas, Illinois, Indiana, Kentucky, Tennessee.

Chicago—More than 200 persons were killed, 2400 or more injured, and millions of dollars' worth of property destroyed by tornadoes which swept through Kansas on Friday, Illinois and Indiana on Saturday, and parts of Tennessee, Arkansas, Kentucky and Southern Illinois, Sunday.

Reports indicate that a large amount of farm implements, needed to produce the bumper crop desired this year, were ruined, although the spasmodic wind struck only here and there in its frightful play through the rural regions. Crop damage is said to be not heavy in grains.

The heaviest toll of life was taken at Mattoon, Ill., a city of 10,000 population in the bloom country of Central Illinois, where 54 are known to be dead and 500 injured, with a property loss of \$2,000,000.

Charleston, Ill., 10 miles east of Mattoon, was also partly wrecked Saturday night with the loss of 38 lives and 150 injured. The property loss there is \$1,000,000.

The next most serious loss was at Andale, Kan., where 26 were killed and a score injured on Friday.

Dublin, Ky., suffered three dead and 17 injured Sunday. South Dyersburg, Tenn., was reported to have lost two killed and 15 injured in a tornado that swept Dyer county. Near Blytheville, Ark., nine persons were reported killed and a dozen hurt.

Reports from Indiana show at least seven persons killed at Hebron, Kouts and other places, and the death list may reach 20. More than 200 were injured in the Indian Territory swept by the storm.

Smaller towns in Illinois lost a dozen dead on Saturday with two score injured, while in the Southern part of Illinois windstorms killed a half dozen and injured a score.

GOETHALS WILL VISIT COAST
Federal Shipbuilder to Inspect Work on Government Contracts.

Washington, D. C.—General George W. Goethals, head of the Federal Ship-building corporation, is planning to visit the Pacific Coast at an early day, primarily to inspect the steel shipyards, but incidentally to look over yards which have taken or will take contracts for wooden ships.

It is General Goethals' intention to call upon every shipyard on the coast capable of building 4000 and 5000-ton steel ships, to take Government contracts, and to concentrate on the orders to the exclusion of all other business, between now and December 31, 1918.

Under the arrangement which General Goethals has made with the big steel plants of the East there will be no difficulty in supplying the West coast yards with steel for government ships; rather it is anticipated the only handicaps will be labor and yard facilities.

Established yards will be urged to increase their number of ways, and encouragement will be given to legitimate enterprise which is ready to establish new yards for the building of these ships.

It is largely with a view to bring about an expansion of the steel ship-building industry on the Pacific coast that General Goethals will go West. Such expansion, he believes, is entirely justified, not alone by the government contracts in contemplation, but by the enormous demand that will arise for ships after the close of the war.

Austria to Be Generous.
Amsterdam, via London.—It is the Austrian emperor's idea to offer very generous peace conditions to Russia, according to a German correspondent of the Tjrd. These will include the integral re-establishment of Poland, free passage through the Dardanelles and even a loan to Russia.

The proposals were discussed at the recent meeting between Count Czernin, the Austro-Hungarian foreign minister, and Dr. von Bethmann-Hollweg, the imperial German chancellor, at headquarters.

Ship Sunk; 52 Missing.
New York.—The British steamship Feltria, a 5254-ton freighter belonging to the Cunard line, was sunk May 5 off the Irish coast and her captain and 52 of his crew, including two Americans, are missing. This report, current in marine circles Monday, was confirmed by the Cunard line. The Feltria was formerly known as the Uranium, and her last appearance in American waters was on February 18, when she sailed for Liverpool with cargo.

Registration is Modified.
Washington, D. C.—Members of any duly organized and recognized force, military or naval, subject under other laws of the United States to be called, ordered or drafted into the military or naval service, are not required to register June 5.

Slayer of 4 Sentenced.
Seattle, Wash.—Stewart A. Hewitt, a railroad employe, convicted of the murder of his four children at Auburn last January, was sentenced Monday to life imprisonment.

STATE NEWS IN BRIEF.

Senator Chamberlain has been assured by Admiral Helm that he will at once submit to Secretary Daniels his report on the submarine and aviation base at the mouth of the Columbia river for transmission to congress.

Dr. J. P. Truax, mayor of Grants Pass, captain of the Medical Corps of the new reserve army and one of the prominent physicians of Southern Oregon, suffered a broken collar bone and serious internal injuries when his auto tumbled over a hole Friday evening.

Approximately 10,000 annual report blanks are being sent out by Corporation Commissioner Schulderman to the various corporations which transact business in this state. The reports, under the law are to be filed with the Corporation commissioner on or before July 1.

Marion county's crops have materially increased, with the exception of wheat and wheat, according to a survey by District Agricultural Agent Coater, working in co-operation with the Oregon Agricultural college. Fall wheat has decreased about 13 per cent and hops are way below normal.

Nicholas Juaregui, of Tacoma, Wash., who was president of the student body at the University of Oregon, until his answer to the colors, received notice Friday to report to Presidio immediately to go into the Officers' reserve training camp. Mr. Juaregui has been a member of the Coast artillery, Second company, and received his appointment from the National guard.

That no less than seven steel bridges bought by the Baker county court within the last year are now lying useless, excepting two at Robinette, which are being used as sheep corrals, is the claim of A. N. Engle and other persons in their reply filed recently in their efforts to enjoin the county from paying \$6000 worth of warrants issued in favor of the Coast Bridge company, of Portland.

There will be 114 seniors in the graduating class of the University of Oregon this year, according to an announcement made by Registrar A. R. Tiffany. Eccentricity enough, the class is evenly divided as to men and women, there being 57 of each, who will appear in the caps and gowns next week. This graduating class exceeds that of last year by 15 and is one of the largest classes in recent years.

In telegrams to President Wilson, members of congress and to the public service commissions of Washington, Idaho, California and Nevada, the Public Service commission of Oregon is urging the appointment of Clyde B. Aitchison as a member of the Interstate Commerce commission. Mr. Aitchison formerly was chairman of the Oregon commission and now is solicitor for the National association of Railway commissioners.

With a population of 8000, Hood River has subscribed for the liberty loan \$30,000. Local bankers state that applications from individual investors, following announcements of fruit men of a possible condition that will render apple distribution the coming fall negligible, have fallen off appreciably. Hood River Valley citizens refuse to go further with their subscriptions until they have the assurance that their product will not be sacrificed. Such action is not for lack of patriotism, but simply because they will not be able to buy the bonds.

The city of Eugene is merrily for the Oldfellows of Oregon. Every train brought large delegations to the grand lodge meeting and the Rebekah assembly, which convened Wednesday morning at 9 o'clock. The streets were crowded with visitors and gay with decorations.

James Sturgis has purchased the remaining 825 acres of the Barnhart ranch, west of Pendleton, from the J. E. Smith Livestock company, at a reported price of \$30,000. The part of the ranch on the south side of the river was sold some months ago to the Umattilla Sheep company.

Little Letha Harness, of Roseburg, 6-year-old daughter of Mr. and Mrs. Russell Harness, died Sunday as a result of injuries sustained by being run down by an automobile earlier in the day. Eyewitnesses to the accident said the child was playing on what is known as the Brown bridge and did not notice the approaching car, which was driven by Charles Fields, an employe of the Roseburg postoffice.

The American Poland China Record association, the Chester White Swine Record association, the American Duroc-Jersey Swine Breeders' association, the American Yorkshire club and the National Duroc-Jersey Record association have offered prizes to the swine department of the Oregon State Fair this year aggregating \$1140, which are to be special prizes offered in addition to the prizes hung up by the State Fair board itself.

If no par bids are received by the State Land Board on the \$500,000 issue of rural credits now being advertised, it was estimated by the members of the board, bonds in the future may be sold at par to any who desire to invest.

Owing to conflict in dates with hearings before the Interstate Commerce commission, the Public Service commission has postponed hearings on four bills to investigate the advance in rates on diversion and reconignment of carload freight from May 29 to June 26.

Contracts for 14 wooden ships to cost in the neighborhood of \$500,000 each were let on the Pacific Coast Tuesday, 12 of them going to Oregon yards and involving an expenditure of about \$6,000,000 in Oregon alone.

June 25 has been named as the date of the wool sale to be held in Bend this summer, according to a message received from J. N. Burgess, of Pendleton, member of the executive committee of the Oregon Woolgrowers' association. A sale will be held at Redmond on the same day, the buyers going from Bend by automobile.

Sore Eyes
Granulated Eyelids,
Eyes inflamed by exposure to Sun, Dust and Wind quickly relieved by Murine Eye Remedy. No Smarting, No Itching, No Stinging, No Pain. At Your Druggist's 50c per Bottle. Murine Eye Salve in Tubes 25c. For Sale at All Drug Stores or Murine Eye Remedy Co., Chicago

DAISY FLY KILLER
Kills away from you almost all insects, flies, mosquitoes, etc. Lasts all summer. No harm to plants, animals, or humans. Sold by druggists, or direct from manufacturer for \$1.00 per gallon.

TYPHOID
It is no more necessary than Smallpox. Army experience has demonstrated that it is almost impossible to catch typhoid from a person who has recovered from it. It is more vital than house insurance. Ask your physician, druggist, or read for "Have You Typhoid?" telling you how to avoid it. The CUTLER LABORATORY, BERKELEY, CAL. Has a course lecture at various places & a free lecture.

Reliability.
"Biggins believes in himself implicitly."
"No reason why he shouldn't. He's the one person to whom he can't tell whoppers without being caught at it."—Washington Star.

An Inside Bath
Makes You Look
and Feel Fresh
Says a glass of hot water with phosphate before breakfast keeps illness away.

This excellent, common-sense health measure being adopted by millions.

Physicians the world over recommend the inside bath, claiming this is of vastly more importance than outside cleanliness, because the skin pores do not absorb impurities into the blood, causing ill health, while the pores in the ten yards of bowels do.

Men and women are urged to drink each morning before breakfast, a glass of hot water with a teaspoonful of Limestone phosphate in it, as a harmless means of helping to wash from the stomach, liver, kidneys and bowels the previous day's indigestible material, poisons, sour bile and toxins; thus cleansing, sweetening and purifying the entire alimentary canal before putting more food into the stomach.

Just as soap and hot water cleanse and freshen the skin, so hot water and limestone phosphate act on the eliminatory organs.

Those who wake-up with bad breath, coated tongue, nasty taste or have a dull, aching head, shallow complexion, acid stomach; others who are subject to bilious attacks or constipation, should obtain a quarter pound of limestone phosphate at the drug store. This will cost very little but is sufficient to demonstrate the value of inside bathing. Those who continue ill each morning are assured of pronounced results, both in regard to health and appearance.

Admirable Precaution.
"When I eat in public I always go where there is a free lunch."
"Economy?"
"No. I haven't an ear for music. I want to eat standing up, so as to be in proper position in case somebody starts 'The Star-Spangled Banner.'"—Washington Star.

Extreme View.
"What's an optimist, pa?"
"An optimist, my son, as a man who believes even such things as that a submarine commander would take a disabled hospital ship in tow."—Exchange

No Place for Idlers.
"Going to take any summer boards this year?"
"No. I expect to have much food to waste on folks that spend their time swingin' in hammocks or sittin' on the porch tellin' riddles."—Washington Star.

Hallucination.
"Any insanity in your family?" asked the insurance doctor of Mrs. Suffrage.
"Well, no, only my husband, who imagines he is head of the house."—Indianapolis News.

Changed.
"Crimson Gulch doesn't seem like the same town since it went dry."
"That's right," replied Broncho Bob. "It has changed both in joy and grief. The boys don't have neither so many colics nor so many funerals."—Washington Star.

Four Weeks
IN HOSPITAL
No Relief—Mrs. Brown Finally Cured by Lydia E. Pinkham's Vegetable Compound.

Cleveland, Ohio.—"For years I suffered so sometimes it seemed as though I could not stand it any longer. It was all in my lower organs. At times I could hardly walk, for if I stepped on a little stone I would almost faint. One day I did faint and my husband was sent for and the doctor came. I was taken to the hospital and stayed four weeks but when I came home I would faint just the same and had the same pains.

A friend who is a nurse asked me to try Lydia E. Pinkham's Vegetable Compound. I began taking it that very day for I was suffering a great deal. It has already done me more good than the hospital. To anyone who is suffering from it was my advice is to stop in the first drug-store and get a bottle of Lydia E. Pinkham's Vegetable Compound before you go home."—Mrs. W. C. BROWN, 2844 W. 12th St., Cleveland, Ohio.

FOODS ARE NOT SHORT
Vegetables [and Fruits Plentiful and High Prices Not Justified, Says Department of Agriculture.

Washington, D. C.—High prices for fruits and vegetables cannot be defended on the ground of a supply shortage, in the opinion of the Agricultural department, which announced Friday that detailed department figures show a shortage only in old potatoes and strawberries.

Shipments of potatoes, onions, tomatoes, cabbages, lettuce and celery during the last week, said the announcement, were at least equal to those a year ago when prices were much lower. Twice as many bushels of new potatoes and tomatoes and nearly seven times as much lettuce as during the corresponding week last year were handled from the producing fields.

Shipments of old potatoes were given as "considerably lighter" than last year and shipments of strawberries "approximately one-third less."

Cold storage holdings of creamery butter on May 15 amounted to 6,239,716 pounds, and of eggs 3,259,860 cases. Holdings of butter increased about 67.2 per cent from May 1.

Let Contract for Paving.
Hoquiam—Contract for paving two and a quarter miles of the Olympic highway between Montesano and Aberdeen has been let by the county commissioner to the Grays Harbor Construction company, of Hoquiam, for \$40,426.40. The work is to be completed by August 1. The price is nearly double what the work would have cost last year and 22 per cent higher than the county engineer's estimates. The cause is the unprecedented high prices of labor and materials and the great advance recently.

New Ruling on Fresh Fruits.
Spokane—Trustees of the Fruit Growers' agency of Washington, Oregon, Montana and Idaho, at a meeting here Friday, adopted resolutions and transmitted them to Washington, D. C., asking that fresh fruits be classified by the government as staple food so they may enjoy the transportation preference accorded other foods.

The meeting reached the conclusion that the fruit industry in the Northwest faces a critical condition relative to harvesting and transporting of the 1917 crops.

Swigart Quits Fruit Growers.
North Yakima—C. H. Swigart, manager of the Yakima Valley Fruit Growers' association, tendered his resignation to the trustees Friday with the announcement that he has received an appointment with the Reclamation service effective June 1. The board accepted the resignation and elected C. H. Hinman manager. Mr. Hinman, who has been president since the last annual election, was succeeded by H. P. James.

Spokane Faces 25-Cent Milk.
Spokane—Threats that milk may go to 20 or 25 cents a quart during next winter were made to the chamber of commerce by a committee of Spokane milk distributors. Formal notice, signed by the Broadview, Pine Creek and Hazelwood companies, was served on the chamber. A still further advance in the price to the farmer will be necessary in the near future, the distributors declared, intimating that this would be passed on to the consumer.

W. L. DOUGLAS

"THE SHOE THAT HOLDS ITS SHAPE"
\$3 \$3.50 \$4 \$4.50 \$5 \$6 \$7 \$8 FOR MEN
Save Money by Wearing W. L. Douglas shoes. For sale by over 9000 shoe dealers. The Best Known Shoes in the World.

W. L. Douglas name and the retail price is stamped on the bottom of all shoes at the factory. The value is guaranteed and the wearer protected against high prices for inferior shoes. The retail prices are the same everywhere. They cost no more in San Francisco than they do in New York. They are always worth the price paid for them.

The quality of W. L. Douglas product is guaranteed by more than 40 years experience in making fine shoes. The smart styles are the leaders in the Fashion Centres of America. They are made in a well-equipped factory at Brockton, Mass., by the highest paid, skilled shoemakers, under the direction and supervision of experienced men, all working with an honest determination to make the best shoes for the price that money can buy.

Ask your shoe dealer for W. L. Douglas shoes. If he cannot supply you with the kind you want, take no other make. Write for interesting booklet explaining how to get shoes of the highest standard of quality for the price, by return mail, postage free.

LOOK FOR W. L. Douglas name and the retail price stamped on the bottom.

They're All Alike.
"To elevate the stage," said Augustus Thomas, at the Players' club in New York, "to elevate the stage would be an easy enough job if there weren't so many people like the new Shakespeare club."

"I said to the treasurer of this organization: 'I understand your new Shakespeare club is a great success.' 'Great success? You bet your sweet life it's a great success,' he answered warmly. 'Why, we accumulated enough in fines for non-attendance during the first month to take us all to a box party at the musical comedy of 'Back Up, Bettina.'"—Washington Star.

It Cures While You Walk.
Allen's Foot-Powder is a certain cure for hot, sweating, chafed, and swollen, itching feet. Sold by all druggists. Price 25c. Don't accept any substitutes. Try the package FREE. Address Allen S. Olmsted, Le Roy, N. Y.

Forced Confession.
He—Yes, I suppose you and the rest of the women at your afternoon parties are as harmless as kittens—just sit there holding hands.
She—Oh, John, who told you we were playing bridge?—Baltimore American.

Mixed.
"Remember this, my son: If you want to make a hit you must strike out for yourself."
"You're mixed in your baseball talk, pa. If you strike out you can't make a hit."—Boston Transcript.

A Match.
Beryl—Do you think you and he are suited to each other?
Belle—Oh, perfectly! Our tastes are quite similar. I don't care very much for him, and he doesn't care very much for me.—New York Times.

Their Nature.
"Charge this telegraph message for me."
"Can't miss; must be cash."
"Why, I thought all telegraph messages went for tick."—Baltimore American.

Mother's Definition.
"Ma, what is 'leisure'?"
"Leisure is the spare time a woman has in which to do some other kind of work, my dear."—Boston Transcript.
