Mantel's Ghost Story.  
Robert Mantel tells of a barnstorming company in the west in the old days that made a try at Shakespeare. Considerable complaint was heard relative to the efforts of the man who assayed to do the Ghost in "Hamlet."

One day a dramatic man on the local paper said to the leading man: "That fellow who plays the Ghost does not suggest the supernatural." "I should say not," assented the young man with alacrity, "but he does suggest the natural super."—Everybody's Magazine.

A Perjured Lady.  
Brownly was a modern man. Both money mad and able, who never saw his family, save, around the breakfast table; and then he'd hide himself behind "The Daily Morning Breeze" when he died his widow cried: "And sighed: 'I miss him so!'"

Logical Result.  
"Have this drink with me. I call it the submarine cocktail." "All right; then we can have a submarine chaser."—Exchange.

How to Dress Up a House.  
Give it a Coat of paint. Provide every window with a Sash. See that it has plenty of Drawers. Put a stone Collar around the well. Use a firm Tie on each window sight. Equip it well with Hose. See that there is a good Cap on the chimney. Put asbestos Jackets around the furnace pipes. Fit steam radiators with Mufflers. Use good Braces wherever necessary.—New York Times.

Prudence.  
"Do you want your wife to vote?" "I don't like to express myself," said Mr. Meekson. "If I advocate it and Henrietta finds she doesn't like politics, she'll blame me for getting her into it."—Washington Star.

Nothing Left.  
Doctor—"My dear sir, you must give your wife some considerable change at once."  
Husband—"Can't do it, doctor; you have got it all."—Baltimore American.

Had Definite Information.  
Willie Willis—"What are 'pieces of artillery'?"  
Papa Willis—"I think they must be the kind that get your girl next door plays on the piano."—N. Y. Times.

Mother—"The teacher complains you have not had a correct lesson for a month; why is it?"  
Son—"She always kisses me when I get them right."—Puck.

"How do you know that picture is one of the old masters?"  
"Don't ask me," replied Mr. Cumrox. "That information is part of what I paid for. Ask the dealer how he knows."—Washington Star.

## BRITISH WIN ONE OF STRONGEST LINES

Best Possible Advantage Lost by Germans in Belgium.

## YPRES NOW AVENGED

More Than 6400 Prisoners and Many Big Guns Are Taken in Latest Drive—All Arms in Action.

With the British Armies, via London—The British armies struck Friday on a new front and won a victory which supplements the successes at Arras during the last two months.

The Germans, though apparently aware that the blow was coming and seemingly prepared to meet it, were driven from their nearly three years' hold on Messines ridge, opposite "Poor Old" Ypres, the last remnant of an important Belgian town, which, with the help of the French and British in turn, has held out against all the massed attacks the Germans could fling against it, including the first great surprise of poison gas as a means of supposed civilized warfare.

The British rush on the Messines-Wytschaete ridge took them well over the ridge.

The village of Messines was taken early in the fighting. Lenfer and Zareeba fell next and Wytschaete was surrounded by the British storming troops.

The British also captured important trench positions all the way from Observation Ridge, southeast of Ypres to Ploegsteert wood, north of Armentières.

The British in their attack used probably 20 per cent more guns, especially those of heavy caliber, than they employed in the battle of Arras.

Tanks were in the thick of the fighting. More than 5000 Germans were taken prisoners.

Ypres in a sense was avenged, for Messines Ridge has been the vantage point from which the Germans have poured torrents of shells into the stricken city.

Friday's attack lacked many of the elements of surprise which accompanied the battle of Arras and the successful storming of Vimy Ridge.

There has been no doubt for three weeks past as to the intentions of the British.

British Holding Gains.  
London—The British forces in Belgium have consolidated their gains of Friday, and during Saturday successfully warded off German counter attacks in the region of Ottaveerne and Messines, according to the British official communication issued Saturday.

More than 6400 prisoners, among them 132 officers, already have been counted.

The British losses in Friday's attack in Belgium were light.

The statement says the battle became a gauge of the ability of the Germans to stop the British advance under conditions as favorable to them as an army can ever hope for, with every advantage of ground and preparation and with the knowledge that an attack was impending.

Airmen's Death Toll High  
German Metropolitan Papers List Two to Ten Deaths Per Day.

Copenhagen, via London—The death notices in the German papers indicate what a terrible toll the western battle is taking among German aviators. Scarcely an issue of the Berlin, Hamburg or other papers appears without at least two or three and often eight to ten notices of deaths in the flying corps.

Occasionally there is a noteworthy one like the announcement of the death of Lieutenant Schaefer, who was mentioned in dispatches Tuesday for bringing down his 30th enemy airplane.

Death notices of submarine officers are as rare as those of fliers are frequent. For several weeks none has been noticed in the Berlin and Hamburg papers, and it is possible that the admiralty has prohibited publication.

House Upholds Menoel.  
Havana—After a stormy session Monday the house voted the appropriation of \$30,000,000 as recommended in the recent message of President Menoel. The measure authorizes the issuance of treasury bonds in three series of \$10,000,000 each. The first series is to meet the expenses of military operations during the recent revolution and in connection with the war; the second is to satisfy treasury obligations, and the third is for public works and development of the resources of the country.

Newspaper Force Held.  
Waterloo, Ia.—The first arrest of a newspaper force in Iowa under the blue laws was made early Sunday when 18 members of the Times-Tribune editorial, mechanical and pressroom forces were taken into custody by a constable for working on Sunday. Among those arrested was William A. Reed, editor of the paper. Following the arrest of the men were allowed to return to work and complete the publication of the morning issue.

Soldier Takes General.  
Paris—It is reported from Hazebrouk, in Northern France, behind the British front, that among the German prisoners who passed through that town Monday was a general. He is said to have been captured single-handed by a soldier.

Women Lose in Sweden.  
Stockholm, via London—Woman suffrage in Sweden has been postponed for at least four years, the Riksdag, having rejected an amendment to the constitution.

## STATE NEWS IN BRIEF.

On consent of the State Board of Control, its secretary, R. B. Goodin, invested \$5000 of the "patients' fund" at the Oregon State hospital in liberty loan bonds.

Lester Sinnett, employed at the Logan tie camp, south of Bend, died Wednesday in a local hospital from injuries received when a wagonload of ties ran over him.

A medium-sized black bear was killed within five miles of Albany recently, it being the first time a bear has been seen that close to Albany for probably 25 years.

David L. Woods, alleged deserter from the United States army was arrested at Bend Saturday night. He is in jail awaiting the arrival of a guard from Vancouver Barracks to take him to a military prison.

A chapter of the Red Cross was organized at Prineville Saturday. Telegraphic authority was received in the morning, and by evening over 300 members had been signed, and had paid the entrance fee of \$1 each.

The official count in the Baker county recall election showed that County Judge J. B. Mesick had been recalled by a plurality of 32 votes, that William J. Duly had been elected his successor and that the attempt to recall Commissioner J. P. Ritter had failed.

Two laws of the last legislature related to bounties on seals. One provides that only the scalp and the other the whole hide must be presented to secure the bounty money. The attorney general holds that the whole hide must be brought in, as the last act passed is controlling.

It was announced at a recent meeting of the State land board that \$200,000 worth of the latest issue of the rural credit bonds had been taken up by bankers of the state and of this amount loans of \$6000 will be apportioned to each county. The board also lowered the maximum amount of single loans to be made under the school fund from \$5000 to \$2000, as the school fund money is nearly all loaned out.

The Public Service commissions of Washington and Oregon, working in co-operation at a series of hearings to be held in the near future, expect to establish grain standards which will control the movement of grain through the Pacific Northwest. Idaho and Montana have no grain inspection laws, consequently the action of the Oregon and Washington commissions will govern. The commissions will hold hearings at Portland June 18, Tacoma June 19, Spokane June 20 and Pendleton June 21.

At a joint session of the State Board of Control and the State Highway commission at Salem Saturday, it was virtually decided to carry to the Supreme court, in a friendly suit, the question of whether the state can issue the entire \$1,800,000 worth of bonds to meet the Shackleford Federal road money as provided for in the Beane-Barratt bonding bill of the last legislature, or whether the state can issue only a sufficient amount of such bonds to cover any deficiency that might exist, after the highway millage tax has been applied to meet the Federal road fund. All sides readily agreed that none of the \$6,000,000 to be derived from the big road bond issue can be used to match up the Federal road money, State Treasurer Kay receding from his original position in that respect after making a more thorough examination of the law.

"Washington, June 4.—Mayor F. C. Harley, Astoria, Or.: In honor of your city, the German ship Freida Leonard, taken over by the United States government and assigned to the navy, has been re-named the Astoria."

"JOSEPHUS DANIELS," "Secretary of the Navy."

Hood River Federal Farm Loan associations, four of which have been organized in the valley, recently were visited by C. K. Croson, an appraiser of the Spokane bank, and local applicants expect a definite report next week. The total of local applications for Federal farm loans will reach almost \$150,000.

The officers of School District No. 1, comprising the city of Klamath Falls, have kept the district expenditures for the past year under its income to such an extent that considerable of its state allotment has been returned, as required by law, according to the yearly report compiled by Miss Ida B. Mommery, school clerk.

Earnings of paroled men from the state penitentiary continue to show a steady increase, according to the report of Parole Officer Keller, filed with Governor Withycombe. The earnings for the month of May of 272 men totaled \$12,103.43, or an average of \$44.50 per month. Earnings of paroled men, totaled since July, 1915, amounted to \$150,222.74.

At a price of \$81,665.95, H. C. Rosenberg, well-known farmer of Pendleton, purchased from Frank and Manuel Peomb 5444 acres of land in the Coomb's Canyon district, north of Nye. A large part of the land is being farmed.

Molalla is planning for a two days' celebration this year. It will be on July 3 and 4. In addition to the usual ball games, sports and oration, there will be a roundup. Arrangements have been made for riders, ropers and horses to have a real old-fashioned Wild West time.

It was announced in London this week that, owing to the shortage of shipping and the consequent necessity of economizing all available supplies of tobacco, the board of trade will requisition all stocks.

Everett Norton, 20 years old, of Woodburn, private in company I, Third Infantry, died Saturday night at the Sacred Heart Hospital at Medford from blood poisoning, following an attack of tonsillitis. This is the first death to occur among the enlisted men in Southern Oregon since the declaration of war.

## Perfected.

After one year of experimenting in my laboratory, I have perfected a Porcelain and Cast Gold Inlay Crown for bridge attachment which is so superior to the Gold Crown or the Gold Band and Porcelain Crown, that it gives me pleasure to demonstrate the technique of making it to other Dentists.

Fortunately, I have imported German Novocain to last me over one year. I can now absolutely promise to work on your teeth without pain. It is the most wonderful synthetic substitute for Cocaine ever used by the Dental Profession. Dr. E. T. Hedlund, Dr. L. Bogan, Dr. S. S. Skiff.

Dentistry, "Not the cheapest but the best."

455-459 Morgan Building, fourth floor, Washington at Broadway, Portland, Oregon.

Telephones, Marshall 96; A 3363. Open Evenings. Nurse in attendance.

## YES! MAGICALLY! CORNS LIFT OUT WITH FINGERS

You corn-pestered men and women need suffer no longer. Wear the shoes that nearly killed you before, say a few drops of freezone applied directly on a tender, aching corn or callus, stops soreness at once and soon the corn or hardened callus loosens so it can be lifted out, root and all, without pain.

A small bottle of freezone costs very little at any drug store, but will positively take off every hard or soft corn or callus. This should be tried as it is inexpensive and is said not to irritate the surrounding skin.

If your druggist hasn't any freezone tell him to get a small bottle for you from his wholesale drug house. It is fine stuff and acts like a charm every time.

Difficult.  
"Is your daughter studying music?" "I wouldn't exactly call it studying," replied Mr. Cumrox. "She makes so much noise about it, I don't see how she can possibly get her mind on the subject."—Washington Star.

The Place for Him.  
Uncle—That boy Sam of mine doesn't seem to be able to keep his mind on anything. I don't know what to do with him. Uncle Eben—Why don't you send him to one of them concentration camps we read about?

Spotted.  
Mrs. Smith—They tell me one of the girls made a faux pas at the cooking class lunch that everybody noticed.

Mrs. Cornuep (providently) I guess it was my daughter. She can make any of them French things.

Buying a Substitute.  
Bessie had a new dime to invest in ice cream soda.

"Why don't you give your dime to missions?" said the minister, who was calling.

"I thought about that," said Bessie, "but I think I'll buy the ice cream and let the druggist give it to the missions."—The Christian Herald.

Fiction.  
"His wealth is said to be fabulous," "And the most of it is."—Brownings' Magazine.

SHAKE INTO YOUR SHOES.  
Allen's Foot-Powder, the antiseptic powder. Makes tight or new shoes feel easy. Relieves Corns, Bunions, Hot Swollen, Tender, Aching Feet. Sold everywhere. Don't accept any substitute. Sample FREE. Address: Allen Olinsted, 246 Roy, N. Y.

Getting the News.  
"Why do you encourage that incessant talker, Mrs. Gaddy, to come here?"

"Well, I save that much on subscription to a daily newspaper."—Exchange.

Why She Left Him.  
Mrs. Bridley—Want to dine out again? Why do you prefer hotel food to home cooking?

Her Husband—At the hotel I can always look at the menu and see what I am eating.—Boston Transcript.

Sore Eyes Granulated Eyelids.  
Eyes inflamed by exposure to Sun, Dust and Wind quickly relieved by Murine Eye Remedy. No Smarting, just Eye Comfort. At Your Druggist's 50c per Bottle. Murine Eye Salve in Tubes 25c. For Book of the Eye Care Druggists or Murine Eye Remedy Co., Chicago

DAISY FLY KILLER placed anywhere, kills flies, mosquitoes, gnats, etc. It is a safe, reliable, and effective fly killer. It is sold in 5c and 10c packages. Write for booklet and sample. The Cutter Laboratory, Berkeley, California

BLACK LASSES SURELY PREVENTED  
LEG  
Write for booklet and sample. The Cutter Laboratory, Berkeley, California

CLIMBED STAIRS ON HER HANDS  
Fool Ill to Walk Upright. Operation Advised. Saved by Lydia E. Pinkham's Vegetable Compound.

This woman now raises chickens and does manual labor. Read her story: Richmond, Ind.—"For two years I was so sick and weak with troubles from my age that when going up stairs I had to go very slowly with my hands on the steps, then I would slip down at the top to rest. The doctor said he thought I should have an operation, and my friends thought I would never live to move into my new house. My daughter asked me to try Lydia E. Pinkham's Vegetable Compound as she had taken it with good results. I did so, my weakness disappeared, I gained in strength, moved into our new home, did all kinds of garden work, shovelled dirt, did building and cement work, and raised hundreds of chickens and ducks. I cannot say enough in praise of Lydia E. Pinkham's Vegetable Compound and if these facts are useful you may publish them for the benefit of other women."—Mrs. M. O. JOHNSTON, Route D, Box 190, Richmond, Ind.

Resinol will stop that itch

## A Story For Pacifists.

Colonel Roosevelt told at a reception in Chicago a story for the professional pacifist.

"The pacifist," said his unworkable ideas," he said, "reminds me of Victor Hugo."

"During the Franco-Prussian war of 1870 Victor Hugo, then at the height of his glory, was so horrified by the cruelties of the siege of Paris that he demanded, in a burst of splendid generosity:

"If I go out in front of the armies—if I go out alone and unarmed—I, Hugo—and if I let them kill me—then don't you think that this will end the war?"

"For you, yes, certainly," was the cold and sagacious answer given to Hugo."—Washington Star.

Depends On Kind of Corn.  
He admits he can not be expected to "know it all" just because he sells a few stocks and bonds now and then. But his friends were surprised when he sprang this question a few days ago when Gov. Goodrich's request that more corn be planted was being discussed:

"But how far apart do you have to plant the rows of corn to keep one row from shading the other?"

Ventilation.  
"Why is this cheese so full of holes?" "That's all right. It needs all the fresh air it can get."—Boston Transcript.

Her Luck.  
She—"The man I marry must be bold, but not audacious; handsome as Apollo, yet industrious as Vulcan; wise as Solomon, but meek as Moses—a man all women would court, yet devoted to only the one woman." He—"How lucky we met!"—Judge.

An Adept.  
"When you go into the army you will have setting-up training." "Gosh, doc, I don't need any more of that. I've been setting 'em up for years."—Louisville Courier-Journal.

A Modest Demand.  
The Lawyer—"Don't you think \$40 a week alimony is a little too much to demand when he's only making \$50?" The Lady—"No, I don't. That's what I used to make him gimme while I was livin' with him."

No Ceremony.  
"I, the olden times a gentleman used to call upon a lady with much formality and stately ceremony." "Well?" "Now he merely drives up and honks for her to come out."—Louisville Courier-Journal.

Sixteen Billion in Banks.  
Washington, D. C.—Resources of the country's National banks have reached another high record. Controller Williams announced that on May 1, assets of the banks aggregated \$16,144,000,000, an increase of \$165,000,000 since the last call March 5, and of nearly \$2,000,000,000 since a year ago. Reserves of \$948,000,000 with reserve agents, \$762,000,000 with reserve banks, and \$763,000,000 in their own vaults were reported by the banks, the combined total exceeding legal requirements by \$26,000,000.

Asks N. P. for \$100,000 for Bonds.  
North Yakima, Wash.—The finance committee of the Liberty Loan organization is trying to get the Northern Pacific Railway company to apportion \$100,000 of its Washington allotment to the Yakima valley to help fill the quota assigned this section. George Donald, chairman of the finance committee, wired President Hamaford, suggesting that the Yakima valley be given an amount as corresponding to its percentage of the road's business in the state. This would equal about \$100,000.

Why is man and woman, half the time, feeling nervous, despondent, worried, some days headachy, dull and unstrung; some days really incapacitated by illness.

If we all would practice inside-bathing, what a gratifying change would take place. Instead of thousands of half-sick, anemic-looking souls with pasty, muddy complexions we should see crowds of happy, healthy, rosy-cheeked people everywhere. The reason is that the human system does not rid itself each day of all the waste which it accumulates under our present mode of living. For every ounce of food and drink taken into the system nearly an ounce of waste material must be carried out, else it ferments and forms poisons-like poisons which are absorbed into the blood.

Just as necessary as it is to clean the ashes from the furnace each day, before the fire will burn bright and hot, so we must each morning clear the inside organs of the previous day's accumulation of indigestible waste and body toxins. Men and women, whether sick or well, are advised to drink each morning, before breakfast, a glass of real hot water with a teaspoonful of limestone phosphate in it, as a harmless means of washing out the stomach, liver, kidneys and bowels the indigestible material, waste, sour bile and toxins; thus cleansing, sweetening and purifying the entire alimentary canal before putting more food into the stomach.

Millions of people who had their turn at constipation, bilious attacks, acid stomach, nervous days and sleepless nights have become real cranks about the morning inside-bath. A quart of limestone phosphate will not cost much at the drug store, but is sufficient to demonstrate to anyone, its cleansing, sweetening and freshening effect upon the system.

## OREGON ROAD BONDS CARRY

Baker is Elected Mayor of Portland by Good Lead.

Portland—Based on incomplete returns from a majority of the counties of Oregon, indications were that at Tuesday's special referendum election the measure providing for a \$6,000,000 bond issue for the construction of roads had carried by a substantial majority. The measure providing for a new penitentiary at a cost of \$200,000 was defeated.

In the Portland city election partial returns from nearly all precincts showed City Commissioner George L. Baker leading the race for mayor, with City Commissioner Will H. Daly second, in a field of seven candidates.

A. L. Barbur and John M. Mann were elected city commissioners.

State Gets Block of Post Bonds.  
Olympia—County Treasurer William Turner, of Pierce county, came to Olympia Wednesday and turned over to State Auditor C. W. Clausen, acting for the State Board of Finance, the second block of \$500,000 of the bond issue voted by Pierce county for acquiring a site for the American Lake army post. The first block of the bonds was turned over to the state some time ago, so the state now has \$1,000,000 of the bonds, which is the largest single bond investment ever made by the state. State Auditor Clausen handed a warrant for \$500,000 over to Treasurer Turner, and then took the bonds into State Treasurer Sherman's office, where they were deposited in the vaults for safekeeping. The first \$500,000 draws 4 1/2 per cent interest, and those taken
