So I would say to the People's Party candidates to reform on that kind of business and show to Jackson county people that we intend to reform on that kind of a way to get voters. A drink of whiskey never changed man in Jackson county that would stoop so low as to let a drink of whiskey change his way of voting Money spent that way would be better given to the poor people of this county. I read a statement in the Austin Advocate, some time. ago from ex-Senator Cassadav. He said. "There was no difference in the two old parties in regard to free coinage of silver in that state." He said, "If a Piute Indian would come out and declare for free coinage of silver, he could be elected on any ticket." Now I am anxious to see what Piute they are going to vote for. They see what a demoeratic congress has done for them and I'll bet them a new hat that the republican senate won't do that much, for they will never allow that bill to come be ore the senate. G. F.
