27% Difference

The "Royal" the Strongest and Purest Baking Powder.

Whether any other baking powder is equal to "Royal," let the official reports decide. When the different powders were purchased on the open market and examined by Prof. Chandler, of the New-York Board of Health, the result showed that Royal Baking Powder contained twenty-seven per cent. greater strength than any other brand.

When compared in money value, this difference would be as follows:

If one pound of Royal Baking Powder sells

One pound of no other powder is worth over

If another baking powder is forced upon you by the grocer in place of the Royal, see that you are charged the correspondingly lower price.
