but were unable to extinguish or con enveloped in flames. As Superintendent Porter of the Woodland water works went to the rear of the opera house to give instructions to the firemen the wall fell and he was crushed by the falling bricks. When the debris was removed Porter was dead. His head was horribly mangled. From the opera house the flames spread to the Jackson building and the trustees, realizing that the fire department was not able to cope with the flames, telegraphed to Sacra mento for assistance. In the meantime the fire hall spread and it looked as though the entire city would be de stroyed. But a special train arrived with an engine and hose carts and members of the Sacramento fire department. The train made the run from Sacramento to Woodland, a distance of twenty three miles, in twenty-six minutes. The Capital City steamer was soon at work and in a few minutes the flames were under control. The losses will amount to \$250,000.

### A Novel Suggestion.

A Sioux Falls, S. D., dispatch says: A startling proposition has been made to the city council by United States Commissioner Lyon. He expressed the opinion that the prohibitory law would not prevent the city from engaging in the saloon business. He offered to furnish the necessary money to start saloons in various parts of the city, he to be a partner but the management to be under city control. He claims it would net the city \$35,000 a year. The mayor will appoint a committee to investigate

DUE TO A WRONG SIGNAL.

A Railroad Wreck in which Ten People are Killed.

A dispatch says the most disastrons wreck that ever occurred in Harrisburg. ploded at Perkins, Cal. Three men took place at Dock street. The second section of the Western express ran into A 14-year-old boy at San Jose thrashed the first section, smashing three day coaches.

Ten persons were killed and a large Pierce county, Wash., within whose number were injured, though the boundaries Tacoma is situated, has a wounds of all, except about a dozen, are

on their journey.

The story of the accident is told in brief: The first section stopped near Union station and was just starting, when the second section, a heavy train made up of Pullman sleepers, the ex-press and baggage car plunged into the private car of Mr. Westinghouse, the well-known inventor, and drove it forward, crushing three day coaches ahead of it into kindling wood. The strength

The accident was due to a wrong signal or a misunderstanding thereof. Plenty of assistance at once came to tue rescue of the injured, and to remove the dead from the wreck. The former considerable money belonging to his class and surgeons labored during the night to alleviate the suffering.
