He was billed to speak at the People's Party meeting at Central Point Saturday night, but through the week he lost a day and arose Sunday morning early, thinking it was Saturday and repairing to his potato field he pitched in with the idea of gathering his crop before starting for Central Point. His delusion was short lived, however, as his wife soon convinced him that he was breaking the Sabbath. Thus it was that the Central Pointers waited in vain for the good speech prepared for them.
