Hattie Bliss has closed her school and will be one of the graduating class. The short-hand class number about forty. They are progressing rapidly and the Pernin system is so simple that a child can understand and write it.

The time is coming when short-hand will be a part of the course of every school and by teaching the child the characters when we are teaching the sounds of letters, all would be able to write any conversation. The lessons are given after school work is done.

The high school Lycoum meets every Monday night and is now a permanent part of the schools.

Citizens and friends should turn out in force, for the cause is a good one and the ladies and fire boys will appreciate it. Remember the date and the place. Following is Mayor Whiteside's special plea for the occasion: TO THE PUBLIC.

The Ladies Benevolent society is very worthy of praise and assistance at the hands of the citizens of Medford in their kind and generous work of giving a supper on Friday eve, Oct. 28, for the benefit of Protection Hose Co. No. 1, of Medford.

These ladies are donating their time, energy and money to the necessary work of arrangements for this entertainment. It is given for the sole benefit of our Hose Co. Don't think! Have we been benefited by them? Surely we have. Only a few short days have passed since the cry of fire was heard on our streets, and promptly the fire boys responded to the call.

Citizens of Medford let us respond as promptly to the call of these ladies and assist as willingly in the benefit to the Hose Co. A rare treat awaits you. Come one and all on the eve of this grand old holiday, we will make the hall resound with mirth and merry-making.

Don't forget the day—this (Friday) evening, Oct. 28, at the opera house. Come, you are especially invited. J. A. WHITESIDE, Mayor of Medford.
