For several years past competitions of an instructive order have been offered by rep isiness houses and manufacturers in Engiand with the object of increasing their sales and ntcreating their customers in their respective goods. These contests, on account of the un questioned fairness displayed in conducting tnem, have interested the best people of Great Britain. Believing that competitions offered by a manufacturing concern such as ours, and onducted in the same honorable manner, would excite proversal interest among the intelligent people of the United States and Canada, our Company have decided to offer a Prize Competit n which our first effort will be to make it STRICTLY FAIR AND IMPARTIAL.
