## BIG STORE OPPORTUNITIES

The Big Store reigns supreme. Its smaller competitors lack similar purchasing facilities. Their floor space and financial means forbid as large a stock variety and less frequent sales oppose the quick moving of goods. With us it's widely different. First: We are the largest store on the coast between Salem and Sacramento. Second: Our large patronage enables us to dispose rapidly of considerable quantities of goods. Wholesale houses know this and are always anxious to sell us their lowest terms. Thus we are able to reduce our price before marking the goods, and don't have to keep the purchaser guessing as to whether he can beat us down for a quarter or so. This store has only one word and one price, and both have always been found highly satisfactory. Then our clerks are carefully trained to consider our customers' needs and interests, rather than their money-bags. We do this because our patron's good will means more to us than their loose cash. We believe in frequently reminding Medford's wide-awake people of the unequalled values they can find in this store for their money. It is their duty to themselves to investigate our claims before buying elsewhere. If they do, there will be no buying elsewhere. Following are just a few of these extraordinary values which it will pay you to read and see:

### Suits and Overcoats For Men

We can fit you in all sizes and shades. That much-envied square-shouldered effect is a prominent feature of the world-famous Hart, Schaffner & Marx clothes. They always fit in a snug and tasty manner and are keynotes of dressing excellence. Then they never flag or shrink, but are the kinds that always keep their shape. They fill their wearers with dignity and well-bred ease, and opens the most exclusive circles to them. It is the feathers that make birds bright and pleasing—it is your clothes that will determine your social standing.

Why not look this line over before deciding elsewhere? The cost will be nothing and the gain may be great. Don't forget our splendid overcoats to keep those chill blasts away and enjoy winter comfort. The styles and colors are there and the prices are right.

### Our Celebrated Armour Blankets

Are especially worth mentioning. For solid wool value they are hard to match, and think of the price! They are easily worth \$5, but we let them go at \$3—while they last. They're just the things to keep the baby warm and the mother from worry. Better make a memo. of them on your shopping list.

### Nemo and Royal Worcester Corsets

These excellent brands are landmarks of dressing excellence. For shape and ease they highly gratify the most discriminating buyer. Their wonderful elasticity allows a complete freedom of motion to the wearer without any loss of gracefulness whatsoever. Our models are all new and made to delight the hearts of fashionable buyers—\$3.50 up.

### Underwear for Father, Mother and the Kid

It's that warm and smooth, next-to-the-skin feeling which they all seek. They never leave our store disappointed, neither. It's so easy to please the people when the right goods are there. We have sold our camelhair underwear for fifteen years and never knew a complaint—\$1.25 per garment. Remember that we also have other makes at different prices: The much-worn and well-known Munsing Union Suits that never tighten at the waist—\$2 up. Also the well-knit Coopers' Underwear, \$1.50 a garment.

Don't risk a bad chill by too much delay, but take time by the forelock and make your selection.

### Gloves For Men

The fine, dressy kind that molds the hand—in kid leather, \$1.50 up; or any kind of working mitts from canvas, 5c, up to the strong wear-proof article, \$2. We supply a large laboring class.

### Nifty Ties

We have a considerable variety of shades and styles—from the "stick-on" kind with wire attachment for the busy man, 25c to 50c, to the refined "self-binders" for the dressy man, \$1 and \$2. You ought to see our new supply of the latter—they are simply stunning.

### Ladies' Home Patterns

Is another privilege that our customers exclusively enjoy. Only we receive these patterns in this city, which are of a worldwide reputation. It is with the greatest pleasure that we offer this additional advantage to our patrons.

### Hats For Men

Shall it be a high-grade Stetson at 4 up or another make at \$2.50? We have all sizes and carry the most approved styles. Don't hesitate to give us your preference.

### For Your Growing Boy

Bring Tommy to the store next time and let us show you some of these suits and overcoats that will make his eyes sparkle. We can fit any age from Dick to Harry, and the cute little chap will feel proud in his new togs. Prices are right, so don't delay—\$2.50 to \$8.50. Also strong corduroy pants that look like dad's and wear as long—\$1.

### Splendid Trunk Values

We carry a fine line of traveling supplies which you shouldn't overlook. Handy leather and canvas grips, also different kinds of hand bags, \$2 up. Our Trunks are not merely good to look at—they will stand the hardest wear—\$9 to \$75. Don't buy one of those cheap affairs for your next trip, but better select a durable article that means business.

### Fine Line of Umbrellas

Those strong showers made you feel the need of a new umbrella, so we placed several odd lots on sale at low prices, from \$1 up to \$5. We feel confident that we can accommodate any ladies' or gentleman's taste without difficulty.

### Princess Dresses

Just received a large supply of Princess dresses in serge, whipcord and chiffon broadcloth. All shades are on hand; also a new line of coat dresses which you would be sorry to miss.

### Winter Coats For Ladies

Fine new line of winter coats in 50-inch semi and close-fitting, in all new shades and models. Some elegant new creations, well worth the trip.

### Shoes That Won't Pinch

A prominent feature of our store is to be found in its shoe department. There we keep a considerable variety of styles and sizes to please all tastes and feet. We take quite particular pains to make this department a growing success and actively study the wishes of our customers to this effect. Our shoes don't pinch, because we fit them right and don't force you to take a size that will not do. We always leave any choice to our customers; our aim is only to supply same to their highest satisfaction. Here are a few sample prices:
