### ANOTHER STORM STRIKES INDIES

Cables Go Out—Feared That Loss of Life is Heavy—Martinique Believed Center.

(United Press Leased Wire.)  
NEW YORK, Nov. 27.—Another severe storm has struck the West Indies and cable communication is out of commission. The situation is much the same as that after the great hurricane early this month. Information so far received indicates that the storm was most severe in the Lesser Antilles. Guadeloupe and Martinique are believed to be in the storm center.

### PAPKE HAS NARROW ESCAPE FROM DEATH

(United Press Leased Wire.)  
KEWANEE, Ill., Nov. 27.—Billy Papke, the middleweight boxer, had a narrow escape from death tonight when his automobile was struck by a city streetcar. Papke was coming down the main thoroughfare of the city when he noticed a small boy ahead of him on a bicycle. The boy collided with a pedestrian, falling directly in front of Papke's heavy machine. Papke applied the brakes and turned his car onto the streetcar tracks squarely in front of a rapidly moving streetcar. There was an awful crash. Papke was badly shaken up but was uninjured. The lad escaped the automobile wheels and was unhurt, while the man whom the boy struck with the bicycle has many bruises.

who is spending the winter with her husband and daughter at the Hotel Moore, will sing "Oh Lord of Life" at the Presbyterian church Sunday morning. The song is composed by Mrs. Rodgers' sister, Mary Turner Salter, and is published by the Shirmir company, for whom Mrs. Turner writes exclusively.

Mrs. G. C. Noble of South Orange street was given a surprise birthday greeting at her home Wednesday night by more than a score of friends from the G. A. R. post and W. R. C., who entered the house during her absence and proceeded to make themselves at home. Mrs. Noble was sent for and a most pleasant social evening spent.

The Christian Endeavor society of the Presbyterian church spent a merry evening in the church parlors Wednesday evening, playing games and enjoying an impromptu musical program.

Refreshments of ice cream and wafers were served.

The members of the Five Hundred club were very pleasantly entertained Friday afternoon at the home of Mrs. J. G. Gobel, 223 East Sixth street. The highest score was played by Mrs. Scott Davis and the second highest by Mrs. H. E. Boyden.

Mr. and Mrs. Roscoe Johnson gave a dinner Friday evening at their artistic bungalow home on Catherine street for a group of young friends, the occasion being Mrs. Johnson's birthday. After a delicious five-course dinner the evening was spent with unique and original games that proved most entertaining. An egg, from which the contents had been blown, had been painted to represent a football; goals and a field were arranged on the dining table and a fast game played, the "football" being blown between the goals. Mr. and Mrs. Johnson are arrivals within the year from Chicago, and already have made a warm place for themselves in the hearts of the young people. Those enjoying Mr. and Mrs. Johnson's hospitality were Miss Mary Gore, Miss

Harmon, Miss Arra Harmon, Miss Gray, C. W. Gore and C. A. Weaver.

The Ladies' Guild of the Episcopal church will hold its regular meeting Thursday afternoon at 2:30 at the home of Mrs. Etta Bates, 226 North Central avenue.

A jolly class party given for the junior class of the high school by Miss Iola Whistler at her home at the Bear Creek orchards, one and a half miles south of town, was one of the most successful affairs given this year for the class. The disentangling of interwoven hearts and diamonds provided much merriment, which was followed by an advertisement contest, for which artistic bell-shaped programs were provided. Flinch, five hundred and whilst were played and the Virginia reel danced. A supper of sandwiches, cocoa, apple salad and cake was partaken of. The chaperon was Mrs. W. A. Stewart. Those present: Clifford Polk, Leland Beveridge, Grace Mitchell, Iola Whistler, Ver-na Hammond, Isolie Eubanks, Genevieve in the year from Chicago, and already have made a warm place for themselves in the hearts of the young people. Miss Margaret Nims, daughter of Mr. and Mrs. C. W. Nims, was married on Thursday night at her home in this city to Mr. Frank G. Dean. The ceremony was strictly a family affair, no friends or relatives being apprised of the affair in advance. The young couple were present in the afternoon at a family Thanksgiving dinner given by the bride's aunt, Mrs. E. E. Bagley, but no hint of the approaching wedding was dropped during the dinner party. While the friends of the pair have for some time past been expecting an announcement, none were taken into their confidence, and the wedding came as a surprise to all. The bride is a great favorite in Ashland's younger social set, and the groom is a popular engineer in the Southern Pacific service, being one of the youngest engineers on the entire line. The ceremony was performed by Rev. S. M. Dorrance of the Episcopal church, the bride being one of his parishioners. The couple will make their home in Ashland.

A very delightful impromptu dance was given Thursday night in the fine

big hall of the Elks' temple. Telephone notice of the event was sent to local Elks during the afternoon and evening by a few with whom the idea originated and by 9 o'clock about 40 couples were enjoying the terpsichorean art on the polished maple floor of the lodge-room. Jordan's orchestra furnished the music, and the initiation of the new dance floor was continued until after 1 o'clock, when a light lunch was served in the refreshment room.

A number of the members of the old Entre Nous Dancing club gave a most enjoyable dance in the opera house on Thanksgiving eve. The music was furnished by the Regal orchestra and 25 couples enjoyed the evening to the fullest.

Thursday being the 18th anniversary of her birth, a number of high school pupils, classmates of the young lady, surprised Ruth Osburn at her home on Mechanic street that evening. The visitors carried dainty refreshments and games with them, and though unexpected, were made very welcome and all enjoyed the evening as only high school pupils can.
