

UNCLE JOE TO QUIT HIS JOB?

So Declares Victor Murdock, Insurgent From Kansas—Says He Will Have To.

WASHINGTON, D. C., Dec. 3.—That Speaker Cannon believes that the house is in danger of being captured by the Democrats and will try to save it to the Republicans by announcing his retirement from the speaker's post before the Republican primaries next June, was the statement made today by Victor Murdock of Kansas, the leader of the "insurgents" in the house.

"About the first of June, watch Cannon announce that he will not serve as speaker after his present term," said Murdock. "He has seen the writing on the wall."

Murdock says he is convinced that Cannon will be eliminated as speaker, no matter whether the house is Democratic or Republican. The "insurgents" are arranging a meeting for today or tomorrow to map out a legislative program. "We want three things," said Murdock. "First, we want to take from the speaker the right to inquire for what purpose a member desires to obtain the floor; second, we want to take away from the speaker the power to appoint committees to lodge the power in a committee; third, we want to abolish the rule which makes the speaker a member of the committee on rules."

ORDINANCE NO. 260. An ordinance declaring the assessment on the property benefited for the cost of laying a six-inch water main on Grape street and directing the recorder to enter a statement thereof in the water main lien docket.

The city of Medford doth ordain as follows:

Section 1. Whereas, the city council did heretofore by resolution declare its intention to lay a six-inch water main on Grape street to Jackson street from West Main, north, and to assess the cost thereof on the property fronting on said portion of said street in proportion to the frontage of said property, and did fix a time and place for hearing protests against the laying of said water main on said portion of said street and the assessment of the cost thereof as aforesaid.

And whereas, said resolution was duly published and posted as required by section 116 of the charter of said city.

And whereas, a meeting of the council was held at the time and place fixed in said resolution for the purpose of considering any such protests, but no such protests were at said time or at any other time made to or received by the council to the laying of said water main or the assessment of the cost thereof as aforesaid, and said council having considered the matter and deeming that said water main was and is of material benefit to said city and that all property to be assessed therefore would be benefited therein to the extent of the probable amount of the respective assessments to be levied against said property, did order said water main laid.

And whereas, the cost of said water main has been and hereby is determined to be the sum of \$2,944.19.

Now therefore, it is hereby further determined that the proportionate share of the cost of laying said water main of each parcel of the property fronting on said portion of said street is the amount set opposite the description of each parcel or piece of land below and that each piece of parcel of land benefited by the laying of said water main to the full extent of the amount set opposite the description of each parcel or piece and that the respective amounts represent the proportional benefit of said water main to said respective parcels of property and also the proportional frontage thereof on said portion of said street, and the council does hereby declare each of the parcels of property described below to be assessed and each of the same hereby is assessed the amount set opposite each description of the cost of laying said water main.
