

GOOD CARDS FOR FRISCO SPORTS

Cyclone Johnnie Thompson and Tommy McCarthy Will Mix Tonight—Nelson and Wolgast Soon.

(By The Ringsider.) SAN FRANCISCO, Cal., Jan. 28.—With both boys down to weight, Tommy McCarthy, the fighting bricklayer, and "Cyclone" Johnny Thompson await the going that will send them away on a scheduled 20-round fight at Dreamland rink tonight. McCarthy, who is nothing more than a heavy featherweight, is easily within the required 134½ pounds, while Thompson barely scales below that notch. The Illinois boy, despite his short period of training, has put in many solid licks and appears to be in excellent shape. McCarthy is always in good condition, and his admirers look to him to make a fine showing in his first essay against a member of the higher flight of lightweights. The talent, however, is getting down hard on Thompson, and when the boxers step into the ring tonight it is not unlikely that he will be a 3 to 1 favorite. Even money is being offered that Thompson knocks McCarthy out inside of 15 rounds.

Sullivan and O'Keeffe. Dan Sullivan and Denver Johnny O'Keefe, who appear in the 15-round special event tonight, are expected to put up a slashing battle. Both are strong, game and clever and never loaf a minute.

O'Keefe has been winning all of his battles during the past year, and right now is better than ever. Of the two, he is possessed of more cleverness, but what Sullivan lacks in this department he makes up in pin strength and speed.

The preliminary, which will be put on at 8:30 o'clock, will be a ten-round affair between Antone La Grave and Frankie Smith.

Nelson and Wolgast. Battling Nelson and Ad Wolgast will fight for the lightweight championship of the world on the afternoon of February 22 in Colma. This was the positive announcement made this morning by Sid Hester, manager of the Mission club.

A permit from the San Mateo supervisors is as good as in his pocket, he declared, and so confident is he of securing it that he has let the contract for the construction of an arena, work to begin next Monday morning. He has options on three sites in the neighborhood, each within 100 feet of the county line and not more than seven minutes' walk from Coffroth's arena.

The site will be chosen today and the contractor will immediately lay out his plans and get lumber on the ground.

SPECIAL MEETINGS NOW ON AT PHOENIX

PHOENIX, Jan. 28.—(Special).—The meetings being held here under the auspices of the Christian church are being well attended and great interest is being manifested.

Five additions to the church were made at the meeting last night. Tonight the subject will be "The Loneliest Ladder in the World"; Saturday evening, "Where Did the Demons Come From?"; Sunday at 11 o'clock, communion; at 3 p. m., a special sermon on "What Is Man?"; for men only; at 7:45 p. m., a special sermon on "What Shall I Do With Jesus, Who Is Called Christ?" Special music for this occasion.

Either Saturday or Sunday the baptism of those who have united with the church will take place.

TAFT ASKS FRANCE IF U. S. CAN HELP

Wires President Fallieres Sympathy and Queries as to Offering of Immediate Aid.

WASHINGTON, D. C., Jan. 28.—President Taft is awaiting a reply to a message he sent to President Fallieres of France offering aid in the calamity that has overtaken Paris.

If the offer is accepted relief steps will be taken immediately. The dispatch follows: "Is there any manner in which, through the national Red Cross or otherwise, appropriate expression made by the sympathetic distress which the people and government of the United States learn of the reported calamities which floods are causing your beautiful and historic capital, as well as in the provinces of France?"

"Meanwhile I offer you the sincerest sympathy and the most ardent wishes that the cause of these disasters may soon abate.

"W. H. TAFT."

SMALL CHANCE TO SEE BIG FELLOW

Jeffries to Rush Back East to Bed-side of Sick Wife—Is in the Pink of Condition.

PORTLAND, Or., Jan. 28.—Jim Jeffries and his traveling gladiator company reached Portland this afternoon at 12:15.

"Can you tell me what they are hollering about down south?" asked Jeffries of a United Press correspondent.

"My wife is in a Chicago hospital and I am going back to get her. I have been worrying about her ever since I left her, and just to please a few people in the south I'm not going to waste any time getting back to Chicago. I expect to be in Los Angeles by February 15. I agreed that a few dates should be made upon our return trip through the middle west, but these will not interfere with my plans in Chicago.

"I left Tex Rickard in Salt Lake and he was laughing at the idea of there being any trouble between himself and Gleason.

"I haven't a word to say about where the fight will come off. That is up to Rickard and Gleason." Jeffries appeared in a serious frame of mind, but a smile illuminated his countenance when he was told that he looked to be in good shape. He is evidently taking Johnson seriously. In fact, Jeffries, who is generally prone to lightness, seems anxious that he shall be in the best possible shape before entering the ring.

CRATER LAKE COMPANY WILL ESTABLISH INNS

The Crater Lake company, which has the permit from the government to carry on a hotel and transportation business in the Crater national park, has applied for a permit to establish an inn at Budd Springs, on Klamath Lake, in the Crater national reserve, and the running of a stage line from there to Crater Lake.

Budd Springs lies on the west side of the Klamath, just outside the Harriman holdings at Pelican Bay and Odessa, and it is the expressed intention of the company to run a line of boats on the lake from Klamath Falls connecting with a stage or automobile line at Budd Springs for Crater Lake and other scenic points.

The company already has a permit for Malone Springs, farther north, and this would make a link of value in handling the chain of tourist travel to the great national wonder. Good fishing, hunting and beautiful scenery abound along the route, and with the connection on this side of the range a good road would afford an ideal outing for a few days.

Quinn Must Die.

EVERETT, Wash., Jan. 28.—The death warrant was today read to Richard Quinn, convicted of murdering his wife, and April 15 was set as the day for his execution. While intoxicated Quinn shot his wife on the street here in September, 1907.

MOB WRECKS ENGLISH MINE

Fifty of Ringleaders Under Arrest—Property of Company Mass of Charred Ruins.

LONDON, Jan. 28.—Fifty are under arrest today, three others are in hospitals suffering from bullet wounds and property of the Harden colliery at Westhurtlepool is in charred ruins, following a strike of the men at the mine.

The lawlessness resulted from a dispute between the company and the men over the operation of the eight-hour day law. When it was seen that an agreement could not be reached the men went on strike, burning a new \$75,000 clubhouse erected by the company for the use of men, demolishing windows in the mine manager's house and looting several shops in the village.

Dynamite was found in the colliery but the men claim that it was placed by mine officials to cast discredit on the strikers.

The three persons shot will recover.

DREAD DRAGON OF DISEASE.

(Continued from page 1.)

Much Suffering.

Answering pitiful cries for aid, the police today broke the locked door at number 7 Rue de la Sablonniere, and found an aged, half blind man, trying to carry his paralytic wife to safety away from the waters which were rushing into the lower portion of the house from a broken main.

A party of balloonists, who ascended from the Aereo club at St. Cloud, made a trip over the city for the purpose of taking snap-shots of the devastation, and upon their return reported the situation was more appalling than they had anticipated.

Government to Relief.

The government is preparing to furnish free food and supplies to the destitute.

Arrangements also are being made to provide furniture and clothing for those whose effects will have to be burned under the order of the sanitation committee in their efforts to prevent spread of disease.

Agents with large supplies of disinfectants already are at work in the sections where the sewer breaks have been most serious, and where the danger of pestilence is greatest.

Weeks of Work Ahead.

It is feared that it will be many weeks before the filth deposited by sewers can be removed on account of the crippled condition of the pumping stations and the condition of all the underground conduits.

Skiffs piled today in the yard about the palace of President Fallieres, and in and around the theaters and cafes of the lower Champs Elysees.

Basements Flooded.

All the basements in that part of the city are flooded, and the first floors of many of the residences were entered by the waters during the night.

The use of automobiles was badly crippled today by the shortage of gasoline and taxicabs could be obtained only at almost prohibitive rates.

Several cab owners have driven their horses to death attempting to continue the work day and night while they were able to get triple and quadruple fares.

Suffering Severe.

Reports indicate that the suffering among the people of the poorer classes was most severe in the Grenelle and Javal arrondissements, where thousands of homes of laborers were flooded.

Crowds of refugees clamored about the mayor's office and all the river arrondissements are seeking food and shelter.

Every effort is being made to handle the situation, and, encouraged by the fact that the crest of the flood has passed, the authorities are gradually getting the relief work under control.

It was a common sight to see men and women faint in the crowds that hovered about the stations where food was being distributed.

SIX CHILDREN HURT ON WAY TO SCHOOL.

CLEVELAND, O., Jan. 28.—Six children were seriously injured today when the bus in which they were riding to school was run down by a Lake Shore railway passenger train and demolished. The injured, with the driver, who was also hurt, were taken to a hospital.

The bus was ground into bits, one wheel being picked up more than 100 feet from the spot where the accident occurred. One of the horses which drew it was killed.

PROF. O'GARA GOES TO CALIFORNIA

As Chief of His Bureau on the Coast. He Will Inspect Various Fruit Districts in That State.

Professor P. J. O'Gara, who is chief of the bureau of plant industry on the coast, left Friday morning for California on a tour of inspection of the various fruit districts.

He will visit the Suisun, Sacramento, Newcastle, Fresno, Watsonville and Santa Clara districts and will investigate them as to the prevalence of tree diseases.

He will return to Medford on the evening of February 4, in order to be present at the regular meeting of the Horticultural society the following day, when Mr. Whisler will make his report.

ANARCHIST PAPER IS STOPPED BY OFFICIALS

NEW YORK, Jan. 28.—The circulation of "Mother Earth," has been stopped by the New York postal authorities, at the request of Anthony Comstock, the vice-crusader. "Mother Earth" is a monthly publication devoted to the cause of anarchists. An article by Emma Goldman concerning the "white slave" traffic is said to have been responsible for the action by the authorities.

WHISLER WILL RETURN SOON

Representative to Denver Show Will Tell of Results at Horticultural Society, February Four.

The regular meeting of the Rogue River Horticultural society will be held Saturday, February 5, at which time C. E. Whisler, who represented the society and the northwest at the national apple show at Denver, and afterward went to Washington in the fight against the La Fean bill, will make a full report.

The results obtained by him during his trip east in the matter of securing a soil survey, a weather bureau and the defeat of the La Fean bill will be fully detailed.

Grants Pass, Ashland, Gold Hill and other fruit districts will send representative delegations. About February 8 the committee to form a union of all the fruitgrowers of the valley will be announced, and on the following Saturday the organization will be effected.

A. E. Reames is in Salem in connection with the filing of his brief in the case. He has until February 3 to take such action.

Edmeades Bros

THE ROGUE RIVER LAND COMPANY
NO. 11 NORTH CENTRAL AVENUE

Offers an especially good foothill orchard for a low price and on good terms. In these days of advancing prices, it will pay to look into this.

It pays to deal with the "Man Who Knows." When the Rogue River Land Company sold the Tronson & Guthrie orchard at Eagle Point to the prize winning owners, four years ago, the salesman, W. M. Holmes, assured the purchasers those Spitzenberg trees would produce the world's best apples, and subsequent events prove the soundness of his judgment. By the way: Did it ever occur to you that most of the men who have won out in the Rogue River Valley, bought their winning orchards through the Rogue River Land Company?

W. M. Holmes, Manager, is always at your service for a good buy.
