LIBRARY ADDITION TO UNION HOME

Formally Dedicated at Colorado Springs With Appropriate Exercises—Valued $1,000,000.

COLORADO SPRINGS, Colo., Feb. 17.—At the Union Printers' home today the library addition to that institution was formally dedicated. The Union Printers' home is the only institution of its kind in the world conducted by a trade union for the benefit of its indigent and sick members. The value of the property is estimated at $1,000,000, and the addition that was dedicated today cost $30,000. It houses the home's magnificent collection of books—12,000 volumes. Among the speakers were Mayor Avery of this city, a representative of the local typographical union, a representative of Denver Typographical union and President James J. Lynch, of the International Typographical Union. The exercises were attended by a large number of people. President Lynch made the principal address and said in part:

"The people of Colorado Springs know of the ravages of tuberculosis. Its terrible inroads, its devastation and its attendant misery stalk in your streets by day and make night hideous for its victims. Any human agency battling against this dread destroyer is deserving of public approbation and public support. The economic loss to society by reason of the toll taken by tuberculosis is beyond calculation, while the sum of human misery to the sufferer and the bereft is so tremendous trat its mere consideration appalls and terrifies. Foremost in the battle against the scroud of the great white plague, in the van of the movement for its elimination, leading in the ranks of that band of courageous spirits which is determined to eliminate tuberculosis, is the International Typographical Union. It is a part of the National Anti-Tuberculosis association. It maintained an exhibit at the international congress held in Washington and also at the Seattle exposition. It distributes each year hundreds of thousands of leaflets, not only to its members, but to the public generally, containing advice as to the best means of combatting, avoiding and curing tuberculosis. It has carried on a crusade for sanitary composing rooms, and its members are advised that while they should be conservative in presenting demands for increased wages and decreased working time, they should be emphatically radical in their demand for decently arranged, sanitary workrooms.

LIQUOR BRINGS FAMILY TO TASTE POVERTY'S DREGS

SEATTLE, Wash., Feb. 17.—Celestine Tucker, daughter of Lorraine L. Tucker, who in the munitions of fortune finally died a drunkard in a cheap Seattle lodging house, and of Charles O. Tucker, who a few months later was shot and killed by the woman with whom he was living, is today in the custody of Rev. Alexander Beers, president of the Seattle seminary, a Methodist institution.

With tears in his eyes, the court commissioner, R. H. Lindsay, late yesterday awarded the child to the Methodists, against the appeal of Rev. J. E. O'Brien of the Catholic church, of which her mother was a member.

Judge Lindsay reviewing the case, told of her mother, once a belle of the White House and favorite of General Grant and who died in poverty and vice, of her father, head of a local furniture house, who cast aside the child's mother, and then by a peculiar fate was killed by the woman who took her place. As he finished he burst into tears.

SALEM, Or., Feb. 17.—Safecrack-

SALEM, Or., Feb. 16.—Safecrackers early today blew open the vaults of the Salem, Falls City & Western railroad in the depot on the west bank of the Willamette river, opposite Salem, and after securing a small amount in currency and coin, escaped. The safe was completely wrecked. Sheriff Grant of Polk county is conducting a search with bloodhounds. It is not believed that the robbers secured more than $20. They left no clew.
