ROAD COMMISSION NAMED.

(Continued from Page 1.)

a president, who shall preside at all meetings, and a secretary, who shall keep a record of all proceedings of the commission, and accounts of all moneys received and expended by the commission, and shall make a quarterly report of all the transactions of the commission, to be filed with the Medford Commercial club.

That all money appropriated hereunder shall be paid out upon warrants upon the orders or vouchers of the commission, signed by the president and secretary.

The commission shall make all needful rules or regulations for the transaction of business, and its place of meeting shall be Medford, Jackson county, Oregon. Four members of the board shall constitute a quorum for the transaction of business, but a less number shall adjourn from time to time.

If a vacancy occurs in said commission, the president of the Commercial club shall fill the same by appointment.

President Colvig suggests the following as the form of the subscription paper to be circulated, subject to approval by the committee:

Whereas, the legislative assembly of the state of Oregon, in February, 1909, appropriated the sum of \$100,000 to be expended for the purpose of constructing a highway from the line of the Southern Pacific railroad in Jackson county, Oregon, to Klamath Falls, in Klamath county, Oregon;

Whereas, the supreme court of the state of Oregon has decided that said enactment is prohibited by subdivision 7 of section 23 of article IV of the constitution of the state of Oregon; and

Whereas, Crater Lake is conceded

to be one of the greatest scenic wonders of the known world and has been so recognized by the government of the United States, which in the year 1902 set it apart and established 249 square miles embracing said lake as a national playground for the people of the United States and their descendants forever; and

Whereas, this great natural wonder is situated in a wild mountainous region and almost inaccessible to those who wish to visit it, and which would, if rendered accessible, annually induce large numbers of tourists thereto; and

Whereas, the Medford Commercial club, having at all times taken a leading part in the promotion of said enterprise, has since the rendering of said decision appointed a committee consisting of seven responsible citizens of Jackson county, Oregon, to be known as the Crater Lake highway commission, and has conferred upon said commission, in so far as the same is applicable thereto, the same powers as were conferred upon the state commission;

Now, therefore, we, the undersigned citizens of the state of Oregon, for and in consideration of the prospective building of a highway under the supervision of a competent engineer to be furnished by the Good Roads Section of the United States Department of Agriculture, said road leading from the city of Medford, Oregon, to the western boundary of the Cascade forest reserve at or near Prospect, in said county, do hereby severally promise and agree to pay the sum of one hundred dollars (\$100.00) in two annual payments of fifty dollars each; the first on or before June 1, 1910, and the balance of fifty dollars on or before June 1, 1911; said installments to be paid at said times into any one of the following named banks:

The Jackson County bank of Medford, Oregon.

The First National bank of Medford, Oregon.

The Medford National bank of Medford, Oregon, and

The Farmers and Fruitgrowers' bank of Medford, Oregon.

Subject to the order of said Crater Lake highway commission; it being further understood that no part of this subscription shall become due until the full sum of fifty thousand dollars (\$50,000.00) has been subscribed, and none of said funds are to be expended for any purpose whatever until the full sum of twenty-five thousand dollars (\$25,000.00) is in said depositories subject to the order of said commission.

10 TO 7 NEW ODDS ON JEFFRIES-JOHNSON FIGHT

NEW YORK, Feb. 22.—Odds on the coming Jeffries-Johnson fight were established temporarily today when several wagers were laid here making Jeffries a favorite at 10 to 7. There was little Johnson money in sight.

The fact that betting has begun so early is taken to indicate that wagering will be unusually brisk as the day of the big mill approaches.

We Fit Children's Feet

Time was when the only requirement for children's shoes was that they be strong enough to stand the severe usage to which they are usually subjected. This is still the most important point, but the question of correct styles and accurate fit so as not to permanently injure the growing foot, is each season receiving more attention from thoughtful parents.

If anything, we try to be more careful in fitting children's feet than an adult. Bring your children to us to be fitted.
