HOOSIERS HOLD ANNUAL MEET

Opera House Well Filled With Indians Who Gather for Their Yearly Meeting.

The sons and daughters of Indians, the Hoosier state, met Tuesday evening in the Opera house for the purpose of celebrating their annual meeting. A splendid program was rendered and a very enjoyable time was had.

There are a large number of Hoosiers in this section and the Opera house was well filled, about 176 being present.

The old officers were re-elected. They are: L. F. Lozier, president; U. G. Smith, vice-president; E. E. Wilson, secretary; J. McPherson, treasurer.

BILLS TO RESERVE COAL LANDS INTRODUCED

WASHINGTON, Feb. 23.—Bills intended to reserve Alaska coal lands and providing a plan for leasing them out for development, were introduced today in the house by Senator Beveridge. The measures were referred to the committee on lands.

Senator Beveridge in introducing the bills called general attention to the vast value of the lands under consideration and quoted from the recent statements as to the value of the Alaskan coal fields made by representatives of the Morgan-Guggenheim syndicate.

The lands referred to by the senator were withdrawn by President Roosevelt in 1906. Senator Beveridge seeks to have the withdrawal made permanent. He declared that had such action been taken years ago and containing great bodies of iron ore, the government would now be able to meet most of its expenses with revenues derived from the royalties and holders of government leases still would have been able to have made a fair profit.

Bakers Desert Ship.

HONOLULU, Feb. 23.—The "doughboys" on the army transport Sheridan, heading today for Manila, will be minus their dough, their bread and cakes for the remainder of the voyage.

Four bakers, all of them Teutonic, left the transport when the vessel arrived here from San Francisco. The police have been asked to search for them, but the search proved unavailing and the belief here is that the four German bakers embarked on the steamship Cleveland, the world-touring vessel of the Hamburg-American line.

The Sheridan was unable to take in a very large load of bread, although the current market here was exhausted. She will arrive at Manila before the Cleveland and may possibly recover the missing four bakers. Suspicion attaches to the Cleveland solely because that vessel is manned and officered by Germans.

Mrs. L. E. Whiting of Eagle Point is expected to arrive home Saturday.

BUSINESS LOCALS

Wear Kidd's Shoes.

You need a Buick.

Extracts at Goodfriend's.

Linens on sale at Meeker & Co.'s.

Stationery, office and school supplies at the Merrivold Shop.

TRAINMEN REFUSE WAGE PROPOSAL OF RAILWAY

BALTIMORE, Md., Feb. 23.—The crisis in the negotiations for higher wages which have been in progress here for the last three weeks between the Baltimore & Ohio Railroad company and its conductors and trainmen, appeared to have been reached today when the men's committee refused to accept the company's counter proposition unless it was materially modified. The company officials, it is understood, took the matter under advisement.

Tom Carlton of Eagle Point was a visitor in Medford Tuesday.

COSTS MONEY TO LIVE IN THE INLAND CITY

SPOKANE, Wash., Feb. 23.—Basing the cost of mere existence at a standard lower than paid by the city of Spokane for the feeding of its prisoners, allowing each common laboring man a family of but four members, and figuring monthly rentals or installments towards the purchase of a home at only \$12, Mayor N. S. Pratt will show the city council tonight that the average man has about \$67 a year left from his earnings. With this sum he might clothe himself and family, furnish them with medical attention, educate them and purchase all other necessities. Mayor Pratt acquired these facts through a personal campaign of conditions made necessary by proposed rise in the city's wage scale. He will urge the adoption of a new wage scale, giving common laborers 25 cents more per day. The present scale is \$1.75 per day. For teamsters he urges that the scale be raised from \$5.50 to \$6, the teamsters furnishing their horses and wagons.

GRUESOME DISCOVERY MADE NEAR PENDLETON

PENDLETON, Or., Feb. 23.—News reached here today of a most gruesome discovery at Echo, with a dog in the principle role. Yesterday a canine owned by C. A. Chat came trotting up to its master's door with the remains of a human foot in its mouth. An investigation was immediately started by excited citizens and it was found that the animal had unearthed the bones under a building formerly occupied by a saloon known as the "Bucket of Blood." The building had not been used for two or three years, but the appearance of the foot indicated that it had not been buried more than a few months.

Sheriff Taylor has been notified and an investigation is being made. However, a completion of the ground will be impossible until a thaw sets in.

The "Bucket of Blood" flourished in 1906 and 1907, when Echo was the most lawless town in the eastern part of the state. Gambling, robberies and shooting affrays were of frequent occurrence.

TROLLEY CAR WRECK CLAIMS A LIFE

DEN VER, Col., Feb. 23.—Mrs. Adolph Mill was killed, Motorman John Joyce fatally injured and a student motorman severely hurt this afternoon when an electric car collided with a train on the Rock Island railroad near the stock yards.

The student motorman, whose name was not learned, was driving the car at the time of the accident. The officials have so far been unable to determine who was to blame.

Percy Is Senator.

JACKSON, Miss., Feb. 23.—The legislature today ratified the election of Leroy Percy as United States senator. Percy announced that he will be a candidate for the full term at the next election. Former Governor Vardaman will be his opponent again. Percy succeeds the late Senator McLaurin for the unexpired term.

If you can't find it advertised, it may not be the best time to buy it!

TO TRY FOR DISTANCE RECORD IN BALLOON

LOS ANGELES, Cal., Feb. 23.—George B. Harrison, a balloonist, who took a prominent part in the recent tryouts here, is en route today for San Antonio, Tex., where he will meet Clifford Harmon, the millionaire aviator of New York city. Aviators intend to make their second attempt to break the long distance flight record in spherical balloons. The trip will be made in Harmon's balloon "New York."

At San Antonio a special quality of gas is being manufactured for them. It is almost pure hydrogen and should have a lifting capacity of approximately 60 pounds to the thousand cubic feet.

They expect to start Friday, when the wind from the southwest is predicted. Harrison stated that in his opinion the wind would carry toward the great lakes at a rate of about 40 miles an hour.

GENERAL LOGAN'S DAUGHTER WEDS RICH BELGIAN

NEW YORK, Feb. 23.—Mary Louise Logan, granddaughter of General John A. Logan of civil war fame, was married today to Henri Vincent de Sincay, a scion of a prominent Belgian family of Brussels.

The ceremony took place in the ladies' chapel of St. Patrick's cathedral and was one of the society events of the new year. Many prominent Americans and foreigners attended the nuptials.

The merchant who furnishes you his "store news" regularly, faithfully, through his ads in these columns earns your good will.

Harvard Banks Close.

BOSTON, Mass., Feb. 23.—As the result of an alleged shortage of \$144,000 in the individual deposits, the National City bank of Cambridge, in which many Harvard students have accounts, was closed today by the order of the comptroller of the currency and a federal bank examiner in a statement was given the responsibility for the shortage, and it was expected that nothing further will be done until the examination has been completed.

Aged Couple Burn.

SANTA FE, N. M., Feb. 23.—John F. Davis, aged 70, and his wife, aged 68, were burned to death in a fire which destroyed their home at Clayton, N. M., today. The fire is believed to have been of incendiary origin.
